## PROXY STATEMENT

(the “Board” or “Board of Directors”) and contains information related to the 2015 annual meeting of our stockholders to be held on Monday, October 26, 2015, beginning at 3:00 p.m., local time, at the Crowne Plaza Hotel, 1221 Chess Drive, Foster City, California 94404, and at any postponements or adjournments thereof. **This proxy is solicited by our Board.**

In accordance with the SEC’s “Notice and Access” rules, we may provide proxy materials, including this proxy statement and our annual report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them or have previously elected to receive printed copies of all future proxy materials. ## ABOUT THE MEETING

### Purpose of the 2015 Annual Meeting of Stockholders

The purpose of the 2015 annual meeting of stockholders is:

- (1) To elect three Board nominees to serve as Class III directors for a three-year term expiring on the date of the 2018 annual meeting of stockholders or until their respective successors have been duly elected and qualified;
- (2) To ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2016;
- (3) To approve by non-binding advisory vote the fiscal year 2015 compensation awarded to our Named Executive Officers; and
- (4) To transact any other business that properly comes before the meeting.

### Quorum

A quorum is the minimum number of shares required to hold and transact business at a meeting. The presence in person or by proxy of the holders of a majority of the outstanding shares of common stock entitled to vote will constitute a quorum for the transaction of business at the meeting. Votes cast by proxy or in person at the meeting will be counted by the person appointed by the Company to act as the inspector of elections for the meeting.

The inspector of elections will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum. The inspector of elections will treat shares referred to as “broker non-votes” (i.e., shares held by brokers or nominees over

## TABLE OF CONTENTS

which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions from the beneficial owner) as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

### **Who May Vote**

Holders of record of our common stock at the close of business on September 1, 2015 (the “Record Date”) may vote at the annual meeting of stockholders. As of the Record Date, we had 45,006,622 issued and outstanding shares of common stock. Each share of QuinStreet common stock that you own entitles you to one vote.

### **How to Vote**

You may vote in person at the meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the meeting. You can change your vote at the meeting as described below under “— Revoking Your Proxy”.

If you are a registered stockholder (meaning your name is included on the stockholder file maintained by our transfer agent, Computershare Trust Company, N.A.), you can vote by proxy in any of the following ways:

*By Internet.* You may submit your proxy by following the “Internet” instructions on the Notice. The deadline for voting electronically is 11:59 p.m. (Eastern Time) on October 25, 2015.

*In Writing.* If you have requested printed proxy materials, you may complete and sign the proxy card contained in your proxy materials and mail it in the accompanying prepaid postage, pre-addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign, but do not provide instructions, we will vote your shares as recommended by the Board of Directors. If you return your signed proxy card to us before the annual meeting of stockholders, we will vote your shares as you direct. Your proxy card will also contain instructions on how to vote by telephone or Internet and the applicable deadlines.

If your shares are held in the name of a broker, bank, trustee or other nominee, you will receive instructions from such nominee that you must follow in order for your shares to be voted.

### **How Proxies Work**

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may abstain from voting on any of the proposals. With respect to the nominees proposed to be elected to the Board at the meeting, you may vote for all, some, or none of them. However, if you submit your proxy but do not provide instructions, we will vote your shares as recommended by the Board of Directors.

### **Proposals You Are Asked To Vote On and the Board’s Voting Recommendation**

If you properly fill in your proxy card and send it to us in time to vote, or vote by Internet or telephone, one of the individuals named on your proxy card as the Company’s proxies will vote your shares as your proxy and as you have directed. If you sign the proxy card but do not make specific choices, your proxy will follow the Board’s recommendations and vote your shares:

- “FOR” the election of William Bradley, Marjorie T. Sennett, and Douglas Valenti to serve as Class III directors for a three-year term expiring on the date of the 2018 annual meeting of stockholders or until their respective successors have been duly elected and qualified (see “Proposal 1 — Election of Class III Directors”);
- “FOR” the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2016 (see “Proposal 2 — Ratification of the Selection of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm”); and
- “FOR” the approval of fiscal year 2015 compensation awarded to our Named Executive Officers (see “Proposal 3 — Approval of Fiscal Year 2015 Compensation Awarded to Named Executive Officers”).

## TABLE OF CONTENTS

If any other matter is properly presented at the meeting, your proxy will vote in accordance with the best judgment of the individual voting your shares as your proxy. At the time this proxy statement was made available to stockholders, we knew of no other matters to be acted on at the meeting.

### **Vote Necessary to Approve Proposals**

Directors are elected by a plurality of the shares of common stock present or represented by proxy and entitled to vote, and the nominees who receive the most votes will be elected. The three Class III director nominees with the most votes will be elected as Class III directors to serve terms ending at our 2018 annual meeting of stockholders. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election. We did not receive any nominations from any stockholders for the 2015 annual meeting of stockholders.

Approval of the ratification of the selection of our independent registered public accounting firm and approval by non-binding advisory vote of the fiscal year 2015 compensation of our Named Executive Officers each require the affirmative vote of the majority of the shares of common stock present or represented by proxy with respect to such proposal and entitled to vote. For these proposals, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, your shares may constitute broker non-votes, and under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters but not on non-routine matters. Even though we are a NASDAQ-listed company, the New York Stock Exchange (“NYSE”) rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of NASDAQ-listed companies. As a result:

- Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors and the advisory vote on executive compensation because those matters are treated as non-routine under NYSE rules.
- Your broker will have the authority to exercise discretion to vote your shares with respect to the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal year 2016 because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the annual meeting of stockholders include both routine and non-routine matters, if you do not give voting instructions to your broker, bank, trustee or other nominee, your broker, bank, trustee or other nominee may either (1) vote your shares on routine matters or (2) leave your shares unvoted.

### **Revoking Your Proxy**

You may revoke your proxy by: (1) sending in another signed proxy card with a later date prior to the deadlines noted above under “— How to Vote”; (2) providing subsequent Internet or telephone voting instructions prior to the deadlines noted above; (3) notifying our Corporate Secretary in writing at the address set forth below under “Board of Directors — Contacting the Board and Further Information on Corporate Governance” prior to the deadlines noted above that you have revoked your proxy; or (4) voting in person at the meeting. If you are a registered holder, you can vote at the meeting by attending and voting in person. For shares you hold beneficially in street name, you may vote in person at the meeting if you have obtained a legal proxy from your broker, bank, trustee, or other nominee giving you the right to vote your shares.

### **Proxy Solicitation Costs**

The Company will bear the costs of soliciting proxies.

**PROPOSAL 1:  
ELECTION OF CLASS III DIRECTORS**

**Recommendation of the Board of Directors**

*The Board of Directors recommends that you vote “FOR” the election of each of the nominees for election as Class III directors described below, which proposal is designated as Proposal 1.*

Our Certificate of Incorporation currently provides for a classified Board of Directors. Our Board has nominated William Bradley, Marjorie T. Sennett, and Douglas Valenti for election as Class III directors at the 2015 annual meeting of stockholders. We did not receive any nominations from stockholders. Each person elected as a Class III director at the 2015 annual meeting of stockholders will serve a three-year term expiring on the date of the 2018 annual meeting of stockholders or until his or her respective successor has been duly elected and qualified.

Unless authority to vote for any of these three nominees is withheld, the shares represented by your properly completed proxy will be voted **FOR** the election of William Bradley, Marjorie T. Sennett, and Douglas Valenti as Class III directors. In the event that any of William Bradley, Marjorie T. Sennett, and Douglas Valenti becomes unable or unwilling to serve, the shares represented by your properly returned proxy will be voted for the election of such other person as the Board may recommend in his or her place. We have no reason to believe that any of our nominees will be unable or unwilling to serve as a director.

Directors are elected by a plurality of the shares of common stock present or represented by proxy and entitled to vote, and the three nominees who receive the most votes will be elected. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

Each of our nominees has been chosen to stand for election in part because of his or her ability and willingness to ask relevant questions, understand QuinStreet’s challenges, and evaluate the strategies proposed by management, as well as the implementation of such strategies. Each of the nominees has a long record of professional integrity, a dedication to his or her profession, a strong work ethic that includes coming fully prepared to meetings and a willingness to spend the time and effort needed to fulfill his or her professional obligations, the ability to maintain a collegial environment, and in some cases, the experience of having served as a board member of several public and/or privately-held companies. ## BOARD OF DIRECTORS

The Board of Directors held four meetings during fiscal year 2015. All directors attended 75% or more of the total number of meetings of the Board and the committees on which they served in fiscal year 2015. The Board and its Committees regularly hold executive sessions of non-management directors without management present. As a matter of policy, directors are encouraged, but not required, to attend our annual meeting of stockholders. One director attended our 2014 annual meeting of stockholders.

### Compensation of Board of Directors

Our non-employee director compensation policy, as most recently amended by our Compensation Committee in October 2014, provides that each non-employee director will receive the following compensation for Board services:

- \$40,000 per year for service as a Board member;
- \$15,000 per year for service as a chairperson of the Audit Committee, Compensation Committee, or Nominating and Corporate Governance Committee;
- \$2,000 for each in-person Board meeting and \$1,000 for each telephonic Board meeting;
- \$2,000 for each in-person, and \$1,500 for each telephonic, Audit Committee and Compensation Committee meeting; and
- \$1,500 for each in-person, and \$1,000 for each telephonic, Nominating and Corporate Governance Committee meeting.

In addition, our non-employee director compensation policy provides that non-employee directors will be granted an option to purchase 50,000 shares of our common stock and 15,000 restricted stock units ("RSUs") under the Non-Employee Directors' Stock Award Plan in connection with their initial election or appointment to our Board of Directors. The initial option grants vest monthly over a period of four years and the initial RSU grants vest daily over a period of four years.

Our non-employee director compensation policy also provides that on the date of each annual meeting of stockholders, each non-employee director will receive a grant of an option to purchase 25,000 shares of our common stock and a grant of 10,000 RSUs under the Non-Employee Directors' Stock Award Plan. The annual option grants vest monthly over a period of one year and the annual RSU grants vest daily over a period of one year.

We reimburse our non-employee directors for their travel, lodging, and other reasonable expenses incurred in attending our Board and Committee meetings.

Our non-employee directors may elect to receive stock options in lieu of the cash compensation that would otherwise be payable to them for their service on our Board of Directors and its Committees. Under this policy, non-employee directors must make an irrevocable election prior to the start of the fiscal year to receive options in lieu of all cash compensation they would otherwise earn during such fiscal year. Pursuant to an election to receive options in lieu of cash compensation, options are granted after the end of each quarter, and have an "aggregate grant date fair value," computed in accordance with FASB ASC Topic 718, equal to the value of the cash that would otherwise have been payable for the quarter. The number of shares subject to each option is determined by dividing the compensation otherwise payable with respect to the preceding quarter by the grant date fair value of a single share (rounded down to the nearest whole share).

- (1) We pay our non-employee directors their cash compensation quarterly in arrears, and, accordingly, the amounts in this column reflect fees earned in cash for fiscal year 2015. See also footnotes 5 and 6 to this table below.
- (2) The amounts in this column do not reflect actual value realized by the director. Instead, as required by SEC rules, these amounts represent the “aggregate grant date fair value” for grants made in fiscal year 2015, computed in accordance with FASB ASC Topic 718 (Compensation — Stock Compensation). The calculations of these values are determined by accounting requirements and may include vested as well as unvested awards, so they do not necessarily correspond to the actual value that may be realized by the directors with respect to the awards. The assumptions used in the valuation of these awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K for fiscal year 2015, filed with the SEC on August 19, 2015.
- (3) As of the end of fiscal year 2015, Former Senator Bradley held an aggregate of 3,644 unvested RSUs; Mr. Huizinga held an aggregate of 14,304 unvested RSUs; Ms. Josephs held an aggregate of 11,144 unvested RSUs; Professor McDonald held an aggregate of 3,644 unvested RSUs; Mr. Pauldine held an aggregate of 16,261 unvested RSUs; Mr. Sands held an aggregate of 3,644 unvested RSUs; Ms. Sennett held an aggregate of 15,275 unvested RSUs; Mr. Simons held an aggregate of 3,644 unvested RSUs; and Mr. Stalder held an aggregate of 3,644 unvested RSUs.

A detailed list of the Compensation Committee's functions is included in its charter and can be accessed by using the "Investor Relations" and then "Corporate Governance" links on the Company's website at [www.quinstreet.com](http://www.quinstreet.com).

*Compensation Advisors.* Compensia, Inc. ("Compensia"), an executive compensation consulting firm, provides compensation advisory services to the Compensation Committee and to the Company. No member of the Compensation Committee or of management has any affiliation with Compensia, and our Compensation Committee has determined that Compensia is "independent" as defined by the rules of the SEC and the NASDAQ Stock Market. The Compensation Committee has engaged Compensia and has access to Compensia without the participation of management and periodically seeks input from Compensia on a range of external market factors, including evolving executive compensation trends, general observations on the Company's executive compensation programs and market data on a peer group of companies in the Internet marketing and media sector and other similar companies. The Compensation Committee also considers input from Compensia on Board compensation matters for non-executive Board members. Other than as described above, Compensia provides no other services to the Company.

## TABLE OF CONTENTS

*Management Input to the Compensation Committee.* The Compensation Committee frequently requests management to assist in accomplishing its work, including requests for specific analyses to assist with decision making. Our Chief Executive Officer works with the Compensation Committee Chair to help set meeting agendas, to provide data analysis, and to coordinate the distribution of materials to the Compensation Committee in advance of its meetings. The QuinStreet Employee Benefits and Compliance, Finance, and Legal departments assist in completing these projects. Generally, our Chief Executive Officer and General Counsel attend Compensation Committee meetings. In addition, the Compensation Committee meets in executive session with no members of management present, but with Compensia or others present at the Compensation Committee's discretion.

*Compensation Committee Meetings.* For more information on the process for determining executive compensation, see the section titled "Compensation Discussion and Analysis" in this proxy statement.

*Compensation Committee Interlocks and Insider Participation.* Professor McDonald, Ms. Josephs, and Mr. Sands served on the Compensation Committee during fiscal year 2015. None of them has been an officer or employee of QuinStreet. Moreover, none of our executive officers has served on the board of directors or compensation committee of a company that has an executive officer who serves on our Board or Compensation Committee.

### **Corporate Governance**

*Code of Conduct and Ethics.* Our Code of Conduct and Ethics applies to all of our directors, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions), employees, contractors, consultants, and others who may be temporarily assigned to work for the Company. We will post future amendments to our Code of Conduct and Ethics, or waivers of such provisions, applicable to any principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions or our directors on the Company's website at [www.quinstreet.com](http://www.quinstreet.com).

*Board Leadership Structure.* The Board of Directors is responsible for determining its leadership structure, which currently consists of a Chairman of the Board and a Chair leading each Board Committee. Currently, the Chairman of the Board, Mr. Valenti, also serves as our Chief Executive Officer. The Board believes in retaining the flexibility to allocate the responsibilities of the offices of Chairman and Chief Executive Officer in accordance with the best interests of the Company and its stockholders at a given point in time, and therefore the Board does not place restrictions on who may serve as Chairman. The Board does not have a lead independent director. The Board believes that its current leadership structure and corporate governance policies ensure effective independent Board leadership and oversight of management. For example, the Board regularly meets in executive sessions without the Chief Executive Officer or any other members of management present. Strong independent director leadership is also enhanced by the fact that all of the Board Committees are comprised solely of, and chaired by, independent directors. The Chair of each Committee works with our Chief Executive Officer to determine Board and Committee agenda topics. The Board has concluded that having Mr. Valenti serve as Chairman and Chief Executive Officer is the most effective leadership structure at this time because Mr. Valenti is an effective Chairman and is able to provide the best link between the Board and management.

In order to enhance the independence of the Board from management, the Board believes that a substantial majority of the Board should consist of independent directors. All of our current directors except for Mr. Valenti are independent, as determined in accordance with NASDAQ listing standards.

*Board's Role in Risk Oversight.* Management, which is responsible for day-to-day risk management, continually monitors the material enterprise risks facing the Company, including strategic risks, operational risks, financial risks, credit risks, liquidity risks, and legal and compliance risks.

The Board of Directors is responsible for exercising oversight of management's identification and management of, and planning for, those risks. The Board has delegated to certain Committees oversight responsibility for those risks that are directly related to their area of focus (see descriptions of our Audit Committee, Compensation Committee, and Governance Committee's areas of responsibilities discussed under "— Audit Committee", "— Compensation Committee" and "— Nominating and Corporate Governance

## TABLE OF CONTENTS

Committee (“Governance Committee”)” above). The Board and its Committees exercise their risk oversight function by carefully evaluating the reports they receive from management and by making inquiries of management with respect to areas of particular interest to the Board. In addition, the Board and its Committees receive reports from our auditors and other consultants, such as Compensia, and meet in executive sessions with these outside consultants. Board oversight of risk is enhanced by the fact that our Chief Executive Officer and Chairman of the Board attends many Committee meetings and that Committee reports are provided to the full Board following each regular quarterly Committee meeting.

*Information on Compensation Risk Assessment.* Management periodically reviews the Company’s incentive compensation programs at all levels within the organization. Employee cash bonuses are based on Company and individual performance, and management (with respect to non-executive bonuses) or the Compensation Committee (with respect to executive officers’ bonuses) determines bonus payouts. Equity awards for new hires are based on the employee’s level in the Company, prior experience, qualifications, and the market for particular types of talent. Any subsequent awards are based on employee performance and providing retention incentives. Equity awards have long-term vesting requirements to preclude undue incentives for short-lived stock performance. The incentive compensation structure was reviewed during fiscal year 2015 by Compensia. Based on the findings of this review and input from Compensia, the Compensation Committee believes that risks arising from the Company’s compensation policies and programs are not reasonably likely to have a material adverse effect on the Company.

### **Independence Determination for Directors**

The Board of Directors has determined that, with the exception of Mr. Valenti, who is our Chief Executive Officer, all of its current members qualify as independent directors pursuant to the rules adopted by the SEC and the NASDAQ Stock Market. The Board of Directors has determined that all of our director nominees are independent within the meaning of the applicable NASDAQ listing standards. The Audit, Compensation, and Governance Committees of the Board of Directors consist entirely of independent directors.

### **Audit Committee Financial Qualifications**

Our Board of Directors has determined that each member of the Audit Committee: (1) meets the independence criteria prescribed by applicable law and rules of the SEC for Audit Committee membership and (2) is “independent” within the meaning of the NASDAQ listing standards and the standards established by the Company. The Board has also determined that each member of our Audit Committee can read and understand fundamental financial statements in accordance with audit committee requirements of the SEC and NASDAQ listing standards. In addition, the Board of Directors has designated Mr. Stalder as an “audit committee financial expert” as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

### **Director Nominations**

*General Criteria and Process.* Our Governance Committee has the responsibility of identifying, reviewing, and evaluating candidates to serve on the Company’s Board of Directors consistent with any criteria approved by the Board of Directors, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. The minimum qualifications a candidate should possess include being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. As expressed in the Governance Committee charter, in nominating candidates, the Governance Committee complies with the requirements of the Company’s Bylaws and takes into consideration such other factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate’s experience with the experience of other Board members, the extent to which the candidate would be a desirable addition to the Board and any Committees of the Board, the ability of the candidate to devote sufficient time to the affairs of the Company, the candidate’s demonstrated excellence in his or her field, the candidate’s ability to exercise sound business judgment, and the candidate’s commitment to rigorously represent the long-term interests of the Company’s stockholders. The Governance Committee may use and pay for assistance from consultants, including obtaining background checks, and advice from outside counsel, to assist its review and evaluation of candidates.

## TABLE OF CONTENTS

In evaluating candidates, the Governance Committee considers a wide variety of qualifications, attributes and other factors, and recognizes that a diversity of viewpoints and practical experiences can enhance the effectiveness of the Board. Accordingly, as part of its evaluation of each candidate, the Governance Committee takes into account how that candidate's background, experience, qualifications, attributes, and skills may complement, supplement or duplicate those of other Board members, although the Company does not have a policy prescribing specific standards for diversity.

*Stockholder Nominations and Bylaw Procedures.* The Governance Committee considers properly submitted recommendations for candidates to the Board from stockholders in accordance with the Company's policy on stockholder recommendations of director nominees. The Governance Committee does not alter the manner in which it evaluates nominees for director based on whether the nominee is recommended by a stockholder or otherwise.

Our Bylaws and our policy on stockholder recommendations of director nominees establish procedures pursuant to which a stockholder may nominate a person for election to the Board of Directors. Any stockholder recommendations for consideration by the Governance Committee should set forth all information that is required to be disclosed by Section 5(b)(1) of our Bylaws and all information required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, including the candidate's name, biographical information, business experience for at least the past five years, a summary of the candidate's qualifications, a representation that the nominating stockholder is a beneficial or record owner of our stock, and a written consent of the candidate to serve on the Board of Directors if elected. In addition, such stockholder recommendations should set forth any other information required to be provided by our policy on stockholder recommendations of director nominees and applicable securities laws and regulations. We may require any such proposed nominee to furnish information concerning his or her eligibility to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence of the nominee. A copy of the policy on stockholder recommendations of director nominees can be accessed by using the "Investor Relations" and then "Corporate Governance" links on the Company's website at [www.quinstreet.com](http://www.quinstreet.com).

To nominate a person for election to the Board of Directors at our 2016 annual meeting of stockholders, written notice of a stockholder nomination must be delivered to our Corporate Secretary between June 28, 2016 and July 28, 2016. However, if our 2016 annual meeting is advanced or delayed by more than 30 days from October 26, 2016 (the anniversary of the prior year's annual meeting of stockholders), a stockholder's written notice will be timely if it is delivered no earlier than the 120<sup>th</sup> day prior to our 2016 annual meeting and no later than the later of the 90<sup>th</sup> day prior to such annual meeting or the 10<sup>th</sup> day following the announcement of the date of the meeting. Stockholder recommendations to the Board of Directors should be sent to QuinStreet, Inc., Attention: Corporate Secretary, 950 Tower Lane, Suite 600, Foster City, California 94404.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Based upon a review of filings with the SEC and/or written representations that no other reports were required, we believe that all reports for the Company's executive officers and directors that were required to be filed under Section 16 of the Securities Exchange Act, as amended, were timely filed for fiscal year 2015, except for one Form 4 by our Director Mr. Sands, which was inadvertently filed late on November 25, 2014, reporting the acquisition of shares of the Company's common stock in the open market by Mr. Sands' family trust on November 7, 2014.

### **Certain Relationships and Related Person Transactions**

On April 23, 2015, the Company appointed Mr. Huizinga to the Board of Directors and the Audit Committee. Mr. Huizinga has served as senior vice president and chief financial officer of eHealth, Inc. (NASDAQ: EHTH, "eHealth") since May 2000. The Company and eHealth conduct business pursuant to standard commercial agreements and have done so since 2006. Since the beginning of the Company's last fiscal year, the Company has received approximately \$191,000 in payments from eHealth under those agreements. Although Mr. Huizinga does not have a material interest in these transactions, the Company's Audit Committee approved the existing eHealth transaction in accordance with the Company's related person transactions policy, and Mr. Huizinga did not participate in such approval process.

We have entered into indemnification agreements with each of our directors and executive officers. These indemnification agreements require us to indemnify each of our directors and executive officers to the fullest extent permitted by Delaware law.

### **Policies and Procedures for Transactions with Related Persons**

Our Board of Directors has adopted a written related person transactions policy, which sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company and a related person were, are, or will be participants and in which the amount involved exceeds \$120,000. Only related person transactions in which the amount involved exceeds \$120,000 will be required to be disclosed in applicable SEC filings as required by the Securities Act of 1933, as amended ("Securities Act"), the Exchange Act, and related rules. Pursuant to the Company's related person transactions policy, our Audit Committee, among other things, (i) reviews the relevant facts and circumstances of each proposed related person transaction, including if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third-party and the extent of the related person's interest in the transaction and (ii) takes into account the conflicts of interest and corporate opportunity provisions of our Code of Conduct and Ethics. Management will present to our Audit Committee each proposed related person transaction, including all relevant facts and circumstances relating thereto, and will update the Audit Committee as to any material changes to any related person transaction.

## TABLE OF CONTENTS

Any related person transaction may only be consummated or continued if our Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in our related person transactions policy. Certain types of transactions are not subject to the policy, including: (i) transactions involving compensation for services provided by an employee, consultant, or director that are approved by our Compensation Committee; and (ii) transactions in the ordinary course of business where the interest of the related person arises solely from the ownership of a class of QuinStreet equity securities where all holders of such class of equity securities will receive the same benefit on a pro rata basis. Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote on the approval of the transaction. In the event that it is inappropriate for the Audit Committee to review the transaction due to conflicts of interest or otherwise, after taking into account possible recusals by Audit Committee members, the related person transaction is reviewed by another independent body comprised of members of our Board of Directors.

### Section 1 — Executive Summary

#### *Financial Highlights*

We continued to manage through challenges and uncertainties in fiscal year 2015 and invest heavily in new products and markets in our strategy to return the Company to growth. Company revenue grew year-over-year in each of the last three quarters of fiscal year 2015, and, through continued discipline in controlling operating costs, we were able to achieve a positive adjusted EBITDA margin of 4%, representing \$10.0 million and positive free cash flow, while also making good progress on a broad range of initiatives to address challenges and establish new avenues for revenue growth.

We recorded the following financial results for fiscal year 2015:

- For the year, we generated net revenue of \$282.1 million, compared to \$282.5 million for fiscal year 2014. GAAP net loss for the year was \$20.0 million, or \$(0.45) per diluted share, compared to GAAP net loss of \$146.4 million, or \$(3.36) per diluted share, for fiscal year 2014.
- Adjusted EBITDA (as defined below) for the year was \$10.0 million, or 4% of net revenue, compared to \$24.2 million, or 9% of net revenue for fiscal year 2014.

For purposes of the 2015 Annual Incentive Plan, “Adjusted EBITDA” was defined as net (loss) income less benefit from (provision for) taxes, depreciation expense, amortization expense, stock-based compensation expense, interest and other expense, net, impairment of goodwill and restructuring.

### *Executive Compensation Actions*

As reflected in our compensation philosophy below, the Compensation Committee sets the compensation of our executive officers, including the Named Executive Officers, based on their ability to successfully execute our annual operating plan, which is intended to further our long-term business objectives and to create sustainable long-term stockholder value in a cost-effective manner. Accordingly, our fiscal year 2015 compensation actions and decisions were based on each executive officer's contribution to both individual and Company-wide performance goals, consistent with our pay-for-performance philosophy. As described below, actual total cash compensation for our executive officers in fiscal year 2015 was below the target total cash compensation for the year due to financial results that fell short of those established in our annual operating plan.

For fiscal year 2015, the Compensation Committee took the following actions with respect to the compensation of the Named Executive Officers:

- Increased the base salary for Mr. Wong by 4.36% to recognize his progress in his role, but did not increase base salaries for the other Named Executive Officers;
- Made annual bonus payments of between 18% and 37% of the target bonus opportunity for each of the Named Executive Officers, according to achievement of their respective performance goals under the 2015 Annual Incentive Plan;
- Approved equity awards in the form of service-vesting RSUs to the Named Executive Officers and a combination of service-vesting RSUs and performance shares to our Chief Executive Officer; and
- Determined that 37% of the target number of performance shares were earned by our Chief Executive Officer, according to achievement of the performance goals for the performance period beginning July 1, 2014 and ending June 30, 2015.

In deciding to make new equity awards to our Named Executive Officers, the Compensation Committee took into consideration the desire to maintain market-competitive total compensation, the need to retain key executive officers, the desire to reward individual performance in the preceding fiscal year (especially for significant contributions to initiatives aimed at developing new avenues for revenue growth), and the desire to provide our Named Executive Officers with an incentive to manage our business as owners. In addition, commencing in fiscal year 2016, the Company expanded its practice of making a portion of equity awards performance-based and extended the program from the Chief Executive Officer to employees more broadly. For example, in July 2015, the Company issued performance shares to employees which are earned only if the Company's stock price increases by 25%. The equity awards have the effect of subjecting a significant portion of our Named Executive Officers' total compensation to fluctuations in the market price of our common stock, thus helping to align the interests of our Named Executive Officers with stockholder interests. In making the bonus payments and equity awards, the Compensation Committee took into account the advice of Compensia, Inc. ("Compensia"), an independent national consulting firm providing executive compensation advisory services, which was engaged by the Committee to assist in executive compensation matters for fiscal year 2015.

### *Pay for Performance*

In accordance with our Annual Incentive Plan, target bonus payouts for executive officers, as well as the target number of performance shares for our Chief Executive Officer, in fiscal year 2015 were tied to achievement of revenue growth ("Plan Revenue Growth") and adjusted EBITDA ("Plan Adjusted EBITDA"). Due to continuing challenges and uncertainties in fiscal year 2015 particularly in our core financial services and education client verticals, the Company did not achieve the target levels of Plan Revenue Growth and Plan Adjusted EBITDA in fiscal year 2015. As a result, pursuant to our Annual Incentive Plan for fiscal year 2015, our Named Executive Officers were eligible to receive a bonus payout of only 18% to 37% of target levels, as further explained in "Compensation Discussion and Analysis — Compensation Components — Performance-Based Cash Bonuses" below. Our Chief Executive Officer was eligible to receive approximately 37% of his target number of performance shares, as further explained in "Compensation Discussion and Analysis — Compensation Components — Long-Term Equity Incentive Awards" below. The Compensation Committee determined that payouts at these levels were appropriate due to management's performance in the

face of the year's challenges and uncertainties, and progress made on initiatives to address the challenges and to establish new avenues for revenue growth, as further discussed below under "Compensation Discussion and Analysis — Compensation Components — Performance-Based Cash Bonuses". The table below shows, for each of our Named Executive Officers for fiscal year 2015, their target bonus, their actual bonus payout, and their actual bonus payout as a percent of the targets pursuant to their respective incentive plans:

<b>Named Executive Officer</b>	<b>Fiscal Year 2015 Target Bonus (\$)</b>	<b>Fiscal Year 2015 Bonus Payout (\$)</b>	<b>Fiscal Year 2015 Actual Bonus Payout as a Percentage of Fiscal Year 2015 Target Bonus (%)</b>
Douglas Valenti	425,000	156,870	37
Gregory Wong	125,000	46,138	37
Nina Bhanap	154,000	56,842	37
Peter Brooks	145,000	26,760	18
Martin J. Collins	150,000	55,366	37
Kenneth Hahn	190,000	— <sup>(1)</sup>	—

(1) Mr. Hahn's employment terminated as of November 14, 2014, and, accordingly, he was not eligible for a bonus under the Annual Incentive Plan for fiscal year 2015.

### *Advisory Vote on Executive Compensation*

We conducted our annual stockholder advisory vote on executive compensation at our 2014 annual meeting of stockholders. While this vote was not binding on the Company, we believe that it is important for our stockholders to have an opportunity to have an advisory vote on executive compensation on an annual basis as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in our proxy statements. The Board of Directors and the Compensation Committee value the opinions of our stockholders and, to the extent that there is any significant vote against the compensation of the Named Executive Officers as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

At the 2014 annual meeting of stockholders, for the fourth year in a row, more than 96% of the votes cast on the advisory vote on executive compensation proposal were in favor of the Named Executive Officers' compensation as disclosed in the 2014 proxy statement. The Compensation Committee reviewed the final vote results and, largely based on this significant level of support, determined that there were no significant stockholder concerns that would require us to make any significant changes to our executive compensation program at this time.

We have determined that our stockholders should have the opportunity to cast an advisory vote on executive compensation each year, consistent with the preference expressed by our stockholders at the 2011 annual meeting of stockholders.

### *Compensation Governance*

We maintain the following corporate governance policies to ensure executive compensation practices that support our pay-for-performance philosophy and serve to manage our compensation risks:

- ✓ our Compensation Committee is comprised solely of independent directors;
- ✓ our Compensation Committee has engaged its own independent compensation consultant to assist it with its review of executive compensation;
- ✓ none of our executive officers has an employment agreement;
- ✓ we provide only limited "double trigger" vesting acceleration for equity awards for our senior executive officers (discussed in greater detail below), and we have no formal cash severance plans and no "single trigger" vesting acceleration;

## TABLE OF CONTENTS

- ✓ there are no special executive perquisite programs, and executive officers have the same benefit plans as all other employees;
- ✓ there are no tax reimbursements for our executive officers for perquisites or personal benefits;
- ✓ the Compensation Committee grants equity awards primarily at regularly scheduled quarterly Committee meetings set at the beginning of each fiscal year;
- ✓ our insider trading policy provides that directors and officers may not hold in margin accounts or pledge the Company's shares;
- ✓ our insider trading policy provides that directors and officers may not engage in short sales of the Company's shares or in derivative transactions in the Company's shares, e.g., publicly traded options contracts, such as puts or calls; and
- ✓ while we do not have formal stock ownership guidelines, our Chief Executive Officer beneficially owns more than 12% of the Company's shares, which greatly exceeds even the most robust formal stock ownership guidelines.

We currently do not have a general compensation recovery ("clawback") policy covering our annual and long-term incentive award plans and arrangements, but we intend to adopt a "clawback" policy after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

### **Section 2 — Compensation Philosophy, Objectives, and Design**

#### *Philosophy*

We recognize that our success is in large part dependent on our ability to attract and retain talented employees. We endeavor to create and maintain compensation programs that reward performance, teamwork, commitment, and rapid progress in order to effectively align the interests of our executive officers and stockholders. Our Compensation Committee and management are committed to this pay-for-performance philosophy in designing our compensation policies and plans.

#### *Objectives*

The principles and objectives of our compensation and benefits programs for our employees generally, and for our executive officers specifically, are to:

- closely align compensation with our business and financial objectives and the long-term interests of our stockholders;
- motivate and reward individuals whose skills and performance promote our continued success;
- attract, motivate, and retain highly-talented, experienced individuals who are incentivized to achieve our strategic objectives; and
- offer total compensation that is competitive, reasonable, and fair.

#### *Design and Pay Mix*

The compensation of our executive officers consists of the following primary components:

- base salary;
- performance-based annual cash bonuses;
- long-term equity incentive compensation (both service-vesting RSUs and performance RSUs);
- employee health and welfare benefits; and
- limited change in control benefits.

Each compensation component has a role in meeting the objectives described above. While we believe we offer competitive base salaries and performance-based cash bonus opportunities, we believe that long-term incentive compensation is a critical compensation component for Internet and other growth-oriented

## TABLE OF CONTENTS

technology companies. We believe that equity compensation provides long-term incentives that align the interests of employees and executive officers with the long-term interests of stockholders. We carefully track equity compensation practices of competitors and other comparable companies to ensure that our policies are competitive and generally consistent with peer group dilution rates.

We strive to achieve an appropriate mix between cash and equity compensation to meet our objectives. We do not apply any formal or informal policies or guidelines for allocating compensation between current and long-term compensation, between cash and equity compensation, or among different forms of equity compensation. As a result, the allocation between cash and equity varies between executive officers. The mix of compensation components is designed to reward short-term results and motivate long-term performance through a combination of cash and equity awards. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our executive officers to deliver superior performance and retain them to continue their careers with us on a cost-effective basis.

### **Section 3 — Compensation-Setting Process**

#### *Role of the Compensation Committee*

The Compensation Committee of the Board of Directors is responsible for administering and overseeing the executive compensation program for our executive officers, including the Named Executive Officers, and reports to the full Board of Directors on its discussions, decisions, and other actions.

Our management and the Compensation Committee conduct an annual review of senior management compensation for purposes of setting executive compensation for the upcoming fiscal year. For fiscal year 2015, this review occurred at two meetings in May 2014 and August 2014. At that time, management and the Compensation Committee reviewed the information on market-based executive compensation provided by Compensia, in light of the compensation we offer, to ensure that the executive compensation program established for fiscal year 2015 is competitive, reasonable, and fair.

The Compensation Committee (together with our Chief Executive Officer with respect to performance of the other executive officers) reviews the performance of each executive officer on an annual basis, and based on this review and the factors described below, sets his or her compensation package, including salaries, bonus payouts under our Annual Incentive Plan, and the size and structure of equity awards for the upcoming fiscal year. The Compensation Committee is solely responsible for determining the compensation of our Chief Executive Officer.

The Compensation Committee expects to continue to conduct an annual review process of all compensation components at the end of each fiscal year to ensure consistency with our compensation philosophy and as part of its responsibilities in administering our executive compensation program. The Compensation Committee is authorized to retain the services of third-party executive compensation specialists from time to time, as the Committee sees fit, in connection with the establishment of cash and equity compensation and related policies.

#### *Role of our Chief Executive Officer*

Our Chief Executive Officer makes recommendations to the Compensation Committee for the compensation of all the executive officers other than himself, attends committee meetings (except for sessions discussing and setting his compensation) and has been and is involved in the determination of compensation for our executive officers. Typically, our Chief Executive Officer makes recommendations to the Compensation Committee regarding base salaries, target bonus amounts, and annual and long-term incentive compensation for our executive officers (other than himself). Our Chief Executive Officer bases his recommendations on the Company's financial and operational results, the individual executive officer's contribution toward these results, individual and Company-wide performance toward goal achievement, an analysis of competitive market data, input from certain other executive officers and input from our compensation consultant. Our Chief Executive Officer does not make any recommendation as to his own compensation.

The Compensation Committee reviews our Chief Executive Officer's recommendations, the competitive market data, and other relevant information and determines each executive officer's total compensation, as well as each of their individual compensation components. The Compensation Committee's decisions

## TABLE OF CONTENTS

regarding executive compensation are based on its subjective evaluation of the performance of the Company and each individual executive officer, the judgment and experience of each of its members in determining compensation, the input of the Chief Executive Officer and our compensation consultant, a review of market data as described below, and other factors, such as prevailing industry trends.

### *Role of Compensation Consultant*

Since November 2009, the Compensation Committee has engaged Compensia as a compensation consultant to help evaluate our compensation philosophy and provide guidance in administering our executive compensation program. Compensia reports directly to the Compensation Committee and does not provide any services to the Company other than the services provided to the Compensation Committee. The Compensation Committee believes that Compensia does not have any conflicts of interest in advising the Compensation Committee under applicable SEC or NASDAQ rules. Since fiscal year 2010, Compensia has also assisted the Compensation Committee in developing the compensation peer group described below and in providing market data based on the compensation practices of the peer group and from general industry surveys.

### *Competitive Market Data*

We believe it is important when making compensation-related decisions to be informed as to current practices of similarly-situated companies. Consequently, we select a group of companies that are broadly similar to the Company in terms of industry and financial comparability as a reference point for evaluating the market practices of our “peers” in formulating compensation recommendations and to assist the Compensation Committee in its consideration of executive compensation.

For fiscal year 2015, our compensation peer group (the “Peer Group”) consisted of the following companies:

Angie’s List	Digital River
Blucora	Internap Network Services
Chegg	IntraLinks Holdings
comScore	Millennial Media
Constant Contact	Move
Demand Media	NIC
Dice Holdings	ReachLocal
	RealNetworks

Each of the companies in the Peer Group met the following criteria: (1) were operating in the Internet software and services industry or in the software industry, (2) had annual revenues of between \$206.0 million to \$574.0 million (or approximately 0.7x to 1.9x that of the Company’s revenue), and (3) had a market capitalization of between \$263.0 million to \$1.29 billion (or approximately 0.9x to 4.3x that of the Company’s market capitalization). In addition, all are headquartered in the United States.

We supplement the data derived from the Peer Group with broader compensation data provided by market surveys. Compensia provided compensation data from Compensia’s proprietary database for positions comparable to those of the executive officers at Internet companies with revenues of between \$200.0 million and \$500.0 million in the San Francisco Bay Area to the extent the Peer Group data was not sufficient.

While the Compensation Committee does not “benchmark” pay levels against the Peer Group due to the unique aspects of our business, it believes that evaluating market data is useful to understand market practice and to provide a general context for its decisions. The Compensation Committee exercises its discretion in determining the nature and extent of the use of market data, which varies by executive officer.

### **Section 4 — Compensation Components**

The compensation we offer to our employees and each of our executive officers, including our Named Executive Officers, has the following major components: (a) base salaries; (b) performance-based cash bonuses; and (c) long-term equity incentive awards.

## TABLE OF CONTENTS

### *(a) Base Salaries*

The initial base salaries for our executive officers, including the Named Executive Officers, are established through arm's-length negotiation at the time of hire, taking into account each individual's qualifications, experience and prior salary history, and prevailing market compensation for similar roles among the companies in the Peer Group and from the survey data of similarly sized companies in the Internet industry based in the San Francisco Bay Area. Thereafter, the base salaries of our executive officers are reviewed annually by the Compensation Committee, with significant input from our Chief Executive Officer (except with respect to his own base salary) to determine whether any adjustment is warranted. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility.

In determining a base salary adjustment, the Compensation Committee considers several factors, including the Company's overall performance, an executive officer's relative job scope and impact in the Company, individual performance history, prior and anticipated future contributions to the Company, anticipated increase in responsibilities, length of time each individual has been employed with the Company, retention incentives, prior experience and an analysis of competitive market data (including the base salary practices of the Peer Group and the survey data). The Compensation Committee may also take into account the executive officer's current base salary, equity ownership, and internal pay equity (i.e., the amounts paid to the executive officer's peers inside the Company for comparable positions). We also draw upon the experience of members of the Compensation Committee with other companies.

In May 2014, the Compensation Committee reviewed the base salaries of our executive officers, including the Named Executive Officers, for fiscal year 2015. The Compensation Committee reviewed salary data derived from the Peer Group and summary cash compensation data from Compensia's proprietary database for positions comparable to those of the executive officers at Internet companies with revenues of between \$200.0 million and \$500.0 million in the San Francisco Bay Area.

After reviewing input from Compensia and taking into consideration the recommendations of our Chief Executive Officer (except with respect to his own base salary), the Compensation Committee determined that, using the factors described above, the base salaries of the Named Executive Officers would not be increased for fiscal year 2015 other than for Mr. Wong as described in the footnote to the table below:

<b>Named Executive Officer</b>	<b>Fiscal Year 2014 Annual Base Salary (\$)</b>	<b>Fiscal Year 2015 Annual Base Salary (\$)</b>	<b>Percent Change (%)</b>
Douglas Valenti	525,000	525,000	—
Gregory Wong	275,000	287,000	4.36 <sup>(1)</sup>
Nina Bhanap	362,000	362,000	—
Peter Brooks	275,000 <sup>(2)</sup>	275,000	—
Martin J. Collins	300,000	300,000	—
Kenneth Hahn	391,600	391,600	—

(1) The Compensation Committee approved an increase in Mr. Wong's base salary for fiscal year 2015, which it determined to be appropriate given market rates of compensation for his role and internal pay equity, as well as Mr. Wong's increased experience and his performance in the preceding fiscal year. None of our other Named Executive Officers received a raise in annual base salary from fiscal year 2014 to fiscal year 2015. The total compensation paid to the Named Executive Officers in fiscal year 2015 is set forth in the "Summary Compensation Table" below.

(2) During fiscal year 2014, in October 2013, Mr. Brooks' base salary was increased from \$245,000 to \$275,000 in connection with an increase in responsibilities.

### *(b) Performance-Based Cash Bonuses*

We use performance-based cash bonuses under our Annual Incentive Plan to motivate our executive officers, including the Named Executive Officers, to achieve our annual financial and operational goals while making rapid and sustainable progress toward our longer-term objectives. These bonuses are designed to reward both Company and individual performance.

## TABLE OF CONTENTS

For fiscal year 2015, the Compensation Committee awarded cash bonuses to our executive officers according to target bonuses and criteria set by the Compensation Committee in accordance with the Annual Incentive Plan. The Compensation Committee has the discretion to reduce the amount of any actual award under the Annual Incentive Plan below the amount calculated under the terms of the Annual Incentive Plan.

### Target Bonus Opportunities

Under the Annual Incentive Plan for fiscal year 2015, each Named Executive Officer's target bonus opportunity was expressed as a total dollar amount, with individual target award opportunities ranging from 43% to 81% of base salary. Target bonus opportunities were determined based on the Compensation Committee's analysis of total cash compensation as described above, with generally higher target levels for the individuals with the most responsibility for the success of the business.

### Performance Measures

For fiscal year 2015, the performance goals under the Annual Incentive Plan remained generally consistent with prior years and were based on our annual operating plan and budget. As in prior years, the performance goals were designed to be achievable yet challenging. This is demonstrated by our executive officers receiving actual performance bonuses that were below their target bonus payout opportunity for the past several years. For executive officers who are focused on particular verticals, including our Named Executive Officer Mr. Brooks, up to 25% of performance bonuses was based on Plan Revenue Growth, 25% on Plan Adjusted EBITDA, and 50% or more on revenue growth of the relevant vertical. For all other executive officers, 50% of performance bonuses was based on Plan Revenue Growth and 50% on Plan Adjusted EBITDA. The bonus payout was calculated between the threshold and maximum possible bonus payouts for each executive officer as set forth in the table under the heading "Grant of Plan-Based Awards" below. The threshold of 0% of the target bonus payout opportunity corresponded with 0% achievement of the applicable performance goals for each executive officer, while the maximum of 200% of the target bonus opportunity corresponded with 200% achievement of the applicable performance goals.

In addition, the Compensation Committee considered the following in determining whether to give full credit for the achievement of the performance goals:

- the assessed sustainability of revenue growth;
- progress on initiatives to address challenges;
- the development of future growth potential and diversification of our revenue streams; and
- the individual contributions of the executive officer.

### Fiscal Year 2015 Bonus Decisions

To determine actual bonus awards under the Annual Incentive Plan for fiscal year 2015, the Compensation Committee first reviewed the Company's overall financial results for fiscal year 2015. The Compensation Committee then considered the performance measures as outlined above, as well as the Chief Executive Officer's recommendation for the Named Executive Officers (other than himself). The Committee noted that the Company continued to invest in its revenue streams, which actions are expected to lay the foundation for future sustainable revenue growth. The Committee also determined that all of the executive officers had performed strongly given another challenging year for the Company, largely driven by external economic and regulatory factors outside the control of the executive officers.

Based on these reviews and the financial results described above under the heading "Compensation Discussion and Analysis — Executive Summary — Pay for Performance," the Compensation Committee approved bonus payments of between 18% and 37% of the target bonus amounts for the Named Executive Officers.

## TABLE OF CONTENTS

The chart below shows, for the Named Executive Officers, their fiscal year 2014 bonus payouts, their fiscal year 2015 target bonus opportunities and payouts, as well as the fiscal year 2015 bonus payouts as a percent of targets and the percent change in bonus payouts from fiscal year 2014 to fiscal year 2015:

<u>Named Executive Officer</u>	<u>Fiscal Year 2014 Bonus Payout (\$)</u>	<u>Fiscal Year 2015 Target Bonus Opportunity (\$)<sup>(1)</sup></u>	<u>Fiscal Year 2015 Bonus Payout (\$)</u>	<u>Fiscal Year 2015 Bonus Payout as a % of Target (%)</u>	<u>% Change in Fiscal Year 2015 Bonus Compared to Fiscal Year 2014 (%)</u>
Douglas Valenti	99,875	425,000	156,870	37	57
Gregory Wong	21,378	125,000	46,138	37	116
Nina Bhanap	36,190	154,000	56,842	37	57
Peter Brooks	34,075	145,000	26,760	18	(21)
Martin J. Collins	8,813	150,000	55,366	37	528 <sup>(2)</sup>
Kenneth Hahn <sup>(3)</sup>	44,650	190,000	—	—	—

(1) The target bonus opportunities in fiscal year 2015 for our Named Executive Officers remained the same as their target bonus opportunities in fiscal year 2014, except for Mr. Wong whose target bonus opportunity in fiscal year 2015 was increased by the Compensation Committee to \$125,000 (from \$100,000 in fiscal year 2014), in consideration of market rates of compensation for his role and internal pay equity, as well as Mr. Wong's increased experience and his performance in the preceding fiscal year.

(2) Mr. Collins joined the Company in April 2014, and accordingly his bonus was pro-rated for his three months of employment in fiscal year 2014, which accounts for the significant percentage increase in bonus payout from fiscal year 2014 to fiscal year 2015.

(3) Mr. Hahn's employment terminated as of November 14, 2014, and accordingly, he was not eligible to receive a bonus for fiscal year 2015.

### *(c) Long-Term Equity Incentive Awards*

We use long-term incentive awards, in the form of options to purchase shares of our common stock as well as service-vesting RSUs and performance shares, to attract and retain our executive officers, including the Named Executive Officers, to motivate and reward them for outstanding Company and individual performance and to align their interests with those of our stockholders. In August 2014, the Compensation Committee awarded service-vesting RSUs to each of our Named Executive Officers and a combination of service-vesting RSUs and performance shares to our Chief Executive Officer. We use service-vesting RSUs to provide a strong retention component to our equity compensation while still providing an alignment with stockholders' interests since the value of the RSUs is determined by our stock price. We also believe that the RSUs and stock options can serve as an effective retention tool due to vesting requirements that are based on continued service with the Company and can help create an ownership culture. The four-year vesting schedule for our options, performance shares, and RSUs is designed to encourage long-term employment with the Company while allowing our executive officers to realize increased compensation in line with the value they have created for our stockholders. At this time, the Compensation Committee believes that service-based vesting provides the appropriate incentive for our Company when combined with equity awards' direct tie to our stock price performance. For Mr. Valenti, the Compensation Committee believes that awarding a mix of service-vesting RSUs and performance shares provides the appropriate incentive, given our Chief Executive Officer's role and his ability to impact the Company's performance.

We grant stock options both at the time of initial hire and then in some cases, through annual additional or "refresher" awards for key executive officers, and since fiscal year 2013, we have granted annual refresher grants consisting in part or in whole of service-vesting RSUs. Our practice has been to grant "refresher" awards shortly after the end of the fiscal year, at the Compensation Committee's first regularly scheduled meeting after the end of the fiscal year, and this practice was followed in fiscal year 2015. However, the Compensation Committee retains discretion to grant stock options or RSUs to our executive officers at any time, including in connection with a promotion, to reward an executive officer, for retention purposes, or for other circumstances recommended by our Chief Executive Officer. In fiscal year 2015, the Compensation Committee determined it was appropriate to award service-vesting RSUs (but no options) in connection with

**TABLE OF CONTENTS**

the annual refresher program for the Named Executive Officers due to the significant holdings of unexercised stock options held by many of the Named Executive Officers that had limited in-the-money value at the then-current stock price and to provide a greater emphasis on retention in light of the difficult operating environment the Company continued to face.

In determining the size of the equity awards to be granted to our executive officers, including the Named Executive Officers, the Compensation Committee takes into account several factors, including our Chief Executive Officer's recommendation for the other executive officers, our short-term and long-term financial and strategic objectives, an executive officer's relative job scope, the value of his or her then-current equity incentive award holdings, individual performance history, prior and anticipated future contributions to the Company, the size of prior awards, an analysis of competitive market data (including the equity award practices of the Peer Group), our annual equity budget, and the net aggregate amount of the shares proposed to be awarded to all employees for the fiscal year. After considering these factors, the Compensation Committee determines the size of the equity awards at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

After reviewing a compensation analysis prepared by Compensia and taking into consideration the recommendations of our Chief Executive Officer (as to executive officers other than himself), the Compensation Committee determined the size of each executive officer's RSU grant using the factors described above.

The service-vesting RSUs granted to the Named Executive Officers in fiscal year 2015 were as follows:

<b>Named Executive Officer</b>	<b>Number of Shares Subject to RSU Grant (#)</b>	<b>Grant Date Fair Value of RSU Grant (\$)</b>
Douglas Valenti	150,000	789,000
Gregory Wong	100,000	526,000
Nina Bhanap	150,000	789,000
Peter Brooks	50,000	263,000
Martin J. Collins	20,000	105,200
Kenneth Hahn <sup>(1)</sup>	150,000	789,000

(1) Mr. Hahn's 2015 RSU grant was cancelled in connection with the termination of his employment on November 14, 2014.

The Compensation Committee also awarded Mr. Valenti a target of 150,000 performance shares for the performance period beginning July 1, 2014 and ending June 30, 2015. The number of performance shares that Mr. Valenti could earn was calculated 50% based on Plan Revenue Growth and 50% on Plan Adjusted EBITDA between the threshold and maximum number of performance shares as set forth in the table below.

<b>Named Executive Officer</b>	<b>Estimated Future Payouts under Equity Incentive Plan Award (Performance Shares): Threshold (#)</b>	<b>Estimated Future Payouts under Equity Incentive Plan Award (Performance Shares): Target (#)</b>	<b>Estimated Future Payouts under Equity Incentive Plan Award (Performance Shares): Maximum (#)</b>
Douglas Valenti	0 <sup>(1)</sup>	150,000 <sup>(2)</sup>	300,000 <sup>(3)</sup>

(1) Indicates the threshold number of performance shares that could be earned based on 0% achievement of the target performance goals.

(2) Indicates the target number of performance shares that could be earned based on 100% achievement of the target performance goals.

(3) Indicates the maximum number of performance shares that could be earned based on 200% achievement of the target performance goals.

## TABLE OF CONTENTS

In evaluating Mr. Valenti's individual performance and the Company's overall performance during fiscal year 2015, the Compensation Committee had discretion to adjust downward the number of earned performance shares calculated pursuant to the terms of Mr. Valenti's performance share award. Following the end of fiscal year 2015, the Compensation Committee determined that Mr. Valenti had earned 55,500 (or approximately 37%) of the total target 150,000 performance shares awarded based on the achievement of his performance goals, with no discretionary adjustments. One-fourth of such earned performance shares were vested and released following the determination date, and the remainder vest quarterly thereafter over three years.

### *Equity Award Grant Policy*

The Compensation Committee grants options and RSUs primarily at regularly scheduled, quarterly Compensation Committee meetings set at the beginning of each fiscal year.

## **Section 5 — Other Compensation Information and Policies**

### *Welfare and Other Employee Benefits*

We have established a tax-qualified Section 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. We currently do not match any contributions made to the plan by our employees, including executive officers. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

Our executive officers are entitled to participate in the same employee benefit plans, and on the same terms and conditions, as our other full-time, salaried employees. These benefits include medical, dental and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage.

We believe these benefits are generally consistent with those of companies with which we compete for executive talent.

We design our employee benefits programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

### *Perquisites and Other Personal Benefits*

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we currently do not provide perquisites to our executive officers.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

### *Employment Arrangements*

We do not have any employment agreements with any of our executive officers, including the Named Executive Officers.

### *Post-Employment Compensation*

In the event stock options are assumed or replaced in connection with a change in control, 25% of the unvested shares of common stock subject to each option will vest if the employment of the executive officer is terminated under circumstances described below under the heading "Executive Compensation — Potential Payments Upon Termination or Change in Control" following the change in control of the Company. In addition, as is common practice for technology companies, our equity incentive plan provides for full acceleration of vesting of outstanding stock options in the event of a change in control of the Company if the options are not assumed or replaced with substitute awards by a successor.

## TABLE OF CONTENTS

The Compensation Committee approved these provisions for senior management (meaning executive officers with the title of the Vice President and above) because equity compensation is an important part of our executive compensation program, and so these partial double-triggers are intended to keep these executive officers engaged in the event of a potential change in control that would be beneficial to stockholders but could otherwise result in the executive officers not having the opportunity to continue to vest in this equity compensation. However, this acceleration benefit is limited to an amount that the Compensation Committee believes represents a reasonable portion of the awards.

For a summary of the material terms and conditions of these post-employment compensation arrangements, see “Executive Compensation — Payments Upon Termination or Change in Control” below.

### *Stock Ownership Guidelines*

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our executive officers, including the Named Executive Officers. As of August 31, 2015, our Chief Executive Officer beneficially owned approximately 12.4% of our outstanding common stock. In fiscal year 2015, our Compensation Committee conducted a review of current ownership levels of our executive officers, and based on the substantial level of holdings by our Chief Executive Officer, together with the equity interests of our other executive officers, the Committee determined that minimum stock ownership requirements were not necessary at this time to align the interests of our executive officers with that of our stockholders.

### *Compensation Recovery Policy*

Currently, we have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. We intend to adopt a general compensation recovery (“clawback”) policy covering our annual and long-term incentive award plans and arrangements after the SEC adopts final rules implementing the requirement of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

### *Derivatives Trading and Hedging Policy*

We have a policy that prohibits our employees, executive officers, directors, contractors, and consultants, as well as family members of such persons, from engaging in short sales, hedging transactions such as in put or call options, or other inherently speculative transactions with respect to our equity securities or from holding our equity securities in margin accounts or pledging our equity securities as collateral for a loan.

### *Deductibility of Executive Compensation*

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1.0 million paid to the chief executive officer and each of the three other most highly-compensated executive officers (other than the chief financial officer) in any taxable year. Generally, remuneration in excess of \$1.0 million may only be deducted if it is “performance-based compensation” within the meaning of the Internal Revenue Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

The Compensation Committee considers the anticipated tax treatment to the Company and our executive officers when reviewing our executive and other compensation programs. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee’s overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate our executive officers in a manner commensurate with performance and the competitive environment for executive talent. In addition, the Compensation Committee reserves the right to exercise its judgment to award compensation to our executive officers that may be subject to the deduction limit when it believes that such compensation is appropriate, consistent with its compensation philosophy and in the Company’s and our stockholders’ best interests.

## TABLE OF CONTENTS

Generally, the Compensation Committee seeks to structure our incentive-based compensation to be deductible. Nevertheless, there can be no assurance that our incentive-based compensation will be treated as qualified “performance-based compensation” under Section 162(m).

### *Accounting for Stock-Based Compensation*

We follow Financial Accounting Standard Board Accounting Standards Codification Topic 718 (“ASC 718”) for our stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

### *Compensation-Related Risk*

From time to time, the Compensation Committee reviews the potential risks associated with the structure and design of our various compensation plans. For fiscal years 2013, 2014, and 2015, the Compensation Committee requested that Compensia, our compensation consultant, assisted by our management, undertake a comprehensive review of the material compensation plans and programs for all employees and determined that none of our compensation policies and practices is reasonably likely to have a material adverse effect on the Company. Overall, the Compensation Committee believes that our programs generally contain a balance of fixed and variable features, as well as complementary metrics and reasonable goals, all of which operate to mitigate risk and reduce the likelihood of employees engaging in excessive risk-taking behavior with respect to the compensation-related aspects of their jobs. In addition, the material plans and programs operate within the Company’s governance and review structure that serves and supports risk mitigation.

**Summary Compensation Table**

The following table sets forth information regarding the compensation for the last three completed fiscal years, paid to, or earned by, our Chief Executive Officer, our Chief Financial Officer, our other three most highly-compensated executive officers, and one former executive officer who would have been among such three most highly-compensated executive officers but for the fact that he was no longer serving as an executive officer at the end of fiscal year 2015. We collectively refer to such executive officers as our “Named Executive Officers” for fiscal year 2015.

(1) The amounts reported in this column represent the aggregate grant date fair value for RSUs and option awards granted in the applicable fiscal year, computed in accordance with FASB ASC Topic 718 (*Compensation — Stock Compensation*). The assumptions used in the valuation of these awards are set forth in the notes to our consolidated financial statements, which are included in our Annual Report on Form 10-K for fiscal year 2015, filed with the SEC on August 19, 2015.

(2) The amounts reported in this column are performance-based cash bonuses under our annual incentive plans in respect of performance for fiscal years 2013, 2014, and 2015. See the discussion in the “Compensation Discussion and Analysis” above.

(3) In October 2012, the Company adopted an executive time-off policy. Pursuant to this policy, beginning with fiscal year 2014, officers who are vice presidents and above do not accrue paid time-off. As a result, the Company does not attribute a monetary value to executive paid time-off.

(4) Mr. Collins joined the Company in April 2014, and, accordingly, his salary and bonus for fiscal year 2014 were prorated.

(5) Mr. Hahn’s employment terminated as of November 14, 2014, and accordingly, he was not eligible to receive a bonus for fiscal year 2015. All of his outstanding equity awards from fiscal year 2015 were cancelled upon termination of his employment.

**Grant of Plan-Based Awards**

The following table provides information regarding all grants of plan-based awards that were made to or earned by the Named Executive Officers during fiscal year 2015. Disclosure on a separate line item is provided for each award granted to a Named Executive Officer.

- (2) This column represents the target bonus payout corresponding with 100% achievement of each executive officer’s performance targets under our Annual Incentive Plan for fiscal year 2015. The bonus plans provided for possible target bonus payouts ranging from 43% to 81% of the base salaries of our Named Executive Officers. Payout of the bonuses was dependent on achievement against our Plan Revenue Growth and Plan Adjusted EBITDA and the individual executive officers’ achievement against that plan and against other strategic objectives, as further described in “Compensation Discussion and Analysis.” The actual bonus payments for fiscal year 2015 are set forth in the “Summary Compensation Table” above.
- (3) This column represents the maximum bonus payout corresponding with 200% achievement of each executive officer’s performance targets under our Annual Incentive Plan for fiscal year 2015.
- (4) The amounts shown reflect the fair value of each equity award on the grant or modification date as determined under the principles used to calculate the value of equity awards for purposes of the Company’s financial statements. For a discussion of the assumptions and methodologies used to calculate the value of the equity awards, please see footnote (1) to the “Summary Compensation Table” above.
- (5) This column represents the threshold number of RSUs that could be earned for 0% achievement of Mr. Valenti’s performance targets under his performance RSU grant for fiscal year 2015, as further described in “Compensation Discussion and Analysis.”
- (6) This column represents the target number of RSUs that could be earned for 100% achievement of Mr. Valenti’s performance targets under his performance RSU grant for fiscal year 2015, as further described in “Compensation Discussion and Analysis.”
- (7) This column represents the maximum number of RSUs that could be earned for 200% achievement of Mr. Valenti’s performance targets under his performance RSU grant for fiscal year 2015, as further described in “Compensation Discussion and Analysis.” Following the end of fiscal year 2015, in accordance with the terms of Mr. Valenti’s performance shares, the Compensation Committee determined that Mr. Valenti had earned 55,500 of the total target 150,000 performance shares awarded. One-fourth of such earned performance shares were vested and released following the date of determination, and the remainder vest quarterly thereafter over three years.

addition, 25% of the unvested shares subject to such options will vest if the employment of the executive officer is terminated without cause following a change in control of the Company.

- (2) The RSUs (other than Mr. Valenti's performance shares) vest over four years as follows: 25% of the RSU awards vest on the first anniversary of the date of the vesting commencement date, which is on or about the date of grant, and 6.25% of the RSU awards vest on each quarterly anniversary over the remaining 12 quarters thereafter. In addition, 25% of the unvested RSUs will vest if the employment of the executive officer is terminated without cause following a change in control of the Company. The vesting of Mr. Valenti's performance shares is described below in footnote 4 to this table.
- (3) The market value of unvested RSUs is calculated by multiplying the number of unvested RSUs held by the applicable Named Executive Officer by the closing price of our common stock on June 30, 2015, the last trading day of fiscal year 2015, which was \$6.45.
- (4) In fiscal year 2015, the Compensation Committee awarded Mr. Valenti a target of 150,000 performance shares. In accordance with the terms of Mr. Valenti's performance shares, for the performance period ending on June 30, 2015, the Compensation Committee determined that Mr. Valenti had earned 55,500 of the total target 150,000 performance shares awarded. One-fourth of such earned performance shares were vested and released following the determination date, and the remainder vest quarterly thereafter over three years.

### Potential Payments Upon Termination or Change in Control

#### Double Trigger Equity Vesting

The following table sets forth quantitative estimates of the benefits that would have been received by the Named Executive Officers pursuant to the agreements for their outstanding stock options and RSUs if, within six months following a change in control of the Company, their employment had been terminated by the Company without cause or they had resigned for good reason (which includes actions by the Company to materially reduce the executive officer's duties, salary or benefits or relocate his or her business office to more than 50 miles away). These estimates assume the change in control transaction and termination of employment both occurred on June 30, 2015 and, as provided in their agreements, the vesting of their outstanding stock options and RSUs had been accelerated as to 25% of the unvested shares of our common stock covered by such agreements.

Named Executive Officer	Value of Stock Award Acceleration Benefit (\$) <sup>(1)</sup>	Value of Option Award Acceleration Benefit (\$) <sup>(2)</sup>
Douglas Valenti	533,638	—
Gregory Wong	198,794	1,306
Nina Bhanap	313,683	—
Peter Brooks	127,238	—
Martin J. Collins	92,719	13,547
Kenneth Hahn <sup>(3)</sup>	—	—

- (1) The aggregate dollar value reported in connection with the acceleration of the outstanding RSUs represents the aggregate fair market value of our common stock underlying the accelerated RSUs as of June 30, 2015, multiplied by the number of the accelerated RSUs.
- (2) The aggregate dollar value reported in connection with the acceleration of the outstanding option awards represents the aggregate spread between the exercise price thereof and the fair market value of our common stock as of June 30, 2015, multiplied by the number of the accelerated options awards. Stock options subject to acceleration that were not "in-the-money" as of June 30, 2015 were excluded from this table.
- (3) Mr. Hahn's employment terminated as of November 14, 2014. As of June 30, 2015, Mr. Hahn did not have any outstanding, unvested stock options or RSUs.

### Equity Compensation Plan Information

The following table provides information as of June 30, 2015 with respect to shares of our common stock issuable under our existing equity compensation plans:

Equity compensation plans not approved by security holders	—	—	—

- (2) The number of shares available under our 2010 Equity Incentive Plan automatically increases each year, beginning July 1, 2010 through July 1, 2019, by an amount equal to the lesser of (i) 5% of the total number of shares of our outstanding common stock on June 30<sup>th</sup> of the preceding fiscal year or (ii) an amount determined by our Board. Subject to our Board providing that there shall be a lesser increase for a given fiscal year, the number of shares available under our 2010 Non-Employee Directors' Stock Award Plan automatically increases each year, beginning July 1, 2010 through July 1, 2019, by an amount equal to the sum of (i) 200,000 shares, plus (ii) the aggregate number of shares of our common stock subject to stock awards granted pursuant to Section 5 of the 2010 Non-Employee Directors' Stock Award Plan during the immediately preceding fiscal year.

**PROPOSAL 2:****RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP  
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Recommendation of the Board of Directors**

*The Board of Directors recommends that you vote “FOR” the ratification of the selection of PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm for fiscal year 2016, which proposal is designated as Proposal No. 2.*

PwC served as QuinStreet’s independent registered public accounting firm for fiscal years 2014 and 2015. PwC has advised QuinStreet that it has no direct or indirect financial interest in QuinStreet. Representatives of PwC are expected to be present at the 2015 annual meeting of stockholders, with the opportunity to make a statement should they desire to do so and will be available to respond to appropriate questions from stockholders. Our Audit Committee has retained PwC to continue to serve as QuinStreet’s independent registered public accounting firm for fiscal year 2016. See “Audit Committee Report” below.

The following table sets forth fees for professional services rendered by PwC, our independent auditors, for fiscal years 2015 and 2014.

	Fiscal Year 2015 (\$)	Fiscal Year 2014 (\$)
Audit Fees	1,428,150	1,410,000
Audit-Related Fees	—	—
Tax Fees	222,400	379,479
All Other Fees	1,800	2,111
Total	<u>1,652,350</u>	<u>1,791,590</u>

Audit Fees consist of professional services rendered for the audit of our consolidated financial statements; the review of our interim consolidated financial statements included in quarterly reports; and services provided in connection with comfort letters, consents, and statutory and regulatory filings.

Audit-Related Fees consist of assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under “Audit Fees.” These services include due diligence in connection with our acquisitions; other accounting consultations in connection with transactions; attest services that are not required by statute or regulation; and consultations concerning financial accounting and reporting standards.

Tax Fees consist of professional services rendered for tax advice, planning and compliance (domestic and international). These services include the preparation and review of income tax returns, VAT tax returns, and international returns and assistance regarding: transfer pricing; VAT matters; federal, state and international tax compliance; acquisitions; and international tax planning.

All Other Fees consist of subscription service fees for use of accounting research software.

Other than the fees described above, we were not billed for any other fees for products or services provided by PwC in either of our last two fiscal years.

Management is required to review and obtain the prior approval of the Audit Committee for all non-audit services proposed to be provided by PwC. We review whether the provision of such services by PwC would be compatible with the maintenance of PwC’s independence in the performance of its auditing functions for us.

The Audit Committee annually reviews its policy on audit and non-audit services performed by QuinStreet’s independent registered public accounting firm. Unless a proposed service to be provided by QuinStreet’s independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved fee levels will require additional pre-approval by the Audit Committee.

TABLE OF CONTENTS

The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. The Audit Committee must approve any significant changes in terms, conditions, and fees resulting from changes in audit scope, company structure, or other matters. Additional fees in excess of the amount initially approved in connection with the annual audit services require additional pre-approval by the Audit Committee. With respect to certain categories of non-audit services, the Audit Committee has concluded that the provision of such services does not impair QuinStreet's independent registered public accounting firm's independence, and the Audit Committee has provided (and the Audit Committee will annually review and provide) general pre-approved categories of services that may be provided by QuinStreet's independent registered public accounting firm without obtaining pre-approval for each specific non-audit assignment.

The term of any pre-approval is generally twelve months from the date of pre-approval, unless the Audit Committee provides for a different period. The Audit Committee may revise the list of general pre-approved services from time to time, based on subsequent determinations. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. In addition, on a periodic basis, QuinStreet's management reports to the Audit Committee the services actually provided by QuinStreet's independent registered public accounting firm pursuant to the Audit Committee's pre-approval policy.

All audit and non-audit services described above were provided pursuant to pre-approval policies of the Audit Committee.

## AUDIT COMMITTEE REPORT

*The following Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other QuinStreet filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference therein.*

The Audit Committee of the Board of Directors has furnished the following report.

The charter of the Audit Committee of the Board of Directors of QuinStreet, Inc. (“QuinStreet”) specifies that the purpose of the Audit Committee is to act on behalf of the Board of Directors (the “Board”) of QuinStreet in fulfilling the Board’s oversight responsibilities with respect to:

- QuinStreet’s corporate accounting and financial reporting processes, systems of internal control over financial reporting and audits of financial statements, as well as the quality and integrity of QuinStreet’s financial statements;
- reports and the qualifications, independence and performance of the independent registered public accounting firm or firms engaged as QuinStreet’s independent outside auditors for the purpose of preparing or issuing an audit report or performing audit services and the performance of QuinStreet’s internal audit function, if applicable; and
- QuinStreet’s legal, regulatory, and ethical compliance programs as established by management and the Board.

In addition, the Audit Committee is charged with providing an avenue of open communication among QuinStreet’s independent registered public accounting firm, financial management, and any internal auditors.

The Audit Committee expects to consider further amendments to its Charter from time to time as rules and standards are revised and/or finalized by various regulatory agencies, including the SEC and the NASDAQ Stock Market, and to address any changes in QuinStreet’s operations, organization, or environment.

The Audit Committee meets with management periodically to consider the adequacy of QuinStreet’s disclosure and internal controls and compliance with applicable laws and Company policies, as well as the quality of its financial reporting, including the application of critical accounting policies.

As part of its oversight activities, the Audit Committee monitors the scope and adequacy of QuinStreet’s internal auditing program, including reviewing staffing levels and steps taken to implement recommended improvements in internal controls. The Audit Committee discusses these matters with QuinStreet’s independent registered public accounting firm and with appropriate Company financial personnel and internal auditors.

The Audit Committee’s meetings include executive sessions with QuinStreet’s independent registered public accounting firm, in each case without the presence of QuinStreet’s management.

The Audit Committee appoints QuinStreet’s independent registered public accounting firm for the purpose of issuing an audit report on QuinStreet’s annual financial statements or performing related work and approves the firm’s compensation.

As part of its oversight of QuinStreet’s financial statements, the Audit Committee reviews and discusses with both management and QuinStreet’s independent registered public accounting firm all annual and quarterly financial statements, including reviewing QuinStreet’s specific disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” prior to their issuance.

During fiscal year 2015, the Audit Committee reviewed and discussed QuinStreet’s financial statements with management, including significant accounting and disclosure matters. The Audit Committee reviewed and discussed with management and with its independent registered public accounting firm the audited consolidated financial statements in QuinStreet’s Form 10-K for fiscal year 2015. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles

generally accepted in the United States of America. The Audit Committee also discussed QuinStreet's earnings press releases, as well as financial information and earnings guidance, in accordance with the NASDAQ Stock Market corporate governance rules.

The Audit Committee received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") regarding PwC's communications with the Audit Committee concerning independence, and the Audit Committee discussed with PwC its independence from QuinStreet.

The Audit Committee discussed with PwC matters required to be discussed by Auditing Standard No. 16 "Communications with Audit Committees" issued by the PCAOB.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in QuinStreet's Annual Report on Form 10-K for fiscal year 2015 for filing with the SEC.

**PROPOSAL 3:**

**APPROVAL OF FISCAL YEAR 2015 COMPENSATION AWARDED TO  
NAMED EXECUTIVE OFFICERS**

**Recommendation of the Board of Directors**

*The Board of Directors recommends that you vote “FOR” the approval of fiscal year 2015 compensation awarded to our Named Executive Officers, which proposal is designated as Proposal No. 3.*

We are seeking an advisory, non-binding stockholder vote with respect to compensation awarded to our Named Executive Officers for fiscal year 2015. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific Named Executive Officer but rather the overall compensation of all of our Named Executive Officers and the compensation philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on QuinStreet, our Compensation Committee, or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of fiscal year 2016 and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, we will consider our stockholders’ concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information we have provided in the “Executive Compensation” section of this proxy statement, and in particular the information discussed in the “Compensation Discussion and Analysis” above, demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests. Accordingly, we ask our stockholders to vote “FOR” the compensation awarded to our Named Executive Officers for fiscal year 2015, as disclosed under SEC rules, including the “Compensation Discussion and Analysis,” the compensation tables, and related narrative disclosures in this proxy statement.

**HOUSEHOLDING OF PROXY MATERIALS**

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for the Notice of Internet Availability of Proxy Materials (the “Notice”), and if applicable, the proxy statements and annual reports, with respect to two or more stockholders sharing the same address by delivering a single Notice or proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are QuinStreet stockholders will be “householding” our Notice, and if applicable, our proxy materials. A single Notice, and if applicable, a single copy of our proxy materials, may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you notify your broker or the Company that you no longer wish to participate in “householding.”

If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice (or proxy materials), you may (1) notify your broker, (2) direct your written request to: QuinStreet, Inc., Attention: Investor Relations, 950 Tower Lane, Suite 600, Foster City, California 94404 or (3) contact our Investor Relations department by telephone at (650) 578-7950. Stockholders who currently receive multiple copies of our proxy materials at their address and would like to request “householding” of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Notice (and if applicable, the proxy materials) to a stockholder at a shared address to which a single copy of the documents was delivered.

## ANNUAL REPORT

Our annual report for fiscal year 2015 (including our Form 10-K filed with the SEC, the consolidated financial statements audited by PwC, our independent registered public accounting firm, and their report thereon dated August 19, 2015) will be mailed to all stockholders who have requested a printed copy of our proxy materials, and will also be sent to any stockholder without charge upon written request to: QuinStreet, Inc., Attention: Investor Relations, 950 Tower Lane, Suite 600, Foster City, California 94404. Our annual report on Form 10-K, along with this proxy statement, can also be reviewed by accessing the SEC's Internet site at <http://www.sec.gov> or our Internet site at <http://investor.quinstreet.com/annual-proxy.cfm>. This text is not an active link and our Internet site and the information contained on that site, or connected to that site, is not incorporated into this proxy statement.

## OTHER MATTERS

As of the date of this proxy statement, we know of no business that will be presented for consideration at the annual meeting of stockholders other than the items referred to above. If no other matter is properly brought before the meeting for action by stockholders, proxies returned to us will be voted in accordance with the recommendation of the Board of Directors or, in the absence of such a recommendation, in accordance with the judgment of the proxy holders.

## STOCKHOLDER PROPOSALS

Stockholders interested in submitting a proposal for inclusion in the proxy materials for our 2016 annual meeting of stockholders may do so by following the procedures prescribed in Exchange Act Rule 14a-8. To be eligible for inclusion, our Corporate Secretary must receive stockholder proposals no later than May 13, 2016.

Stockholders may wish to have a proposal presented at the annual meeting of stockholders in 2016, but without the Company being required to include that proposal in the Company's proxy statement relating to that annual meeting of stockholders. Such proposals must be received by the Corporate Secretary between June 28, 2016 and July 28, 2016. However, if our 2016 annual meeting of stockholders is advanced or delayed by more than 30 days from October 26, 2016 (the anniversary date of the prior year's annual meeting of stockholders), a stockholder's proposal will be timely if it is delivered no earlier than the 120<sup>th</sup> day prior to our 2016 annual meeting and no later than the later of the 90<sup>th</sup> day prior to such annual meeting or the 10<sup>th</sup> day following the announcement of the date of the meeting. If QuinStreet does not receive notification of the proposal within that time frame it will be considered untimely, and we will not be required to present it at the 2016 annual meeting of stockholders.

By order of the Board of Directors,

/s/ Douglas Valenti
