QUINSTREET, INC.

Overview

QuinStreet is a leader in vertical marketing and media on the Internet. Vertical marketing and media are focused on matching targeted segments of visitors with groupings of clients and product offerings of probable interest to them. Vertical visitor segments are defined by factors such as life stage, life events, income, career status, and expressed intent to buy or research a particular product. This approach is in contrast to marketing and media that are focused on general consumer interests and mass market audiences. We have built a strong set of capabilities to engage Internet visitors with targeted media and to connect our marketing clients with their potential customers online. We focus on serving clients in large, information-intensive industry categories, or verticals, where relevant, targeted media and offerings help visitors make informed choices, find the products that match their needs, and thus become qualified customer prospects for our clients. Our current primary client verticals are the education and financial services industries. We also have a presence in the home services, business-to-business, or B2B, and healthcare industries.

We generate revenue by delivering measurable online marketing results to our clients. These results are typically in the form of qualified leads or clicks, the outcomes of customer prospects submitting requests for information on, or to be contacted regarding, client products, or their clicking on or through to specific client offers. These qualified leads or clicks are generated from our marketing activities on our websites or on third-party websites with whom we have relationships. Clients primarily pay us for leads that they can convert into customers, typically in a call center or through other offline customer acquisition processes, or for clicks from our websites that they can convert into applications or customers on their websites. We are predominantly paid on a negotiated or market-driven "per lead" or "per click" basis. Media costs to generate qualified leads or clicks are borne by us as a cost of providing our services.

Founded in 1999, we have been a pioneer in the development and application of measurable marketing on the Internet. Clients pay us for the actual opt-in actions by prospects or customers that result from our marketing activities on their behalf, versus traditional impression-based advertising and marketing models in which an advertiser pays for more general exposure to an advertisement. We have been particularly focused on developing and delivering measurable marketing results in the search engine "ecosystem", the entry point of the Internet for most of the visitors we convert into qualified leads or clicks for our clients. We own or partner with vertical content websites that attract Internet visitors from organic search engine rankings due to the quality and relevancy of their content to search engine users. We also acquire targeted visitors for our websites through the purchase of pay-per-click, or PPC, advertisements on search engines. We complement search engine companies by building websites with content and offerings that are relevant and responsive to their searchers, and by increasing the value of the PPC search advertising they sell by matching visitors with offerings and converting them into customer prospects for our clients.

Market Opportunity

Our clients are shifting more of their marketing budgets from traditional media channels such as direct mail, television, radio, and newspapers to the Internet because of increasing usage of the Internet by their potential customers. We believe that direct marketing is the most applicable and relevant marketing segment to us because it is targeted and measurable. According to the July 2009 research report, "Consumer Behavior Online: A 2009 Deep Dive," by Forrester Research, Americans spend 33% of their time with media on the

Internet, but online direct marketing was forecasted to represent only 16% of the $149 billion in total annual U.S. direct marketing spending in 2009, as reported by the Direct Marketing Association. The Internet is an effective direct marketing medium due to its targeting and measurability characteristics. If direct marketing budgets shift to the Internet in proportion to Americans' share of time spent with media on the Internet — from 16% to 33% of the $149 billion in total spending in 2009 — that could represent an increased market opportunity of $25 billion. In addition, as traditional media categories such as television and radio shift from analog to digital formats, they then become channels for the targeted and measurable marketing techniques and capabilities we have developed for the Internet, thus expanding our addressable market opportunity. Further future market potential may also come from international markets.

Our Business Model

We deliver cost-effective marketing results to our clients, predictably and scalably, most typically in the form of a qualified lead or click. These leads or clicks can then convert into a customer or sale for the client at a rate that results in an acceptable marketing cost to them. We get paid by clients primarily when we deliver qualified leads or clicks as defined in our agreements with them. Because we bear the costs of media, our programs must deliver a value to our clients and a media yield, or our ability to generate an acceptable margin on our media costs, that provides a sound financial outcome for us. Our general process is:

- We own or access targeted media.
- We run advertisements or other forms of marketing messages and programs in that media to create visitor responses or clicks through to client offerings.
- We match these responses or clicks to client offerings or brands that meet visitor interests or needs, converting visitors into qualified leads or clicks.
- We optimize client matches and media yield such that we achieve desired results for clients and a sound financial outcome for us.

Our Competitive Advantages

Our competitive advantages include:

- Vertical focus and expertise
- Measurable marketing experience and expertise
- Targeted media
- Proprietary technology
- Client relationships
- Client-driven online marketing approach
- Acquisition strategy and success
- Scale

Our Strategy

We believe that we are in the early stages of a very large and long-term business opportunity. Our strategy for pursuing this opportunity includes the following key components:

- Focus on generating sustainable revenues by providing measurable value to our clients.
- Build QuinStreet and our industry sustainably by behaving ethically in all we do and by providing quality content and website experiences to Internet visitors.
- Remain vertically focused, choosing to grow through depth, expertise and coverage in our current industry verticals; enter new verticals selectively over time, organically and through acquisitions.
- Build a world class organization, with best-in-class capabilities for delivering measurable marketing results to clients and high yields or returns on media costs.

- Develop and evolve the best technologies and platform for managing vertical marketing and media on the Internet; focus on technologies that enhance media yield, improve client results and achieve scale efficiencies.
- Build, buy and partner with vertical content websites that provide the most relevant and highest quality visitor experiences in the client and media verticals we serve.
- Be a client-driven organization; develop a broad set of media sources and capabilities to reliably meet client needs.

Recent Developments (Unaudited)

Our consolidated financial statements for the quarter ended December 31, 2009, our second fiscal quarter, are not yet available. Our expectations with respect to our unaudited results for the period discussed below are based upon management estimates and are the responsibility of management. Our independent registered public accounting firm has not audited, reviewed or performed any procedures with respect to these preliminary financial data and, accordingly, does not express an opinion or any other form of assurance with respect thereto. This summary is not meant to be a comprehensive statement of our unaudited financial results for this period and our actual results may differ from these estimates.

We are providing the following preliminary results as of and for the quarter ended December 31, 2009:

- Net revenue of approximately $76 million;
- Net income of approximately $3 million;
- Cash and cash equivalents of approximately $34 million; and
- Total debt of approximately $107 million.

Other Financial Data. For the quarter ended December 31, 2009, estimated Adjusted EBITDA was approximately $15 million. We define Adjusted EBITDA as net income less interest and other income plus interest and other expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and foreign-exchange (loss) gain.

Net Revenue

We expect our net revenue for the quarter ended December 31, 2009 to be approximately $76 million, which is an increase of approximately $17 million as compared to net revenue of $59.2 million for the quarter ended December 31, 2008 and a decrease of approximately $3 million as compared to net revenue of $78.6 million for the previous sequential quarter ended September 30, 2009. The primary reasons for the increase versus the comparable quarter in fiscal 2009 are an increase in net revenue from our financial services client vertical and, to a lesser degree, an increase in net revenue from our education client vertical. The primary reasons for the decrease versus the previous sequential quarter were a decrease in net revenue from our education client vertical revenue due to typical seasonality, as described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations — Trends Affecting our Business — Seasonality”, partially offset by an increase in net revenue from our financial services client vertical due to organic growth.

Adjusted EBITDA

Our use of Adjusted EBITDA. We include Adjusted EBITDA in this prospectus for a number of reasons as described in “Summary Consolidated Financial Data — Adjusted EBITDA.” Our use of Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP; limitations of our use of Adjusted EBITDA as an analytical tool are described in “Summary Consolidated Financial Data — Adjusted EBITDA.”

Reconciliation of Adjusted EBITDA to Net Income. For the quarter ended December 31, 2009, our estimated net income was approximately $3 million. In order to arrive at our estimated Adjusted EBITDA of approximately $15 million for this period, we added to our estimated net income our estimated interest and other income (expense), net of approximately $1 million, estimated provision for taxes of approximately $1 million, estimated depreciation and amortization of approximately $5 million, and estimated stock-based compensation expense of approximately $5 million.

Risks Associated with Our Business

Our business is subject to numerous risks and uncertainties, including those highlighted in the section entitled "Risk Factors" immediately following this prospectus summary, that primarily represent challenges we face in connection with the successful implementation of our strategy and the growth of our business. We operate in an immature industry and have a rapidly-evolving business model, which make it difficult to predict our future operating results. In addition, we expect a number of factors to cause our operating results to fluctuate on a quarterly and annual basis, which may make it difficult to predict our future performance.

(1) We define Adjusted EBITDA as net income less interest income plus interest expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and foreign-exchange (loss) gain. Please see "— Adjusted EBITDA" for more information and for a reconciliation of Adjusted EBITDA to our net income calculated in accordance with U.S. generally accepted accounting principles, or GAAP.

Adjusted EBITDA

We include Adjusted EBITDA in this prospectus because (i) we seek to manage our business to a consistent level of Adjusted EBITDA as a percentage of net revenue, (ii) it is a key basis upon which our management assesses our operating performance, (iii) it is one of the primary metrics investors use in evaluating Internet marketing companies, (iv) it is a factor in the evaluation of the performance of our management in determining compensation, and (v) it is an element of certain maintenance covenants under our debt agreements. We define Adjusted EBITDA as net income less interest income plus interest expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and foreign-exchange (loss) gain.

We use Adjusted EBITDA as a key performance measure because we believe it facilitates operating performance comparisons from period to period by excluding potential differences caused by variations in capital structures (affecting interest expense), tax positions (such as the impact on periods or companies of changes in effective tax rates or fluctuations in permanent differences or discrete quarterly items) and the impact of depreciation and amortization expense on definite-lived intangible assets. Because Adjusted EBITDA facilitates internal comparisons of our historical operating performance on a more consistent basis, we also use Adjusted EBITDA for business planning purposes, to incentivize and compensate our management personnel and in evaluating acquisition opportunities.

In addition, we believe Adjusted EBITDA and similar measures are widely used by investors, securities analysts, ratings agencies and other interested parties in our industry as a measure of financial performance and debt-service capabilities. Our use of Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA does not reflect our cash expenditures for capital equipment or other contractual commitments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash capital expenditure requirements for such replacements;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;

- Adjusted EBITDA does not consider the potentially dilutive impact of issuing equity-based compensation to our management team and employees;
- Adjusted EBITDA does not reflect the significant interest expense or the cash requirements necessary to service interest or principal payments on our indebtedness;
- Adjusted EBITDA does not reflect certain tax payments that may represent a reduction in cash available to us; and
- other companies, including companies in our industry, may calculate Adjusted EBITDA measures differently, which reduces their usefulness as a comparative measure.

Because of these limitations, Adjusted EBITDA should not be considered as a measure of discretionary cash available to us to invest in the growth of our business. When evaluating our performance, you should consider Adjusted EBITDA alongside other financial performance measures, including various cash flow metrics, net income and our other GAAP results.

The following table presents a reconciliation of Adjusted EBITDA to net income, the most comparable GAAP measure, for each of the periods indicated:

	Fiscal Year Ended June 30,			Three Months Ended September 30,

RISK FACTORS

Investing in our common stock involves a high degree of risk. Before you invest in our common stock, you should be aware that our business faces numerous financial and market risks, including those described below, as well as general economic and business risks. The following discussion provides information concerning the material risks and uncertainties that we have identified and believe may adversely affect our business, financial condition and results of operations. Before you decide whether to invest in our common stock, you should carefully consider these risks and uncertainties, together with all of the other information included in this prospectus.

Risks Related to Our Business and Industry

We operate in an immature industry and have a relatively new business model, which makes it difficult to evaluate our business and prospects.

We derive nearly all of our revenue from the sale of online marketing and media services, which is an immature industry that has undergone rapid and dramatic changes in its short history. The industry in which we operate is characterized by rapidly-changing Internet media, evolving industry standards, and changing user and client demands. Our business model is also evolving and is distinct from many other companies in our industry, and it may not be successful. As a result of these factors, the future revenue and income potential of our business is uncertain. Although we have experienced significant revenue growth in recent periods, we may not be able to sustain current revenue levels or growth rates. Any evaluation of our business and our prospects must be considered in light of these factors and the risks and uncertainties often encountered by companies in an immature industry with an evolving business model such as ours. Some of these risks and uncertainties relate to our ability to:

- maintain and expand client relationships;
- sustain and increase the number of visitors to our websites;
- sustain and grow relationships with third-party website publishers and other sources of web visitors;
- manage our expanding operations and implement and improve our operational, financial and management controls;
- raise capital at attractive costs, or at all;
- acquire and integrate websites and other businesses;
- successfully expand our footprint in our existing client verticals and enter new client verticals;
- respond effectively to competition and potential negative effects of competition on profit margins;
- attract and retain qualified management, employees and independent service providers;
- successfully introduce new processes and technologies and upgrade our existing technologies and services;
- protect our proprietary technology and intellectual property rights; and
- respond to government regulations relating to the Internet, personal data protection, email, software technologies and other aspects of our business.

If we are unable to address these risks, our business, results of operations and prospects could suffer.

If we do not effectively manage our growth, our operating performance will suffer and we may lose clients.

We have experienced rapid growth in our operations and operating locations, and we expect to experience continued growth in our business, both through acquisitions and internal growth. This growth has placed, and will continue to place, significant demands on our management and our operational and financial infrastructure. In particular, continued rapid growth and acquisitions may make it more difficult for us to accomplish the following:

- successfully scale our technology to accommodate a larger business and integrate acquisitions;
- maintain our standing with key vendors, including Internet search companies and third-party website publishers;

- maintain our client service standards; and
- develop and improve our operational, financial and management controls and maintain adequate reporting systems and procedures.

In addition, our personnel, systems, procedures and controls may be inadequate to support our future operations. The improvements required to manage our growth will require us to make significant expenditures, expand, train and manage our employee base and allocate valuable management resources. If we fail to effectively manage our growth, our operating performance will suffer and we may lose clients, third-party website publishers and key personnel.

We depend upon Internet search companies to attract a significant portion of the visitors to our websites, and any change in the search companies' search algorithms or perception of us or our industry could result in our websites being listed less prominently in either paid or algorithmic search result listings, in which case the number of visitors to our websites and our revenue could decline.

We depend in significant part on various Internet search companies, such as Google, Microsoft and Yahoo!, and other search websites to direct a significant number of visitors to our websites to provide our online marketing services to our clients. Search websites typically provide two types of search results, algorithmic and paid listings. Algorithmic, or organic, listings are determined and displayed solely by a set of formulas designed by search companies. Paid listings can be purchased and then are displayed if particular words are included in a user's Internet search. Placement in paid listings is generally not determined solely on the bid price, but also takes into account the search engines' assessment of the quality of website featured in the paid listing and other factors. We rely on both algorithmic and paid search results, as well as advertising on other websites, to direct a substantial share of the visitors to our websites.

Our ability to maintain the number of visitors to our websites from search websites and other websites is not entirely within our control. For example, Internet search websites frequently revise their algorithms in an attempt to optimize their search result listings or to maintain their internal standards and strategies. Changes in the algorithms could cause our websites to receive less favorable placements, which could reduce the number of users who visit our websites. We have experienced fluctuations in the search result rankings for a number of our websites. We may make decisions that are suboptimal regarding the purchase of paid listings, which could also reduce the number of visitors to our websites, or the placement of advertisements on other websites and pricing, which could increase our costs to attract such visitors. Our approaches may be deemed similar to those of our competitors and others in our industry that Internet search websites may consider to be unsuitable or unattractive. Internet search websites could deem our content to be unsuitable or below standards or less attractive or worthy than those of other or competing websites. In either such case, our websites may receive less favorable placement. Any reduction in the number of visitors to our websites would negatively affect our ability to earn revenue. If visits to our websites decrease, we may need to resort to more costly sources to replace lost visitors, and such increased expense could adversely affect our business and profitability.

Our future growth depends in part on our ability to identify and complete acquisitions.

Our growth over the past several years is in significant part due to the large number of acquisitions we have completed. Since the beginning of fiscal year 2007, we have completed over 100 acquisitions of third-party website publishing businesses and other businesses that are complementary to our own for an aggregate purchase price of approximately $189.5 million. We intend to pursue acquisitions of complementary businesses and technologies to expand our capabilities, client base and media. We have evaluated, and expect to continue to evaluate, a wide array of potential strategic transactions. However, we may not be successful in identifying suitable acquisition candidates or be able to complete acquisitions of such candidates. In addition, we may not be able to obtain financing on favorable terms, or at all, to fund acquisitions that we may wish to pursue.

Any acquisitions that we complete will involve a number of risks. If we are unable to address and resolve these risks successfully, such acquisitions could harm our business, results of operations and financial condition.

The anticipated benefit of any acquisitions that we complete may not materialize. In addition, the process of integrating acquired businesses or technologies may create unforeseen operating difficulties and expenditures. Some of the areas where we may face acquisition-related risks include:

- diversion of management time and potential business disruptions;
- expenses, distractions and potential claims resulting from acquisitions, whether or not they are completed;
- retaining and integrating employees from any businesses we may acquire;
- issuance of dilutive equity securities, incurrence of debt or reduction in cash balances;
- integrating various accounting, management, information, human resource and other systems to permit effective management;
- incurring possible impairment charges, contingent liabilities, amortization expense or write-offs of goodwill;
- difficulties integrating and supporting acquired products or technologies;
- unexpected capital expenditure requirements;
- insufficient revenue to offset increased expenses associated with acquisitions;
- underperformance problems associated with acquisitions; and
- becoming involved in acquisition-related litigation.

Foreign acquisitions would involve risks in addition to those mentioned above, including those related to integration of operations across different cultures and languages, currency risks and the particular economic, political, administrative and management, and regulatory risks associated with specific countries. We may not be able to address these risks successfully, or at all, without incurring significant costs, delay or other operating problems. Our inability to resolve such risks could harm our business and results of operations.

A substantial portion of our revenue is generated from a limited number of clients and, if we lose a major client, our revenue will decrease and our business and prospects would be adversely impacted.

A substantial portion of our revenue is generated from a limited number of clients. Our top three clients accounted for 32% and 28% of our net revenue for the fiscal year 2009 and the first three months of fiscal year 2010, respectively. Our clients can generally terminate their contracts with us at any time, with limited prior notice or penalty. DeVry Inc., our largest client, accounted for approximately 19% and 13% of our net revenue for fiscal year 2009 and the first three months of fiscal year 2010, respectively. DeVry has recently retained an advertising agency and has reduced its purchases of leads from us. DeVry and other clients may reduce their current level of business with us, leading to lower revenue. We expect that a limited number of clients will continue to account for a significant percentage of our revenue, and the loss of, or material reduction in, their marketing spending with us could decrease our revenue and harm our business.

We are dependent on two market verticals for a majority of our revenue.

To date, we have generated a majority of our revenue from clients in our education vertical. We expect that a majority of our revenue in fiscal year 2010 will be generated from clients in our education and financial services verticals. A downturn in economic or market conditions adversely affecting the education industry or the financial services industry would negatively impact our business and financial condition. Over the past year, education marketing spending has remained relatively stable, but this stability may not continue. Marketing budgets for clients in our education vertical are impacted by a number of factors, including the availability of student financial aid, the regulation of for-profit financial institutions and economic conditions. Over the past year, some segments of the financial services industry, particularly mortgages, credit cards and deposits, have seen declines in marketing budgets given the difficult market conditions. These declines may continue or worsen. In addition, the education and financial services industries are highly regulated. Changes

in regulations or government actions may negatively impact our clients' marketing practices and budgets and, therefore, adversely affect our financial results.

The United States Higher Education Act, administered by the U.S. Department of Education, provides that to be eligible to participate in Federal student financial aid programs, an educational institution must enter into a program participation agreement with the Secretary of the Department of Education. The agreement includes a number of conditions with which an institution must comply to be granted initial and continuing eligibility to participate. Among those conditions is a prohibition on institutions providing any commission, bonus, or other incentive payment based directly or indirectly on success in securing enrollments to any individual or entity engaged in recruiting or admission activities. The regulations promulgated under the Higher Education Act specify a number of types of compensation, or "safe harbors," that do not constitute incentive compensation in violation of this agreement. One of these safe harbors permits an institution to award incentive compensation for Internet-based recruitment and admission activities that provide information about the institution to prospective students, refer prospective students to the institution, or permit prospective students to apply for admission online. The U.S. Department of Education is currently engaged in a negotiated rulemaking process in which it has suggested repealing all existing safe harbors regarding incentive compensation in recruiting, including the Internet safe harbor. While we do not believe that compensation for services constitutes incentive compensation under the Higher Education Act, the elimination of the safe harbor could create uncertainty for our education clients and impact the way in which we are paid by our clients and, accordingly, could reduce the amount of net revenue we generate from the education client vertical.

In addition, some of our clients have had and may in the future have issues regarding their academic accreditation, which can adversely affect their ability to offer certain degree programs. If any of our significant education clients lose their accreditation, they may reduce or eliminate their marketing spending, which could adversely affect our financial results.

If we are unable to retain the members of our management team or attract and retain qualified management team members in the future, our business and growth could suffer.

Our success and future growth depend, to a significant degree, on the continued contributions of the members of our management team. Each member of our management team is an at-will employee and may voluntarily terminate his or her employment with us at any time with minimal notice. We also may need to hire additional management team members to adequately manage our growing business. We may not be able to retain or identify and attract additional qualified management team members. Competition for experienced management-level personnel in our industry is intense. Qualified individuals are in high demand, particularly in the Internet marketing industry, and we may incur significant costs to attract and retain them. If we lose the services of any of our senior managers or if we are unable to attract and retain additional qualified senior managers, our business and growth could suffer.

We need to hire and retain additional qualified personnel to grow and manage our business. If we are unable to attract and retain qualified personnel, our business and growth could be seriously harmed.

Our performance depends on the talents and efforts of our employees. Our future success will depend on our ability to attract, retain and motivate highly skilled personnel in all areas of our organization and, in particular, in our engineering/technology, sales and marketing, media, finance and legal/regulatory teams. We plan to continue to grow our business and will need to hire additional personnel to support this growth. We have found it difficult from time to time to locate and hire suitable personnel. If we experience similar difficulties in the future, our growth may be hindered. Qualified individuals are in high demand, particularly in the Internet marketing industry, and we may incur significant costs to attract and retain them. Many of our employees have also become, or will soon become, substantially vested in their stock option grants. Employees may be more likely to leave us following our initial public offering as a result of the establishment of a public market for our common stock. If we are unable to attract and retain the personnel we need to succeed, our business and growth could be harmed.

We depend on third-party website publishers for a significant portion of our visitors, and any decline in the supply of media available through these websites or increase in the price of this media could cause our revenue to decline or our cost to reach visitors to increase.

A significant portion of our revenue is attributable to visitors originating from advertising placements that we purchase on third-party websites. In many instances, website publishers can change the advertising inventory they make available to us at any time and, therefore, impact our revenue. In addition, website publishers may place significant restrictions on our offerings. These restrictions may prohibit advertisements from specific clients or specific industries, or restrict the use of certain creative content or formats. If a website publisher decides not to make advertising inventory available to us, or decides to demand a higher revenue share or places significant restrictions on the use of such inventory, we may not be able to find advertising inventory from other websites that satisfy our requirements in a timely and cost-effective manner. In addition, the number of competing online marketing service providers and advertisers that acquire inventory from websites continues to increase. Consolidation of Internet advertising networks and website publishers could eventually lead to a concentration of desirable inventory on a small number of websites or networks, which could limit the supply of inventory available to us or increase the price of inventory to us. We cannot assure you that we will be able to acquire advertising inventory that meets our clients' performance, price and quality requirements. If any of these things occur, our revenue could decline or our operating costs may increase.

We have incurred a significant amount of debt, which may limit our ability to fund general corporate requirements and obtain additional financing, limit our flexibility in responding to business opportunities and competitive developments and increase our vulnerability to adverse economic and industry conditions.

As of September 30, we had an outstanding term loan with a principal balance of approximately $27.8 million and a revolving credit facility pursuant to which we can borrow up to an additional $100.0 million. As of September 30, 2009, we had drawn $14.8 million from our revolving credit facility. In January 2010, we replaced our existing credit facility with a credit facility with a total borrowing capacity of $175.0 million. The new facility consists of a $35.0 million four-year term loan, with principal amortization of 10%, 15%, 35% and 40% annually, and a $140.0 million four-year revolving credit facility. As of September 30, we also had outstanding notes to sellers arising from numerous acquisitions in the total principal amount of $26.4 million. As a result of our debt:

- we may not have sufficient liquidity to respond to business opportunities, competitive developments and adverse economic conditions;
- we may not have sufficient liquidity to fund all of these costs if our revenue declines or costs increase; and
- we may not have sufficient funds to repay the principal balance of our debt when due.

Our debt obligations may also impair our ability to obtain additional financing, if needed. Our indebtedness is secured by substantially all of our assets, leaving us with limited collateral for additional financing. Moreover, the terms of our indebtedness restrict our ability to take certain actions, including the incurrence of additional indebtedness, mergers and acquisitions, investments and asset sales. In addition, even if we are able to raise needed equity financing, we are required to use a portion of the net proceeds of any equity financing, other than this offering, to repay the outstanding balance of our term loan. A failure to pay interest or indebtedness when due could result in a variety of adverse consequences, including the acceleration of our indebtedness. In such a situation, it is unlikely that we would be able to fulfill our obligations under our credit facilities or repay the accelerated indebtedness or otherwise cover our costs.

The severe economic downturn in the United States poses additional risks to our business, financial condition and results of operations.

The United States has experienced, and is continuing to experience, a severe economic downturn. The credit crisis, deterioration of global economies, rising unemployment and reduced equity valuations all create risks that could harm our business. If macroeconomic conditions worsen, we are not able to predict the impact such worsening conditions will have on the online marketing industry in general, and our results of operations

specifically. Clients in particular verticals such as financial services, particularly mortgage, credit cards and deposits, small- to medium-sized business customers and home services are facing very difficult conditions and their marketing spend has been negatively affected. These conditions could also damage our business opportunities in existing markets, and reduce our revenue and profitability. While the effect of these and related conditions poses widespread risk across our business, we believe that it may particularly affect our efforts in the mortgage, credit cards and deposits, small- to medium-sized business and home services verticals, due to reduced availability of credit for households and business and reduced household disposable income. Economic conditions may not improve or may worsen.

Our operating results have fluctuated in the past and may do so in the future, which makes our results of operations difficult to predict and could cause our operating results to fall short of analysts' and investors' expectations.

While we have experienced continued revenue growth, our prior quarterly and annual operating results have fluctuated due to changes in our business, our industry and the general economic climate. Similarly, our future operating results may vary significantly from quarter to quarter due to a variety of factors, many of which are beyond our control. Our fluctuating results could cause our performance to be below the expectations of securities analysts and investors, causing the price of our common stock to fall. Because our business is changing and evolving, our historical operating results may not be useful to you in predicting our future operating results. Factors that may increase the volatility of our operating results include the following:

- changes in demand and pricing for our services;
- changes in our pricing policies, the pricing policies of our competitors, or the pricing of Internet advertising or media;
- the addition of new clients or the loss of existing clients;
- changes in our clients' advertising agencies or the marketing strategies our clients or their advertising agencies employ;
- changes in the economic prospects of our clients or the economy generally, which could alter current or prospective clients' spending priorities, or could increase the time or costs required to complete sales with clients;
- changes in the availability of Internet advertising or the cost to reach Internet visitors;
- changes in the placement of our websites on search engines;
- the introduction of new product or service offerings by our competitors; and
- costs related to acquisitions of businesses or technologies.

Our quarterly revenue and operating results may fluctuate significantly from quarter to quarter due to seasonal fluctuations in advertising spending.

The timing of our revenue, particularly from our education client vertical, is affected by seasonal factors. For example, the first quarter of each fiscal year typically demonstrates seasonal strength and our second fiscal quarter typically demonstrates seasonal weakness. In our second fiscal quarter, our education clients often take fewer leads due to holiday staffing and lower availability of lead supply caused by higher media pricing for some forms of media during the holiday period, causing our revenue to be sequentially lower. Our fluctuating results could cause our performance to be below the expectations of securities analysts and investors, causing the price of our common stock to fall. To the extent our rate of growth slows, we expect that the seasonality in our business may become more apparent and may in the future cause our operating results to fluctuate to a greater extent.

We may need additional capital in the future to meet our financial obligations and to pursue our business objectives. Additional capital may not be available or may not be available on favorable terms and our business and financial condition could therefore be adversely affected.

While we anticipate the net proceeds of this offering, together with availability under our existing credit facility, cash balances and cash from operations, will be sufficient to fund our operations for at least the next 12 months, we may need to raise additional capital to fund operations in the future or to finance acquisitions. If

we seek to raise additional capital in order to meet various objectives, including developing future technologies and services, increasing working capital, acquiring businesses and responding to competitive pressures, capital may not be available on favorable terms or may not be available at all. In addition, pursuant to the terms of our credit facility, we are required to use a portion of the net proceeds of any equity financing, other than this offering and any other public equity offerings, to repay the outstanding balance of our term loan. Lack of sufficient capital resources could significantly limit our ability to take advantage of business and strategic opportunities. Any additional capital raised through the sale of equity or debt securities with an equity component would dilute our stock ownership. If adequate additional funds are not available, we may be required to delay, reduce the scope of, or eliminate material parts of our business strategy, including potential additional acquisitions or development of new technologies.

If we fail to compete effectively against other online marketing and media companies and other competitors, we could lose clients and our revenue may decline.

The market for online marketing is intensely competitive. We expect this competition to continue to increase in the future. We perceive only limited barriers to entry to the online marketing industry. We compete both for clients and for limited high quality advertising inventory. We compete for clients on the basis of a number of factors, including return on marketing expenditures, price, and client service.

We compete with Internet and traditional media companies for a share of clients' overall marketing budgets, including:

- online marketing or media services providers such as Monster Worldwide in the education vertical and Bankrate in financial services;
- offline and online advertising agencies;
- major Internet portals and search engine companies with advertising networks such as Google, Yahoo!, MSN, and AOL;
- other online marketing service providers, including online affiliate advertising networks and industry-specific portals or lead generation companies;
- website publishers with their own sales forces that sell their online marketing services directly to clients;
- in-house marketing groups at current or potential clients;
- offline direct marketing agencies; and
- television, radio and print companies.

Competition for web traffic among websites and search engines, as well as competition with traditional media companies, could result in significant price pressure, declining margins, reductions in revenue and loss of market share. In addition, as we continue to expand the scope of our services, we may compete with a greater number of websites, clients and traditional media companies across an increasing range of different services, including in vertical markets where competitors may have advantages in expertise, brand recognition and other areas. Large Internet companies with brand recognition, such as Google, Yahoo!, MSN, and AOL, have significant numbers of direct sales personnel and substantial proprietary advertising inventory and web traffic that provide a significant competitive advantage and have significant impact on pricing for Internet advertising and web traffic. The trend toward consolidation in the Internet advertising arena may also affect pricing and availability of advertising inventory and web traffic. Many of our current and potential competitors also enjoy other competitive advantages over us, such as longer operating histories, greater brand recognition, larger client bases, greater access to advertising inventory on high-traffic websites, and significantly greater financial, technical and marketing resources. As a result, we may not be able to compete successfully. If we fail to deliver results that are superior to those that other online marketing service providers achieve, we could lose clients and our revenue may decline.

If the market for online marketing services fails to continue to develop, our future growth may be limited and our revenue may decrease.

The online marketing services market is relatively new and rapidly evolving, and it uses different measurements than traditional media to gauge its effectiveness. Some of our current or potential clients have little or no experience using the Internet for advertising and marketing purposes and have allocated only limited portions of their advertising and marketing budgets to the Internet. The adoption of Internet advertising, particularly by those entities that have historically relied upon traditional media for advertising, requires the acceptance of a new way of conducting business, exchanging information and evaluating new advertising and marketing technologies and services. In particular, we are dependent on our clients' adoption of new metrics to measure the success of online marketing campaigns. We may also experience resistance from traditional advertising agencies who may be advising our clients. We cannot assure you that the market for online marketing services will continue to grow. If the market for online marketing services fails to continue to develop or develops more slowly than we anticipate, our ability to grow our business may be limited and our revenue may decrease.

Third-party website publishers can engage in unauthorized or unlawful acts that could subject us to significant liability or cause us to lose clients.

We generate a significant portion of our web visitors from media advertising that we purchase from third-party website publishers. Some of these publishers are authorized to display our clients' brands, subject to contractual restrictions. In the past, some of our third-party website publishers have engaged in activities that certain of our clients have viewed as harmful to their brands, such as displaying outdated descriptions of a client's offerings or outdated logos. Any activity by publishers that clients view as potentially damaging to their brands can harm our relationship with the client and cause the client to terminate its relationship with us, resulting in a loss of revenue. In addition, the law is unsettled on the extent of liability that an advertiser in our position has for the activities of third-party website publishers. We could be subject to costly litigation and, if we are unsuccessful in defending ourselves, damages for the unauthorized or unlawful acts of third-party website publishers.

Poor perception of our business or industry as a result of the actions of third parties could harm our reputation and adversely affect our business, financial condition and results of operations.

Our business is dependent on attracting a large number of visitors to our websites and providing leads and clicks to our clients, which depends in part on our reputation within the industry and with our clients. There are companies within our industry that regularly engage in activities that our clients' customers may view as unlawful or inappropriate. These activities, such as spyware or deceptive promotions, by third parties may be seen by clients as characteristic of participants in our industry and, therefore, may have an adverse effect on the reputation of all participants in our industry, including us. Any damage to our reputation, including from publicity from legal proceedings against us or companies that work within our industry, governmental proceedings, consumer class action litigation, or the disclosure of information security breaches or private information misuse, could adversely affect our business, financial condition and results of operations.

Because many of our client contracts can be cancelled by the client with little prior notice or penalty, the cancellation of one or more contracts could result in an immediate decline in our revenue.

We derive our revenue from contracts with our Internet marketing clients, most of which are cancelable with little or no prior notice. In addition, these contracts do not contain penalty provisions for cancellation before the end of the contract term. The non-renewal, renegotiation, cancellation, or deferral of large contracts, or a number of contracts that in the aggregate account for a significant amount of our revenue, is difficult to anticipate and could result in an immediate decline in our revenue.

Unauthorized access to or accidental disclosure of consumer personally-identifiable information that we collect may cause us to incur significant expenses and may negatively impact our credibility and business.

There is growing concern over the security of personal information transmitted over the Internet, consumer identity theft and user privacy. Despite our implementation of security measures, our computer systems may be

susceptible to electronic or physical computer break-ins, viruses and other disruptions and security breaches. Any perceived or actual unauthorized disclosure of personally-identifiable information regarding website visitors, whether through breach of our network by an unauthorized party, employee theft, misuse or error or otherwise, could harm our reputation, impair our ability to attract website visitors and attract and retain our clients, or subject us to claims or litigation arising from damages suffered by consumers, and thereby harm our business and operating results. In addition, we could incur significant costs in complying with the multitude of state, federal and foreign laws regarding the unauthorized disclosure of personal information.

If we do not adequately protect our intellectual property rights, our competitive position and business may suffer.

Our ability to compete effectively depends upon our proprietary systems and technology. We rely on trade secret, trademark and copyright law, confidentiality agreements, technical measures and patents to protect our proprietary rights. We currently have one patent application pending in the United States and no issued patents. Effective trade secret, copyright, trademark and patent protection may not be available in all countries where we currently operate or in which we may operate in the future. Some of our systems and technologies are not covered by any copyright, patent or patent application. We cannot guarantee that: (i) our intellectual property rights will provide competitive advantages to us; (ii) our ability to assert our intellectual property rights against potential competitors or to settle current or future disputes will not be limited by our agreements with third parties; (iii) our intellectual property rights will be enforced in jurisdictions where competition may be intense or where legal protection may be weak; (iv) any of the patents, trademarks, copyrights, trade secrets or other intellectual property rights that we presently employ in our business will not lapse or be invalidated, circumvented, challenged, or abandoned; (v) competitors will not design around our protected systems and technology; or (vi) that we will not lose the ability to assert our intellectual property rights against others.

We are a party to a number of third-party intellectual property license agreements and in the future, may need to obtain additional licenses or renew existing license agreements. We are unable to predict with certainty whether these license agreements can be obtained or renewed on commercially reasonable terms, or at all.

We have from time to time become aware of third parties who we believe may have infringed on our intellectual property rights. The use of our intellectual property rights by others could reduce any competitive advantage we have developed and cause us to lose clients, third-party website publishers or otherwise harm our business. Policing unauthorized use of our proprietary rights can be difficult and costly. In addition, litigation, while it may be necessary to enforce or protect our intellectual property rights or to defend litigation brought against us, could result in substantial costs and diversion of resources and management attention and could adversely affect our business, even if we are successful on the merits.

Confidentiality agreements with employees, consultants and others may not adequately prevent disclosure of trade secrets and other proprietary information.

We have devoted substantial resources to the development of our proprietary systems and technology. In order to protect our proprietary systems and technology, we enter into confidentiality agreements with our employees, consultants, independent contractors and other advisors. These agreements may not effectively prevent unauthorized disclosure of confidential information or unauthorized parties from copying aspects of our services or obtaining and using information that we regard as proprietary. Moreover, these agreements may not provide an adequate remedy in the event of such unauthorized disclosures of confidential information and we cannot assure you that our rights under such agreements will be enforceable. In addition, others may independently discover trade secrets and proprietary information, and in such cases we could not assert any trade secret rights against such parties. Costly and time-consuming litigation could be necessary to enforce and determine the scope of our proprietary rights, and failure to obtain or maintain trade secret protection could reduce any competitive advantage we have and cause us to lose clients, publishers or otherwise harm our business.

Third parties may sue us for intellectual property infringement which, if successful, could require us to pay significant damages or curtail our offerings.

We cannot be certain that our internally-developed or acquired systems and technologies do not and will not infringe the intellectual property rights of others. In addition, we license content, software and other intellectual property rights from third parties and may be subject to claims of infringement if such parties do not possess the necessary intellectual property rights to the products they license to us. We have in the past and may in the future be subject to legal proceedings and claims that we have infringed the patent or other intellectual property rights of a third-party. These claims sometimes involve patent holding companies or other adverse patent owners who have no relevant product revenue and against whom our own patents, if any, may therefore provide little or no deterrence. In addition, third parties have asserted and may in the future assert intellectual property infringement claims against our clients, which we have agreed in certain circumstances to indemnify and defend against such claims. Any intellectual property related infringement claims, whether or not meritorious, could result in costly litigation and could divert management resources and attention. Moreover, should we be found liable for infringement, we may be required to enter into licensing agreements, if available on acceptable terms or at all, pay substantial damages, or limit or curtail our systems and technologies. Moreover, we may need to redesign some of our systems and technologies to avoid future infringement liability. Any of the foregoing could prevent us from competing effectively and increase our costs.

Additionally, the laws relating to use of trademarks on the Internet are currently unsettled, particularly as they apply to search engine functionality. For example, other Internet marketing and search companies have been sued in the past for trademark infringement and other intellectual property-related claims for the display of ads or search results in response to user queries that include trademarked terms. The outcomes of these lawsuits have differed from jurisdiction to jurisdiction. For this reason, it is conceivable that certain of our activities could expose us to trademark infringement, unfair competition, misappropriation or other intellectual property related claims which could be costly to defend and result in substantial damages or otherwise limit or curtail our activities, and adversely affect our business or prospects.

Our proprietary technologies may include design or performance defects and may not achieve their intended results, either of which could impair our future revenue growth.

Our proprietary technologies are relatively new, and they may contain design or performance defects that are not yet apparent. The use of our proprietary technologies may not achieve the intended results as effectively as other technologies that exist now or may be introduced by our competitors, in which case our business could be harmed.

If we are unable to price our services appropriately, our margins and revenue may decline.

Our clients purchase our services according to a variety of pricing formulae, the vast majority of which are based on pay for performance, meaning clients pay only after we have delivered the desired result to them. Regardless of how a given client pays us, we ordinarily pay the vast majority of the costs associated with delivering our services to our clients according to contracts and other arrangements that do not always condition payment to vendors upon receipt of payments from our clients. This means we typically pay for the costs of providing our marketing services before we receive payment from clients. Additionally, certain of our marketing services costs are highly variable and may fluctuate significantly during each calendar month. Accordingly, we run the risk of not being able to recover the entire cost of our services from clients if pricing or other terms negotiated prior to the performance of services prove less than the cost of performing such services. We have experienced situations in the past where we incurred losses in the delivery of our services to specific clients. If we are unable to avoid recurrence of similar situations in the future through negotiation of profitable pricing and other terms, our results of operations will suffer.

If we fail to keep pace with rapidly-changing technologies and industry standards, we could lose clients or advertising inventory and our results of operations may suffer.

The business lines in which we currently compete are characterized by rapidly-changing Internet media and marketing standards, changing technologies, frequent new product and service introductions, and changing

user and client demands. The introduction of new technologies and services embodying new technologies and the emergence of new industry standards and practices could render our existing technologies and services obsolete and unmarketable or require unanticipated investments in technology. Our future success will depend in part on our ability to adapt to these rapidly-changing Internet media formats and other technologies. We will need to enhance our existing technologies and services and develop and introduce new technologies and services to address our clients' changing demands. If we fail to adapt successfully to such developments or timely introduce new technologies and services, we could lose clients, our expenses could increase and we could lose advertising inventory.

Changes in government regulation and industry standards applicable to the Internet and our business could decrease demand for our technologies and services or increase our costs.

Laws and regulations that apply to Internet communications, commerce and advertising are becoming more prevalent. These regulations could increase the costs of conducting business on the Internet and could decrease demand for our technologies and services.

In the United States, federal and state laws have been enacted regarding copyrights, sending of unsolicited commercial email, user privacy, search engines, Internet tracking technologies, direct marketing, data security, children's privacy, pricing, sweepstakes, promotions, intellectual property ownership and infringement, trade secrets, export of encryption technology, taxation and acceptable content and quality of goods. Other laws and regulations may be adopted in the future. Laws and regulations, including those related to privacy and use of personal information, are changing rapidly outside the United States as well which may make compliance with such laws and regulations difficult and which may negatively affect our ability to expand internationally. This legislation could: (i) hinder growth in the use of the Internet generally; (ii) decrease the acceptance of the Internet as a communications, commercial and advertising medium; (iii) reduce our revenue; (iv) increase our operating expenses; or (v) expose us to significant liabilities.

The laws governing the Internet remain largely unsettled, even in areas where there has been some legislative action. While we actively monitor this changing legal and regulatory landscape to stay abreast of changes in the laws and regulations applicable to our business, we are not certain how our business might be affected by the application of existing laws governing issues such as property ownership, copyrights, encryption and other intellectual property issues, libel, obscenity and export or import matters to the Internet advertising industry. The vast majority of such laws were adopted prior to the advent of the Internet. As a result, they do not contemplate or address the unique issues of the Internet and related technologies. Changes in laws intended to address such issues could create uncertainty in the Internet market. It may take years to determine how existing laws apply to the Internet and Internet marketing. Such uncertainty makes it difficult to predict costs and could reduce demand for our services or increase the cost of doing business as a result of litigation costs or increased service delivery costs.

In particular, a number of U.S. federal laws impact our business. The Digital Millennium Copyright Act, or DMCA, is intended, in part, to limit the liability of eligible online service providers for listing or linking to third-party websites that include materials that infringe copyrights or other rights. Portions of the Communications Decency Act, or CDA, are intended to provide statutory protections to online service providers who distribute third-party content. We rely on the protections provided by both the DMCA and CDA in conducting our business. In addition, the United States Higher Education Act provides that to be eligible to participate in Federal student financial aid programs, an educational institution must enter into a program participation agreement with the Secretary of the Department of Education. The agreement includes a number of conditions with which an institution must comply to be granted initial and continuing eligibility to participate. Among those conditions is a prohibition on institutions providing any commission, bonus, or other incentive payment based directly or indirectly on success in securing enrollments to any individual or entity engaged in recruiting or admission activities. The regulations promulgated under the Higher Education Act specify a number of types of compensation, or "safe harbors," that do not constitute incentive compensation in violation of this agreement. One of these safe harbors permits an institution to award incentive compensation for Internet-based recruitment and admission activities that provide information about the institution to prospective students, refer prospective students to the institution, or permit prospective students to apply for

admission online. The U.S. Department of Education is currently engaged in a negotiated rulemaking process in which it has suggested repealing all existing safe harbors regarding incentive compensation in recruiting, including the Internet safe harbor. Any changes in these laws or judicial interpretations narrowing their protections will subject us to greater risk of liability and may increase our costs of compliance with these regulations or limit our ability to operate certain lines of business.

The financial services, education and medical industries are highly regulated and our marketing activities on behalf of our clients in those industries are also regulated. For example, our mortgage websites and marketing services we offer are subject to various federal, state and local laws, including state mortgage broker licensing laws, federal and state laws prohibiting unfair acts and practices, and federal and state advertising laws. Any failure to comply with these laws and regulations could subject us to revocation of required licenses, civil, criminal or administrative liability, damage to our reputation or changes to or limitations on the conduct of our business. Any of the foregoing could cause our business, operations and financial condition to suffer.

New tax treatment of companies engaged in Internet commerce may adversely affect the commercial use of our marketing services and our financial results.

Due to the global nature of the Internet, it is possible that, although our services and the Internet transmissions related to them originate in California and Nevada, and in some cases, England, governments of other states or foreign countries might attempt to regulate our transmissions or levy sales, income or other taxes relating to our activities. We have experienced certain states taking expansive positions with regard to their taxation of our services. Tax authorities at the international, federal, state and local levels are currently reviewing the appropriate tax treatment of companies engaged in Internet commerce. New or revised state tax regulations may subject us or our affiliates to additional state sales, income and other taxes. We cannot predict the effect of current attempts to impose sales, income or other taxes on commerce over the Internet. New or revised taxes and, in particular, sales taxes, would likely increase the cost of doing business online and decrease the attractiveness of advertising and selling goods and services over the Internet. New taxes could also create significant increases in internal costs necessary to capture data, and collect and remit taxes. Any of these events could have an adverse effect on our business and results of operations.

Limitations on our ability to collect and use data derived from user activities could significantly diminish the value of our services and cause us to lose clients and revenue.

When a user visits our websites, we use technologies, including “cookies”, to collect information such as the user’s Internet Protocol, or IP, address, offerings delivered by us that have been previously viewed by the user and responses by the user to those offerings. In order to determine the effectiveness of a marketing campaign and to determine how to modify the campaign, we need to access and analyze this information. The use of cookies has been the subject of regulatory scrutiny and users are able to block or delete cookies from their browser. Periodically, certain of our clients and publishers seek to prohibit or limit our collection or use of this data. Interruptions, failures or defects in our data collection systems, as well as privacy concerns regarding the collection of user data, could also limit our ability to analyze data from our clients’ marketing campaigns. This risk is heightened when we deliver marketing services to clients in the financial and medical services client verticals. If our access to data is limited in the future, we may be unable to provide effective technologies and services to clients and we may lose clients and revenue.

As a creator and a distributor of Internet content, we face potential liability and expenses for legal claims based on the nature and content of the materials that we create or distribute. If we are required to pay damages or expenses in connection with these legal claims, our operating results and business may be harmed.

We create original content for our websites and marketing messages and distribute third-party content on our websites and in our marketing messages. As a creator and distributor of original content and third-party provided content, we face potential liability based on a variety of theories, including defamation, negligence, copyright or trademark infringement or other legal theories based on the nature, creation or distribution of this information. It is also possible that our website visitors could make claims against us for losses incurred in

reliance upon information provided on our websites. In addition, as the number of users of forums and social media features on our websites increases, we could be exposed to liability in connection with material posted to our websites by users and other third parties. These claims, whether brought in the United States or abroad, could divert management time and attention away from our business and result in significant costs to investigate and defend, regardless of the merit of these claims. In addition, if we become subject to these types of claims and are not successful in our defense, we may be forced to pay substantial damages.

Wireless devices and mobile phones are increasingly being used to access the Internet, and our online marketing services may not be as effective when accessed through these devices, which could cause harm to our business.

The number of people who access the Internet through devices other than personal computers has increased substantially in the last few years. Our online marketing services were designed for persons accessing the Internet on a desktop or laptop computer. The smaller screens, lower resolution graphics and less convenient typing capabilities of these devices may make it more difficult for visitors to respond to our offerings. In addition, the cost of mobile advertising is relatively high and may not be cost-effective for our services. If our services continue to be less effective or economically attractive for clients seeking to engage in marketing through these devices and this segment of web traffic grows at the expense of traditional computer Internet access, we will experience difficulty attracting website visitors and attracting and retaining clients and our operating results and business will be harmed.

We may not succeed in expanding our businesses outside the United States, which may limit our future growth.

One potential area of growth for us is in the international markets. However, we have limited experience in marketing, selling and supporting our services outside of the United States and we may not be successful in introducing or marketing our services abroad. There are risks inherent in conducting business in international markets, such as:

- the adaptation of technologies and services to foreign clients' preferences and customs;
- application of foreign laws and regulations to us, including marketing and privacy regulations;
- changes in foreign political and economic conditions;
- tariffs and other trade barriers, fluctuations in currency exchange rates and potentially adverse tax consequences;
- language barriers or cultural differences;
- reduced or limited protection for intellectual property rights in foreign jurisdictions;
- difficulties and costs in staffing and managing or overseeing foreign operations; and
- education of potential clients who may not be familiar with online marketing.

If we are unable to successfully expand and market our services abroad, our business and future growth may be harmed and we may incur costs that may not lead to future revenue.

We rely on Internet bandwidth and data center providers and other third parties for key aspects of the process of providing services to our clients, and any failure or interruption in the services and products provided by these third parties could harm our business.

We rely on third-party vendors, including data center and Internet bandwidth providers. Any disruption in the network access or co-location services provided by these third-party providers or any failure of these third-party providers to handle current or higher volumes of use could significantly harm our business. Any financial or other difficulties our providers face may have negative effects on our business, the nature and extent of which we cannot predict. We exercise little control over these third-party vendors, which increases our vulnerability to problems with the services they provide. We license technology and related databases from third parties to facilitate analysis and storage of data and delivery of offerings. We have experienced interruptions and delays in service and availability for data centers, bandwidth and other technologies in the

past. Any errors, failures, interruptions or delays experienced in connection with these third-party technologies and services could adversely affect our business and could expose us to liabilities to third parties.

Our systems also heavily depend on the availability of electricity, which also comes from third-party providers. If we or third-party data centers which we utilize were to experience a major power outage, we would have to rely on back-up generators. These back-up generators may not operate properly through a major power outage and their fuel supply could also be inadequate during a major power outage or disruptive event. Furthermore, we do not currently have backup generators at our Foster City, California headquarters. Information systems such as ours may be disrupted by even brief power outages, or by the fluctuations in power resulting from switches to and from back-up generators. This could give rise to obligations to certain of our clients which could have an adverse effect on our results for the period of time in which any disruption of utility services to us occurs.

Interruption or failure of our information technology and communications systems could impair our ability to effectively deliver our services, which could cause us to lose clients and harm our operating results.

Our delivery of marketing and media services depends on the continuing operation of our technology infrastructure and systems. Any damage to or failure of our systems could result in interruptions in our ability to deliver offerings quickly and accurately and/or process visitors' responses emanating from our various web presences. Interruptions in our service could reduce our revenue and profits, and our reputation could be damaged if people believe our systems are unreliable. Our systems and operations are vulnerable to damage or interruption from earthquakes, terrorist attacks, floods, fires, power loss, break-ins, hardware or software failures, telecommunications failures, computer viruses or other attempts to harm our systems, and similar events.

We lease or maintain server space in various locations, including in San Francisco, California. Our California facilities are located in areas with a high risk of major earthquakes. Our facilities are also subject to break-ins, sabotage and intentional acts of vandalism, and to potential disruptions if the operators of these facilities have financial difficulties. Some of our systems are not fully redundant, and our disaster recovery planning cannot account for all eventualities. The occurrence of a natural disaster, a decision to close a facility we are using without adequate notice for financial reasons or other unanticipated problems at our facilities could result in lengthy interruptions in our service.

Any unscheduled interruption in our service would result in an immediate loss of revenue. If we experience frequent or persistent system failures, the attractiveness of our technologies and services to clients and website publishers could be permanently harmed. The steps we have taken to increase the reliability and redundancy of our systems are expensive, reduce our operating margin, and may not be successful in reducing the frequency or duration of unscheduled interruptions.

Any constraints on the capacity of our technology infrastructure could delay the effectiveness of our operations or result in system failures, which would result in the loss of clients and harm our business and results of operations.

Our future success depends in part on the efficient performance of our software and technology infrastructure. As the numbers of websites and Internet users increase, our technology infrastructure may not be able to meet the increased demand. A sudden and unexpected increase in the volume of user responses could strain the capacity of our technology infrastructure. Any capacity constraints we experience could lead to slower response times or system failures and adversely affect the availability of websites and the level of user responses received, which could result in the loss of clients or revenue or harm to our business and results of operations.

We could lose clients if we fail to detect click-through or other fraud on advertisements in a manner that is acceptable to our clients.

We are exposed to the risk of fraudulent clicks or actions on our websites or our third-party publishers' websites. We may in the future have to refund revenue that our clients have paid to us and that was later attributed to, or suspected to be caused by, fraud. Click-through fraud occurs when an individual clicks on an

ad displayed on a website or an automated system is used to create such clicks with the intent of generating the revenue share payment to the publisher rather than to view the underlying content. Action fraud occurs when on-line forms are completed with false or fictitious information in an effort to increase the compensable actions in respect of which a web publisher is to be compensated. From time to time we have experienced fraudulent clicks or actions and we do not charge our clients for such fraudulent clicks or actions when they are detected. It is conceivable that this activity could negatively affect our profitability, and this type of fraudulent act could hurt our reputation. If fraudulent clicks or actions are not detected, the affected clients may experience a reduced return on their investment in our marketing programs, which could lead the clients to become dissatisfied with our campaigns, and in turn, lead to loss of clients and the related revenue. Additionally, we have from time to time had to terminate relationships with web publishers who we believed to have engaged in fraud and we may have to do so in future. Termination of such relationships entails a loss of revenue associated with the legitimate actions or clicks generated by such web publishers.

We will incur significant increased costs as a result of operating as a public company, which may adversely affect our operating results and financial condition.

As a public company, we will incur significant accounting, legal and other expenses that we did not incur as a private company. We will incur costs associated with our public company reporting requirements. We also anticipate that we will incur costs associated with corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002, or Sarbanes-Oxley Act, as well as rules implemented by the SEC and The NASDAQ Global Market. We expect these rules and regulations to increase our legal and financial compliance costs and to make some activities more time-consuming and costly. Our management and other personnel will need to devote a substantial amount of time to these compliance initiatives. Furthermore, these laws and regulations could make it more difficult or more costly for us to obtain certain types of insurance, including director and officer liability insurance, and we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. The impact of these requirements could also make it more difficult for us to attract and retain qualified persons to serve on our board of directors, our board committees or as executive officers. We cannot predict or estimate the amount or timing of additional costs we may incur to respond to these requirements. We are currently evaluating and monitoring developments with respect to these rules, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs.

In addition, the Sarbanes-Oxley Act requires, among other things, that we maintain effective internal control over financial reporting and disclosure controls and procedures. In particular, for the fiscal year ending June 30, 2011, we must perform system and process evaluation and testing of our internal control over financial reporting to allow management and our independent registered public accounting firm to report on the effectiveness of our internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act, or Section 404. Our compliance with Section 404 will require that we incur substantial expense and expend significant management time on compliance-related issues.

If we fail to maintain proper and effective internal controls, our ability to produce accurate financial statements on a timely basis could be impaired, which would adversely affect our ability to operate our business.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles. We may in the future discover areas of our internal financial and accounting controls and procedures that need improvement. Our internal control over financial reporting will not prevent or detect all error and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud will be detected. If we are unable to maintain proper and effective internal controls, we may not be able to produce accurate financial

statements on a timely basis, which could adversely affect our ability to operate our business and could result in regulatory action.

Risks Related to This Offering and Ownership of Our Common Stock

Our stock price may be volatile, and you may not be able to resell shares of our common stock at or above the price you paid.

Prior to this offering there has been no public market for shares of our common stock, and an active public market for our shares may not develop or be sustained after this offering. We and the representatives of the underwriters will determine the offering price of our common stock through negotiation. This price will not necessarily reflect the price at which investors in the market will be willing to buy and sell our shares following this offering. In addition, the trading price of our common stock following this offering could be highly volatile and could be subject to wide fluctuations in response to various factors, some of which are beyond our control. These factors include those discussed in this "Risk Factors" section of this prospectus and others such as:

- changes in earnings estimates or recommendations by securities analysts;
- announcements by us or our competitors of new services, significant contracts, commercial relationships, acquisitions or capital commitments;
- developments with respect to intellectual property rights;
- our ability to develop and market new and enhanced products on a timely basis;
- our commencement of, or involvement in, litigation;
- changes in governmental regulations or in the status of our regulatory approvals; and
- a slowdown in our industry or the general economy.

In recent years, the stock market in general, and the market for technology and Internet-based companies in particular, has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of those companies. Broad market and industry factors may seriously affect the market price of our common stock, regardless of our actual operating performance. These fluctuations may be even more pronounced in the trading market for our stock shortly following this offering. In addition, in the past, following periods of volatility in the overall market and the market price of a particular company's securities, securities class action litigation has often been instituted against these companies. Such litigation, if instituted against us, could result in substantial costs and a diversion of our management's attention and resources.

If securities or industry analysts do not publish research or reports about our business, or if they issue an adverse or misleading opinion regarding our stock, our stock price and trading volume could decline.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts publish about us or our business. We do not currently have and may never obtain research coverage by securities and industry analysts. If no securities or industry analysts commence coverage of our company, the trading price for our stock would be negatively impacted. In the event we obtain securities or industry analyst coverage, if any of the analysts who cover us issue an adverse opinion regarding our stock, our stock price would likely decline. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline.

Our directors, executive officers and principal stockholders and their respective affiliates will continue to have substantial control over us after this offering and could delay or prevent a change in corporate control.

After this offering, our directors, executive officers and holders of more than 5% of our common stock, together with their affiliates, will beneficially own, in the aggregate, approximately % of our outstanding

common stock, assuming no exercise of the underwriters' option to purchase additional shares of our common stock in this offering. As a result, these stockholders, acting together, will continue to have substantial control over the outcome of matters submitted to our stockholders for approval, including the election of directors and any merger, consolidation or sale of all or substantially all of our assets. In addition, these stockholders, acting together, will continue to have significant influence over the management and affairs of our company. Accordingly, this concentration of ownership may have the effect of:

- delaying, deferring or preventing a change in corporate control;
- impeding a merger, consolidation, takeover or other business combination involving us; or
- discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of us.

Future sales of shares by existing stockholders could cause our stock price to decline.

If our existing stockholders sell, or indicate an intent to sell, substantial amounts of our common stock in the public market after the 180-day contractual lock-up, which period may be extended in certain limited circumstances, and other legal restrictions on resale discussed in this prospectus lapse, the trading price of our common stock could decline significantly and could decline below the initial public offering price. Based on shares outstanding as of December 31, 2009, upon the completion of this offering, we will have outstanding approximately shares of common stock, assuming no exercise of the underwriters' over-allotment option and no exercise of outstanding options. Of these shares, shares of common stock, plus any shares sold upon exercise of the underwriters' over-allotment option, will be immediately freely tradable, without restriction, in the public market. The underwriters may, in their sole discretion, permit our officers, directors, employees and current stockholders to sell shares prior to the expiration of the lock-up agreements.

After the lock-up agreements pertaining to this offering expire and based on shares outstanding as of December 31, 2009, an additional 34,912,597 shares will be eligible for sale in the public market. In addition, (i) the 11,491,017 shares subject to outstanding options under our equity incentive plans as of December 31, 2009 and (ii) the shares reserved for future issuance under our equity incentive plans will become eligible for sale in the public market in the future, subject to certain legal and contractual limitations. If these additional shares are sold, or if it is perceived that they will be sold, in the public market, the price of our common stock could decline substantially.

Purchasers of common stock in this offering will experience immediate and substantial dilution in the book value of their investment.

The initial offering price of our common stock is substantially higher than the expected net tangible book value per share of our common stock immediately after this offering. Therefore, if you purchase our common stock in this offering, you will incur an immediate dilution of $ in net tangible book value per share from the price you paid, based on our shares outstanding as of September 30, 2009. In addition, following this offering, purchasers in the offering will have contributed approximately % of the total consideration paid by stockholders to us to purchase shares of our common stock, based on our shares outstanding as of September 30, 2009. In addition, if the underwriters exercise their option to purchase additional shares or if outstanding options are exercised, you will experience further dilution. For a further description of the dilution that you will experience immediately after this offering, see the section of this prospectus entitled "Dilution."

We have broad discretion to determine how to use the funds raised in this offering, and may use them in ways that may not enhance our operating results or the price of our common stock.

Our management will have broad discretion over the use of proceeds from this offering, and we could spend the proceeds from this offering in ways our stockholders may not agree with or that do not yield a favorable return. We intend to use the net proceeds from this offering for working capital, capital expenditures and other general corporate purposes. We may also use a portion of the net proceeds to make repayments on our debt or acquire other businesses, products or technologies. If we do not invest or apply the

proceeds of this offering in ways that improve our operating results, we may fail to achieve expected financial results, which could cause our stock price to decline.

Provisions in our charter documents following this offering, under Delaware law and in contractual obligations, could discourage a takeover that stockholders may consider favorable and may lead to entrenchment of management.

Our amended and restated certificate of incorporation and bylaws that will be in effect as of the closing of this offering will contain provisions that could have the effect of delaying or preventing changes in control or changes in our management without the consent of our board of directors. These provisions will include:

- a classified board of directors with three-year staggered terms, which may delay the ability of stockholders to change the membership of a majority of our board of directors;
- no cumulative voting in the election of directors, which limits the ability of minority stockholders to elect director candidates;
- the exclusive right of our board of directors to elect a director to fill a vacancy created by the expansion of the board of directors or the resignation, death or removal of a director, which prevents stockholders from being able to fill vacancies on our board of directors;
- the ability of our board of directors to determine to issue shares of preferred stock and to determine the price and other terms of those shares, including preferences and voting rights, without stockholder approval, which could be used to significantly dilute the ownership of a hostile acquirer;
- a prohibition on stockholder action by written consent, which forces stockholder action to be taken at an annual or special meeting of our stockholders;
- the requirement that a special meeting of stockholders may be called only by the chairman of the board of directors, the chief executive officer or the board of directors, which may delay the ability of our stockholders to force consideration of a proposal or to take action, including the removal of directors; and
- advance notice procedures that stockholders must comply with in order to nominate candidates to our board of directors or to propose matters to be acted upon at a stockholders' meeting, which may discourage or deter a potential acquiror from conducting a solicitation of proxies to elect the acquiror's own slate of directors or otherwise attempting to obtain control of us.

We are subject to certain anti-takeover provisions under Delaware law. Under Delaware law, a corporation may not, in general, engage in a business combination with any holder of 15% or more of its capital stock unless the holder has held the stock for three years or, among other things, the board of directors has approved the transaction. For a description of our capital stock, see "Description of Capital Stock."

We do not currently intend to pay dividends on our common stock and, consequently, your ability to achieve a return on your investment will depend on appreciation in the price of our common stock.

We do not intend to declare and pay dividends on our capital stock for the foreseeable future. We currently intend to invest our future earnings, if any, to fund our growth. Additionally, the terms of our credit facility restrict our ability to pay dividends. Therefore, you are not likely to receive any dividends on your common stock for the foreseeable future.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, particularly in the sections titled "Prospectus Summary," "Risk Factors," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Business," contains forward-looking statements that involve substantial risks and uncertainties. All statements other than statements of historical facts contained in this prospectus, including statements regarding our future financial condition, business strategy and plans and objectives of management for future operations, are forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "believe," "may," "might," "objective," "estimate," "continue," "anticipate," "intend," "should," "plan," "expect," "predict," "potential," or the negative of these terms or other similar expressions. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. These forward-looking statements are subject to a number of risks, uncertainties and assumptions described under the section titled "Risk Factors" and elsewhere in this prospectus, regarding, among other things:

- our immature industry and relatively new business model;
- our ability to manage our growth effectively;
- our dependence on Internet search companies to attract Internet visitors;
- our ability to successfully manage any future acquisitions;
- our dependence on a small number of large clients and our dependence on a small number of client verticals for a majority of our revenue;
- our ability to attract and retain qualified employees and key personnel;
- our ability to accurately forecast our operating results and appropriately plan our expenses;
- our ability to compete in our industry;
- our ability to enhance and maintain our client and vendor relationships;
- our ability to develop new services and enhancements and features to meet new demands from our clients;
- our ability to raise additional capital in the future, if needed;
- general economic conditions in our domestic and potential future international markets;
- our ability to protect our intellectual property rights; and
- our expectations regarding the use of proceeds from this offering.

These risks are not exhaustive. Other sections of this prospectus may include additional factors that could adversely impact our business and financial performance. These statements reflect our current views with respect to future events and are based on assumptions and subject to risk and uncertainties. Moreover, we operate in a very competitive and rapidly-changing environment. New risk factors emerge from time to time and it is not possible for our management to predict all risk factors, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

You should not rely upon forward-looking statements as predictions of future events. The events and circumstances reflected in the forward-looking statements may not be achieved or occur. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Moreover, neither we nor any other person assume responsibility for the accuracy and completeness of the forward-looking statements. Except as required by law, we undertake no obligation to update publicly any forward-looking statements for any reason after the date of this prospectus to conform these statements to actual results or to changes in our expectations.

You should read this prospectus and the documents that we reference in this prospectus and have filed as exhibits to the registration statement on Form S-1, of which this prospectus is a part, that we have filed with the SEC with the understanding that our actual future results, levels of activity, performance and achievements may be materially different from what we expect. We qualify all of our forward-looking statements by these cautionary statements.

USE OF PROCEEDS

We estimate that the net proceeds to us from the sale of our common stock in this offering will be approximately $ million, or approximately $ million if the underwriters exercise their right to purchase additional shares of common stock from us to cover over-allotments in full, based upon an assumed initial public offering price of $ per share, and after deducting estimated underwriting discounts and commissions and estimated offering expenses. We will not receive any proceeds from the sale of our common stock to be sold by the selling stockholders if the underwriters exercise their over-allotment option. Each $1.00 increase (decrease) in the assumed initial public offering price of $ per share would increase (decrease) the net proceeds to us from this offering by approximately $ million, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same. We may also increase or decrease the number of shares we are offering. Each increase (decrease) of 1,000,000 shares in the number of shares offered by us would increase (decrease) the net proceeds to us from this offering by approximately $ million, assuming that the assumed initial public offering price remains the same, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us. We do not expect that a change in the offering price or the number of shares by these amounts would have a material effect on our uses of the net proceeds from this offering, although it may impact the amount of time prior to which we may need to seek additional capital.

We currently intend to use our net proceeds from this offering for working capital, capital expenditures and other general corporate purposes. We may also use a portion of the net proceeds to repay debt, including our credit facility, or acquire other businesses, products or technologies.

The expected use of net proceeds of this offering represents our current intentions based upon our present plans and business conditions. The amounts we actually expend in these areas may vary significantly from our current intentions and will depend upon a number of factors, including future sales growth, success of our engineering efforts, cash generated from future operations, if any, and actual expenses to operate our business. As of the date of this prospectus, we cannot specify with certainty all of the particular uses for the net proceeds to be received upon the closing of this offering. Accordingly, our management will have broad discretion in the application of the net proceeds, and investors will be relying on the judgment of our management regarding the application of the net proceeds of this offering.

The amount and timing of our expenditures will depend on several factors, including the amount and timing of our spending on sales and marketing activities and research and development activities, as well as our use of cash for other corporate activities. Pending the uses described above, we intend to invest the net proceeds in a variety of capital preservation instruments, including short-term, interest-bearing, investment grade instruments, certificates of deposit or direct or guaranteed obligations of the U.S. government.

DIVIDEND POLICY

We have never declared or paid any cash dividends on our capital stock. We currently intend to retain all available funds and any future earnings to support our operations and finance the growth and development of our business. We do not intend to pay cash dividends on our common stock for the foreseeable future. Any future determination related to dividend policy will be made at the discretion of our board of directors. The loan agreement for our credit facility contains a prohibition on the payout of cash dividends.

CAPITALIZATION

The following table sets forth our cash, cash equivalents, current debt and capitalization as of September 30, 2009 (unaudited):

- on an actual basis;
- on a pro forma basis after giving effect to the conversion of all outstanding shares of our convertible preferred stock into 21,176,533 shares of common stock effective immediately prior to the closing of this offering; and
- on a pro forma as adjusted basis to reflect, in addition, the sale of shares of common stock that we are offering at an assumed initial public offering price of $ per share, which is the midpoint of the range listed on the cover page of this prospectus, after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us.

You should read the information in this table together with our consolidated financial statements and accompanying notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" appearing elsewhere in this prospectus.

(1) Each $1.00 increase (decrease) in the assumed public offering price of $ per share, the midpoint of the range reflected on the cover page of this prospectus, would increase (decrease) each of cash and cash equivalents, additional paid-in capital, total stockholders' equity and total capitalization by approximately

$, assuming that the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us. We may also increase or decrease the number of shares we are offering. Each increase (decrease) of 1,000,000 shares in the number of shares offered by us would increase (decrease) each of cash and cash equivalents, additional paid-in capital, total stockholders' equity and total capitalization by approximately $, assuming that the assumed initial public offering price remains the same, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us. The as adjusted information discussed above is illustrative only and will adjust based on the actual initial public offering price and other terms of this offering determined at pricing.

The outstanding share information in the table above is based on 34,631,876 shares of common stock outstanding as of September 30, 2009, and excludes:

- an aggregate of 10,654,296 shares of common stock issuable upon the exercise of outstanding stock options as of September 30, 2009 pursuant to our 2008 Equity Incentive Plan and having a weighted-average exercise price of $8.1717 per share;
- an aggregate of 1,726,814 additional shares of common stock reserved for future issuance under our 2008 Equity Incentive Plan as of September 30, 2009; provided, however, that immediately upon the execution and delivery of the underwriting agreement for this offering, our 2008 Equity Incentive Plan will terminate so that no further awards may be granted under our 2008 Equity Incentive Plan, and the shares then remaining and reserved for future issuance under our 2008 Equity Incentive Plan shall become available for future issuance under our 2010 Equity Incentive Plan; and
- the shares reserved for future issuance under our 2010 Equity Incentive Plan and up to 300,000 additional shares of common stock reserved for future issuance under our 2010 Non-Employee Directors' Stock Award Plan, as well as any automatic increases in the number of shares of common stock reserved for future issuance under each of these benefit plans, which will become effective immediately upon the execution and delivery of the underwriting agreement for this offering.

DILUTION

If you invest in our common stock in this offering, your interest will be diluted to the extent of the difference between the initial public offering price per share of our common stock and the pro forma as adjusted net tangible book value per share of our common stock after this offering. As of September 30, 2009, our pro forma net tangible book value was $, or $ per share of common stock. Our pro forma net tangible book value per share represents the amount of our total tangible assets reduced by the amount of our total liabilities and divided by the total number of shares of our common stock outstanding as of September 30, 2009, after giving effect to the automatic conversion of all outstanding shares of convertible preferred stock into shares of common stock immediately prior to the closing of this offering. After giving effect to our sale in this offering of shares of common stock at the assumed initial public offering price of $ per share, the midpoint of the range reflected on the cover page of this prospectus, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us, our pro forma as adjusted net tangible book value as of September 30, 2009 would have been approximately $, or $ per share. This represents an immediate increase of net tangible book value of $ per share to our existing stockholders and an immediate dilution of $ per share to investors purchasing common stock in this offering. The following table illustrates this per share dilution:

Assumed initial public offering price per share		$
Pro forma as adjusted net tangible book value per share as of September 30, 2009, before giving effect to this offering	$	
Increase in pro forma as adjusted net tangible book value per share attributed to new investors purchasing shares in this offering		
Pro forma net tangible book value per share after giving effect to this offering		
Dilution per share to new investors in this offering		$

Each $1.00 increase (decrease) in the assumed initial public offering price of $ per share would increase (decrease) our pro forma as adjusted net tangible book value by $, or $ per share, and the pro forma as adjusted dilution per share to investors in this offering by $ per share, assuming that the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us. We may also increase or decrease the number of shares we are offering. An increase of 1,000,000 shares in the number of shares offered by us would increase our pro forma as adjusted net tangible book value by approximately $, or $ per share, and the pro forma as adjusted dilution per share to investors in this offering would be $ per share, assuming that the assumed initial public offering price remains the same, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us. Similarly, a decrease of 1,000,000 shares in the number of shares offered by us would decrease our pro forma as adjusted net tangible book value by approximately $, or $ per share, and the pro forma as adjusted dilution per share to investors in this offering would be $ per share, assuming that the assumed initial public offering price remains the same, and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us. The pro forma as adjusted information discussed above is illustrative only and will adjust based on the actual initial public offering price and other terms of this offering determined at pricing.

If the underwriters exercise their option to purchase additional shares of our common stock from us in full in this offering, the pro forma as adjusted net tangible book value per share after the offering would be $ per share, the increase in pro forma as adjusted net tangible book value per share to existing stockholders would be $ per share and the dilution to new investors purchasing shares in this offering would be $ per share. We will not receive any proceeds from the sale of our common stock by the selling stockholders if the underwriters exercise the right to purchase additional shares of common stock from the selling stockholders, to cover over-allotments.

The following table summarizes on a pro forma as adjusted basis as of September 30, 2009:

- the total number of shares of common stock purchased from us by our existing stockholders and by new investors purchasing shares in this offering;
- the total consideration paid to us by our existing stockholders and by new investors purchasing shares in this offering, assuming an initial public offering price of $ per share (before deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us in connection with this offering); and
- the average price per share paid by existing stockholders and by new investors purchasing shares in this offering.

	Shares Purchased		Total Consideration		Average Price per Share
	Number	Percent	Amount	Percent	
Existing stockholders	34,631,876	%	$ 59,030,000	%	$ 1.70
New investors					
Total		100.0%	$	100.0%	

If the underwriters exercise their option to purchase additional shares of our common stock in full, our existing stockholders would own % and our new investors would own % of the total number of common stock outstanding upon completion of this offering. The total consideration paid by our existing stockholders would be $, or %, and the total consideration paid by our new investors would be $, or %.

The above discussion and tables are based on 34,631,876 shares of common stock outstanding as of September 30, 2009, and excludes:

- an aggregate of 10,654,296 shares of common stock issuable upon the exercise of outstanding stock options as of September 30, 2009 pursuant to our 2008 Equity Incentive Plan and having a weighted-average exercise price of $8.1717 per share;
- an aggregate of 1,726,814 additional shares of common stock reserved for future issuance under our 2008 Equity Incentive Plan as of September 30, 2009; provided, however, that immediately upon the execution and delivery of the underwriting agreement for this offering, our 2008 Equity Incentive Plan will terminate so that no further awards may be granted under our 2008 Equity Incentive Plan, and the shares then remaining and reserved for future issuance under our 2008 Equity Incentive Plan shall become available for future issuance under our 2010 Non-Employee Directors' Stock Award Plan; and
- the shares reserved for future issuance under our 2010 Equity Incentive Plan and up to 300,000 additional shares of common stock reserved for future issuance under our 2010 Non-Employee Directors' Stock Award Plan, as well as any automatic increases in the number of shares of common stock reserved for future issuance under each of these benefit plans, which will become effective immediately upon the execution and delivery of the underwriting agreement for this offering.

If all outstanding options were exercised, then our existing stockholders, including the holders of these options, would own % and our new investors would own % of the total number of our common stock outstanding upon the closing of this offering. In such event, the total consideration paid by our existing stockholders would be $87,063,333, or %, the total consideration paid by our new investors would be $, or %, the average price per share paid by our existing stockholders would be $8.1717 and the average price per share paid by our new investors would be $.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations in conjunction with the consolidated financial statements and the notes thereto included elsewhere in this prospectus. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this prospectus, particularly in the sections titled "Risk Factors" and "Special Note Regarding Forward-Looking Statements."

Overview

QuinStreet is a leader in vertical marketing and media on the Internet. We have built a strong set of capabilities to engage Internet visitors with targeted media and to connect our marketing clients with their potential customers online. We focus on serving clients in large, information-intensive industry verticals where relevant, targeted media and offerings help visitors make informed choices, find the products that match their needs, and thus become qualified customer prospects for our clients.

We deliver cost-effective marketing results to our clients, predictably and scalably, most typically in the form of a qualified lead or click. These leads or clicks can then convert into a customer or sale for the client at a rate that results in an acceptable marketing cost to them. We get paid by clients primarily when we deliver qualified leads or clicks as defined by our agreements with them. Because we bear the costs of media, our programs must deliver a value to our clients and a media yield, or our ability to generate an acceptable margin on our media costs, that provides a sound financial outcome for us. Our general process is:

- We own or access targeted media;
- We run advertisements or other forms of marketing messages and programs in that media to create visitor responses or clicks through to client offerings;
- We match these responses or clicks to client offerings or brands that meet visitor interests or needs, converting visitors into qualified leads or clicks; and
- We optimize client matches and media yield such that we achieve desired results for clients and a sound financial outcome for us.

Our primary financial objective has been and remains creating revenue growth, from sustainable sources, at target levels of profitability. Our primary financial objective is not to maximize profits, but rather to achieve target levels of profitability while investing in various growth initiatives, as we believe we are in the early stages of a large, long-term market. We have been successful in increasing revenue each year since our inception. We became profitable in 2002 and have remained so since that time.

Our Direct Marketing Services, or DMS, business accounted for 95%, 98%, 99% and 99% of our net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively. Our DMS business derives substantially all of its net revenue from fees earned through the delivery of qualified leads and clicks to our clients. Through a deep vertical focus, targeted media presence and our technology platform, we are able to reliably deliver targeted, measurable marketing results to our clients.

Our two largest client verticals are education and financial services. Our education vertical has historically been our largest vertical, representing 78%, 74%, 58% and 51% of net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively. DeVry Inc., a for-profit education company and our largest client, accounted for 22%, 23%, 19%, and 13% of total net revenue for fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively. Our financial services vertical, which we have grown both organically and through acquisitions, represented 7%, 11%, 31% and 39% of net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively. Other DMS verticals, consisting primarily of home services, business-to-business, or B2B, and

healthcare, represented 10%, 13%, 10% and 9% of net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively.

In addition, we derived 5%, 2%, 1% and 1% of our net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively, from the provision of a hosted solution and related services for clients in the direct selling industry, also referred to as our Direct Selling Services, or DSS, business.

We have generated substantially all of our revenue from sales to clients in the United States.

We are subject to economic or business factors that affect our client verticals. For instance, presently, clients in particular verticals such as financial services, particularly mortgage, credit cards and deposits, small- to medium-sized business customers and home services are facing very difficult conditions and their marketing spending has been negatively affected. In general, we address challenges created by these adverse economic or business conditions by shifting investment and resources to other client verticals that might be less challenged or by focusing on opportunities with specific clients and subsets of client verticals that might be less affected by those challenges. However, we also invest in client verticals that may face near-term challenges but present long-term growth potential.

We face an additional challenge with regard to DeVry, our largest client, which accounted for approximately 19% and 13% of our net revenue for fiscal year 2009 and the first three months of fiscal year 2010, respectively. DeVry has recently retained an advertising agency and has reduced its purchases of leads from us. We have been addressing this challenge by working with DeVry and the agency to understand their evolving needs and strategies and how we can best serve them going forward. In addition, we have been expanding our business with other clients in our education client vertical. We are also expanding our client base in education to replace visitor matches previously delivered to DeVry.

Trends Affecting our Business

Seasonality

Our results from our education client vertical are subject to significant fluctuation as a result of seasonality. In particular, our quarters ending December 31 (our second fiscal quarter) typically demonstrate seasonal weakness. In those quarters, there is lower availability of lead supply from some forms of media during the holiday period and our education clients often request fewer leads due to holiday staffing. In our quarters ending March 31, this trend generally reverses with better lead availability and often new budgets at the beginning of the year for our clients with financial years ending December 31. For example, in the quarters ended December 31, 2007 and 2008 net revenue from our education clients declined 6% and 13%, respectively, from the previous quarter.

Acquisitions

Beginning in fiscal year 2008, we executed on our strategy to increase the depth within our existing verticals and diversify our business among these verticals by substantially increasing our spending on acquisitions of businesses and technologies. For example, in February 2008, we acquired ReliableRemodeler.com, Inc., or ReliableRemodeler, an Oregon-based company specializing in online home renovation and contractor referrals for $17.5 million in cash and $8.0 million in non-interest-bearing, unsecured promissory notes, in an effort to increase our presence within our home services vertical. In April 2008, we acquired Cyberspace Communication Corporation, an Oklahoma-based online marketing company doing business as SureHits, for $27.5 million in cash and $18.0 million in potential earn-out payments, in an effort to increase our presence within the financial services vertical. During fiscal years 2008 and 2009, in addition to the acquisitions mentioned above, we acquired an aggregate of 21 and 34 online publishing businesses, respectively.

In October 2009, we acquired the website business Insure.com from Life Quote, Inc. for $15.0 million in cash and a $1.0 million non-interest bearing, unsecured promissory note. In November 2009, we acquired the website assets of the Internet.com division of WebMediaBrands, Inc. for $16.0 million in cash and a $2.0 million non-interest-bearing, unsecured promissory note.

Our acquisition strategy may result in significant fluctuations in our available working capital from period to period and over the years. We may use cash, stock or promissory notes to acquire various businesses or technologies, and we cannot accurately predict the timing of those acquisitions or the impact on our cash flows and balance sheet. Large acquisitions or multiple acquisitions within a particular period may significantly impact our financial results for that period. We may utilize debt financing to make acquisitions, which could give rise to higher interest expense and more restrictive operating covenants. We may also utilize our stock as consideration, which could result in substantial dilution.

Client Verticals

To date, we have generated the majority of our revenue from clients in our educational vertical. We expect that a majority of our revenue in fiscal year 2010 will be generated from clients in our education and financial services client verticals. A downturn in economic or market conditions adversely affecting the education industry or the financial services industry would negatively impact our business and financial condition. Over the past year, education marketing spending has remained relatively stable, but we cannot assure you that this stability will continue. Marketing budgets for clients in our education vertical are impacted by a number of factors, including the availability of student financial aid, the regulation of for-profit financial institutions and economic conditions. Over the past year, some segments of the financial services industry, particularly mortgages, credit cards and deposits, have seen declines in marketing budgets given the difficult market conditions. These declines may continue or worsen. In addition, the education and financial services industries are highly regulated. Changes in regulations or government actions may negatively impact our clients' marketing practices and budgets and, therefore, adversely affect our financial results.

Development and Acquisition of Vertical Media

One of the primary challenges of our business is finding or creating media that is targeted enough to attract prospects economically for our clients and at costs that work for our business model. In order to continue to grow our business, we must be able to continue to find or develop quality vertical media on a cost-effective basis. Our inability to find or develop vertical media could impair our growth or adversely affect our financial performance.

Basis of Presentation

General

We operate in two segments: DMS and DSS. For further discussion or financial information about our reporting segments, see Note 2 to our consolidated financial statements included in this prospectus.

Net Revenue

DMS. We derive substantially all of our revenue from fees earned through the delivery of qualified leads or paid clicks. We deliver targeted and measurable results through a vertical focus that we classify into the following key client verticals: education, financial services, home services, B2B and healthcare.

DSS. We derived approximately 5%, 2%, 1% and 1% of our net revenue in fiscal years 2007, 2008 and 2009 and the first three months of fiscal year 2010, respectively. We expect DSS to continue to represent an immaterial portion of our business.

Cost of Revenue

Cost of revenue consists primarily of media costs, personnel costs, amortization of acquisition-related intangible assets, depreciation expense and amortization of internal software development costs on revenue-producing technologies. Media costs consist primarily of fees paid to website publishers that are directly related to a revenue-generating event and PPC ad purchases from Internet search companies. We pay these Internet search companies and website publishers on a revenue-share, cost-per-lead, or CPL, cost-per-click, or CPC, and cost-per-thousand-impressions, or CPM, basis. Personnel costs include salaries, bonuses, stock-based compensation expense and employee benefit costs. Compensation expense is primarily related to individuals associated with maintaining our servers and websites, our editorial staff, client management, creative team, compliance group and media purchasing analysts. We capitalize costs associated with software developed or obtained for internal use.

Costs incurred in the development phase are capitalized and amortized in cost of revenue over the product's estimated useful life. We anticipate that our cost of revenue will increase in absolute dollars.

Operating Expenses

We classify our operating expenses into three categories: product development, sales and marketing and general and administrative. Our operating expenses consist primarily of personnel costs and, to a lesser extent, professional fees, rent and allocated costs. Personnel costs for each category of operating expenses generally include salaries, bonuses and commissions, stock-based compensation expense and employee benefit costs.

Product Development. Product development expenses consist primarily of personnel costs and professional services fees associated with the development and maintenance of our technology platforms, development and launching of our websites, product-based quality assurance and testing. We believe that continued investment in technology is critical to attaining our strategic objectives and, as a result, we expect technology development and enhancement expenses to increase in absolute dollars in future periods.

Sales and Marketing. Sales and marketing expenses consist primarily of personnel costs (including commissions) and, to a lesser extent, allocated overhead, professional services, advertising, travel and marketing materials. We expect sales and marketing expenses to increase in absolute dollars as we hire additional personnel in sales and marketing to support our increasing revenue base and product offerings.

General and Administrative. General and administrative expenses consist primarily of personnel costs of our executive, finance, legal, employee benefits and compliance and other administrative personnel, as well as accounting and legal professional services fees and other corporate expenses. We expect general and administrative expenses to increase in absolute dollars in future periods as we continue to invest in corporate infrastructure and incur additional expenses associated with being a public company, including increased legal and accounting costs, investor relations costs, higher insurance premiums and compliance costs associated with Section 404 of the Sarbanes-Oxley Act of 2002.

Interest and Other Income (Expense), Net

Interest and other income (expense), net, consists primarily of interest income and interest expense. Interest expense is related to our credit facilities and the promissory notes issued in connection with our acquisitions. The outstanding balance of our credit facilities and acquisition-related promissory notes was $40.5 million and $26.3 million, respectively, as of September 30, 2009. We expect interest expense to increase in the near future as we entered into a new credit facility in January 2010 with a larger borrowing capacity and a higher rate of interest. Borrowings under our credit facility could also subsequently increase as we continue to implement our acquisition strategy. Interest income represents interest received on our cash and cash equivalents, which we expect will increase in the near term with the investment of the net proceeds of this offering.

Income Tax Expense

We are subject to tax in the United States as well as other tax jurisdictions or countries in which we conduct business. Earnings from our limited non-U.S. activities are subject to local country income tax and may be subject to current U.S. income tax.

As of September 30, 2009, we did not have net operating loss carryforwards for federal income tax purposes and had approximately $2.8 million in California net operating loss carryforwards that begin to expire in March 2011, and that we expect to utilize in an amended return. The California net operating loss carryforwards will not offset future taxable income, but may instead result in a refund of historical taxes paid. As of September 30, 2009, our Japanese subsidiary had net operating loss carryforwards of approximately $370,000 that will begin to expire in 2011. These net operating loss carryforwards were fully reserved as of September 30, 2009.

As of September 30, 2009, we had net deferred tax assets of $5.5 million. Our net deferred tax assets consist primarily of accruals, reserves and stock-based compensation expense not currently deductible for tax

purposes. We assess the need for a valuation allowance on the deferred tax assets by evaluating both positive and negative evidence that may exist. Any adjustment to the deferred tax asset valuation allowance would be recorded in the income statement of the periods that the adjustment is determined to be required.

On July 1, 2007, we adopted the authoritative accounting guidance prescribing a threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The guidance also provides for de-recognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure and transition. The guidance utilizes a two-step approach for evaluating uncertain tax positions. Step one, Recognition, requires a company to determine if the weight of available evidence indicates that a tax position is more likely than not to be sustained upon audit, including resolution of related appeals or litigation processes, if any. If a tax position is not considered “more likely than not” to be sustained then no benefits of the position are to be recognized. Step two, Measurement, is based on the largest amount of benefit, which is more likely than not to be realized on ultimate settlement.

Effective July 1, 2007, we adopted the accounting guidance on uncertainties in income tax. The cumulative effect of adoption to the opening balance of the retained earnings account was $1,705.

Critical Accounting Policies and Estimates

In presenting our consolidated financial statements in conformity with U.S. generally accepting accounting principals, or GAAP, we are required to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, costs and expenses and related disclosures.

Some of the estimates and assumptions we are required to make relate to matters that are inherently uncertain as they pertain to future events. We base these estimates and assumptions on historical experience or on various other factors that we believe to be reasonable and appropriate under the circumstances. On an ongoing basis, we reconsider and evaluate our estimates and assumptions. Actual results may differ significantly from these estimates.

We believe that the critical accounting policies listed below involve our more significant judgments, assumptions and estimates and, therefore, could have the greatest potential impact on our consolidated financial statements. In addition, we believe that a discussion of these policies is necessary to understand and evaluate the consolidated financial statements contained in this prospectus.

For further information on our critical and other significant accounting policies, see Note 2 of our consolidated financial statements included in this prospectus.

Revenue Recognition

We derive revenue from two segments: DMS and DSS. DMS revenue, which constituted 95%, 98% and 99% of our net revenue for fiscal years 2007, 2008 and 2009, respectively, is derived primarily from fees that are earned through the delivery of qualified leads or paid clicks. We recognize revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable and collectability is reasonably assured. Delivery is deemed to have occurred at the time a lead or click is delivered to the client, provided that no significant obligations remain.

From time to time, we may agree to credit clients for certain leads or clicks if they fail to meet the contractual or other guidelines of a particular client. We have established a sales reserve based on historical experience. To date, our reserve has been adequate for these credits. The adequacy of this reserve depends on our ability to estimate the number of credits that we will grant to our clients. If we were to change any of the assumptions or judgments made in calculating the amount of the reserve, it could cause a material change in the net revenue that we report in a particular period. Our assessment of the likelihood of collection is also a critical element in determining the timing of revenue recognition. If we do not believe that collection is reasonably assured, revenue will be recognized on the earlier of the date that the collection is reasonably assured or collection is made.

For a portion of our revenue, we have agreements with publishers of online media used in the generation of leads or clicks. We receive a fee from our clients and pay a fee to our publishers either on a revenue-share, CPL, CPC or CPM basis. We are the primary obligor in the transaction. As a result, the fees paid by our clients are recognized as revenue and the fees paid to our publishers are included in cost of revenue.

DSS revenue consists of (i) set-up and professional services fees and (ii) usage and hosting fees. Set-up and professional service fees that do not provide stand-alone value to our clients are recognized over the contractual term of the agreement or the expected client relationship period, whichever is longer, effective when the application reaches the "go-live" date. We define the "go-live" date as the date when the application enters into a production environment or all essential functionalities have been delivered. We recognize usage and hosting fees on a monthly basis as earned. Deferred revenue consists of billings or payments in advance of reaching all the above revenue recognition criteria, primarily comprising deferred DSS revenue.

Stock-Based Compensation

Through June 30, 2006, we accounted for our stock-based employee compensation arrangements in accordance with the intrinsic value provisions of Accounting Principles Board, or APB, Opinion No. 25, Accounting for Stock Issued to Employees, or APB 25, and related interpretations and complied with the disclosure provisions of SFAS No. 123, Accounting for Stock Based Compensation, and SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure. Under the intrinsic value method, compensation expense is measured on the date of the grants as the difference between the fair value of our common stock and the exercise or purchase price multiplied by the number of stock options granted.

Effective July 1, 2006, we adopted SFAS 123(R), which requires non-public companies that used the minimum value method under SFAS 123 for either recognition or pro forma disclosures to apply SFAS 123(R) using the prospective-transition method. As such, we continue to apply the intrinsic value method to equity awards outstanding at the date of adoption of SFAS 123(R) that were measured using the minimum value method. In accordance with SFAS 123(R), we recognize the compensation cost of employee stock-based awards granted subsequent to June 30, 2006 in the statement of operations using the straight-line method over the vesting period of the award.

The following table sets forth the total stock-based compensation expense included in the related financial statement line items:

	Fiscal Year Ended June 30,			Three Months Ended September 30,	
	2007	2008	2009	2008	2009
			(In thousands)		
Cost of revenue	$ 416	$ 1,112	$ 1,916	$ 470	$ 728
Product development	75	443	669	161	253
Sales and marketing	226	581	1,761	416	507
General and administrative	1,354	1,086	1,827	351	741
Total	$ 2,071	$ 3,222	$ 6,173	$ 1,398	$ 2,229

We estimated the fair value of each option granted using the Black-Scholes option-pricing method using the following assumptions for the periods presented in the table below:

	Fiscal Year Ended June 30,			Three Months Ended September 30,	
	2007	2008	2009	2008	2009
Weighted average stock price volatility	48%	52%	62%	61%	73%
Expected term (in years)	4.6 - 6.1	4.6	4.6	4.6	4.6
Expected dividend yield	—	—	—	—	—
Risk-free interest rate	4.6% - 4.9%	2.8% - 4.5%	1.8% - 3.1%	3.1%	2.5%

As of each stock option grant date, we considered the fair value of the underlying common stock, determined as described below, in order to establish the options exercise price.

As there has been no public market for our common stock prior to this offering, and therefore a lack of company-specific historical and implied volatility data, we have determined the share price volatility for options granted based on an analysis of reported data for a peer group of companies that granted options with substantially similar terms. The expected volatility of options granted has been determined using an average of the historical volatility measures of this peer group of companies for a period equal to the expected life of the option. We intend to continue to consistently apply this process using the same or similar entities until a sufficient amount of historical information regarding the volatility of our own share price becomes available, or unless circumstances change such that the identified entities are no longer similar to us. In this latter case, more suitable entities whose share prices are publicly available would be utilized in the calculation.

The expected life of options granted has been determined utilizing the "simplified" method as prescribed by the SEC's Staff Accounting Bulletin, or SAB, No. 107, *Share-Based Payment*, or SAB 107. The risk-free interest rate is based on a daily treasury yield curve rate whose term is consistent with the expected life of the stock options. We have not paid and do not anticipate paying cash dividends on our shares of common stock; therefore, the expected dividend yield is assumed to be zero.

In addition, SFAS 123R requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates, whereas SFAS 123 permitted companies to record forfeitures based on actual forfeitures. We apply an estimated forfeiture rate based on our historical forfeiture experience.

Since the beginning of fiscal year 2007, we granted stock options with exercise prices as follows:

Grant Dates	Number of Shares Underlying Options Granted	Exercise Price per Share	Common Stock Fair Value per Share for Financial Reporting Purposes at Grant Date	SFAS 123R Fair Value

(1) Options granted with an exercise price per share equal to 110% of the fair market value of one share of our common stock, as determined by our board of directors on the date of grant.

We have historically granted stock options at exercise prices equal to or greater than the fair market value as determined by our board of directors on the date of grant, with input from management. Because our common stock is not publicly traded, our board of directors exercises significant judgment in determining the fair value of our common stock on the date of grant based on a number of objective and subjective factors. Factors considered by our board of directors included:

- company performance, our growth rate and financial condition at the approximate time of the option grant;
- the value of companies that we consider peers based on a number of factors including, but not limited to, similarity to us with respect to industry, business model, stage of growth, financial risk or other factors;
- changes in the company and our prospects since the last time the board approved option grants and made a determination of fair value;
- amounts recently paid by investors for our common stock and convertible preferred stock in arm's-length transactions with stockholders;
- the rights, preferences and privileges of preferred stock relative to those of our common stock;
- future financial projections; and
- valuations completed in conjunction with, and at the time of, each option grant.

We prepared contemporaneous valuations at each of the grant dates consistent with the method outlined in the AICPA Practice Guide, Valuation of Privately-Held-Company Equity Securities Issued as Compensation, for all option grant dates in fiscal year 2008, 2009 and three months ended September 30, 2009. The methodology we used derived equity values utilizing a probability-weighted expected return method, or PWERM, that weighs various potential liquidity outcomes with each outcome assigned a probability to arrive at the weighted equity value. For each of the possible events, a range of future equity values is estimated, based on the market, income or cost approaches and over a range of possible event dates, all plus or minus a standard deviation for value and timing. The timing of these events is based on discussion with our management. For each future equity value scenario, the rights and preferences of each stockholder class are considered in order to determine the appropriate allocation of value to common shares. The value of each common share is then multiplied by a discount factor derived from the calculated discount rate and the expected timing of the event (plus or minus a standard deviation of time). The value per common share is then multiplied by an estimated probability for each of the possible events based on discussion with our management. The calculated value per common share under each scenario is then discounted for a lack of marketability. A probability-weighted value per share of common stock is then determined. Under the PWERM, the value of our common stock is estimated based upon an analysis of values for our common stock assuming the following various possible future events for the company:

- initial public offering;
- strategic merger or sale;
- dissolution/no value to common stockholders; and
- remaining a private company.

When using the PWERM, a market-comparable approach, an income approach and a cost approach were used to estimate our aggregate enterprise value at each valuation date. The market-comparable approach estimates the fair market value of a company by applying market multiples of publicly-traded firms in the same or similar lines of business to the results and projected results of the company being valued. When choosing the market-comparable companies to be used for the market-comparable approach, we focused on companies operating within the online marketing and lead generation space. The comparable companies remained largely unchanged during the valuation process. The income approach involves applying an appropriate risk-adjusted discount rate to projected debt free cash flows, based on forecasted revenue and

costs. The cost approach involves identifying a company's significant tangible assets, estimating the individual current market values of each and then totaling them to derive the value of the business as a whole. We used the cost approach method under an assumption of dissolution.

We also prepared financial forecasts for each valuation report date used in the computation of the enterprise value for both the market-comparable approach and the income approach. The financial forecasts were based on assumed revenue growth rates that took into account our past experience and contemporaneous future expectations. The risks associated with achieving these forecasts were assessed in selecting the appropriate cost of capital, which ranged from 15% to 17%.

We have performed these valuations since December 2003.

As an additional indicator of fair value, we note in the individual valuation discussions below pricing of all sales of our common stock for transactions occurring during the quarter of the respective grant dates. Over the past several years, a number of investors have purchased, or attempted to purchase, shares from employees, former employees and other stockholders. In some instances, we have exercised our right of first refusal with regard to such proposed purchases and, accordingly, purchased the shares for the price proposed by the investors, and in other instances, we have chosen not to exercise our right of first refusal and have permitted the proposed buyers to complete the transactions with the sellers on the terms disclosed to us.

While these transactions were not consummated in a highly liquid market, we do believe that the transactions provide an additional indicator of fair value based on the volume and number of buyers. These transaction prices have indicated, as additional support to our valuation analyses, that we have not historically determined fair market values below the indications of value for transactions in our common stock.

Discussion of specific valuation inputs from July 2008 through November 2009

July 25, 2008. On July 25, 2008, our board of directors determined a fair value of our common stock of $10.28 per share, based on the factors described above as well as a contemporaneous valuation report dated July 17, 2008. The valuation used a risk-adjusted discount of 16%, a non-marketability discount of 23.4% and an estimated time to an initial public offering or a strategic merger or sale of greater than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $9.42 per share for our common stock. We determined to set the fair value per share of our common stock at $10.28 per share as of July 25, 2008, above the $9.42 per share valuation as of July 17, 2008, since these valuations by their nature involve estimates and judgments and, in our opinion, the relatively small difference did not justify reducing the fair market value determination for our common stock. During the three months ended September 30, 2008, we exercised our right of first refusal to repurchase 115,275 shares of common stock at an average price of $8.47, with a low price of $8.00 and a high price of $8.60. During this same period, we chose not to exercise our right of first refusal for transactions totaling 30,000 shares of common stock at an average price of $8.75, with a low price of $8.50 and a high price of $9.00.

October 2, 2008. On October 2, 2008, our board of directors determined a fair value of our common stock of $10.28 per share, based on the factors described above as well as a contemporaneous valuation report dated September 24, 2008. The valuation used a risk-adjusted discount of 16%, a non-marketability discount of 26.8%, an estimated time to an initial public offering of greater than 12 months and an estimated time to a strategic merger or sale of less than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $9.94 per share for our common stock. We determined to set the fair value per share of our common stock at $10.28 per share as of October 2, 2008, above the $9.94 per share valuation as of September 24, 2008, since these valuations by their nature involve estimates and judgments and, in our opinion, the relatively small difference did not justify reducing the fair market value determination for our common stock. During the three months ended December 31, 2009, we exercised our right of first refusal to repurchase 8,000 shares of common stock at a price of $8.50. During this

same period, we chose not to exercise our right of first refusal for transactions totaling 57,000 shares of common stock at a price of $8.50.

January 28, 2009. On January 28, 2008, our board of directors determined a fair value of our common stock of $9.01 per share, based on the factors described above as well as a contemporaneous valuation report dated December 31, 2008. The valuation used a risk-adjusted discount of 15%, a non-marketability discount of 25%, an estimated time to an initial public offering of 12 months and an estimated time to a strategic merger or sale of more than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $9.01 per share for our common stock. During the three months ended March 30, 2009, we exercised our right of first refusal to repurchase 40,000 shares of common stock at an average price of $7.31, with a low price of $6.25 and a high price of $8.00. During this same period, there were no transactions in our stock in which we chose not to exercise our right of first refusal.

April 29, 2009. On April 29, 2009, our board of directors determined a fair value of our common stock of $9.01 per share, based on the factors described above as well as a contemporaneous valuation report dated March 31, 2009. The valuation used a risk-adjusted discount of 15%, a non-marketability discount of 20%, an estimated time to an initial public offering of more than 12 months and an estimated time to a strategic merger or sale of more than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $8.29 per share for our common stock. We determined to set the fair value per share of our common stock at $9.01 per share as of April 29, 2009, above the $8.29 per share valuation as of March 31, 2009, since these valuations by their nature involve estimates and judgments and, in our opinion, the relatively small difference did not justify reducing the fair market value determination for our common stock. During the three months ended June 30, 2009, we did not exercise our right of first refusal to repurchase any common stock. During this same period, we chose not to exercise our right of first refusal for transactions totaling 30,000 shares of common stock at a price of $8.00.

August 7, 2009. On August 7, 2009, our board of directors determined a fair value of our common stock of $9.01 per share, based on the factors described above as well as a contemporaneous valuation report dated June 30, 2009. The valuation used a risk-adjusted discount of 15%, a non-marketability discount of 20%, an estimated time to an initial public offering of more than 12 months and an estimated time to a strategic merger or sale of more than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $9.00 per share for our common stock. During the three months ended September 30, 2009, we exercised our right of first refusal to repurchase 71,895 shares of common stock at an average price of $8.03, with a low price of $7.00 and a high price of $8.80. During this same period, we chose not to exercise our right of first refusal for transactions totaling 144,583 shares of common stock at an average price of $8.09, with a low price of $8.00 and a high price of $8.50.

Prior to the issuance of our financial statements for the three month period ended September 30, 2009 in connection with the initial filing of our registration statement on Form S-1, we decided to revise our estimate of fair value of our common stock as of August 7, 2009. In reassessing the estimate of fair value of our common stock, we considered the preliminary estimated valuation range communicated by our underwriters as well as the results of our contemporaneous valuation performed on November 17, 2009, immediately prior to the initial filing of our registration statement on Form S-1. The revised fair value as of August 7, 2009 was derived based on a linear increase of our valuation between April 29, 2008 (date of our last fair value determination prior to issuance of our audited financial statements) and November 17, 2009 (date of our initial filing of our registration statement on Form S-1). We also compared the results of the calculation described above with an estimate of fair value as of August 7, 2009 based on the estimated fair value at November 17, 2009 adjusted for the increase of the NASDAQ composite index between these two dates, and noted no material differences. As a result of reassessing the fair value of our common stock, we expect to record additional compensation expense, excluding the effect of forfeitures, of $8.1 million, of which $0.4 million was recorded in our financial statements for the three months ended September 30, 2009.

October 6, 2009. On October 6, 2009, our board of directors determined a fair value of our common stock of $11.08 per share, based on the factors described above as well as a contemporaneous valuation report dated September 15, 2009. The valuation used a risk-adjusted discount of 15%, a non-marketability discount of 15%, an estimated time to an initial public offering of less than 9 months and an estimated time to a strategic merger or sale of more than 12 months. The expected outcomes were weighted 50% toward an initial public offering, 30% towards a strategic merger or sale, 18% towards remaining a private company and 2% towards a liquidation scenario. This valuation indicated a fair value of $11.08 per share for our common stock. Consistent with our August 7, 2009 grant, we reassessed the fair value of our common stock as of October 6, 2009. Given the relatively immaterial number of shares issued, we derived the revised estimate of fair value as of October 6, 2009 assuming a linear increase of our valuation between April 29, 2009 and November 17, 2009. We expect to record compensation expense associated with the October 6, 2009 grants of $997,000 through the end of fiscal year 2010.

Significant events occurring between the October 6, 2009 and November 17, 2009 grants. Subsequent to the October 6, 2009 board of directors meeting, we initiated a process to evaluate underwriters for a potential initial public offering. On November 2, 2009, our board of directors approved management's recommendation of an underwriting group and its recommendation to attempt an initial public offering on an accelerated time line. On November 5, 2009, management, the underwriters, Qatalyst Partners, our independent registered public accounting firm and external legal counsel for the company and the underwriters held an "organizational" meeting to formally begin the initial public offering process and the process of underwriter "due diligence."

November 17, 2009. On November 17, 2009, our board of directors determined a fair value of our common stock of $19.00 per share, based on a contemporaneous valuation report dated October 31, 2009 and the preliminary estimated valuation range communicated by our underwriters. The valuation used a risk-adjusted discount of 15%, a non-marketability discount of 5%, an estimated time to an initial public offering of less than 4 months and an estimated time to a strategic merger or sale of more than 12 months. The expected outcomes were weighted 80% toward an initial public offering, 10% towards a strategic merger or sale and 10% towards remaining a private company. This valuation indicated a fair value of $17.87 per share for our common stock. We determined the fair value per share of our common stock to be $19.00 as of November 17, 2009, which was higher than the $17.87 per share value indicated by our valuation analysis as of October 31, 2009, based upon preliminary indications of potential pricing ranges for our initial public offering. We expect to record compensation expense associated with the November 17, 2009 grants of $3.4 million through the end of fiscal year 2010.

Recoverability of Intangible Assets, Including Goodwill

Intangible assets consist primarily of content, domain names, customer and publisher relationships, non-compete agreements, and other intangible assets. Intangible assets acquired in a business combination are measured at fair value at the date of acquisition. We amortize all intangible assets on a straight line basis over their expected lives. As of June 30, 2009 and September 30, 2009, we had $106.7 million and $119.5 million of goodwill, respectively, and $34.0 million and $36.6 million of other intangible assets, respectively, with estimable useful lives on our consolidated balance sheets.

We review our indefinite-lived intangible assets for impairment at least annually or as indicators of impairment exist based on comparing the fair value of the asset to the carrying value of the asset. Goodwill is currently our only indefinite-lived intangible asset. We perform our annual goodwill impairment test in the fourth quarter for each of our DMS and DSS reporting units. Our goodwill impairment test requires the use of fair-value techniques, which are inherently subjective.

We performed our goodwill impairment test on our DMS reporting unit by comparing the fair value of the business enterprise as adjusted for the value of the DSS reporting unit to its carrying value. The business enterprise value as a whole calculated on April 20, 2009 for our goodwill impairment test in the fourth quarter of 2009 differs from the implied market capitalization based on the fair value of an individual share of our common stock used for granting stock options as March 31, 2009, as described below under "Management's Discussion and Analysis of Financial Condition and Results of Operations — Critical Accounting Estimates — Stock-Based Compensation," because the business enterprise value is the estimated value that would be

received for the sale of the company as a whole in an orderly transaction between market participants, whereas the estimated value used to determine the fair value of an individual share of common stock was determined on the basis of a non-marketable minority share of a non-public company. The calculation of the non-marketable minority interest of an individual share takes into consideration interest bearing debt, the fair value of stock options issued, shares outstanding and a marketability discount on common stock that is not freely tradable in a public market. Fair value of our DSS reporting unit was estimated in April 2009 using the income approach. Under the income approach, we calculated the fair value of our DSS reporting unit based on the present value of estimated future cash flows.

The valuation of goodwill could be affected if actual results differ substantially from our estimates. Circumstances that could affect the valuation of goodwill include, among other things, a significant change in our business climate and buying habits of our subscriber base along with increased costs to provide systems and technologies required to support our content and search capabilities. Based on our analysis in the fourth quarter of 2009, no impairment of goodwill was indicated. We have determined that a 10% change in our cash flow assumptions or a marginal change in our discount rate as of the date of our most recent goodwill impairment test would not have changed the outcome of the test.

We evaluate the recoverability of our long-lived assets in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-lived Assets, or SFAS 144. SFAS 144 requires recognition of impairment of long-lived assets in the event that the net book value of such assets exceeds the future undiscounted net cash flows attributable to such assets. In accordance with SFAS 144, we recognize impairment, if any, in the period of identification to the extent the carrying amount of an asset exceeds the fair value of such asset. Based on our analysis, no impairment was recorded in fiscal year 2009.

Net Revenue

	Three Months Ended September 30,		2008-2009 % Change
	2008	2009	
	(In thousands)		
Net revenue	$63,678	$78,552	23%
Cost of revenue	45,281	55,047	22%

Net revenue increased $14.9 million, or 23%, from the three months ended September 30, 2008 to the three months ended September 30, 2009. Substantially all of this increase was attributable to an increase in revenue from our financial services client vertical. Financial services client vertical net revenue increased from $15.2 million in the three months ended September 30, 2008 to $31.0 million in the corresponding 2009 period, an increase of $15.8 million, or 104%. The increase in financial services client vertical revenue was driven by lead and click volume increases at relatively steady prices.

Cost of Revenue

Cost of revenue increased $9.8 million, or 22%, from the three months ended September 30, 2008 to the three months ended September 30, 2009. The increase in cost of revenue was driven by a $9.3 million increase in media costs due to lead and click volume increases. Gross margin, which is the difference between net revenue and cost of revenue as a percentage of net revenue, increased from 28.9% for the three months ended September 30, 2008 to 29.9% for the three months ended September 30, 2009. The increase in gross margin is attributable to revenue growth of 23% from the three months ended September 30, 2008 to the three months ended September 30, 2009 in conjunction with a moderate compensation expense increase of only 2% for the same period due to a reduction in workforce in the third quarter of fiscal year 2009.

Product Development Expenses

Product development expenses increased $713,000, or 19%, from the three months ended September 30, 2008 to the three months ended September 30, 2009. The increase is attributable to increased performance bonuses and compensation expense of $552,000 from the three months ended September 30, 2008 to the three months ended September 30, 2009 and, to a lesser extent, increased stock-based compensation expense of $92,000 and professional services fees of $89,000 associated with the development of our technology platforms.

Sales and Marketing Expenses

Sales and marketing expenses declined $634,000, or 15%, from the three months ended September 30, 2008 to the three months ended September 30, 2009. The decline is due to a 23% decrease in our sales and marketing headcount and related compensation expenses of $769,000, partially offset by increased stock-based compensation expense of $91,000. The decline in headcount and related compensation expense is driven by a reduction in workforce in the third quarter of fiscal year 2009.

General and Administrative Expenses

General and administrative expenses decreased $295,000, or 8%, from the three months ended September 30, 2008 to the three months ended September 30, 2009. The decline is driven by a decrease in our legal expenses of $633,000 attributable to the settlement of an ongoing legal matter in the fourth quarter of fiscal year 2009, partially offset by increased stock-based compensation expense of $390,000.

Interest and other income (expense), net was flat from the three months ended September 30, 2008, to the three months ended September 2009. The decrease in interest income is due to a decline in our invested cash balances. Other income (expense), net increased $69,000, or 135%, from the three months ended September 30, 2008 to the three months ended September 30, 2009 due to the weakening of the U.S. dollar against the Canadian dollar.

Provision for Taxes

	2008	2009
	(In thousands)	
Provision for taxes	$2,719	$4,837
Effective tax rate	45.1%	42.6%

The decline in our effective tax rate from the three months ended September 30, 2008 to the three months ended September 30, 2009 was impacted by decreased state income tax expense in jurisdictions in which we no longer had a physical presence, the unavailability of research and development tax credits during the three months ended September 30, 2008 and, to a lesser extent, increased tax deductions associated with employee stock option disqualifying dispositions. The decline was offset by increased non-deductible stock-based compensation expense.

Comparison of Fiscal Years Ended June 30, 2007, 2008 and 2009

Net Revenue

	Fiscal Year Ended June 30,			2007-2008 % Change	2008-2009 % Change

Cost of revenue	108,945	130,869	181,593	20%	39%

Net revenue increased $68.5 million, or 36%, from fiscal year 2008 to fiscal year 2009, attributable primarily to an increase in our financial services and education client verticals, offset in part by a decline in our DSS business. Financial services client vertical net revenue increased from $21.9 million in fiscal year 2008 to $79.7 million in fiscal year 2009, an increase of $57.8 million, or 264%. Revenue growth in our financial services client vertical was driven by lead and click volume increases at relatively steady prices and the full effect of the acquisition of SureHits in the fourth quarter of fiscal year 2008. Our education client vertical net revenue increased from $142.2 million in fiscal year 2008 to $151.4 million in fiscal year 2009, an increase of $9.1 million, or 6%, half due to lead volume increases and half due to pricing increases. Our other client verticals' net revenue increased from $24.3 million in fiscal year 2008 to $26.3 million in fiscal year 2009, an increase of $2.0 million, or 8%, due primarily to the full effect of the acquisition of the assets of Vendorseek L.L.C., within our B2B client vertical in the fourth quarter of fiscal year 2008. The revenue increase in our other client verticals was partially offset by declines in our home services client vertical due to both a challenging economic environment and lack of available consumer credit.

Net revenue increased $24.7 million, or 15%, from fiscal year 2007 to fiscal year 2008, attributable primarily to increases in our education, financial services and other client verticals, partially offset by declines in our DSS business. Education client vertical net revenue increased from $131.0 million to $142.2 million, an increase of $11.2 million, or 9%, due to lead volume increases at relatively steady prices. Financial services client vertical net revenue increased from $12.2 million to $21.9 million, an increase of $9.7 million, or 80%. Revenue growth in our financial services client vertical was driven by the acquisition of SureHits in the fourth quarter of fiscal year 2008. Net revenue from our other client verticals increased from $16.6 million in fiscal year 2007 to $24.3 million in fiscal year 2008, an increase of $7.7 million, or 46%, due to a $6.0 million increase in our home services client vertical primarily resulting from the acquisition of ReliableRemodeler in the third quarter of fiscal year 2008 and, to a lesser extent, organic growth.

Cost of Revenue

Cost of revenue increased $50.7 million, or 39%, from fiscal year 2008 to fiscal year 2009, driven by a $43.3 million increase in media costs due to lead and click volume increases and, to a lesser extent, increased amortization of acquisition-related intangible assets of $4.2 million resulting from acquisitions in fiscal years 2008 and 2009. Our gross margin declined from 31.8% in fiscal year 2008 to 30.3% in fiscal year 2009 due primarily to the acquisition of SureHits, which is characterized by lower gross margins.

Cost of revenue increased $21.9 million, or 20%, from fiscal year 2007 to fiscal year 2008, driven by a $14.0 million increase in media costs due to lead volume increases and, to a lesser extent, increased personnel costs of $2.7 million due to an 11% increase in average headcount and related compensation expense increases, as well as increased amortization of acquisition-related intangible assets resulting from acquisitions in fiscal year 2008. Gross margin declined from 34.9% in fiscal year 2007 to 31.8% in fiscal year 2008 due to increases in both the above mentioned headcount and related compensation expense (including stock-based compensation expense), as well as increases in fixed costs, and increased amortization of acquired intangible assets associated with acquisitions during fiscal year 2008.

Product Development Expenses

Product development expenses increased $836,000, or 6%, from fiscal year 2008 to fiscal year 2009, due to increased management performance bonuses and increased stock-based compensation expense. The increased management performance bonuses were paid in connection with our achievement of specified financial metrics during fiscal year 2009 that were not achieved in the corresponding prior year period, as well as an increase in the number of individuals eligible for such bonuses. The increase in product development expenses was partially offset by a reduction in workforce in the third quarter of fiscal year 2009. Product development expenses remained flat from fiscal year 2007 to fiscal year 2008.

Sales and Marketing Expenses

Sales and marketing expenses increased $3.7 million, or 30%, from fiscal year 2008 to fiscal year 2009, due to increased stock-based compensation expense of $1.2 million, increased personnel costs of $888,000, increased consulting fees of $340,000, increased advertising and marketing expenses associated with marketing campaigns of $331,000 and increased depreciation and amortization of $193,000. The increase in personnel costs was due to an 18% increase in average headcount and related compensation expenses driven by the acquisition of ReliableRemodeler in the third quarter of fiscal year 2008. Increased consulting, advertising and marketing expenses was due to overall increases in sales and marketing activities associated with the increased volume of business in fiscal year 2009 as compared to the prior year period. The increase was partially offset by a reduction in workforce in the third quarter of fiscal year 2009.

Sales and marketing expenses increased $3.9 million, or 46%, from fiscal year 2007 to fiscal year 2008, due to increased personnel costs of $3.9 million driven by a 47% increase in average headcount and a one-time payout of a management retention bonus in the second quarter of fiscal year 2008, and, to a lesser extent, increased stock-based compensation expense. The increase in personnel costs was driven by the acquisition of ReliableRemodeler in the third quarter of fiscal year 2008.

General and Administrative Expenses

General and administrative expenses remained relatively flat in fiscal year 2009 compared to fiscal year 2008. The slight decline consisted of a decrease in legal expenses of $987,000, partially offset by an increase in stock-based compensation expense of $741,000. The decline in legal expenses is attributable to a decrease in expenses related to an ongoing legal matter which was settled prior to the fourth quarter of fiscal year 2009. In connection with the settlement, we paid a one-time, non-refundable fee of $850,000. We recognized an intangible asset of $226,000 related to the estimated fair value of the license and expensed the remaining $624,000 as a settlement expense.

General and administrative expenses increased $1.9 million, or 17%, from fiscal year 2007 to fiscal year 2008. The increase was driven by increased legal fees of $973,000 associated with the legal matter discussed above, increased personnel costs of $1.2 million due to a 6% increase in average headcount and a one-time payout of management retention bonuses in the second quarter of fiscal year 2008.

Interest and other income (expense), net declined $4.0 million from fiscal year 2008 to fiscal year 2009 due to increased interest expense, lowered interest income and foreign currency losses. The increase in interest

expense is due to an increase in non-cash imputed interest on acquisition-related notes payable and a draw down on our credit facilities. Decreased interest income is due to a decline in our invested cash balances. The decline in other income (expense), net was due to foreign currency losses driven by weakening of the Canadian dollar against the U.S. dollar.

Interest and other income (expense), net declined $621,000 from fiscal year 2007 to fiscal year 2008 due to increased non-cash imputed interest expense associated with an increase in acquisition-related notes payable and the draw down on our credit facilities, reduced interest income due to lower average investment balances and declining average interest rates. The increase in other income (expense), net relates to a change in the functional currency of one of our subsidiaries and the resulting reclassification of an unrealized currency translation gain from other comprehensive income to other income (expense), net.

Provision for Taxes

	Fiscal Year Ended June 30,		
	2007	2008	2009
		(In thousands)	
Provision for taxes	$9,828	$8,876	$13,909
Effective tax rate	38.6%	40.8%	44.6%

The increase in our effective tax rate from fiscal year 2008 to fiscal year 2009 was impacted by increased state income tax expense in connection with our acquisitions of businesses in various jurisdictions within the U.S. in which we did not previously have a presence and, to a lesser extent, increased foreign income taxes and non-deductible stock-based compensation expense. The increase in our effective tax rate was partially offset by increased research and development tax credits recorded in connection with the "Emergency Economic Stabilization Act of 2008," or the Act. On October 3, 2008, the Act, which contains the "Tax Extenders and Alternative Minimum Tax Relief Act of 2008" was signed into law. Under the Act, the research credit was retroactively extended for amounts paid or incurred after December 31, 2007 and before January 1, 2010.

The increase in our effective tax rate from fiscal year 2007 to fiscal year 2008 was due to increased non-deductible stock-based compensation expense and a decline in federal research and development tax credits in fiscal year 2008 due to the expiration of research and development credit laws in December 31, 2007.

Quarterly Results of Operations

The following table sets forth our unaudited quarterly consolidated statements of operations data for fiscal year 2008, fiscal year 2009 and the first quarter of fiscal year 2010. We have prepared the statements of operations for each of these quarters on the same basis as the audited consolidated financial statements included elsewhere in this prospectus and, in the opinion of the management, each statement of operation includes all adjustments, consisting solely of normal recurring adjustments, necessary for the fair statement of the results of operations for these periods. This information should be read in conjunction with the audited consolidated financial statements and related notes included elsewhere in this prospectus. These quarterly operating results are not necessarily indicative of our operating results for any future period.

Adjusted EBITDA

Our use of Adjusted EBITDA. We include Adjusted EBITDA in this prospectus because (i) we seek to manage our business to a consistent level of Adjusted EBITDA as a percentage of net revenue, (ii) it is a key basis upon which our management assesses our operating performance, (iii) it is one of the primary metrics investors use in evaluating Internet marketing companies, (iv) it is a factor in the evaluation of the performance of our management in determining compensation, and (v) it is an element of certain maintenance covenants under our debt agreements. We define Adjusted EBITDA as net income less interest and other income plus interest and other expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and foreign-exchange (loss) gain. Restructuring charges have not been expensed and have not been adjusted for in our Adjusted EBITDA.

We use Adjusted EBITDA as a key performance measure because we believe it facilitates operating performance comparisons from period to period by excluding potential differences caused by variations in capital structures (affecting interest expense), tax positions (such as the impact on periods or companies of changes in effective tax rates or fluctuations in permanent differences or discrete quarterly items) and the impact of depreciation and amortization expense on definite-lived intangible assets. Because Adjusted EBITDA facilitates internal comparisons of our historical operating performance on a more consistent basis, we also use Adjusted EBITDA for business planning purposes, to incentivize and compensate our management personnel and in evaluating acquisition opportunities.

In addition, we believe Adjusted EBITDA and similar measures are widely used by investors, securities analysts, ratings agencies and other interested parties in our industry as a measure of financial performance and debt-service capabilities. Our use of Adjusted EBITDA has limitations as an analytical tool, and you

should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA does not reflect our cash expenditures for capital equipment or other contractual commitments;
- although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash capital expenditure requirements for such replacements;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Adjusted EBITDA does not consider the potentially dilutive impact of issuing equity-based compensation to our management team and employees;
- Adjusted EBITDA does not reflect the significant interest expense or the cash requirements necessary to service interest or principal payments on our indebtedness;
- Adjusted EBITDA does not reflect certain tax payments that may represent a reduction in cash available to us; and
- other companies, including companies in our industry, may calculate Adjusted EBITDA measures differently, which reduces their usefulness as a comparative measure.

Because of these limitations, Adjusted EBITDA should not be considered as a measure of discretionary cash available to us to invest in the growth of our business. When evaluating our performance, you should consider Adjusted EBITDA alongside other financial performance measures, including various cash flow metrics, net loss and our other GAAP results.

The following table presents a reconciliation of Adjusted EBITDA to net income, the most comparable GAAP measure, for each of the periods indicated:

Adjusted EBITDA quarterly trends. We seek to manage our business to a consistent level of Adjusted EBITDA as a percentage of net revenue. We do so on a fiscal year basis by varying our operations to balance revenue growth and costs throughout the fiscal year. We do not seek to manage our business to a consistent level of Adjusted EBITDA on a quarterly basis. For fiscal years 2003 to 2009, Adjusted EBITDA as a percentage of revenue was 22%, 20%, 22%, 23%, 22%, 19% and 22%, respectively.

For quarterly periods from September 30, 2007 to September 30, 2009, Adjusted EBITDA as a percentage of revenue was 19%, 11%, 21%, 23%, 19%, 18%, 27%, 22%, and 23%, respectively. In general, Adjusted EBITDA as a percentage of revenue tends to be seasonally weaker in the quarters ending September 30 and, particularly, December 31 and stronger in quarters ending March 31 and June 30. For the three months ended December 31, 2007, Adjusted EBITDA as a percentage of revenue was 11%. This was due to typical seasonal weakness and a one-time management tenure bonus. For the three months ended March 31, 2009, Adjusted EBITDA as a percentage of revenue was 27%. This was due to a reduction in work force undertaken at the beginning of that period based on concerns held by our management team regarding the deteriorating economic climate. The economic climate did not have a negative effect on us in a fashion that impacted our revenue growth, and our reduced cost basis resulting from our work force reduction, combined with our

revenue growth, resulted in an Adjusted EBITDA margin for the period that exceeded our historical quarterly Adjusted EBITDA margin performance. We manage our business to a desired Adjusted EBITDA margin level on a fiscal year basis, not on a quarterly basis, and investors should expect our Adjusted EBITDA margins to vary from quarter to quarter.

Liquidity and Capital Resources

Our primary operating cash requirements include the payment of media costs, personnel costs, costs of information technology systems and office facilities.

Since our inception, we have financed our operations and acquisitions primarily through cash flow from operations, private placements of our convertible preferred stock and borrowing under our bank credit facilities and seller notes. We have generated approximately $138.3 million in cash flows from operations and have received a total of approximately $37.4 million from private share placements and an additional $5.4 million from the exercise of stock options to purchase shares of our common stock. Our principal sources of liquidity as of September 30, 2009, consisted of cash and cash equivalents of $28.1 million and our revolving credit facility which had $57.3 million available for borrowing as of such date.

Net Cash Provided by or Used in Operating Activities

Net cash used in operating activities was $0.3 million in the three months ended September 30, 2008 and net cash provided by operating activities was $11.8 million in the three months ended September 30, 2009 and $25.2 million, $24.8 million and $32.6 million in fiscal years 2007, 2008 and 2009, respectively. Our net cash provided by or used in operating activities is primarily a result of our net income adjusted by non-cash expenses such as depreciation and amortization, stock-based compensation expense, provision for sales returns and changes in working capital components, and is influenced by the timing of cash collections from our clients and cash payments for purchases of media and other expenses.

Net cash provided by operating activities in the three months ended September 30, 2009, was driven by net income of $6.5 million, non-cash depreciation, amortization and stock-based compensation expense of $6.2 million and an increase in accrued liabilities of $4.2 million, moderated by an increase in accounts receivable of $5.8 million. The increase in accrued liabilities is due to timing of payments and the overall growth of our business. The increase in accounts receivable is attributable to increased revenue, as well as timing of receipts.

Net cash used in operating activities in the three months ended September 30, 2008 was impacted by an increase in accounts receivable of $8.6 million, and to a lesser extent, a decline in accrued liabilities of $1.9 million. The decline was offset by net income of $3.3 million and non-cash depreciation, amortization and stock-based compensation expense of $5.5 million. The increase in accounts receivable is attributable to increased revenue and timing of receipts. The decline in accrued liabilities is due to timing of payments.

Net cash provided by operating activities in fiscal 2009 was due to net income of $17.3 million, non-cash depreciation, amortization and stock-based compensation expense of $22.2 million, moderated by an increase in accounts receivable of $9.0 million and increased deferred tax assets of $4.1 million. The increase in accounts receivable is due to increased revenue of 36% associated with the growth of our business, as well as due to timing of receipts. The increase in deferred tax assets is due to temporary differences between the financial statement carrying amount and the tax basis of existing assets and liabilities.

Net cash provided by operating activities in fiscal 2008 was due to net income of $12.9 million, non-cash depreciation, amortization and stock-based compensation expense of $14.9 million and increased accounts payable and accrued liabilities of $3.0 million, moderated by an increase in deferred tax assets of $3.8 million and excess tax benefits from exercise of stock options of $1.7 million. The increase in accounts payable and accrued liabilities is due to timing of payments. The increase in deferred tax assets is due to temporary differences between the financial statement carrying amount and the tax basis of existing assets and liabilities. The increase in excess tax benefits is attributable to exercises of stock options resulting in tax deductions in excess of recorded stock-based compensation expense.

Net cash provided by operating activities in fiscal 2007 was largely due to net income of $15.6 million and non-cash depreciation, amortization and stock-based compensation expense of $11.7 million.

Net Cash Used in Investing Activities

Our investing activities include acquisitions of media websites and businesses; purchases, sales and maturities of marketable securities; capital expenditures; and capitalized internal development costs. Net cash used in investing activities was $11.2 million and $12.5 million in the three months ended September 30, 2008 and 2009, respectively, and was $26.4 million, $49.2 million and $27.3 million in fiscal years 2007, 2008 and 2009, respectively. Capital expenditures and internal software development costs totaled $0.9 million and $0.8 million in the three months ended September 30, 2008 and 2009, respectively, and $3.5 million, $3.6 million and $2.4 million in fiscal years 2007, 2008 and 2009, respectively.

Cash used in investing activities in the three months ended September 30, 2009 was impacted by the acquisition of Payler Corp. D/B/A HSH Associates Financial Publishers, or HSH, a New Jersey-based online company providing comprehensive mortgage rate information for an initial $6.0 million cash payment, as well as by purchases of the operations of 12 other website publishing businesses for an aggregate of approximately $4.6 million in cash payments.

Cash used in investing activities in fiscal year 2009 was impacted by the acquisition of U.S. Citizens for Fair Credit Card Terms, Inc, or CardRatings, for an initial cash payment of $10.4 million, as well as purchases of the operations of 33 other website publishing businesses for an aggregate of approximately $14.6 million in cash payments. Cash used in investing activities in fiscal year 2008 was driven by the acquisitions of SureHits, ReliableRemodeler and Vendorseek amounting to total cash payments of $54.7 million, as well as purchases of the operations of 20 website publishing businesses for an aggregate of approximately $9.5 million in cash payments. Cash used in investing activities in fiscal year 2008 was partially offset by proceeds from sales and maturities of marketable securities, net of purchases of marketable securities, of $17.5 million. Cash used in investing activities in fiscal year 2007 was driven by purchases of the operations of 32 website publishing businesses for an aggregate of approximately $11.8 million in cash payments, as well as purchases of marketable securities, net of proceeds from sales and maturities or marketable securities, of $11.0 million.

Net Cash Provided by or Used in Financing Activities

Cash provided by financing activities was $3.6 million and $6.9 million in the three months ended September 30, 2009 and 2008, respectively. Cash provided by financing activities in the three months ended September 30, 2009 was due to proceeds from a draw down of our revolving credit facility of $6.5 million, partially offset by $3.3 million in principal payments on acquisition-related notes payable and our term loan, as well as repurchases of our common stock.

Cash used in financing activities was $5.0 million and $2.8 million in fiscal years 2009 and 2007, respectively, and cash provided by financing activities was $22.8 million in fiscal year 2008. Cash used in financing activities in fiscal year 2009 was due to principal payments on acquisition-related notes payable and our term loan of $13.1 million and stock repurchases of $1.3 million, partially offset by proceeds from a draw down of our revolving credit facility of $8.6 million. Cash provided by financing activities in fiscal year 2008 was driven by proceeds from our term loan of $29.0 million and proceeds from issuance of common stock as a result of stock option exercises of $2.6 million, partially offset by $5.6 million in stock repurchases and principal payments on acquisition-related notes payable of $4.9 million. Cash used in financing activities in fiscal year 2007 was driven by principal payments on acquisition-related notes payable of $3.9 million, partially offset by proceeds from issuance of common stock as a result of stock option exercises of $0.7 million.

Capital Resources

We believe that our cash and cash equivalents, funds generated from our operations and available amounts under our credit facilities, together with the net proceeds of this offering, will be sufficient to meet our working capital and non-acquisition related capital expenditure requirements for at least the next

12 months. In order to expand our business or acquire additional complementary businesses or technologies, we may need to raise additional funds through equity or debt financings. If required, additional financing may not be available on terms that are favorable to us, if at all. If we raise additional funds through the issuance of equity or convertible debt securities, the percentage ownership of our stockholders will be reduced and these securities might have rights, preferences and privileges senior to those of our current stockholders. No assurance can be given that additional financing will be available or that, if available, such financing can be obtained on terms favorable to our stockholders and us.

During the last three years, inflation and changing prices have not had a material effect on our business and we do not expect that inflation or changing prices will materially affect our business in the foreseeable future.

Off-Balance Sheet Arrangements

During the periods presented, we did not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purpose.

Contractual Obligations

The following table summarizes our contractual obligations at June 30, 2009 and the effect such obligations are expected to have on our liquidity and cash flow in future periods.

	Payments Due by Period				
	Total	Less Than 1 Year	1 to 3 Years	3 to 5 Years	More Than 5 Years
			(In thousands)		
Debt	$ 34,757	$ 3,000	$ 11,250	$ 20,507	$ —
Notes payable	25,069	10,214	12,005	2,850	—
Operating lease obligations	1,368	1,104	264	—	—
	$ 61,194	$ 14,318	$ 23,519	$ 23,357	$ —

In connection with the acquisition of SureHits, we also may be required to make certain earn-out payments in the aggregate amount of $13.5 million, payable in increments in the amount of $4.5 million annually on January 1 of 2010, 2011 and 2012, contingent upon the achievement of specified financial targets. In November 2009, we acquired the website assets of the Internet.com division of WebMediaBrands, Inc. for $16.0 million in cash and a $2.0 million non-interest bearing, unsecured promissory note.

In August 2006, we entered into a loan and security agreement which makes available a $30 million revolving credit facility from a financial institution. In January 2008, we signed an amendment to this loan and security agreement, expanding the revolving credit availability to $60 million.

In September 2008, we replaced our existing revolving credit facility of $60 million with credit facilities totaling $100 million and in November 2009, we extended that capacity to $130 million. As of September 30, 2009, the facilities consisted of a $30 million five-year term loan, with principal amortization of 10%, 10%, 20%, 25% and 35% annually, and a $100 million revolving credit facility. We may repay the remaining balance of the term loan and some or all of our revolving credit facility from the proceeds of this offering. Borrowings under the credit facilities are collateralized by our assets and interest is payable quarterly at specified margins above either LIBOR or the Prime Rate. As of September 30, 2009, the interest rate varied dependent upon the ratio of funded debt to adjusted EBITDA and ranged from LIBOR + 1.875% to 2.625% or Prime + 0.75% to 1.25% for the revolving credit facility and from LIBOR + 2.25% to 3.0% or Prime + 0.75% to 1.25% for the term loan. Adjusted EBITDA, as defined in our bank credit facility, is substantially similar to our measure of Adjusted EBITDA set forth under “Prospectus Summary — Summary Consolidated Financial Data.” As of September 30, 2009, $27.8 million was outstanding under the term loan and $12.8 million was outstanding under the revolving credit facility. The credit facilities expire in September 2013. Under the loan

and revolving credit facility agreement, we are required to maintain certain minimum financial ratios computed as follows:

- Quick ratio: ratio of (a) the sum of unrestricted cash and cash equivalents and trade receivables less than 90 days from invoice date to (b) current liabilities and face amount of any letters of credit less the current portion of deferred revenue.
- Fixed charge coverage: ratio of (a) trailing 12 months of adjusted EBITDA to (b) the sum of capital expenditures, net cash interest expense, cash taxes, cash dividends and trailing 12 months payments of indebtedness. Payment of unsecured indebtedness is excluded to the degree that sufficient unused revolving credit facility exists such that the relevant debt payment could have been made from the credit facility.
- Funded debt to adjusted EBITDA: ratio of (a) the sum of all obligations owing to lending institutions, the face amount of any letters of credit, indebtedness owing in connection with seller notes and indebtedness owing in connection with capital lease obligations to (b) trailing 12-month adjusted EBITDA.

We were in compliance with these minimum financial ratios as of June 30, 2008 and 2009 and as of September 30, 2009.

In January 2010, we replaced our existing credit facility with a credit facility with a total borrowing capacity of $175.0 million. The new facility consists of a $35.0 million four-year term loan, with principal amortization of 10%, 15%, 35% and 40% annually, and a $140.0 million four-year revolving credit facility. We are not required to repay any portion of this new facility from the proceeds of this offering.

The operating lease obligations reflected in the table above primarily include our corporate office leases.

The notes payable reflected in the table above consist of non-interest-bearing, unsecured promissory notes issued in connection with acquisitions.

Guarantees

We have agreements whereby we indemnify our officers and directors for certain events or occurrences while the officer or director is, or was serving, at our request in such capacity. The term of the indemnification period is for the officer or director's lifetime. The maximum potential amount of future payments we could be required to make under these indemnification agreements is unlimited; however, we have a director and officer insurance policy that limits our exposure and enables us to recover a portion of any future amounts paid. As a result of our insurance policy coverage, we believe the estimated fair value of these indemnification agreements is minimal. Accordingly, we have not recorded any liabilities for these agreements.

In the ordinary course of our business, we enter into standard indemnification provisions in our agreements with our clients. Pursuant to these provisions, we indemnify our clients for losses suffered or incurred in connection with certain third-party claims that our product infringed any United States patent, copyright or other intellectual property rights. With respect to our DSS products, we also indemnify our clients for losses incurred in connection with third-party claims that the items and content we provide infringe upon the intellectual property rights of any third party. In some cases we are also obligated to either secure the rights to use, replace or modify the items and content, and, in the event that we are unable to achieve the foregoing, the client is entitled to terminate the agreement and receive a refund of certain payments made to us. Each of these agreements contain general limitations on our liability.

The potential amount of future payments to defend lawsuits or settle indemnified claims under these indemnification provisions may be unlimited; however, we believe the estimated fair value of these indemnity provisions is minimal, and accordingly, we have not recorded any liabilities for these agreements.

Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board, or FASB, issued a new accounting standard that changes the accounting for business combinations, including the measurement of acquirer shares issued in consideration for a business combination, the recognition of contingent consideration, the accounting for pre-acquisition gain and loss contingencies, the recognition of capitalized in-process research and development, the accounting for acquisition-related restructuring cost accruals, the treatment of acquisition-related transaction costs and the recognition of changes in the acquirer's income tax valuation allowance. The new standard applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The adoption of the new standard did not have a material impact on our consolidated financial statements, but is likely to have a material impact on how we account for any future business combinations into which we may enter.

In May 2009, the FASB issued a new accounting standard that establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. In particular, the new standard sets forth (1) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (2) the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements; and (3) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. We applied the requirement of this standard effective June 30, 2009 and included additional disclosures in the notes to our consolidated financial statements.

In June 2009, the FASB issued a new accounting standard that provides for a codification of accounting standards to be the authoritative source of generally accepted accounting principles in the United States. Rules and interpretive releases of the SEC under federal securities laws are also sources of authoritative GAAP for SEC registrants. We adopted the provisions of the authoritative accounting guidance for the interim reporting period ended September 30, 2009. The adoption did not have a material effect on our consolidated results of operations or financial condition.

In October 2009, the FASB issued a new accounting standard that changes the accounting for arrangements with multiple deliverables. Specifically, the new standard requires an entity to allocate arrangement consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. In addition, the new standard eliminates the use of the residual method of allocation and requires the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables. In October 2009, the FASB also issued a new accounting standard that changes revenue recognition for tangible products containing software and hardware elements. Specifically, if certain requirements are met, revenue arrangements that contain tangible products with software elements that are essential to the functionality of the products are scoped out of the existing software revenue recognition accounting guidance and will be accounted for under the multiple-element arrangements revenue recognition guidance discussed above. Both standards will be effective for us in the first quarter of fiscal year 2011. Early adoption is permitted. We do not anticipate the adoption of these standards to have a material impact on our consolidated financial statements.

Quantitative and Qualitative Disclosures about Market Risk

Foreign Currency Exchange Risk

To date, our international client agreements have been denominated solely in U.S. dollars, and accordingly, we have not been exposed to foreign currency exchange rate fluctuations related to client agreements, and do not currently engage in foreign currency hedging transactions. However, as the local accounts for our India and Canada operations are maintained in the local currency of India and Canada, we are subject to foreign currency exchange rate fluctuations associated with remeasurement to U.S. dollars. A hypothetical change of 10% in foreign currency exchange rates would not have a material impact on our consolidated financial condition or results of operations.

Interest Rate Risk

We had cash, cash equivalents and short-term investments totaling $28.1 million, $25.2 million and $27.3 million at September 30, 2009, June 30, 2009 and June 30, 2008, respectively. These amounts were invested primarily in money market funds, short-term deposits and marketable securities with original maturities of less than three months. The unrestricted cash, cash equivalents and short-term investments are held for working capital purposes and short-term acquisitions financing. We do not enter into investments for trading or speculative purposes. We believe that we do not have any material exposure to changes in the fair value as a result of changes in interest rates due to the short-term nature of our cash equivalents and short-term investments. Declines in interest rates, however, would reduce future investment income.

As of September 30, 2009, we had outstanding a credit facility consisting of a term loan, with principal amortization of 10%, 10%, 20%, 25% and 35% annually, and a $100 million revolving credit facility. As of September 30, 2009, we had $27.8 million outstanding on our term loan and $12.8 million outstanding on our revolving credit facility. Interest on the credit facility is payable quarterly at specified margins above either LIBOR or the Prime Rate. The interest rate varies dependent upon the ratio of funded debt to adjusted EBITDA and ranges from LIBOR + 1.875% to 2.625% or Prime + 0.75% to 1.25% for the revolving credit facility and from LIBOR + 2.25% to 3.0% or Prime + 0.75% to 1.25% for the term loan. A hypothetical change of 1% in the interest rate on our credit facility would lead to higher interest expense, but we do not believe it would materially affect our overall consolidated financial condition or results of operations.

In January 2010, we replaced our existing credit facility with a credit facility with a total borrowing capacity of $175.0 million. The new facility consists of a $35.0 million four-year term loan, with principal amortization of 10%, 15%, 35% and 40% annually, and a $140.0 million four-year revolving credit facility. Interest on borrowings under the new credit facility is payable quarterly at specified margins above either LIBOR or the Prime Rate. The interest rate varies dependent upon the ratio of funded debt to adjusted EBITDA and ranges from LIBOR + 2.125% to 2.875% or Prime + 1.00% to 1.50% for the revolving credit facility and from LIBOR + 2.50% to 3.25% or Prime + 1.00% to 1.50% for the term loan. The interest rates on the new credit facility are higher than on the previous credit facility. Our exposure to interest rate risk under the new credit facility will depend on the extent to which we utilize such facility. If our borrowings under the new facility are comparable to our borrowings under the previous credit facility, we do not believe our exposure to interest rate risk will be materially different.

BUSINESS

Our Company

QuinStreet is a leader in vertical marketing and media on the Internet. We have built a strong set of capabilities to engage Internet visitors with targeted media and to connect our marketing clients with their potential customers online. We focus on serving clients in large, information-intensive industry verticals where relevant, targeted media and offerings help visitors make informed choices, find the products that match their needs, and thus become qualified customer prospects for our clients. Our current primary client verticals are the education and financial services industries. We also have a presence in the home services, business-to-business, or B2B, and healthcare industries.

We generate revenue by delivering measurable online marketing results to our clients. These results are typically in the form of qualified leads or clicks, the outcomes of customer prospects submitting requests for information on, or to be contacted regarding, client products, or their clicking on or through to specific client offers. These qualified leads or clicks are generated from our marketing activities on our websites or on third-party websites with whom we have relationships. Clients primarily pay us for leads that they can convert into customers, typically in a call center or through other offline customer acquisition processes, or for clicks from our websites that they can convert into applications or customers on their websites. We are predominantly paid on a negotiated or market-driven “per lead” or “per click” basis. Media costs to generate qualified leads or clicks are borne by us as a cost of providing our services.

Founded in 1999, we have been a pioneer in the development and application of measurable marketing on the Internet. Clients pay us for the actual opt-in actions by prospects or customers that result from our marketing activities on their behalf, versus traditional impression-based advertising and marketing models in which an advertiser pays for more general exposure to an advertisement. We have been particularly focused on developing and delivering measurable marketing results in the search engine “ecosystem”, the entry point of the Internet for most of the visitors we convert into qualified leads or clicks for our clients. We own or partner with vertical content websites that attract Internet visitors from organic search engine rankings due to the quality and relevancy of their content to search engine users. We also acquire targeted visitors for our websites through the purchase of pay-per-click, or PPC, advertisements on search engines. We complement search engine companies by building websites with content and offerings that are relevant and responsive to their searchers, and by increasing the value of the PPC search advertising they sell by matching visitors with offerings and converting them into customer prospects for our clients.

Market Opportunity

Our clients are shifting more of their marketing budgets from traditional media channels such as direct mail, television, radio, and newspapers to the Internet because of increasing usage of the Internet by their potential customers. We believe that direct marketing is the most applicable and relevant marketing segment to us because it is targeted and measurable. According to the July 2009 research report, “Consumer Behavior Online: A 2009 Deep Dive,” by Forrester Research, Americans spend 33% of their time with media on the Internet, but online direct marketing was forecasted to represent only 16% of the $149 billion in total annual U.S. direct marketing spending in 2009, as reported by the Direct Marketing Association. The Internet is an effective direct marketing medium due to its targeting and measurability characteristics. If direct marketing budgets shift to the Internet in proportion to Americans’ share of time spent with media on the Internet — from 16% to 33% of the $149 billion in total spending — that could represent an increased market opportunity of $25 billion. In addition, as traditional media categories such as television and radio shift from analog to digital formats, they can become channels for the targeted and measurable marketing techniques and capabilities we have developed for the Internet, thus expanding our addressable market opportunity. Further future market potential will also come from international markets.

Change in marketing strategy and approach

We believe that marketing approaches are changing as budgets shift from offline, analog advertising media to digital advertising media such as Internet marketing. These changing approaches are fundamental, and require a shift to fundamentally new competencies, including:

From qualitative, impression-driven marketing to analytic, data-driven marketing

We believe that the growth in Internet marketing is enabling a more data-driven approach to advertising. The measurability of online marketing allows marketers to collect a significant amount of detailed data on the performance of their marketing campaigns, including the effectiveness of ad format and placement and user responses. This data can then be analyzed and used to improve marketing campaign performance and cost-effectiveness on substantially shorter cycle times than with traditional offline media.

From account management-based client relationships to results-based client relationships

We believe that marketers are becoming increasingly focused on strategies that deliver specific, measurable results. For example, marketers are attempting to better understand how their marketing spending produces measurable objectives such as meeting their target marketing cost per new customer. As marketers adopt more results-based approaches, the basis of client relationships with their marketing services providers is shifting from being more account management-based to being more results-oriented.

From marketing messages pushed on audiences to marketing messages pulled by self-directed audiences

Traditional marketing messages such as television and radio advertisements are broadcast to a broad audience. The Internet is enabling more self-directed and targeted marketing. For example, when Internet visitors click on PPC search advertisements, they are expressing an interest in and proactively engaging with information about a product or service related to that advertisement. The growth of self-directed marketing, primarily through online channels, allows marketers to present more targeted and potentially more relevant marketing messages to potential customers who have taken the first step in the buying process, which can in turn increase the effectiveness of marketers' spending.

From marketing spending focused on large media buys to marketing spending optimized for fragmented media

We believe that media is becoming increasingly fragmented and that marketing strategies are changing to adapt to this trend. There are millions of Internet websites, tens of thousands of which have significant numbers of visitors. While this fragmentation can create challenges for marketers, it also allows for improved audience segmentation and the delivery of highly targeted marketing messages, but new technologies and approaches are necessary to effectively manage marketing given the increasing complexity resulting from more media fragmentation.

Increasing complexity of online marketing

Online marketing is a dynamic and increasingly complex advertising medium. There are numerous online channels for marketers to reach potential customers, including search engines, Internet portals, vertical content websites, affiliate networks, display and contextual ad networks, email, video advertising, and social media. We refer to these and other marketing channels as media. Each of these channels may involve multiple ad formats and different pricing models, amplifying the complexity of online marketing. We believe that this complexity increases the demand for our vertical marketing and media services due to our capabilities and to our experience managing and optimizing online marketing programs across multiple channels. Also marketers and agencies often lack our ability to aggregate offerings from multiple clients in the same industry vertical, an approach that allows us to cover a wide selection of visitor segments and provide more potential matches to Internet visitor needs. This approach can allow us to convert more Internet visitors into qualified leads or clicks from targeted media sources, giving us an advantage when buying or monetizing that media.

Our Business Model

We deliver cost-effective marketing results to our clients, predictably and scalably, most typically in the form of a qualified lead or click. These leads or clicks can then convert into a customer or sale for the client at a rate that results in an acceptable marketing cost to them. We get paid by clients primarily when we deliver qualified leads or clicks as defined in our agreements. Because we bear the costs of media, our programs must deliver a value to our clients and a media yield, or our ability to generate an acceptable margin on our media costs, that provides a sound financial outcome for us. Our general process is:

- We own or access targeted media.
- We run advertisements or other forms of marketing messages and programs in that media to create visitor responses or clicks through to client offerings.
- We match these responses or clicks to client offerings or brands that meet visitor interests or needs, converting visitors into qualified leads or clicks.
- We optimize client matches and media yield such that we achieve desired results for clients and a sound financial outcome for us.

Media cost, or the cost to attract targeted Internet visitors, is the largest cost input to producing the measurable marketing results we deliver to clients. Balancing our clients' cost and conversion objectives, or the rate at which the leads or clicks that we deliver to them convert into customers, with our media costs and yield objectives, represents the primary challenge in our business model. We have been able to effectively balance these competing demands by focusing on our media sources and capabilities, conversion optimization, and our mix of offerings and client coverage. We also seek to mitigate media cost risk by working with third-party website publishers predominantly on a revenue-share basis; media purchased on a non-revenue-share basis has represented a small minority of our media costs and of the Internet visitors we convert into qualified leads or clicks for clients.

Media and Internet visitor mix

We are a client-driven organization. We seek to be one of the largest providers of measurable marketing results on the Internet in the client industry verticals we serve by meeting the needs of clients for results, reliability and volume. Meeting those client needs requires that we maintain a diversified and flexible mix of Internet visitor sources due to the dynamic nature of online media. Our media mix changes with changes in Internet visitor usage patterns. We adapt to those changes on an ongoing basis, and also proactively adjust our mix of vertical media sources to respond to client or vertical-specific circumstances and to achieve our financial objectives. Our financial objectives are to achieve consistent, sustainable financial performance, but can differ by client or industry vertical, depending on factors such as our need to invest in the development of media sources, marketing programs, or client relationships. Generally, our Internet visitor sources include:

- websites owned and operated by us, with content and offerings that are relevant to our clients' target customers;
- visitors acquired from PPC advertisements purchased on major search engines and sent to our websites;
- revenue sharing agreements with third-party websites with whom we have a relationship and whose content is relevant to our clients' target customers;
- email lists owned by third parties and warranted to us by their owners to comply with the CAN-SPAM Act;
- email lists owned by us, and generated on an opt-in basis from Internet visitors to our websites; and
- display ads run through online advertising networks or directly with major websites or portals.

Conversion optimization

Once we acquire targeted Internet visitors from any of our numerous online media sources, we seek to convert that media into qualified leads or clicks at a rate that balances client results with our media costs or yield objectives. We start by defining the segments and interests of Internet visitors in our verticals, and by providing them with the information and product offerings on our websites and in our marketing programs that best meet their needs. Achieving acceptable client results and media yield then requires ongoing testing, measuring, analysis, feedback, and adaptation of the key components of our Internet marketing programs. These components include the marketing or advertising messaging, content mix, visitor navigation path, mix and coverage of client offerings presented, and point-of-sale conversion messaging — the content that is presented to an Internet visitor immediately prior to converting that individual into a lead or click for our clients. This data complexity is managed by us with technology, data reporting, marketing processes, and personnel. We believe that our scale and ten-year track record give us an advantage, as managing this complexity often implies a steep experience-based learning curve.

Offerings and client coverage

The Internet is a self-directed medium. Internet visitors choose the websites they visit and their online navigation paths, and always have the option of clicking away to a different website or web page. Having offerings or clients that match the interests or needs of website visitors is key to providing results and adequate media yield. Our vertical focus allows us to continuously revise and improve this matching process, to better understand the various segments of visitors and client offerings available to be matched, and to ensure that we enable Internet visitors to find what they seek.

Our Competitive Advantages

Vertical focus and expertise

We focus our efforts on large, attractive market verticals, and on building our depth of media and coverage of clients and client offerings within them. We have been a pioneer in developing vertical marketing and media on the Internet, and in providing measureable marketing results to clients. We focus on clients who are moving their marketing spending to measurable online formats and on information-intensive verticals with large underlying market opportunities and high product or customer lifetime values. This focus allows us to utilize targeted media, in-depth industry and client knowledge, and customer segmentation and breadth of client offerings, or coverage, to deliver results for our clients and greater media yield.

Measurable marketing experience and expertise

We have substantial experience at designing and deploying marketing programs that allow Internet visitors to find the information or product offerings they seek, and that can deliver economically attractive, measurable results to our clients, cost-effectively for us. Such results require frequent testing and balancing of numerous variables, including Internet visitor sources, mix of content and of client and product offerings, visitor navigation paths, prospect qualification, and advertising creative design, among others. The complexity of executing these marketing campaigns is challenging. Due to our scale and ten-year track record, we have successfully executed thousands of Internet marketing programs, and we have gained significant experience managing and optimizing this complexity to meet our clients' volume, quality and cost objectives.

Targeted media

Targeted media attracts Internet visitors who are relatively narrowly focused demographically or in their interests. Targeted media can deliver better measurable marketing results for our clients, at lower media costs for us, due to higher rates of conversion of Internet visitors into leads or clicks for targeted offerings and, often, due to less competition from display advertisers. We have significant experience at creating, identifying, monetizing, and managing targeted media on the Internet. Many of the targeted media sources for our marketing programs are proprietary or more defensible because of our direct ownership of websites in our verticals, our acquisition of targeted Internet visitors directly from search engines to our websites, and our exclusive or long-term relationships

with media properties or sources owned by others. Examples of websites that we own and operate include WorldWideLearn.com, ArmyStudyGuide.com and Chef2Chef.com in our education client vertical; CardRatings.com, MoneyRates.com and Insure.com in our financial services client vertical; AllAboutLawns.com and OldHouseWeb.com in our home services client vertical; and ElderCarelink.com in our healthcare client vertical.

Proprietary technology

We have developed a core technology platform and a common set of applications for managing and optimizing measurable marketing programs across multiple verticals at scale. The primary objectives and effects of our technologies are to achieve higher media yield, deliver better results for our clients, and more efficiently and effectively manage our scale and complexity. We continuously strive to develop technologies that allow us to better match Internet visitors in our verticals to the information, clients or product offerings they seek at scale. In so doing, our technologies can allow us to simultaneously improve visitor satisfaction, increase our media yield, and achieve higher rates of conversions of leads or clicks for our clients — a virtuous cycle of increased value for Internet visitors and our clients and competitive advantage for us. Some of the key applications in our technology platform are:

- an ad server for tracking the placement and performance of content, creative messaging, and offerings on our websites and on those of publishers with whom we work;
- database-driven applications for dynamically matching content, offers or brands to Internet visitors' expressed needs or interests;
- a platform for measuring and managing the performance of tens of thousands of PPC search engine advertising campaigns;
- dashboards or reporting tools for displaying operating and financial metrics for thousands of ongoing marketing campaigns; and,
- a compliance tool capable of cataloging and filtering content from the thousands of websites on which our marketing programs appear to ensure adherence to client branding guidelines and to regulatory requirements.

Approximately one-third of our employees are engineers, focused on building, maintaining and operating our technology platform.

Client relationships

We believe we are a reliable source of measurably effective marketing results for our clients. We endeavor to work collaboratively and in a data-driven way with clients to improve our results for them. Our client retention rate is high. We experienced no attrition among clients that individually accounted for over $100,000 in monthly revenue to us for the one-year period ended September 30, 2009. Those clients represented 75% of our revenue over that time period. In addition, most of our revenue growth comes from existing clients; 88% of our year-over-year revenue growth in the quarter ended September 30, 2009 came from incremental revenue from existing clients, defined as clients we had worked with for at least one year. We believe our high client retention and per client growth rates are due to:

- our close, often direct, relationships with most of our large clients;
- our ability to deliver measurable and attractive return on investment, or ROI, on clients' marketing spending;
- our ownership of, or exclusive access to large amounts of, targeted media inventory and associated Internet visitors in the industry verticals on which we focus; and,
- our ability to consistently and reliably deliver large quantities of qualified leads or clicks.

We believe that our high client retention rates, combined with our depth and breadth of online media in our primary client verticals, indicate that we are becoming an important marketing channel partner for our clients to reach their prospective customers.

Client-driven online marketing approach

We focus on providing measurable Internet marketing and media services to our clients in a way that protects and enhances their brands and their relationships with prospective customers. The Internet marketing programs we execute are designed to adhere to strict client branding and regulatory guidelines, and are designed to match our clients' brands and offers with expressed customer interest. We have contractual arrangements with third-party website publishers to ensure that they follow our clients' brand guidelines, and we utilize our proprietary technologies and trained personnel to help ensure compliance. In addition, we believe that providing relevant, helpful content and client offers that match an Internet visitor's self-selected interest in a product or service, such as requesting information about an education program or financial product, makes that visitor more likely to convert into a customer for our clients.

We do not engage in online marketing practices such as spyware or deceptive promotions that do not provide value to Internet visitors and that can undermine our clients' brands. A small minority of our Internet visitors reach our websites or client offerings through advertisements in emails. We employ practices to ensure that we comply with the CAN-SPAM Act governing unsolicited commercial email.

Acquisition strategy and success

We have successfully acquired vertical marketing and media companies on the Internet, including vertical website businesses, marketing services companies, and technologies. We believe we can integrate and generate value from acquisitions due to our scale, breadth of capabilities, and common technology platform.

- Our ability to monetize Internet media, coupled with client demand for our services, provides us with a particular advantage in acquiring targeted online media properties in the verticals on which we focus.
- Our capabilities in online media can allow us to generate a greater volume of leads or clicks, and therefore create more value, than other owners of marketing services companies that have aggregated client budgets or relationships.
- We can often apply technologies across our business volume to create more value than previous owners of the technology.

Scale

We are one of the largest Internet vertical marketing and media companies in the world. Our scale allows us to better meet the needs of large clients for reliability, volume and quality of service. It allows us to invest more in technologies that improve media yield, client results and our operating efficiency. We are also able to invest more in other forms of research and development, including determining and developing new types of vertical media, new approaches to engaging website visitors, and new segments of Internet visitors and client budgets, all of which can lead to advantages in media costs, effectiveness in delivering client results, and then to more growth and greater scale.

Our Strategy

Our goal is to be one of the largest and most successful marketing and media companies on the Internet, and eventually in other digitized media forms. We believe that we are in the early stages of a very large and long-term business opportunity. Our strategy for pursuing this opportunity includes the following key components:

- *Focus on generating sustainable revenues by providing measurable value to our clients.*
- *Build QuinStreet and our industry sustainably by behaving ethically in all we do and by providing quality content and website experiences to Internet visitors.*

- *Remain vertically focused, choosing to grow through depth, expertise and coverage in our current industry verticals; enter new verticals selectively over time, organically and through acquisitions.*
- *Build a world class organization, with best-in-class capabilities for delivering measurable marketing results to clients and high yields or returns on media costs.*
- *Develop and evolve the best technologies and platform for managing vertical marketing and media on the Internet; focus on technologies that enhance media yield, improve client results and achieve scale efficiencies.*
- *Build, buy and partner with vertical content websites that provide the most relevant and highest quality visitor experiences in the client and media verticals we serve.*
- *Be a client-driven organization; develop a broad set of media sources and capabilities to reliably meet client needs.*

Our Culture

Our values are the foundation of our successful business culture. They represent the standards we strive to achieve and the organization we continuously seek to become. These have been our guiding principles since our founding in 1999. Our values are:

1. ***Performance.*** We understand our business objectives and apply a "whatever it takes" approach to meeting them. We are driven to achieve. We are committed to our own personal and professional development and to that of our colleagues.
2. ***High Standards.*** We hold each other and ourselves to the highest standards of performance, professionalism and personal behavior. We act with the highest of ethical standards. We tolerate and forgive mistakes, but not patterns.
3. ***Teamwork.*** We deal with one another openly, honestly and non-hierarchically in an atmosphere of mutual trust and respect and in pursuit of common stretch goals. We have an obligation to dissent in an effort to reach the best answers. We smooth the way for effective, dynamic team discussions by demonstrating care and concern for each individual in all of our interactions. We support decisions, once made.
4. ***Customer Empathy.*** We strive every day to better understand and anticipate the needs of our customers, including our website visitors, clients and publishers. We leverage our unique insights into higher customer loyalty and competitive advantage.
5. ***Prioritization.*** We always work on what is most important to achieving Company objectives first. If we do not know, we ask or discuss competing demands.
6. ***Urgency.*** We know our goals and measure our progress toward them daily.
7. ***Progress.*** We are pioneers. We make decisions based on facts and analysis, as well as intuition, but we expect to make mistakes in the pursuit of rapid progress. We learn from mistakes on short cycle times and iterate our way to success.
8. ***Innovation and Flexibility.*** We prize creativity. We embrace new ideas and approaches as opportunities to improve our performance or work environment. We resist pride of authorship; it limits progress. We actively benchmark and work to understand and employ best practices.
9. ***Recognition.*** We are a meritocracy. Advancement and recognition are earned through contribution and performance. We celebrate each other's victories and efforts.
10. ***Fun.*** We believe that work, done well, can and should be fun. We strive to create an upbeat, supportive environment and try not to take ourselves too seriously. We do not tolerate negativism, pessimism or nay saying...we don't have time.

Clients

In fiscal years 2007, 2008 and 2009 and the three months ended September 30, 2009, our top 20 clients accounted for 76%, 70%, 68% and 70% of net revenue, respectively. Our largest client, DeVry Inc., accounted for 22%, 23%, 19% and 13% of net revenue in these periods, respectively. Since our service was first offered in 2001, we have developed a broad client base with many multi-year relationships. We enter into Internet marketing contracts with our clients, most of which are cancelable with little or no prior notice. In addition, these contracts do not contain penalty provisions for cancellation before the end of the contract term.

Sales and Marketing

We have an internal sales team that consists of employees focused on signing new clients and account managers who maintain and seek to increase our business with existing clients. Our sales people and account managers are each focused on a particular client business vertical so that they develop an expertise in the marketing needs of our clients in that particular vertical.

Our marketing programs include attendance at trade shows and conferences and limited advertising.

Technology and Infrastructure

We have developed a suite of technologies to manage, improve and measure the results of the marketing programs we offer our clients. We use a combination of proprietary and third-party software as well as hardware from established technology vendors. We use specialized software for client management, building and managing websites, acquiring and managing media, managing our third-party publishers, and the matching of Internet visitors to our marketing clients. We have invested significantly in these technologies and plan to continue to do so to meet the demands of our clients and Internet visitors, to increase the scalability of our operations, and enhance management information systems and analytics in our operations. Our development teams work closely with our marketing and operating teams to develop applications and systems that can be used across our business. For the fiscal years 2007, 2008 and 2009 and the three months ended September 30, 2009, we spent $14.1 million, $14.1 million, $14.9 million and $4.5 million, respectively, on product development.

Our primary data center is at a third-party co-location center in San Francisco, California. All of the critical components of the system are redundant and we have a backup data center in Las Vegas, Nevada. We have implemented these backup systems and redundancies to minimize the risk associated with earthquakes, fire, power loss, telecommunications failure, and other events beyond our control.

Intellectual Property

We rely on a combination of trade secret, trademark, copyright and patent laws in the United States and other jurisdictions together with confidentiality agreements and technical measures to protect the confidentiality of our proprietary rights. We currently have one patent application pending in the United States and no issued patents. We rely much more heavily on trade secret protection than patent protection. To protect our trade secrets, we control access to our proprietary systems and technology and enter into confidentiality and invention assignment agreements with our employees and consultants and confidentiality agreements with other third parties. QuinStreet is a registered trademark in the United States and other jurisdictions. We also have registered and unregistered trademarks for the names of many of our websites and we own the domain registrations for our many website domains.

We cannot guarantee that our intellectual property rights will provide competitive advantages to us; our ability to assert our intellectual property rights against potential competitors or to settle current or future disputes will not be limited by our agreements with third parties; our intellectual property rights will be enforced in jurisdictions where competition may be intense or where legal protection may be weak; any of the trade secrets, trademarks, copyrights, patents or other intellectual property rights that we presently employ in our business will not lapse or be invalidated, circumvented, challenged, or abandoned; competitors will not

design around our protected systems and technology; or that we will not lose the ability to assert our intellectual property rights against others.

Our Competitors

Our primary competition falls into two categories: advertising and direct marketing services agencies and online marketing and media companies. We compete for business on the basis of a number of factors including return on marketing expenditures, price, access to targeted media, ability to deliver large volumes or precise types of customer prospects, and reliability.

Advertising and direct marketing services agencies

Online and offline advertising and direct marketing services agencies control the majority of the large client marketing spending for which we primarily compete. So, while they are sometimes our competitors, agencies are also often our clients. We compete with agencies to attract marketing budget or spending from offline forms to the Internet or, once designated to be spent online, to be spent with us versus the agency or by the agency with others. When spending online, agencies spend with QuinStreet and with portals, other websites and ad networks.

Online marketing and media companies

We compete with other Internet marketing and media companies, in many forms, for online marketing budgets. Most of these competitors compete with us in one vertical. Examples include BankRate in the financial services vertical and Monster Worldwide in the education vertical. Some of our competition also comes from agencies or clients spending directly with larger websites or portals, including Google, Yahoo!, MSN, and AOL.

Government Regulation

Advertising and promotional information presented to visitors on our websites and our other marketing activities are subject to federal and state consumer protection laws that regulate unfair and deceptive practices. There are a variety of state and federal restrictions on the marketing activities conducted by telephone, the mail or by email, or over the internet, including the Telemarketing Sales Rule, state telemarketing laws, federal and state privacy laws, the CAN-SPAM Act, and the Federal Trade Commission Act and its accompanying regulations and guidelines. In addition, some of our clients operate in regulated industries, particularly in our financial services, education and medical verticals. For example, the U.S. Real Estate Settlement Procedures Act, or RESPA, regulates the payments that may be made to mortgage brokers. While we do not engage in the activities of a traditional mortgage broker, we are licensed as a mortgage broker in 25 states for our online marketing activities. In our education vertical, our clients are subject to the U.S. Higher Education Act, which, among other things, prohibits incentive compensation in recruiting students. The U.S. Department of Education is currently engaged in a negotiated rulemaking process in which it has suggested repealing all existing safe harbors regarding incentive compensation in recruiting, including the Internet safe harbor. While we believe that our fee per lead model does not constitute incentive compensation for purposes of the Higher Education Act, the results of the negotiated rulemaking could impact how we are paid for leads by clients in our education vertical and could also impact our education clients and their marketing practices. In our medical vertical, our medical device and supplies clients are subject to state and federal anti-kickback statutes that prohibit payment for referrals. While we believe our matching of prospective customers with our clients and the manner in which we are paid for these activities complies with these and other applicable regulations, these rules and regulations in many cases were not developed with online marketing in mind and their applicability is not always clear. The rules and regulations are complex and may be subject to different interpretations by courts or other governmental authorities. We might unintentionally violate such laws, such laws may be modified and new laws may be enacted in the future. Any such developments (or developments stemming from enactment or modification of other laws) or the failure to anticipate accurately the application or interpretation of these laws could create liability to us, result in adverse publicity and negatively affect our businesses.

Employees

As of December 31, 2009, we had 568 employees, which included 162 employees in product development and engineering, 80 in sales and marketing, 52 in general and administration and 274 in operations. None of our employees is represented by a labor union.

Facilities

Our principal executive offices are located in a leased facility in Foster City, California, consisting of approximately 53,877 square feet of office space under a lease that expires in October 2010. This facility accommodates our principal engineering, sales, marketing, operations and finance and administrative activities. As of December 31, 2009, we also lease buildings in Arkansas, Colorado, Connecticut, Massachusetts, Nevada, New Jersey, New York, North Carolina, Oklahoma, Oregon, India, Singapore and the United Kingdom. These facilities total approximately 56,587 square feet. We believe that our current facilities are sufficient for our current needs. We intend to add new facilities and expand our existing facilities as we add employees and expand our markets, and we believe that suitable additional or substitute space will be available as needed to accommodate any such expansion of our operations.

Legal Proceedings

From time to time, we may become involved in legal proceedings and claims arising in the ordinary course of our business. We are not currently a party to any material litigation.

Board Composition

Independent Directors

Upon the completion of this offering, our board of directors will consist of seven members. In November 2009, our board of directors undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our board of directors determined that all of our directors, other than Mr. Valenti, qualify as "independent" directors in accordance with the listing requirements and rules and regulations of The NASDAQ Global Market, constituting a majority of independent directors of our board of directors. Mr. Valenti is not considered independent because he is an employee of QuinStreet.

Classified Board

Immediately after this offering, our board of directors will be divided into three classes with staggered three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. Our directors will be divided among the three classes as follows:

- Class I directors will be Messrs. Simons and Stalder, and their terms will expire at the annual general meeting of stockholders to be held in 2011;
- Class II directors will be Professor McDonald and Mr. Sands, and their terms will expire at the annual general meeting of stockholders to be held in 2012; and
- Class III directors will be Former Senator Bradley and Messrs. Solomon and Valenti, and their terms will expire at the annual general meeting of stockholders to be held in 2013.

The authorized number of directors may be changed only by resolution of the board of directors. This classification of the board of directors into three classes with staggered three-year terms may have the effect of delaying or preventing changes in our control or management.

Board Committees

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our board of directors may establish other committees to facilitate the management of our business. The composition and functions of each committee are described below.

Solomon and Stalder each satisfy the independence requirements under the NASDAQ listing standards and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, or the Exchange Act. We anticipate that, following the completion of this offering, Mr. Simons will resign from our audit committee and Professor McDonald will replace Mr. Simons on the committee. The chair of our audit committee is Mr. Stalder, whom our board of directors has determined is an "audit committee financial expert" within the meaning of the Securities and Exchange Commission, or SEC, regulations. - establishing procedures for the receipt, retention and treatment of complaints received by us regarding financial controls, accounting or auditing matters.

Compensation Committee

Our compensation committee consists of Professor McDonald and Messrs. Sands and Stalder, each of whom our board of directors has determined to be independent under the NASDAQ listing standards, to be a "non-employee director" as defined in Rule 16b-3 promulgated under the Exchange Act and to be an "outside director" as that term is defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 162(m). The chair of our compensation committee is Professor McDonald. The functions of this committee include:

We intend to disclose future amendments to certain provisions of our Code of Business Conduct and Ethics, or waivers of such provisions, applicable to any principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions or our directors on our website identified above. The inclusion of our website address in this prospectus does not include or incorporate by reference the information on our website into this prospectus.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the policies and decisions with respect to the compensation of our executive officers who are named in the "Fiscal Year 2009 Summary Compensation Table" and the most important factors relevant to an analysis of these policies and decisions. These "named executive officers" for fiscal year 2009 are:

- Douglas Valenti, Chief Executive Officer, or CEO;
- Bronwyn Syiek, President and Chief Operating Officer;
- Kenneth Hahn, Chief Financial Officer, or CFO;
- Tom Cheli, Executive Vice President; and
- Scott Mackley, Executive Vice President.

Overview of Program Objectives

We recognize that our success is in large part dependent on our ability to attract and retain talented employees. We endeavor to create and maintain compensation programs based on performance, teamwork and rapid progress and to align the interests of our executives and stockholders. The principles and objectives of our compensation and benefits programs for our employees generally, and for our executive officers specifically, are to:

- attract, motivate and retain highly-talented individuals who are incented to achieve our strategic goals;
- closely align compensation with our business and financial objectives and the long-term interests of our stockholders;
- motivate and reward individuals whose skills and performance promote our continued success; and
- offer total compensation that is competitive and fair.

The compensation of our executives consists of the following principal components:

- base salary;
- performance-based cash bonuses;
- equity incentive awards;
- employee benefits and perquisites; and
- change in control benefits.

Each component has a role in meeting the above objectives. While we offer competitive base salaries and performance-based cash bonuses, we believe that equity incentive awards are a critical compensation component for Internet and other emerging companies. We believe that stock options and other stock-based compensation provide long-term incentives that align the interests of employees and executives alike with the long-term interests of stockholders.

We strive to achieve an appropriate mix between cash compensation and equity incentive awards to meet our objectives. We do not apply any formal or informal policies or guidelines for allocating compensation between current and long-term compensation, between cash and equity compensation or among different forms of equity compensation. As a result, the allocation between cash and equity varies between executive officers and does not control compensation decisions. The mix of compensation components is designed to reward short-term results and motivate long-term performance through a combination of cash and awards. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate

our executive officers to deliver superior performance and retain them to continue their careers with us on a cost-effective basis.

The compensation levels of the executive officers reflect to a significant degree the varying roles and responsibilities of such executives, as well as the length of time those executives have been with us.

Our compensation committee determines the appropriate level for overall executive officer compensation and the separate components based on (i) a review of publicly available compensation data at a limited number of publicly-traded companies in the Internet marketing and media sector, (ii) compensation survey data for Internet companies with comparable revenues, (iii) our understanding of the market based on the experience of our executives and members of our compensation committee and (iv) internal equity, length of service, skill level and other factors we may deem appropriate.

Our compensation-setting process and each of the principal components of our executive compensation program is discussed in more detail below.

Compensation-Setting Process

Historically, the compensation of our executive officers was largely determined on an individual basis, as the result of arm's-length negotiations between the company and an individual upon joining us and has been based on a variety of factors including, in addition to the factors described above, our financial condition and available resources, our need for that particular position to be filled, our CEO's and the compensation committee's evaluation of the competitive market based on the experience of the members of our compensation committee with other companies, the length of service of an individual and the compensation levels of our other executive officers, each as of the time of the applicable compensation decision. In subsequent years, our CEO, and, with respect to our CEO, our compensation committee, reviewed the performance of each executive officer, on an annual basis, and based on this review and the factors described above, set the executive compensation package for him or her for the coming year. This review has generally occurred near the end of each of our fiscal years.

Role of Compensation Committee and CEO

The compensation committee of our board of directors is responsible for the executive compensation programs for our executive officers and reports to the full board of directors on its discussions, decisions and other actions. Our CEO makes recommendations to the compensation committee, attends committee meetings (except for sessions discussing his compensation) and has been and will continue to be heavily involved in the determination of compensation for our executive officers. Typically, our CEO makes recommendations to the compensation committee regarding short- and long-term compensation for our executives based on company results, an individual executive's contribution toward these results, performance toward goal achievement, a review of market data as described below and input from our Employee Benefits and Compliance department. Our CEO does not make a recommendation as to his short- and long-term compensation.

The compensation committee then reviews the CEO's recommendations and other data and approves each executive officer's total compensation, as well as each individual compensation component. The compensation committee's decisions regarding executive compensation are based on the compensation committee's assessment of the performance of our company and each individual executive, a review of market data as described below and other factors, such as prevailing industry trends.

Competitive Positioning

We believe it is important when making compensation-related decisions to be informed as to current practices of similarly situated companies. Our CEO, with assistance from our CFO, has historically selected a group of companies that provide Internet media and marketing services that are broadly similar to our company, or peer group, as a reference point for market practice with respect to executive base salary and bonuses in formulating his recommendation and to assist the compensation committee in its consideration of executive compensation. The companies included in this reference group for fiscal year 2009 were TechTarget, Bankrate, Internet Brands, TheStreet.com, ValueClick and Marchex.

In addition, in fiscal year 2009 the CEO and the compensation committee reviewed summary cash compensation data from Salary.com for positions comparable to those of the executive officers at Internet companies with revenues between $200,000,000 and $500,000,000 in the San Francisco Bay Area because such companies are in our industry, in our geographic location and have comparable revenues.

While the compensation committee does not believe that compensation peer group benchmarking is appropriate as a stand-alone tool for setting compensation due to the unique aspects of our business, the compensation committee finds that evaluating this information is an important part of its decision-making process and exercises its discretion in determining the nature and extent of its use.

Compensation Advisors

In November 2009, we engaged Compensia, a national consulting firm providing executive compensation advisory services, as a compensation consultant to help evaluate our compensation philosophy and provide guidance in administering our executive compensation program in the future. We expect that Compensia will assist our compensation committee in developing a revised peer group to reference for compensation purposes, though it has not yet done so. Our compensation committee plans to direct Compensia to provide market data on a peer group of companies in the Internet marketing and media sector and other sectors, as appropriate, on an annual basis, and management and the compensation committee intends to review this information and other information obtained by the members of our compensation committee in light of the compensation we offer to help ensure that our compensation program is competitive and fair. The compensation committee will conduct an annual review process of all compensation components to ensure consistency with compensation philosophy and as part of its responsibilities in administering our executive compensation program.

The compensation committee is authorized to retain the services of third-party executive compensation specialists from time to time, as the committee sees fit, in connection with the establishment of cash and equity compensation and related policies.

Compensation Components

Base Salaries

In general, base salaries for our executive officers are initially established through arm's-length negotiation at the time of hire, taking into account such executive's qualifications, experience and prior salary and prevailing market compensation for similar roles in comparable companies. The initial base salaries of our executive officers have then been reviewed annually by our compensation committee, with significant input from our CEO, to determine whether any adjustment is warranted. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility.

In considering a base salary adjustment, the compensation committee considers the company's overall performance, the scope of an executive's sustained performance, individual contribution, responsibilities and prior experience. The compensation committee may also take into account the executive officer's current salary, equity ownership and the amounts paid to an executive officer's peers inside our company. In the past, we have also drawn upon the experience of members of our compensation committee with other companies and a review of the competitive market.

In May 2008, the compensation committee reviewed the base salaries of our executives, including our named executive officers, for fiscal year 2009. Consistent with its prior practice, the committee reviewed salary data for a reference group of publicly-traded vertical Internet marketing and media companies. The reference group consisted of TechTarget, Bankrate, Internet Brands, TheStreet.com, ValueClick, CNET and Marchex. In addition, the compensation committee reviewed summary cash compensation data from Salary.com for positions comparable to those of the executive officers at Internet companies with revenues between $200,000,000 and $500,000,000 in the San Francisco Bay Area. The committee determined, based upon our CEO's recommendation, that although the analysis supported an average increase of eight percent in base salaries that base salaries for our named executive officers be increased by five percent (with the exception of Mr. Hahn whose base salary increased by 4.8%) in an effort to shift more cash compensation to bonus, and that base salaries for our other executive officers be increased by five percent, on average.

In May 2009, the compensation committee reviewed the base salaries of our executive officers, including our named executive officers, for fiscal year 2010. Consistent with its prior practice, the committee reviewed salary data for a reference group of publicly-traded vertical Internet marketing and media companies. The reference group consisted of TechTarget, eHealth, Bankrate, Omniture, WebMD, ValueClick and comScore. In addition, the compensation committee reviewed summary cash compensation data from Salary.com for positions comparable to those of the executive officers at Internet companies with revenues between $200,000,000 and $500,000,000 in the San Francisco Bay Area. The committee determined, based upon our CEO's recommendation, that although the analysis supported an average increase of eight percent in base salaries that base salaries for our named executive officers be increased by five percent in a continued effort to shift a larger percentage of cash compensation to bonus, and that base salaries for our other executive officers be increased by five percent, on average.

The actual base salaries paid to our named executive officers in fiscal year 2009 are set forth in the "Fiscal Year 2009 Summary Compensation Table."

Performance-Based Cash Bonuses

Annual performance-based cash bonuses are intended to motivate our executives, including our named executive officers, to achieve short-term goals while making rapid progress towards our longer-term objectives. These bonuses are designed to reward both company and individual performance. In July 2008, the compensation committee approved our 2009 Bonus Plan, including target bonus opportunities, performance criteria and target goals. The compensation committee determined the actual bonus awards for fiscal year 2009 performance in July 2009.

Each executive officer's target bonus opportunity under the 2009 Bonus Plan was expressed as a percentage of his or her base salary, with individual target award opportunities ranging from 29% to 67% of base salary. The revenue targets for payout under the 2009 Bonus Plan were 21% higher than fiscal year 2008 and were set at an amount the compensation committee reasonably believed to be attainable. An actual bonus award could be less than or greater than the target bonus opportunity, depending on an individual executive officer's actual performance, as determined through performance reviews and approved by the compensation committee.

To determine actual bonus awards under the 2009 Bonus Plan, the compensation committee first reviewed overall company financial results for fiscal year 2009 and our CEO's recommendations for bonuses based on both company and individual performance. In the case of the CEO's bonus award, the compensation committee evaluated CEO performance and determined his bonus. Payout of the bonuses was dependent on achievement against our plan for revenue growth and Adjusted EBITDA, which we define as net income less interest income plus interest expense, provision for taxes, depreciation expense, amortization expense, stock-based compensation expense and foreign-exchange (loss) gain, and, where applicable, the individual executives' achievement against that plan for revenue growth and Adjusted EBITDA and against strategic objectives. Those strategic objectives were (i) revenue growth, (ii) Adjusted EBIDTA margin, (iii) the assessed sustainability of the revenue growth, and (iv) developing future growth potential and diversification of our revenue streams. Our named executive officers were paid the following amounts pursuant to the 2009 Bonus

Plan: Mr. Valenti, $248,340; Ms. Syiek, $181,840; Mr. Cheli, $131,040; Mr. Mackley, $187,200; and Mr. Hahn, $113,000.

In addition to the 2009 Bonus Plan, in July 2008 the compensation committee also approved the 2009 Incremental Bonus Plan for our executive officers, including our named executive officers. According to the 2009 Incremental Bonus Plan, the target is a dollar amount based on 20% Adjusted EBITDA based on our revenue projections. The 2009 Incremental Bonus Plan paid out to the senior management team 15% of any Adjusted EBITDA in excess of our target, which represented 20% Adjusted EBITDA margin for the year based on projections reviewed by our board of directors in July 2008. The 2009 Incremental Bonus Plan allocated the following amounts to executive officers based on their role and tenure at the company: Mr. Valenti: 2.25%; Ms. Syiek: 2.25%; Mr. Cheli: 1.75%; Mr. Mackley: 1.75%; and Mr. Hahn: 1.00%. As we exceeded our Adjusted EBITDA margin target, the compensation committee approved the payout of incremental bonuses for fiscal year 2009 consistent with these criteria. The total bonus payout under the 2009 Incremental Bonus Plan was $919,350. Our named executive officers were paid the following amounts pursuant to the 2009 Incremental Bonus Plan: Mr. Valenti, $137,903; Ms. Syiek, $137,903; Mr. Cheli, $107,258; Mr. Mackley, $107,258; and Mr. Hahn, $61,290.

The actual cash bonuses paid to our named executive officers in fiscal year 2009 are set forth in the “Fiscal Year 2009 Summary Compensation Table.”

In July 2009, the compensation committee approved the 2010 Bonus Plan. Under the plan, each executive officer’s target bonus for 2010 is expressed as a percentage of his or her base salary, with individual target award opportunities ranging from 32% to 72% of base salary. Payout of regular bonuses for 2010 will be dependent on achievement against our plan for revenue growth and Adjusted EBITDA and, where applicable, the individual executives’ achievement against that plan for revenue growth and Adjusted EBITDA and against strategic objectives. Those strategic objectives are (i) revenue growth, (ii) Adjusted EBIDTA margin, (iii) the assessed sustainability of the revenue growth, and (iv) developing future growth potential and diversification of our revenue streams.

In July 2009, the compensation committee also approved the 2010 Incremental Bonus Plan with modifications from prior years. The 2010 Incremental Bonus Plan will pay out to the senior management team 15% of any Adjusted EBITDA in excess of our target, which represents 20% Adjusted EBITDA margin performance for fiscal year 2010 on 20% revenue growth over fiscal year 2009 net revenue. The incremental bonus plan allocates differing amounts to executives based on their role and tenure at the company and range between 1% of any Adjusted EBITDA over the 20% margin target and 2.15% of such excess. In the event we achieve the targeted Adjusted EBITDA in actual dollar amount but such amount is less than 20% of net revenue, the compensation committee retains the discretion to award a bonus to our CEO, and our CEO retains the discretion to award bonuses to other officers, based on the amount by which Adjusted EBITDA exceeded the target in absolute dollars.

In January 2010, the compensation committee approved our Annual Incentive Plan, which will first become effective for fiscal year 2011. Under the Annual Incentive Plan, the compensation committee may award bonuses to our employees, including our executive offices, according to bonus targets and criteria set by the compensation committee in accordance with the Annual Incentive Plan. No bonus targets or criteria for bonuses for fiscal year 2011 have been set. The Annual Incentive Plan is designed to provide incentive compensation that is not subject to the deductibility limitation of Section 162(m) of the Internal Revenue Code of 1986.

Long-Term Equity Incentive Awards

The objective of our long-term, equity-based incentive awards is to align the interests of our executives, including our named executive officers, with the interests of our stockholders. Because vesting is based on continued employment, our equity-based incentive awards also encourage the retention of our executive officers through the vesting period of the awards. To reward and retain our executive officers in a manner that best aligns employees’ interests with stockholders’ interests, we use stock options as the primary incentive vehicles for long-term compensation. We believe that stock options are an effective tool for meeting our

compensation goal of increasing long-term stockholder value because the value of stock options is closely tied to our future performance. Because our executive officers are able to profit from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to them to achieve increases in the value of our stock over time. Following the completion of this offering, we expect our compensation committee to continue to oversee our long-term equity incentive program.

We grant stock options both at the time of initial hire and then through annual additional or "refresher" grants for key employees and employees approaching full vesting of prior grants. To date, there has been no set program for the award of refresher grants, and our board of directors retains discretion to make stock option awards to employees at any time, including in connection with the promotion of an employee, to reward an employee, for retention purposes or for other circumstances recommended by management. Refresher grants have generally been made shortly after the end of the fiscal year.

In determining the size of the long-term equity incentive awards to be granted to our executive officers, management and our board of directors take into account a number of factors, such as an executive officer's relative job scope, the value of existing long-term equity incentive awards, individual performance history, prior contributions to us and the size of prior awards. Based upon these factors, our board of directors determines the size of the long-term equity incentive awards at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

The exercise price of each stock option grant is the fair market value of our common stock on the grant date. For fiscal year 2009, the determination of the appropriate fair market value was made by the board of directors. Our board of directors approves option grants at its regular quarterly meetings and determines the fair market value of our common stock at each of these meetings. In the absence of a public trading market, the board considered numerous objective and subjective factors to determine its best estimate of the fair market value of our common stock as of the date of each option grant, including but, not limited to, the following: (i) our performance our growth rate and financial condition at the approximate time of the option grant; (ii) the stock price performance of a peer group; (iii) future financial projections; (iv) third party valuations of our common stock; and (v) the likelihood of achieving a liquidity event for the shares of common stock underlying these stock options, such as an initial public offering or sale of our company, given prevailing market conditions. We do not have any security ownership requirements for our executive officers. We believe these vesting schedules appropriately encourage long-term employment with our company while allowing our executives to realize compensation in line with the value they have created for our stockholders.

As a privately-held company, there has been no market for our common stock. Accordingly, in fiscal year 2009, we had no program, plan or practice pertaining to the timing of stock option grants to executive officers coinciding with the release of material non-public information. The compensation committee intends to adopt a formal policy regarding the timing of grants in connection with this offering.

Consistent with the above criteria, in July 2008, our board approved the grants of equity incentive awards to our executive officers for our fiscal year 2009. With the exception of the award to our CEO, these awards were recommended to the compensation committee by our CEO. In the case of our CEO, the equity incentive award was determined by the compensation committee. In all cases, our CEO and compensation committee considered each executive officer's relative job scope, the value of existing long-term equity incentive awards, individual performance history, prior contributions to us and the size of prior grants in determining the size of the award. The awards were approved by the board of directors in July 2008.

For fiscal year 2010, the same procedure was followed. With the exception of the award to our CEO, executive officers' equity incentive awards were recommended to the compensation committee by our CEO. In the case of our CEO, the equity incentive award was determined by the compensation committee. In all cases, our CEO and compensation committee considered the executive's relative job scope, the value of existing long-term equity incentive awards, individual performance history, prior contributions to us and the size of prior grants in determining the size of the award. The awards were approved by the compensation committee and the board of directors at their respective July 2009 meetings.

The actual equity awards granted to our named executive officers in fiscal year 2009 are set forth in the "Fiscal Year 2009 Summary Compensation Table."

Change in Control Benefits

Our equity incentive plan typically provides for full acceleration of vesting of outstanding stock options in the event of a change in control of our company, if the options are not assumed or substituted for by a successor. In the event stock options are assumed or substituted for, then 25% of the unvested shares subject to each option vest if the executive officer is terminated under circumstances described under "— Potential Payments Upon Termination Following Change in Control" following the change in control.

Perquisites and Other Personal Benefits

We do not view perquisites as a significant element of our executive compensation program currently, but do believe that they can be useful in attracting, motivating and retaining the executive talent for which we compete, and we may consider providing additional perquisites in the future. All future practices regarding perquisites will be approved and subject to periodic review by our compensation committee.

We provide the following benefits to our executive officers, generally on the same basis provided to all of our salaried employees:

- health, dental insurance and vision coverage;
- life insurance;
- an employee stock purchase plan;
- a medical and dependent care flexible spending account;
- short- and long-term disability, accidental death and dismemberment insurance; and
- a Section 401(k) plan.

We believe these benefits are consistent with those of companies with which we compete for executive talent.

Tax Considerations

We anticipate that our compensation committee will consider the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to our executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding $1.0 million in any taxable year for our CEO and each of the other named executive officers (other than our chief financial officer), unless compensation is performance based. As our common stock is not currently publicly-traded, our compensation committee has not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation. However, we expect that our compensation committee will adopt a policy that, where reasonably practicable, would qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m). For example, our Annual Incentive Plan, which will first take effect for fiscal year 2011, is designed to provide incentive compensation that is not subject to the limits of Section 162(m). In approving the amount and form of compensation for our executive officers in the future, our compensation committee will consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m). However, our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

The following table summarizes information regarding the compensation awarded to, earned by or paid to our chief executive officer, our chief financial officer and our other three most highly compensated executive officers during the fiscal year ended June 30, 2009. (1) Amounts shown in this column do not reflect dollar amounts actually received by our named executive officers. Instead, these amounts reflect the dollar amount recognized for financial statement reporting purposes for the referenced fiscal year, in accordance with the provisions of SFAS No. 123(R). Assumptions used in the calculation of these amounts are included in Note 10 to our consolidated financial statements included in this prospectus. As required by SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Our named executive officers will only realize compensation to the extent the trading price of our common stock is greater than the exercise price of such stock options.

(2) All other compensation represents amounts we pay towards employee life insurance.

Grant of Plan-Based Awards

The following table provides information regarding all grants of plan-based awards that were made to or earned by our named executive officers during fiscal year 2009. Disclosure on a separate line item is provided for each grant of an award made to a named executive officer. The information in this table supplements the dollar value of stock options and other awards set forth in the "Fiscal Year 2009 Summary Compensation Table" by providing additional details about the awards.

The option grants to purchase our common stock set forth in the following table were made under our 2008 Equity Incentive Plan. The exercise price of options granted under the 2008 Equity Incentive Plan is equal to the fair market value of one share of our common stock on the date of grant. Under the 2008 Equity Incentive Plan, the exercise price may be paid in cash or, after the completion of this offering, in our common stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares.

(2) Amounts represent the total fair value of stock options granted in fiscal year 2009, calculated in accordance with stock-based compensation expense guidance. See Note 10 to our consolidated financial statements included in this prospectus for a discussion of assumptions made in determining the grant date fair value and compensation expense of our stock options.

(3) Represents the executive's target bonus under our 2009 Bonus Plan as of the date of grant. The plan provides for individual bonus targets ranging from 34% of base salary to 67% of base salary. Payout of the bonuses was dependent on achievement against our plan for revenue growth and Adjusted EBITDA and, where applicable, the individual executives' business unit's achievement against that unit's plan for revenue growth and Adjusted EBITDA, as further described in "Compensation Discussion and Analysis." Actual payments for fiscal year 2009 are set forth in the "Fiscal Year 2009 Summary Compensation Table" above.

(4) Represents the executive's target bonus under our 2009 Incremental Bonus Plan as of the date of grant. The 2009 Incremental Bonus Plan paid out to the senior management team 15% of any Adjusted EBITDA in excess of our target of 20% Adjusted EBITDA margin for the year. The incremental bonus plan allocated differing amounts to executives based on their role and tenure at the company and ranged between 1% of any Adjusted EBITDA over the 20% margin target and 2.25% of such excess.

(1) Each stock option to our executive officers vests over a four-year period as follows: 25% of the shares underlying the option vest on the first anniversary of the date of the vesting commencement date, which is the date of grant, and the remainder of the shares underlying the option vest in equal monthly installments over the remaining 36 months thereafter. Each option also provides that 25% of the unvested shares subject to such option will vest if the executive is terminated without cause following a change in control.

(2) In fiscal year 2007, our board of directors changed the default term of option grants to seven years.

Stock Option Exercises During Fiscal Year 2009

The following table shows information regarding option exercises by our named executive officers during fiscal year 2009.

	Option Awards	
Name	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise ($)(1)
Tom Cheli	3,095	$29,991

(1) The aggregate dollar value realized upon exercise of an option represents the difference between the aggregate fair market value of our common stock underlying the option on the date of exercise, which was determined by our board of directors to be approximately $10.28 per share, and the aggregate exercise price of the option.

Pension Benefits

We do not maintain any defined benefit pension plans.

Nonqualified Deferred Compensation

We do not maintain any nonqualified deferred compensation plans.

Potential Payments Upon Termination Following Change in Control

The following table sets forth quantitative estimates of the option acceleration benefits (25% of the unvested portion) that would have been received by the named executive officers pursuant to their option agreements if, within six months following a change in control, their employment had been terminated by us without cause or resigns for good reason (which includes actions by us to materially reduce the officer's duties, salary or benefits, or relocate the officer's business office to more than 50 miles away). These estimates assume the change in control transaction and termination both occurred on June 30, 2009.

Name	Value of Accelerated Equity Awards ($) (1)
Douglas Valenti	$ —
Bronwyn Syiek	$1,984
Tom Cheli	$1,984
Scott Mackley	$1,984
Kenneth Hahn	$ —

(1) The aggregate dollar value realized in connection the acceleration of the equity awards represents the difference between the aggregate fair market value of our common stock underlying the accelerated options as of June 30, 2009, which was determined by our board of directors to be approximately $9.01 per share, and the aggregate exercise price of the accelerated options.

Offer Letter Agreements

We have also entered into offer letter agreements with each of our named executive officers, other than our CEO, in connection with their commencement of employment with us. These offer letter agreements typically include the executive officer's initial base salary and stock option grant along with vesting provisions with respect to that initial stock option grant. The offer letters do not provide for severance. The offer letters require arbitration of certain disputes between the executive and us. With the exception of the arbitration provisions, we have no outstanding obligations under these agreements.

Proprietary Information and Inventions Agreements

Each of our named executive officers has entered into a standard form agreement with respect to proprietary information and inventions. Among other things, this agreement obligates each named executive officer to refrain from disclosing any of our proprietary information received during the course of employment and, with some exceptions, to assign to us any inventions conceived or developed during the course of employment.

Employee Benefit Plans

2008 Equity Incentive Plan

Our board of directors adopted and our stockholders approved the 2008 Equity Incentive Plan, as amended, or 2008 Plan, in January 2008, as a restatement and replacement of our prior 1999 Equity Incentive Plan originally adopted on July 1, 1999. The 2008 Plan provides for the grant of incentive stock options, nonstatutory stock options and restricted stock purchase awards. As of December 31, 2009, 3,382,316 shares of common stock had been issued upon the exercise of options granted under the 2008 Plan, options to purchase 11,491,017 shares of common stock were outstanding at a weighted average exercise price of $9.3494 per share and 601,467 shares remained available for future grant under the 2008 Plan. Upon the execution and delivery of the underwriting agreement for this offering, no further option or other stock award grants will be made under the 2008 Plan.

Administration. Our board of directors administers the 2008 Plan. Our board of directors, however, may delegate this authority to a committee of two or more board members. The board of directors or a committee of the board of directors has the authority to construe, interpret, amend and modify the 2008 Plan, as well as to determine the terms of an option and a restricted stock purchase award. Our board of directors may amend or modify the 2008 Plan at any time. However, no amendment or modification shall adversely affect the rights and obligations with respect to outstanding stock awards unless the holder consents to that amendment or modification.

Eligibility. The 2008 Plan permits us to grant stock options and restricted stock purchase awards to our employees, directors and consultants. A stock option may be an incentive stock option within the meaning of Section 422 of the Code or a nonstatutory stock option.

Stock Option Provisions Generally. In general, the duration of a stock option granted under the 2008 Plan cannot exceed 10 years. The exercise price of an incentive stock option cannot be less than 100% of the fair market value of the common stock on the date of grant. The exercise price of a nonstatutory stock option cannot be less than 85% of the fair market value of the common stock on the date of grant. An incentive stock option may be transferred only on death, but a nonstatutory stock option may be transferred as permitted in an individual stock option agreement. Stock option agreements may provide that the stock options may be early exercised subject to our right of repurchase of unvested shares. In addition, our board of directors may reprice any outstanding option or, with the permission of the optionholder, may cancel any outstanding option and grant a substitute option.

Incentive stock options may be granted only to our employees. The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to which incentive stock options are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed $100,000. An incentive stock option granted to a person who at the time of grant owns or is deemed to own more than 10% of the total combined voting power of all classes of our outstanding stock or any of our affiliates must have a term of no more than five years and an exercise price that is at least 110% of fair market value at the time of grant.

Restricted Stock Purchase Awards Generally. Restricted stock purchase awards may be granted in consideration for cash, check or past or future services actually rendered to us or our affiliates. Common stock acquired under such awards may, but need not, be subject to forfeiture in accordance with a vesting schedule. The purchase price for restricted stock purchase awards may not be less than 110% of the fair market value in the case of awards granted to any person who, at the time of the grant, owns or is deemed to own stock

possessing more than 10% of the total combined voting power of all classes of our outstanding stock or any of our affiliates.

Effect on Stock Awards of Certain Corporate Transactions. If we dissolve or liquidate, then outstanding stock options and restricted stock purchase awards under the 2008 Plan will terminate immediately prior to such dissolution or liquidation. In the event of an asset sale or merger, the surviving or acquiring corporation may assume outstanding stock awards, or may substitute substantially equivalent awards that preserve the spread existing at the time of the transaction for outstanding stock options. If the surviving or acquiring corporation elects not to assume or substitute for outstanding stock awards, then the stock awards will terminate upon the consummation of the transaction. The plan administrator may provide for additional vesting of outstanding awards, either at the time of grant or at any time while the award remains outstanding.

Other Provisions. If there is a transaction or event which changes our stock that does not involve our receipt of consideration, such as a merger, consolidation, reorganization, stock dividend or stock split, our board of directors will appropriately adjust the class and the maximum number of shares subject to the 2008 Plan and to outstanding stock awards to prevent the dilution or endangerment of benefits thereunder.

2010 Equity Incentive Plan

Our board of directors adopted the 2010 Equity Incentive Plan, or 2010 Incentive Plan, in November 2009 and we expect our stockholders will approve the 2010 Incentive Plan prior to the closing of this offering. The 2010 Incentive Plan will become effective immediately upon the execution and delivery of the underwriting agreement for this offering. The 2010 Incentive Plan will terminate on November 16, 2019, unless sooner terminated by our board of directors.

Stock Awards. The 2010 Incentive Plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock awards, restricted stock unit awards, stock appreciation rights, performance-based stock awards, and other forms of equity compensation, or collectively, stock awards, all of which may be granted to employees, including officers, non-employee directors and consultants. In addition, the 2010 Incentive Plan provides for the grant of performance cash awards. Incentive stock options may be granted only to employees. All other awards may be granted to employees, including officers, non-employee directors and consultants.

Share Reserve. Following this offering, the aggregate number of shares of our common stock that may be issued initially pursuant to stock awards under the 2010 Incentive Plan is the number of shares reserved for future issuance under the 2008 Plan at the time of the execution and delivery of the underwriting agreement for this offering, plus any shares subject to outstanding stock awards granted under the 2008 Plan that expire or terminate for any reason prior to their exercise or settlement. The number of shares of our common stock reserved for issuance will automatically increase on July 1st of each year, from July 1, 2010 through July 1, 2019, by five percent of the total number of shares of our common stock outstanding on the last day of the preceding fiscal year, unless our board of directors determines that the share increase shall be a lesser number. The maximum number of shares that may be issued pursuant to the exercise of incentive stock options under the 2010 Incentive Plan is 30,000,000.

If a stock award granted under the 2010 Incentive Plan expires or otherwise terminates without being exercised in full, or is settled in cash, the shares of our common stock not acquired pursuant to the stock award again become available for subsequent issuance under the 2010 Incentive Plan. In addition, the following types of shares under the 2010 Incentive Plan may become available for the grant of new stock awards under the 2010 Incentive Plan (a) shares that are forfeited to or repurchased by us prior to becoming fully vested, (b) shares withheld to satisfy income or employment withholding taxes, (c) shares used to pay the exercise price of an option in a net exercise arrangement and (d) shares tendered to us to pay the exercise price of an option. Shares issued under the 2010 Incentive Plan may be previously unissued shares or reacquired shares bought on the open market. As of the date hereof, none of our common stock have been issued under the 2010 Incentive Plan.

Administration. Our board of directors has delegated its authority to administer the 2010 Incentive Plan to our compensation committee. Subject to the terms of the 2010 Incentive Plan, our board of directors or an authorized committee, referred to as the plan administrator, determines recipients, dates of grant, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting and the fair market value applicable to a stock award. Subject to the limitations set forth below, the plan administrator will also determine the exercise price of options granted, the consideration to be paid for restricted stock awards and the strike price of stock appreciation rights.

The compensation committee has the authority to reprice any outstanding stock award under the 2010 Incentive Plan. The compensation committee may also cancel and re-grant any outstanding stock award with the consent of any affected participant.

Stock Options. Incentive and nonstatutory stock options are granted pursuant to incentive and nonstatutory stock option agreements adopted by the plan administrator. The plan administrator determines the exercise price for a stock option, within the terms and conditions of the 2010 Incentive Plan, provided that the exercise price of a stock option generally cannot be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the 2010 Incentive Plan vest at the rate specified by the plan administrator.

The plan administrator determines the term of stock options granted under the 2010 Incentive Plan, up to a maximum of 10 years, except in the case of certain incentive stock options, as described below. Unless the terms of an optionee's stock option agreement provide otherwise, if an optionee's relationship with us, or any of our affiliates, ceases for any reason other than disability or death, the optionee may exercise any vested options for a period of three months following the cessation of service. If an optionee's service relationship with us, or any of our affiliates, ceases due to disability or death, or an optionee dies within a certain period following cessation of service, the optionee or a beneficiary may generally exercise any vested options for a period of 12 months in the event of disability and 18 months in the event of death. The option term may be extended in the event that exercise of the option following termination of service is prohibited by applicable securities laws. In no event, however, may an option be exercised beyond the expiration of its term.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will be determined by the plan administrator and may include (a) cash, check, bank draft or money order, (b) a broker-assisted cashless exercise, (c) the tender of shares of common stock previously owned by the optionee, (d) a net exercise of the option and (e) other legal consideration approved by the plan administrator.

Unless the plan administrator provides otherwise, options generally are not transferable except by will, the laws of descent and distribution, or pursuant to a domestic relations order. An optionee may designate a beneficiary, however, who may exercise the option following the optionee's death.

Tax Limitations on Incentive Stock Options. Incentive stock options may be granted only to our employees. The aggregate fair market value, determined at the time of grant, of our common stock with respect to incentive stock options that are exercisable for the first time by an optionee during any calendar year under all of our stock plans may not exceed $100,000. No incentive stock option may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any of our affiliates unless (a) the option exercise price is at least 110% of the fair market value of the stock subject to the option on the date of grant, and (b) the term of the incentive stock option does not exceed five years from the date of grant. Currently, only Mr. Valenti has an option with these terms.

Restricted Stock Awards. Restricted stock awards are granted pursuant to restricted stock award agreements adopted by the plan administrator. Restricted stock awards may be granted in consideration for (a) cash, check, bank draft or money order, (b) past or future services rendered to us or our affiliates, or (c) any other form of legal consideration. Common stock acquired under a restricted stock award may, but need not, be subject to a share repurchase option in our favor in accordance with a vesting schedule to be determined by the plan administrator. Rights to acquire shares under a restricted stock award may be transferred only upon such terms and conditions as set by the plan administrator.

Restricted Stock Unit Awards. Restricted stock unit awards are granted pursuant to restricted stock unit award agreements adopted by the plan administrator. Restricted stock unit awards may be granted in consideration for any form of legal consideration. A restricted stock unit award may be settled by cash, delivery of stock, a combination of cash and stock as deemed appropriate by the plan administrator, or in any other form of consideration set forth in the restricted stock unit award agreement. Additionally, dividend equivalents may be credited in respect of shares covered by a restricted stock unit award. Except as otherwise provided in the applicable award agreement, restricted stock units that have not vested will be forfeited upon the participant's cessation of continuous service for any reason.

Stock Appreciation Rights. Stock appreciation rights are granted pursuant to stock appreciation rights agreements adopted by the plan administrator. The plan administrator determines the strike price for a stock appreciation right which generally cannot be less than 100% of the fair market value of our common stock on the date of grant. Upon the exercise of a stock appreciation right, we will pay the participant an amount equal to the product of (a) the excess of the per share fair market value of our common stock on the date of exercise over the strike price, multiplied by (b) the number of common stock with respect to which the stock appreciation right is exercised. A stock appreciation right granted under the 2010 Incentive Plan vests at the rate specified in the stock appreciation right agreement as determined by the plan administrator.

The plan administrator determines the term of stock appreciation rights granted under the 2010 Incentive Plan, up to a maximum of 10 years. If a participant's service relationship ceases with us, or any of our affiliates, then the participant, or the participant's beneficiary, may exercise any vested stock appreciation right for three months (or such longer or shorter period specified in the stock appreciation right agreement) after the date such service relationship ends or the expiration of the term set forth in the award agreement. In no event, however, may a stock appreciation right be exercised beyond the expiration of its term.

Performance Awards. The 2010 Incentive Plan permits the grant of performance-based stock and cash awards that may qualify as performance-based compensation that is not subject to the $1,000,000 limitation on the income tax deductibility of compensation paid per covered executive officer imposed by Section 162(m). To assure that the compensation attributable to performance-based stock awards will so qualify, our compensation committee can structure such awards so that stock will be issued or paid pursuant to such award only upon the achievement of certain pre-established performance goals during a designated performance period.

Other Stock Awards. The plan administrator may grant other awards based in whole or in part by reference to our common stock. The plan administrator will set the number of shares under the award and all other terms and conditions of such awards.

Grants to Non-Employee Directors. Under the 2010 Incentive Plan, our compensation committee may grant nonstatutory stock options to non-employee members of our board of directors over their period of service on our board of directors.

Changes to Capital Structure. In the event that there is a specified type of change in our capital structure, such as a stock split, appropriate adjustments will be made to (a) the number of shares reserved under the 2010 Incentive Plan, (b) the maximum number of shares by which the share reserve may increase automatically each year, (c) the class and maximum number of shares that may be issued upon the exercise of incentive stock options and (d) the number of shares and exercise price or strike price, if applicable, of all outstanding stock awards.

Corporate Transactions. In the event of certain significant corporate transactions, then our board of directors has the discretion to take any of the following actions with respect to stock awards:

- arrange for the assumption, continuation, or substitution of a stock award by a surviving or acquiring entity or parent company;
- arrange for the assignment of any reacquisition right held by us to the surviving or acquiring entity;
- accelerate the vesting of a stock award and provide for its termination prior to the effective time of the corporate transaction;

- arrange for the lapse of any reacquisition or repurchase rights held by us;
- cancel or arrange for the cancellation of the stock award in exchange for such cash consideration, if any, as our board may deem appropriate; or
- provide for the surrender of a stock award in exchange for a payment equal to the excess of (a) the value of the property that the optionee would have received upon exercise of the stock award over (b) the exercise price otherwise payable in connection with the stock award.

Our board of directors is not obligated to treat all stock awards, even those that are of the same type, in the same manner.

Changes in Control. Our board of directors has the discretion to provide that a stock award under the 2010 Incentive Plan will immediately vest as to all or any portion of the shares subject to the stock award (a) immediately upon the occurrence of certain specified change in control transactions, whether or not such stock award is assumed, continued or substituted by a surviving or acquiring entity in the transaction or (b) in the event a participant's service with us or a successor entity is terminated actually or constructively within a designated period following the occurrence of certain specified change in control transactions. Stock awards held by participants under the 2010 Incentive Plan will not vest automatically on such an accelerated basis unless specifically provided by the participant's applicable award agreement.

2010 Non-Employee Directors' Stock Award Plan

Our board of directors adopted the Non-Employee Directors' Stock Award Plan, or Directors' Plan, in November 2009 and we expect our stockholders will approve our Directors' Plan prior to the completion of this offering. The Directors' Plan will become effective immediately upon the execution and delivery of the underwriting agreement for this offering. The Directors' Plan will terminate at the discretion of our board of directors. The Directors' Plan provides for the automatic grant of nonstatutory stock options to purchase shares of our common stock to our non-employee directors. The Directors' Plan also provides for the discretionary grant of restricted stock units.

Share Reserve. An aggregate of 300,000 shares of our common stock are reserved for issuance under the Directors' Plan. This amount will be increased annually on July 1, from 2010 until 2019, by the sum of 200,000 shares and the aggregate number of shares of our common stock subject to awards granted under the Directors' Plan during the immediately preceding fiscal year. However, our board of directors will have the authority to designate a lesser number of shares by which the share reserve will be increased.

Shares of our common stock subject to stock awards that have expired or otherwise terminated under the Directors' Plan without having been exercised in full shall again become available for grant under the Directors' Plan. Shares of our common stock issued under the Directors' Plan may be previously unissued shares or reacquired shares bought on the market or otherwise. If the exercise of any stock option granted under the Directors' Plan is satisfied by tendering shares of our common stock held by the participant, then the number of shares tendered shall again become available for the grant of awards under the Directors' Plan. In addition, any shares reacquired to satisfy income or employment withholding taxes shall again become available for the grant of awards under the Directors' Plan.

Administration. Our board of directors has delegated its authority to administer the Directors' Plan to our compensation committee.

Stock Options. Stock options will be granted pursuant to stock option agreements. The exercise price of the options granted under the Directors' Plan will be equal to 100% of the fair market value of our common stock on the date of grant. Initial grants vest in equal monthly installments over three years after the date of grant and annual grants vest in equal monthly installments over 12 months after the date of grant.

In general, the term of stock options granted under the Directors' Plan may not exceed seven years. Unless the terms of an option holder's stock option agreement provides otherwise, if an optionholder's service relationship with us, or any affiliate of ours, ceases due to death or disability, then the optionholder or his or her beneficiary may exercise any vested options for a period of 12 months in the event of disability and

18 months in the event of death. If an optionholder's service with us, or any affiliate, ceases for any other reason, the optionholder may exercise the vested options for up to six months following cessation of service.

Acceptable consideration for the purchase of our common stock issued under the Directors' Plan may include cash, a "net" exercise, common stock previously owned by the optionholder or a program developed under Regulation T as promulgated by the Federal Reserve Board.

Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution. However, an optionholder may transfer an option under certain circumstances with our written consent if a Form S-8 registration statement is available for the exercise of the option and the subsequent resale of the shares. In addition, an optionholder may designate a beneficiary who may exercise the option following the optionholder's death.

Non-discretionary Grants

- *Initial Grant.* Any person who becomes a non-employee director after the completion of this offering will automatically receive an initial grant of an option to purchase 20,000 shares of our common stock upon his or her election or appointment, subject to adjustment by our board of directors from time to time. These options will vest in equal monthly installments over four years. These initial grants may also be issued in the form of restricted stock awards if so determined by our board of directors.
- *Annual Grant.* In addition, any person who is a non-employee director on the date of each annual meeting of our stockholders automatically will be granted, on the annual meeting date, beginning with our 2010 annual meeting, an option to purchase 20,000 shares of our common stock, or the annual grant, subject to adjustment by our board of directors from time to time. However, the size of an annual grant made to a non-employee director who is elected after the completion of this offering and who has served for less than 12 months at the time of the annual meeting will be reduced pro rata for each full month prior to the date of grant during which such person did not serve as a non-employee director. These options will vest in equal monthly installments over 12 months. These annual grants may also be issued in the form of restricted stock unit awards if so determined by our board of directors.

Discretionary Grants

In addition to the non-discretionary grants noted above, our board of directors may grant stock awards to one or more non-employee directors in such numbers and subject to such other provisions as it shall determine. These awards may be in the form of stock options or restricted stock awards and shall vest pursuant to vesting schedules to be determined by our board of directors in its sole discretion.

Changes to Capital Structure. In the event there is a specified type of change in our capital structure not involving the receipt of consideration by us, such as a stock split or stock dividend, the number of shares reserved under the Directors' Plan, the maximum number of shares by which the share reserve may increase automatically each year, the number of shares subject to the initial and annual grants and the number of shares and exercise price of all outstanding stock options will be appropriately adjusted.

Change in Control Transactions. In the event of certain change in control transactions, the vesting of options held by non-employee directors whose service is terminated generally will be accelerated in full.

Plan Amendments. Our board of directors will have the authority to amend or terminate the Directors' Plan. However, no amendment or termination of the directors' plan will adversely affect any rights under awards already granted to a participant unless agreed to by the affected participant. We will obtain stockholder approval of any amendment to the Directors' Plan that is required by applicable law.

401(k) Plan

We maintain a defined contribution employee retirement plan, or 401(k) plan, for our employees. Our executive officers are also eligible to participate in the 401(k) plan on the same basis as our other employees. The 401(k) plan is intended to qualify as a tax-qualified plan under Section 401(k) of the Code. The plan provides that each participant may contribute up to the statutory limit, which is $16,500 for calendar year 2009. Participants that are 50 years or older can also make "catch-up" contributions, which in calendar year

2009 may be up to an additional $5,500 above the statutory limit. The plan permits us to make discretionary contributions and matching contributions, subject to established limits and a vesting schedule. In fiscal year 2009, we did not make any discretionary or matching contributions on behalf of our named executive officers.

Limitation of Liability and Indemnification

Our amended and restated certificate of incorporation, which will be in effect upon the completion of this offering, contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by the Delaware General Corporation Law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws to be in effect upon completion of this offering require us to indemnify our directors and executive officers to the maximum extent not prohibited by the Delaware General Corporation Law or any other applicable law and allow us to indemnify other officers, employees and other agents as set forth in the Delaware General Corporation Law or any other applicable law.

We have entered, and intend to continue to enter, into separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our amended and restated bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys' fees, judgments, penalties fines and settlement amounts actually and reasonably incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request, including liability arising out of negligence or active or passive wrongdoing by the officer or director. We believe that these charter provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions.

At present, there is no pending litigation or proceeding involving any of our directors or executive officers as to which indemnification is required or permitted, and we are not aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, executive officers or persons controlling us, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a summary of transactions, during our last three fiscal years, to which we have been a party in which the amount involved exceeded $120,000 and in which any of our executive officers, directors or beneficial holders of more than 5% of our capital stock had or will have a direct or indirect material interest, other than compensation arrangements which are described under the section of this prospectus entitled “Management — Compensation Discussion and Analysis.”

Repurchases of Securities

The following table summarizes shares of our common stock we repurchased from certain of our executive officers since July 1, 2006. We have not repurchased shares of common stock from any of our directors or holders of more than 5% of our capital stock since July 1, 2006.

Executive Officers	Shares Repurchased
Bronwyn Syiek	198,480
Tom Cheli	150,000
Scott Mackley	50,000
Price per share	$ 10.28
Date of repurchase	10/18/07

We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions were comparable to terms available or the amounts that would be paid or received, as applicable, in arm’s-length transactions.

Second Amended and Restated Investor Rights Agreement

We have entered into an investor rights agreement with the purchasers of our outstanding convertible preferred stock, including entities with which certain of our directors are affiliated. As of December 31, 2009, the holders of 21,176,533 shares of our common stock, including the common stock issuable upon the conversion of our preferred stock, are entitled to rights with respect to the registration of their shares following this offering under the Securities Act. For a description of these registration rights, see “Description of Capital Stock — Registration Rights.”

In addition, the election of the members of our board of directors is governed by certain provisions contained in our investor rights agreement. The holders of a majority of our Series A preferred stock, voting as a separate series, have designated Gregory Sands and James Simons for election to our board of directors. The holders of a majority of our Series B preferred stock, voting as a separate series, have designated Glenn Solomon for election to our board of directors. The holders of a majority of our common stock and preferred stock, voting together as a class on as-converted basis, have designated Douglas Valenti, William Bradley, John McDonald and Dana Stalder. Upon the closing of this offering, the board election voting provisions contained in the investor rights agreement will terminate and none of our stockholders will have any special rights regarding the election or designation of members of our board of directors.

Offer Letters and Proprietary Information and Inventions Agreements

We have entered into at-will offer letters and proprietary information and inventions agreements with our executive officers. For more information regarding these agreements, see “Executive Compensation — Offer Letter Agreements” and “Executive Compensation — Proprietary Information and Inventions Agreements.”

Other Transactions

Katrina Boydon serves as our Vice President of Content and Compliance and is the sister of Bronwyn Syiek, our President and Chief Operating Officer. Ms. Boydon’s fiscal year 2010 base salary is $192,938 per year, and she has a fiscal year 2010 target bonus of $67,170. In fiscal years 2007, 2008 and 2009, Ms. Boydon received a base salary of $149,000 (later increased to $158,000), $169,000 (later increased to $175,000) and

$183,750 per year, respectively, and a bonus payout of $46,000, $45,000 and $51,381, respectively. In fiscal years 2007, 2008, 2009 and 2010, Ms. Boydon was granted options to purchase an aggregate of 64,000, 20,000, 30,000 and 45,000 shares of our common stock, respectively.

Rian Valenti serves as a client sales and development associate and is the son of Douglas Valenti, our Chief Executive Officer and Chairman. Mr. Rian Valenti's fiscal year 2010 base salary is $54,000 per year, and he has a fiscal year 2010 commission opportunity of $45,000. Mr. Rian Valenti joined us in fiscal year 2009 with a base salary of $52,000. In fiscal year 2009, Mr. Rian Valenti received an aggregate of $2,000 in commissions. In fiscal year 2009, Mr. Rian Valenti was granted an option to purchase an aggregate of 1,500 shares of our common stock.

We had a preferred publisher agreement with Remilon LLC, an online publishing entity, one of whose primary owners is Ben Wilson, the brother-in-law of Tom Cheli, our Executive Vice President. We have been advised that Mr. Wilson owns one third of the equity interests of Remilon. Under the preferred publisher agreement, we paid commissions for qualified leads generated from links on Remilon's website. We paid commissions to Remilon for fiscal years 2007, 2008 and 2009 and the three months ended September 30, 2009 of $3,109,000, $3,070,000, $4,204,000 and $1,366,000, respectively. Based solely on our understanding of Mr. Wilson's ownership interest in Remilon, and without regard to the amount of profit or loss and any contractual arrangements among the owners of Remilon, Mr. Wilson's interest in the commissions paid to Remilon for fiscal years 2007, 2008 and 2009 and the three months ended September 30, 2009 was approximately $1,036,333, $1,023,333, $1,401,333 and $455,333, respectively. We believe these commissions were comparable to those that would be payable in arms-length dealings with an unrelated third party. This contract expired in October 2009.

We have granted stock options to our executive officers and certain of our directors. For a description of these options, see "Executive Compensation — Outstanding Equity Awards at June 30, 2009." Each stock option issued to our executive officers provides that 25% of the unvested shares subject to such option will vest if the executive is terminated without cause following a change in control.

We have entered into indemnification agreements with each of our directors and executive officers. These indemnification agreements require us to indemnify each of our directors and executive officers to the fullest extent permitted by Delaware law. See "Management — Limitation of Liability and Indemnification."

Policies and Procedures for Transactions with Related Persons

Our board of directors has adopted a written related person transaction policy, which sets forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds $60,000 and a related person had or will have a direct or indirect material interest. While the policy covers related party transactions in which the amount involved exceeds $60,000, only related party transactions in which the amount involved exceeds $120,000 will be required to be disclosed in applicable filings as required by the Securities Act, Exchange Act and related rules. Our board of directors intends to set the $60,000 threshold for approval of related party transactions in the policy at an amount lower than that which is required to be disclosed under the Securities Act, Exchange Act and related rules because we believe it is appropriate for our audit committee to review transactions or potential transactions in which the amount involved exceeds $60,000, as opposed to $120,000. Pursuant to this policy, our audit committee will (i) review the relevant facts and circumstances of each related party transaction, including if the transaction is on terms comparable to those that could be obtained in arm's-length dealings with an unrelated third-party and the extent of the related party's interest in the transaction and (ii) take into account the conflicts of interest and corporate opportunity provisions of our code of business conduct and ethics. Management will present to our audit committee each proposed related party transaction, including all relevant facts and circumstances relating thereto, and will update the audit committee as to any material changes to any related party transaction.

All related party transactions may only be consummated if our audit committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy. Certain types of transactions are not subject to the policy, including: (i) compensation arrangements approved by our Compensation Committee; (ii) transactions in the ordinary course of business where the related party's interest arises only (a) from his or her position as an employee (other than a position as an executive officer, partner, principal or similar control position) of another entity that is party to the transaction or (b) from an equity interest of less than 5% in another entity that is party to the transaction; and (iii) transactions in the ordinary course of business where the interest of the related party arises solely from the ownership of a class of equity securities in our company where all holders of such class of equity securities will receive the same benefit on a pro rata basis. No director may participate in the approval of a related party transaction for which he or she is a related party.

PRINCIPAL AND SELLING STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our common stock as of December 31, 2009, and as adjusted to reflect the sale of shares of common stock in this offering, and the sale of up to additional shares of common stock by us and the selling stockholders upon exercise of the underwriters over-allotment option, for:

- each of our named executive officers;
- each of our directors;
- all of our current officers and directors as a group;
- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our common stock; and
- each of the selling stockholders.

The percentage ownership information shown in the table is based upon 34,912,597 shares of common stock outstanding as of December 31, 2009 and assuming the conversion of all outstanding shares of our preferred stock as of December 31, 2009. The table shows the percentage ownership following both (i) issuance of shares of common stock in this offering and no exercise of the over-allotment option and (ii) the issuance of up to shares of common stock by us and the sale of up to 1,037,648 shares of common stock by the selling stockholders to the underwriters to cover over-allotments, if any.

We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include common stock issuable pursuant to the exercise of stock options that are either immediately exercisable or exercisable on or before March 1, 2010, which is 60 days after December 31, 2009. These shares are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o QuinStreet, Inc., 1051 East Hillsdale Blvd., Foster City, California 94404.

DESCRIPTION OF CAPITAL STOCK

General

Upon the completion of this offering, our amended and restated certificate of incorporation will authorize us to issue up to 100,000,000 shares of common stock, $0.001 par value per share, and 5,000,000 shares of preferred stock, $0.001 par value per share. The following information reflects the filing of our amended and restated certificate of incorporation and the conversion of all outstanding shares of our preferred stock into shares of common stock immediately prior to the completion of this offering.

As of December 31, 2009, there were outstanding:

- 34,912,597 shares of common stock held by approximately 304 stockholders of record; and
- 11,491,017 shares of common stock issuable upon the exercise of outstanding stock options pursuant to our 2008 Equity Incentive Plan and having a weighted average exercise price of $9.3494 per share.

All of our issued and outstanding shares of common stock and convertible preferred stock are duly authorized, validly issued, fully paid and non-assessable. Our shares of common stock are not redeemable and, following the closing of this offering, will not have preemptive rights.

The following description of our capital stock and provisions of our amended and restated certificate of incorporation and amended and restated bylaws are summaries and are qualified by reference to the amended and restated certificate of incorporation and the amended and restated bylaws that will be in effect upon the completion of this offering. Copies of these documents will be filed with the SEC as exhibits to our registration statement, of which this prospectus forms a part. The descriptions of the common stock and preferred stock reflect changes to our capital structure that will occur upon the closing of this offering.

Common Stock

Dividend Rights. Subject to preferences that may be applicable to any then outstanding preferred stock, holders of our common stock are entitled to receive dividends, if any, as may be declared from time to time by our board of directors out of legally available funds.

Voting Rights. Each holder of our common stock is entitled to one vote for each share on all matters submitted to a vote of the stockholders, including the election of directors. Our stockholders do not have cumulative voting rights in the election of directors. Accordingly, holders of a majority of the voting shares are able to elect all of the directors.

Liquidation. In the event of our liquidation, dissolution or winding up, holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities and the satisfaction of any liquidation preference granted to the holders of any then outstanding shares of preferred stock.

Rights and Preferences. Holders of our common stock have no preemptive, conversion, subscription or other rights, and there are no redemption or sinking fund provisions applicable to our common stock. The rights, preferences and privileges of the holders of our common stock are subject to and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock that we may designate in the future.

Preferred Stock

Upon the completion of this offering, our board of directors will have the authority, without further action by our stockholders, to issue up to 5,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof. These rights, preferences and privileges could include dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of such series, any or all of which may be greater than the rights of common stock. The issuance of our preferred stock could adversely affect

the voting power of holders of common stock and the likelihood that such holders will receive dividend payments and payments upon liquidation. In addition, the issuance of preferred stock could have the effect of delaying, deferring or preventing a change of control of our company or other corporate action. Upon the completion of this offering, no shares of preferred stock will be outstanding, and we have no present plan to issue any shares of preferred stock.

Registration Rights

Demand Registration Rights. After 180 days following the completion of this offering (subject to extension under certain circumstances), the holders of approximately 21,176,533 shares of our common stock will be entitled to certain demand registration rights. At any time, the holders of a majority of such shares can, on not more than one occasion in any 12-month period, request that we register all or a portion of their shares. If we are eligible to register such demand registration on Form S-3, the request for registration must cover that at least that number of shares with an anticipated gross aggregate offering price of at least $1,000,000. If we are able to register the sale of shares pursuant to these demand rights on Form S-1 but not Form S-3, the request for registration must either cover at least 20% of the unregistered common shares issued upon conversion of or otherwise in exchange for former preferred shares or cover at least that number of shares with an anticipated gross aggregate offering price of at least $5,000,000. If we determine that it would be seriously detrimental to our stockholders to effect such a demand registration and it is essential to defer such registration, we have the right to defer such registration, not more than once in any one-year period, for a period of up to 120 days.

Piggyback Registration Rights. After the completion of this offering, in the event that we propose to register any of our securities under the Securities Act, either for our own account or for the account of other security holders, the holders of approximately 21,176,533 shares of our common stock will be entitled to certain "piggyback" registration rights allowing the holder to include their shares in such registration, subject to certain marketing and other limitations. As a result, whenever we propose to file a registration statement under the Securities Act, other than with respect to a registration related to employee benefit plans or corporate reorganizations, the holders of these shares are entitled to notice of the registration and have the right, subject to limitations that the underwriters may impose on the number of shares included in the registration, to include their shares in the registration.

Other Terms. We will pay the registration expenses of the holders of the shares registered pursuant to the demand and piggyback registrations described above. In an underwritten offering, the managing underwriter, if any, has the right, subject to specified conditions, to limit the number of shares such holders may include.

The demand and piggyback registration rights described above will expire, with respect to any particular stockholder, the earlier of three years after our initial public offering or when that stockholder can sell all of its shares under Rule 144 of the Securities Act during any three-month period and such stockholder owns less than two percent of our outstanding stock. None of the demand or piggyback registration rights described above are applicable to this offering.

Anti-Takeover Provisions

Certificate of Incorporation and Bylaws to be in Effect Upon the Completion of this Offering. Our amended and restated certificate of incorporation to be in effect upon the completion of this offering will provide for our board of directors to be divided into three classes with staggered three-year terms. Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms. Because our stockholders do not have cumulative voting rights, stockholders holding a majority of the shares of common stock outstanding will be able to elect all of our directors. Our amended and restated certificate of incorporation and amended and restated bylaws to be effective upon the completion of this offering will also provide that all stockholder actions must be effected at a duly called meeting of stockholders and not by a consent in writing, and that only our board of directors,

chairman of the board, chief executive officer or the board of directors pursuant to a resolution adopted by a majority of the total number of authorized directors may call a special meeting of stockholders.

The foregoing provisions will make it more difficult for our existing stockholders to replace our board of directors, as well as for another party to obtain control of us by replacing our board of directors. Since our board of directors has the power to retain and discharge our officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management. In addition, the authorization of undesignated preferred stock makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change our control.

These provisions are intended to enhance the likelihood of continued stability in the composition of our board of directors and its policies and to discourage certain types of transactions that may involve an actual or threatened acquisition of us. These provisions are also designed to reduce our vulnerability to an unsolicited acquisition proposal and to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and may have the effect of deterring hostile takeovers or delaying changes in our control or management. As a consequence, these provisions also may inhibit fluctuations in the market price of our stock that could result from actual or rumored takeover attempts.

Section 203 of the Delaware General Corporation Law. Upon the completion of this offering, we will be subject to Section 203 of the Delaware General Corporation Law, which prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years after the date that such stockholder became an interested stockholder, with the following exceptions:

- before such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction began, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned (i) by persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- on or after such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of the stockholders, and not by written consent, by the affirmative vote of at least $66^{2}/_{3}$% of the outstanding voting stock that is not owned by the interested stockholder.

In general, Section 203 defines business combination to include the following:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock or any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loss, advances, guarantees, pledges or other financial benefits by or through the corporation.

In general, Section 203 defines an “interested stockholder” as an entity or person who, together with the person’s affiliates and associates, beneficially owns, or within three years prior to the time of determination of interested stockholder status did own, 15% or more of the outstanding voting stock of the corporation.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is expected to be BNY Mellon Shareowner Services after the completion of this offering.

SHARES ELIGIBLE FOR FUTURE SALE

Immediately prior to this offering, there has been no public market for our common stock. Future sales of substantial amounts of shares of our common stock in the public market could adversely affect prevailing market prices. Furthermore, since only a limited number of shares will be available for sale shortly after this offering because of contractual and legal restrictions on resale described below, sales of substantial amounts of common stock in the public market after the restrictions lapse could adversely affect the prevailing market price for our common stock, as well as our ability to raise equity capital in the future.

Based on the number of shares of common stock outstanding as of December 31, 2009, upon the completion of this offering, shares of our common stock will be outstanding, assuming no exercise of the underwriters' over-allotment option and no exercise of options. All shares of common stock sold in this offering will be freely tradable unless held by one of our affiliates, as that term is defined in Rule 144 under the Securities Act.

The remaining 34,912,597 shares of our common stock outstanding after this offering are restricted securities as such term is defined in Rule 144 under the Securities Act or are subject to lock-up agreements as described below. Following the expiration of the lock-up period, restricted securities may be sold in the public market only if registered or if they qualify for an exemption from registration under Rule 144 or 701 promulgated under the Securities Act, described in greater detail below. The 34,912,597 shares will generally become available for sale in the public market as follows:

- substantially all of such shares will be subject to lock-up agreements and will not be eligible for immediate sale upon the completion of this offering;
- all such restricted shares will be eligible for sale under Rule 144 or Rule 701 upon expiration of lock-up agreements at least 180 days after the date of this offering, provided that certain shares held by affiliates will be subject to the volume limitations described below.

Rule 144

In general, a person who has beneficially owned restricted shares of our common stock for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to and compliant with the Exchange Act periodic reporting requirements for at least 90 days before the sale. In addition, under Rule 144, any person who is not an affiliate of ours, has not been an affiliate of ours during the preceding three months and has held their shares for at least one year, including the holding period of any prior owner other than one of our affiliates, would be entitled to sell an unlimited number of shares immediately upon the closing of this offering without regard to whether current public information about us is available. Persons who have beneficially owned restricted shares of our common stock for at least six months but who are our affiliates at the time of, or any time during the 90 days preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of either of the following:

- 1% of the number of shares of our common stock then outstanding, which will equal approximately shares immediately after this offering, assuming no exercise of the underwriters' over-allotment option, based on the number of shares of common stock outstanding as of December 31, 2009; or
- the average weekly trading volume of our common stock on The NASDAQ Global Market during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale;

provided, in each case, that we are subject to the Exchange Act periodic reporting requirements for at least 90 days before the sale. Such sales both by affiliates and by non-affiliates must also comply with the manner of sale, current public information and notice provisions of Rule 144.

Rule 701

Rule 701 under the Securities Act, as in effect on the date of this prospectus, permits resales of shares in reliance upon Rule 144 but without compliance with certain restrictions of Rule 144, including the holding period requirement. Most of our employees, executive officers, directors or consultants who purchased shares under a written compensatory plan or contract may be entitled to rely on the resale provisions of Rule 701, but all holders of Rule 701 shares are required to wait until 90 days after the date of this prospectus before selling their shares. However, substantially all Rule 701 shares are subject to lock-up agreements as described below and under "Underwriting" and will become eligible for sale at the expiration of those agreements.

Lock-Up Agreements

We, along with our officers and directors and most of our other stockholders and optionholders, have agreed that, subject to certain exceptions we and they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common stock, whether any of these transactions are to be settled by delivery of our common stock or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of each of Credit Suisse Securities (USA) LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities Inc., for a period of 180 days after the date of this prospectus. However, in the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or announce material news or a material event relating to us or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then, in either case, the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the announcement of the material news or event, as applicable, unless each of Credit Suisse Securities (USA) LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities Inc. waives, in writing, such an extension.

Registration Rights

After 180 days following the completion of this offering (subject to extension in certain circumstances), the holders of 21,176,533 shares of common stock will be entitled to rights with respect to the registration of their shares under the Securities Act, subject to the lock-up arrangement described above. Registration of these shares under the Securities Act would result in the shares becoming freely tradable without restriction under the Securities Act (except for shares held by affiliates) immediately upon the effectiveness of this registration. Any sales of securities by these stockholders could have a material adverse effect on the trading price of our common stock. See "Description of Capital Stock — Registration Rights." None of the registration rights described above are applicable to this offering.

Equity Incentive Plans

We intend to file with the SEC a registration statement under the Securities Act covering the shares of our common stock reserved for issuance under our 2008 Equity Incentive Plan, our 2010 Equity Incentive Plan and our 2010 Non-Employee Directors' Stock Award Plan. The registration statement is expected to be filed and become effective as soon as practicable after the completion of this offering. Accordingly, shares registered under the registration statement will be available for sale in the open market following its effective date, subject to the 180-day lock-up arrangement described above, if applicable.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS FOR NON-U.S. HOLDERS

The following is a general discussion of the material U.S. federal income tax consequences of the ownership and disposition of our common stock to a non-U.S. holder that acquires our common stock pursuant to this offering. For the purpose of this discussion, a non-U.S. holder is any beneficial owner of our common stock that, for U.S. federal income tax purposes, is not a partnership or U.S. person. For purposes of this discussion, the term U.S. person means:

- an individual who is a citizen or resident of the U.S.;
- a corporation or other entity taxable as a corporation created or organized under the laws of the U.S. or any political subdivision thereof;
- an estate whose income is subject to U.S. federal income tax regardless of its source; or
- a trust (x) whose administration is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust or (y) which has in effect a valid election to be treated a U.S. person.

If a partnership (or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds our common stock, the tax treatment of a partner will generally depend on the status of the partner and upon the activities of the partnership. Accordingly, we urge partnerships that hold our common stock and partners in such partnerships to consult their tax advisors.

This discussion assumes that a non-U.S. holder will hold our common stock issued pursuant to this offering as a capital asset (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that may be relevant in light of a non-U.S. holder's special tax status or special tax situations. Certain former citizens or residents of the U.S., life insurance companies, tax-exempt organizations, dealers in securities or currency, banks or other financial institutions and investors that hold common stock as part of a hedge, straddle, conversion transaction, synthetic security or other integrated investment are among those categories of potential investors that are subject to special rules not covered in this discussion. This discussion does not address any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction. Furthermore, the following discussion is based on current provisions of the Code and Treasury Regulations and administrative and judicial interpretations thereof, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect. Accordingly, we urge each non-U.S. holder to consult a tax advisor regarding the U.S. federal, state, local and non-U.S. income and other tax consequences of acquiring, holding and disposing of shares of our common stock.

Dividends

We have not paid any dividends on our common stock and we do not plan to pay any dividends in the foreseeable future. However, if we do pay dividends on our common stock, those payments will constitute dividends for U.S. tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent those dividends exceed our current and accumulated earnings and profits, the dividends will constitute a return of capital and will first reduce a holder's adjusted tax basis in the common stock, but not below zero, and then will be treated as gain from the sale of the common stock.

Dividends paid (out of earnings and profits) to a non-U.S. holder of common stock generally will be subject to U.S. withholding tax either at a rate of 30% of the gross amount of the dividend or such lower rate as may be specified by an applicable tax treaty. To receive a reduced rate of withholding under a tax treaty, a non-U.S. holder must provide us with an IRS Form W-8BEN or other appropriate version of Form W-8 certifying qualification for the reduced rate.

Dividends received by a non-U.S. holder that are effectively connected with a U.S. trade or business conducted by the non-U.S. holder (and, if required by an applicable tax treaty, that are attributable to a U.S. permanent establishment) generally are not subject to withholding tax, provided certain certifications are met. Such effectively connected dividends, net of certain deductions and credits, are taxed at the graduated U.S. federal income tax rates applicable to U.S. persons. To claim an exemption from withholding because the dividends are effectively connected within a U.S. trade or business of the non-U.S. holder, the non-U.S. holder must provide a properly executed IRS Form W-8ECI, or such successor form as the IRS designates prior to the payment of dividends. In addition to the graduated tax described above, dividends that are effectively connected with a U.S. trade or business of a corporate non-U.S. holder may also be subject to a branch profits tax at a rate of 30% or such lower rate as may be specified by an applicable tax treaty.

A non-U.S. holder of common stock may obtain a refund or credit of any excess amounts withheld if an appropriate claim for refund is timely filed with the IRS.

Gain on Disposition of Common Stock

Subject to the discussion below under "Backup Withholding and Information Reporting," a non-U.S. holder generally will not be subject to U.S. federal income tax or withholding tax on any gain realized upon the sale or other disposition of our common stock unless:

- the gain is effectively connected with a U.S. trade or business of the non-U.S. holder, and, if an applicable tax treaty so requires, is attributable to a U.S. permanent establishment maintained by such non-U.S. holder;
- the non-U.S. holder is an individual who is present in the U.S. for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met; or
- our common stock constitutes a U.S. real property interest by reason of our status as a "U.S. real property holding corporation" for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding the disposition or the holder's holding period for our common stock. We believe that we are not currently, and that we will not become, a "U.S. real property holding corporation" for U.S. federal income tax purposes.

Unless an applicable tax treaty provides otherwise, gain described in the first bullet point above will be subject to U.S. federal income tax on a net basis at the graduated U.S. federal income tax rate applicable to U.S. persons and, in the case of non-U.S. corporate holders, a "branch profits tax" may also apply. Gain described in the second bullet point above (which may be offset by certain U.S. source capital losses) will be subject to a flat 30% U.S. federal income tax or such lower rate as may be specified by an applicable tax treaty.

If we were to become a U.S. real property holding corporation at any time during the applicable period described in the third bullet point above, any gain recognized on a disposition of our common stock by a non-U.S. holder would be subject to U.S. federal income tax at the graduated U.S. federal income tax rates applicable to U.S. persons if either (i) the non-U.S. holder owned (directly, indirectly or constructively) more than 5% of our common stock during such applicable period or (ii) our common stock were not "regularly traded on an established securities market" (within the meaning of Section 897(c)(3) of the Code) at any time during the calendar year of the disposition. We believe that our stock will be treated as so traded.

Backup Withholding and Information Reporting

Generally, we must report annually to the IRS the amount of dividends paid, the name and address of the recipient, and the amount, if any, of tax withheld. A similar report is sent to the non-U.S. holder. Pursuant to

tax treaties or other agreements, the IRS may make its reports available to tax authorities in the recipient's country of residence.

Payments of dividends made to a non-U.S. holder may be subject to backup withholding (currently at a rate of 28%), and the proceeds from the disposition of our common stock may be subject to backup withholding and information reporting, unless the non-U.S. holder establishes an exemption, for example, by properly certifying its non-U.S. status on a Form W-8BEN or another appropriate version of Form W-8. Notwithstanding the foregoing, backup withholding may apply if either we or our paying agent has actual knowledge, or reason to know, that the beneficial owner is a U.S. person.

Backup withholding is not an additional tax. Rather, the U.S. income tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund may be obtained, provided that the required information is timely furnished to the IRS.

UNDERWRITERS

Under the terms and subject to the conditions contained in an underwriting agreement dated , 2010, we have agreed to sell to the underwriters named below, for whom Credit Suisse Securities (USA) LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and J.P. Morgan Securities Inc. are acting as representatives, the following respective numbers of shares of common stock:

	Number of Shares
Credit Suisse Securities (USA) LLC	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
J.P. Morgan Securities Inc.	
Total	

The underwriting agreement provides that the underwriters are obligated to purchase all the shares of common stock in the offering if any are purchased, other than those shares covered by the over-allotment option described below. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated.

We have granted to the underwriters a 30-day option to purchase up to additional shares and the selling stockholders have granted the underwriters a 30-day option to purchase up to additional shares at the initial public offering price less the underwriting discounts and commissions. If the selling stockholders fail for any reason to sell that number of shares to be sold by such selling stockholders upon exercise of their over-allotment option, we have agreed to issue additional shares of our common stock to cover any such unsold shares. The option may be exercised only to cover any over-allotments of common stock. Upon any partial exercise of this option, the underwriters will first purchase shares from the selling stockholders, pro-rata to each such stockholder's aggregate commitment, and the underwriters will only purchase shares from us pursuant to this option once all shares offered by the selling stockholders are sold. If any shares are purchased pursuant to this option, the underwriters will purchase such shares in approximately the same proportion as set forth in the table above.

The underwriters propose to offer the shares of common stock initially at the public offering price on the cover page of this prospectus and to selling group members at that price less a selling concession of $ per share. The underwriters and selling group members may allow a discount of $ per share on sales to other broker/dealers. After the initial public offering, the representatives may change the public offering price and concession and discount to broker/dealers.

The following table summarizes the compensation and estimated expenses we will pay:

	Per Share		Total	
	Without Over-Allotment	With Over-Allotment	Without Over-Allotment	With Over-Allotment
Underwriting discounts and commissions payable by us	$	$	$	$
Expenses payable by us	$	$	$	$
Underwriting discounts and commissions payable by the selling stockholders	$ —	$	$ —	$
Expenses payable by the selling stockholders	$ —	$	$ —	$

Qatalyst Partners LP is acting as our financial advisor in connection with the offering. Qatalyst's services consist of (i) analyzing our business, condition and financial position, (ii) preparing and implementing a plan for identifying and selecting appropriate participants in the underwriting syndicate, (iii) evaluating proposals that were received from potential underwriters, (iv) negotiating on our behalf the key terms of any contractual arrangements with members of the underwriting syndicate, and (v) determining various offering logistics.

Qatalyst is not acting as an underwriter and will not sell or offer to sell any securities and will not identify, solicit or engage directly with potential investors. In addition, Qatalyst will not underwrite or purchase any of the offered securities or otherwise participate in any such undertaking.

The underwriters have agreed to reimburse us for a portion of our out-of-pocket expenses in connection with the offering in the amount of $_____, representing the fees we have agreed to pay Qatalyst for acting as our financial advisor.

The underwriters have informed us that they do not expect sales to accounts over which the underwriters have discretionary authority to exceed 5% of the shares of common stock being offered.

We, along with our officers and directors and most of our other stockholders and optionholders, have agreed that, subject to certain exceptions we and they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common stock, whether any of these transactions are to be settled by delivery of our common stock or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of each of the representatives for a period of 180 days after the date of this prospectus. However, in the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or announce material news or a material event relating to us or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the announcement of the material news or event, as applicable, unless each of the representatives waives, in writing, such an extension.

We and the selling stockholders have agreed to indemnify the underwriters against liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in that respect.

We have applied to list the shares of common stock on The NASDAQ Global Market under the symbol "QNST".

Certain of the underwriters and their respective affiliates may have from time to time performed and may in the future perform various financial advisory, commercial banking and investment banking services for us in the ordinary course of business, for which they received or will receive customary fees. In addition, affiliates of the representatives are lenders under our bank credit facility.

Prior to the offering, there has been no market for our common stock. The initial public offering price will be determined by negotiation between us and the underwriters and will not necessarily reflect the market price of the common stock following the offering. The principal factors that will be considered in determining the initial public offering price will include:

- the information presented in this prospectus and otherwise available to the underwriters;
- the history of and the prospects for the industry in which we compete;
- the ability of our management;
- the prospects for our future earnings;
- the present state of our development and our current financial condition;
- the recent market prices of, and the demand for, publicly-traded common stock of generally comparable companies; and
- the general condition of the securities markets at the time of the offering.

We offer no assurances that the initial public offering price will correspond to the price at which our common stock will trade in the public market subsequent to the offering or that an active trading market for the common stock will develop and continue after the offering.

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions, penalty bids and passive market making in accordance with Regulation M under the Exchange Act.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of shares in excess of the number of shares the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by the underwriters is not greater than the number of shares that they may purchase in the over-allotment option. In a naked short position, the number of shares involved is greater than the number of shares in the over-allotment option. The underwriters may close out any covered short position by either exercising their over-allotment option and/or purchasing shares in the open market.
- Syndicate covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out the short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. If the underwriters sell more shares than could be covered by the over-allotment option, a naked short position, the position can only be closed out by buying shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.
- Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.
- In passive market making, market makers in the common stock who are underwriters or prospective underwriters may, subject to limitations, make bids for or purchases of our common stock until the time, if any, at which a stabilizing bid is made.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of the common stock. As a result the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on The NASDAQ Global Market or otherwise and, if commenced, may be discontinued at any time.

A prospectus in electronic format may be made available on the websites maintained by one or more of the underwriters, or selling group members, if any, participating in this offering, and one or more of the underwriters participating in this offering may distribute prospectuses electronically. The representatives may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters and selling group members that will make Internet distributions on the same basis as other allocations.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
of QuinStreet, Inc.

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, of convertible preferred stock, stockholders' equity and comprehensive income, and of cash flows present fairly, in all material respects, the financial position of QuinStreet, Inc. and its subsidiaries at June 30, 2008 and 2009, and the results of their operations and their cash flows for each of the three years in the period ended June 30, 2009 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the accompanying financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related financial statements. These financial statements and financial statements schedule are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial statement schedule are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 2 of the consolidated financial statements, the Company changed the manner in which it accounts for uncertainty in income taxes in 2007.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(In thousands, except share and per share data)

1. The Company

QuinStreet, Inc. (the "Company") is an online media and marketing company incorporated in California on April 16, 1999. The Company provides vertically oriented customer acquisition programs for its clients. The Company also provides hosted solutions for direct selling companies. The corporate headquarters are located in Foster City, California, with offices in Arkansas, Colorado, Massachusetts, Nevada, New Jersey, North Carolina, Oklahoma, Oregon, India and the United Kingdom.

2. Summary of Significant Accounting Policies

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

Unaudited Interim Financial Information

The accompanying consolidated balance sheet as of September 30, 2009, the consolidated statements of operations and of cash flows for the three months ended September 30, 2008 and 2009 and of convertible preferred stock, stockholders' equity and comprehensive income for the three months ended September 30, 2009 are unaudited. The unaudited interim financial statements have been prepared on the same basis as the annual financial statements and, in the opinion of management, reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company's financial condition and results of operations and cash flows for the three months ended September 30, 2008 and 2009. The financial data and other information disclosed in these notes to the consolidated financial statements related to the three months ended September 30, 2008 and 2009 are unaudited. The results of operations for the three months ended September 30, 2009 are not necessarily indicative of the results to be expected for fiscal year 2010 or for any other interim period or for any other future year.

Pro Forma Statement of Stockholders' Equity (unaudited)

Upon the consummation of a qualifying initial public offering, all of the outstanding shares of convertible preferred stock automatically convert into common stock. The September 30, 2009 unaudited pro forma balance sheet data has been prepared assuming the conversion of the convertible preferred stock outstanding into 21,176,533 shares of common stock.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

The Company derives its revenue from two sources: Direct Marketing Services ("DMS") and Direct Selling Services ("DSS"). DMS revenue, which constituted 95%, 98% and 99% of fiscal years 2007, 2008 and 2009 respectively, is derived primarily from fees which are earned through the delivery of qualified leads or clicks. The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable and collectability is reasonably assured. Delivery is deemed to have

(In thousands, except share and per share data)

occurred at the time a qualified lead or click is delivered to the customer provided that no significant obligations remain.

From time to time, the Company may agree to credit certain leads or clicks if they fail to meet the contractual or other guidelines of a particular client. The Company has established a sales reserve based on historical experience. To date, such credits have been immaterial and within management's expectations.

For a portion of its revenue, the Company has agreements with providers of online media or traffic ("Publishers") used in the generation of leads or clicks. The Company receives a fee from its clients and pays a fee to Publishers either on a cost per lead, cost per click or cost per thousand impressions basis. The Company is the primary obligor in the transaction. As a result, the fees paid by the Company's clients are recognized as revenue and the fees paid to its Publishers are included in cost of revenue.

DSS revenue, which constituted 5%, 2% and 1% of fiscal years 2007, 2008 and 2009 revenue, respectively, is comprised of (i) set-up and professional services fees and (ii) usage and hosting fees. Set-up and professional service fees that do not provide stand-alone value to a client are recognized over the contractual term of the agreement or the expected client relationship period, whichever is longer, effective when the application reaches the "go-live" date. The Company defines the "go-live" date as the date when the application enters into a production environment or all essential functionalities have been delivered. Usage and hosting fees are recognized on a monthly basis as earned.

Deferred revenue consists of billings or payments received in advance of reaching all the above revenue recognition criteria.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash and cash equivalents and accounts receivable. Cash and cash equivalents are deposited with financial institutions that management believes are creditworthy. The deposits exceed federally insured amounts. To date, the Company has not experienced any losses of its deposits of cash and cash equivalents.

The Company's accounts receivable are derived from clients located principally in the United States, and to a lesser extent, Europe and Canada. The Company performs ongoing credit evaluation of its clients, does not require collateral, and maintains allowances for potential credit losses on client accounts when deemed necessary. To date, such losses have been within management's expectations.

Clients over 10% of total revenue, all of which were from our DMS segment, were as follows:

	Fiscal Year Ended June 30,			Three Months Ended September 30,

Client B	15%	12%	6%	8%	6%

Fair Value of Financial Instruments

The Company's financial instruments consist principally of cash and cash equivalents, accounts receivable, accounts payable, acquisition-related notes payable, term loan and revolving credit facility. The fair value of the Company's cash equivalents is determined based on quoted prices in active markets for identical assets. The recorded values of the Company's accounts receivable and accounts payable approximate their

(In thousands, except share and per share data)

current fair values due to the relatively short-term nature of these accounts. The fair value of acquisition-related notes payable approximates their recorded amounts at June 30, 2009 as the interest rates on similar financing arrangements available to the Company at June 30, 2009 approximates the interest rates implied when these acquisition-related notes payable were originally issued and recorded. The Company believes that the fair values of the term loan and revolving credit facility, as of June 30, 2009, approximate their recorded amounts as the interest rates on these instruments are variable and are primarily based on market rate interest.

Cash and Cash Equivalents

All highly liquid investments with maturities of three months or less at the date of purchase are classified as cash equivalents. Cash equivalents consist primarily of money market funds and time deposits with original maturities of three months or less. Cash equivalents amounted to $9,395 and $17,091 at June 30, 2008 and 2009, respectively, and $8,813 at September 30, 2009 (unaudited).

Marketable Securities

Highly liquid investments with maturities greater than three months at the date of purchase are classified as marketable securities. The Company's marketable securities have been classified and accounted for as available-for-sale. Management determines the appropriate classification of its investments at the time of purchase and reevaluates the available-for-sale designation as of each balance sheet date. These investments are carried at fair value, with unrealized gains and losses, net of tax, and are reported as a component of stockholders' equity. The cost of securities sold is based upon the specific identification method. The Company did not have any marketable securities at June 30, 2009 and at September 30, 2009 (unaudited). At June 30, 2008, marketable securities consisted of corporate bonds from three issuers with a fair value of $2,302.

Restricted Cash

At June 30, 2008 and 2009, the Company had $731 and $20, respectively, of cash restricted from withdrawal and held by a bank in certificate of deposits as collateral for a credit facility.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization, and are depreciated on a straight-line basis over the estimated useful lives of the assets.

Computer equipment	3 years
Software	3 years
Furniture and fixtures	3 to 5 years
Leasehold improvements	the shorter of the lease term or the estimated useful lives of the improvements

Internal Software Development Costs

The Company incurs costs to develop software for internal use. The Company expenses all costs that relate to the planning and post-implementation phases of development as product development expense. Costs incurred in the development phase are capitalized and amortized over the product's estimated useful life if the product is expected to have a useful life beyond six months. Costs associated with repair or maintenance of existing sites or the developments of website content are included in cost of revenue in the accompanying statements of operations. The Company's policy is to amortize capitalized internal software development costs on a product-by-product basis using the straight-line method over the estimated economic life of the application, which is generally two years. The company capitalized $1,493, $1,378 and $1,060 in fiscal years

2007, 2008 and 2009, respectively. Amortization of internal software development costs is reflected in cost of revenue.

Goodwill

Goodwill is tested for impairment at the reporting unit level on an annual basis and whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable. Application of the goodwill impairment test requires judgment, including the identification of reporting units, assigning assets and liabilities to reporting units, assigning goodwill to reporting units, and determining the fair value of each reporting unit. Significant judgments required to estimate the fair value of reporting units include estimating future cash flows, and determining appropriate discount rates, growth rates and other assumptions. Changes in these estimates and assumptions could materially affect the determination of fair value for each reporting unit which could trigger impairment.

The Company determined that DMS and DSS constitute two separate reporting units. The Company completed its annual goodwill impairment reviews at June 30, 2007, 2008 and 2009 and concluded that goodwill was not impaired.

Long-Lived Assets

The Company evaluates long-lived assets, such as property and equipment and purchased intangible assets with finite lives, for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. The Company assesses the fair value of the assets based on the undiscounted future cash flow the assets are expected to generate and recognizes an impairment loss when estimated undiscounted future cash flows expected to result from the use of the asset plus net proceeds expected from disposition of the asset, if any, are less than the carrying value of the asset. When the Company identifies an impairment, it reduces the carrying amount of the asset to its estimated fair value based on a discounted cash flow approach or, when available and appropriate, to comparable market values. There were no impairments recorded in fiscal years 2007, 2008 and 2009 related to the Company's long-lived assets.

Advertising Costs

The Company expenses advertising costs as they are incurred. Advertising expenses for fiscal years 2007, 2008 and 2009 were $54, $67 and $185, respectively.

Income Taxes

The Company accounts for income taxes using an asset and liability approach to record deferred taxes. The Company's deferred income tax assets represent temporary differences between the financial statement carrying amount and the tax basis of existing assets and liabilities that will result in deductible amounts in future years, including net operating loss carry forwards. Based on estimates, the carrying value of the Company's net deferred tax assets assumes that it is more likely than not that the Company will be able to generate sufficient future taxable income in certain tax jurisdictions. The Company's judgments regarding future profitability may change due to future market conditions, changes in U.S. or international tax laws and other factors.

On July 1, 2007, the Company adopted the authoritative accounting guidance prescribing a threshold and measurement attribute for the financial recognition and measurement of a tax position taken or expected to be taken in a tax return. The guidance also provides for de-recognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure and transition. The guidance utilizes a two-step approach for evaluating uncertain tax positions. Step one, Recognition, requires a company

to determine if the weight of available evidence indicates that a tax position is more likely than not to be sustained upon audit, including resolution of related appeals or litigation processes, if any. If a tax position is not considered "more likely than not" to be sustained then no benefits of the position are to be recognized. Step two, Measurement, is based on the largest amount of benefit, which is more likely than not to be realized on ultimate settlement.

Foreign Currency Translation

The functional currency for the majority of the Company's foreign subsidiaries is the U.S. dollar. For those subsidiaries, assets and liabilities denominated in foreign currency are remeasured into U.S. dollars at current exchange rates for monetary assets and liabilities and historical exchange rates for nonmonetary assets and liabilities. Net revenue, cost of revenue and expenses are generally remeasured at average exchange rates in effect during each period. Gains and losses from foreign currency remeasurement are included in net earnings. Certain foreign subsidiaries designate the local currency as their functional currency. For those subsidiaries, the assets and liabilities are translated into U.S. dollars at exchange rates in effect at the balance sheet date. Income and expense items are translated at average exchange rates for the period. The foreign currency translation adjustments are included in accumulated other comprehensive income (loss) as a separate component of stockholders' equity.

Foreign currency transaction gains or losses are recorded in other income (expense), net. Foreign currency transaction losses were $97 for fiscal year 2007. Foreign currency transaction gains were $101 for fiscal year 2008. Foreign currency transaction losses were $254 for fiscal year 2009.

Comprehensive Income

Comprehensive income consists of two components, net income and other comprehensive income (loss). Other comprehensive income (loss) refers to revenue, expenses, gains, and losses that under U.S. generally accepted accounting principles are recorded as an element of stockholders' equity but are excluded from net income. The Company's other comprehensive income (loss) consists of foreign currency translation adjustments from those subsidiaries not using the U.S. dollar as their functional currency and unrealized gains and losses on marketable securities categorized as available-for-sale. The Company has disclosed comprehensive income as a component of stockholders' equity.

Loss Contingencies

The Company is subject to the possibility of various loss contingencies arising in the ordinary course of business. Management considers the likelihood of loss or impairment of an asset or the incurrence of a liability, as well as its ability to reasonably estimate the amount of loss, in determining loss contingencies. An estimated loss contingency is accrued when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. The Company regularly evaluates current information available to its management to determine whether such accruals should be adjusted and whether new accruals are required.

From time to time, the Company is involved in disputes, litigation and other legal actions. The Company records a charge equal to at least the minimum estimated liability for a loss contingency only when both of the following conditions are met: (i) information available prior to issuance of the financial statements indicates that it is probable that an asset had been impaired or a liability had been incurred at the date of the financial statements, and (ii) the range of loss can be reasonably estimated. The actual liability in any such matters may be materially different from the Company's estimates, which could result in the need to adjust the liability and record additional expenses.

Stock-Based Compensation

The Company records stock-based compensation expense for employee stock options granted or modified on or after July 1, 2006 based on estimated fair values for these stock options. The Company continues to account for stock options granted to employees prior to July 1, 2006 based on the intrinsic value of those stock options.

Fair values of share-based payment awards are determined on the date of grant using an option-pricing model. The Company has selected the Black-Scholes option pricing model to estimate the fair value of its stock options awards to employees. In applying the Black-Scholes option pricing model, the Company's determination of fair value of the share-based payment award on the date of grant is affected by the Company's estimated fair value of common shares, as well as assumptions regarding a number of highly complex and subjective variables. These variables include, but are not limited to, the Company's expected stock price volatility over the term of the stock options and the employees' actual and projected stock option exercise and pre-vesting employment termination behaviors.

For awards with graded vesting, the Company recognizes stock-based compensation expense over the requisite service period using the straight-line method, based on awards ultimately expected to vest. The Company estimates future forfeitures at the date of grant and revises the estimates, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

See Note 10 for further information.

Segment Reporting

Operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker, or decision making group, in deciding how to allocate resources and in assessing performance. The Company's chief operating decision maker is its chief executive officer. The Company's chief executive officer reviews financial information presented on a consolidated basis, accompanied by information about operating segments, including net sales and operating income before depreciation, amortization and stock-based compensation expense.

The Company determined its operating segments to be DMS, which derives substantially all of its revenue from fees earned through the delivery of qualified leads and paid clicks, and DSS, which derives substantially all of its revenue from the sale of direct selling services through a hosted solution. The Company's reportable operating segments consist of DMS and DSS. The accounting policies of the two reportable operating segments are the same as those described in Note 1, Summary of Significant Accounting Policies.

The Company evaluates the performance of its operating segments based on net sales and operating income before depreciation, amortization and stock-based compensation expense.

Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board ("FASB") issued a new accounting standard that changes the accounting for business combinations, including the measurement of acquirer shares issued in consideration for a business combination, the recognition of contingent consideration, the accounting for pre-acquisition gain and loss contingencies, the recognition of capitalized in-process research and development, the accounting for acquisition-related restructuring cost accruals, the treatment of acquisition-related transaction costs and the recognition of changes in the acquirer's income tax valuation allowance. The new standard applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The adoption of the new standard did not have a material impact on the Company's consolidated financial statements, but is likely to have a material impact on how the Company accounts for any future business combinations into which the Company may enter.

In May 2009, the FASB issued a new accounting standard that establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued. In particular, the new standard sets forth (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements; and (3) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Company applied the requirement of this standard effective June 30, 2009 and included additional disclosures in the notes to the Company's consolidated financial statements.

In June 2009, the FASB issued a new accounting standard that provides for a codification of accounting standards to be the authoritative source of generally accepted accounting principles in the United States. Rules and interpretive releases of the SEC under federal securities laws are also sources of authoritative GAAP for SEC registrants. The Company adopted the provisions of the authoritative accounting guidance for the interim reporting period ended September 30, 2009. The adoption did not have a material effect on the Company's consolidated results of operations or financial condition.

In October 2009, the FASB issued a new accounting standard that changes the accounting for arrangements with multiple deliverables. Specifically, the new standard requires an entity to allocate

arrangement consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. In addition, the new standard eliminates the use of the residual method of allocation and requires the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables. In October 2009, the FASB also issued a new accounting standard that changes revenue recognition for tangible products containing software and hardware elements. Specifically, if certain requirements are met, revenue arrangements that contain tangible products with software elements that are essential to the functionality of the products are scoped out of the existing software revenue recognition accounting guidance and will be accounted for under the multiple-element arrangements revenue recognition guidance discussed above. Both standards will be effective for the Company in the first quarter of fiscal year 2011. Early adoption is permitted. The Company does not anticipate the adoption of these standards to have a material impact on its consolidated financial statements.

3. Revision of prior period financial statements

Stock-Based Compensation

The Company licenses software from a third-party to automate the administration of its employee equity programs and calculate its stock-based compensation expense. During the first quarter of fiscal year 2010, the Company noted that the version of the software it used incorrectly calculated stock-based compensation expense by continuing to apply a weighted average forfeiture rate to the vested portion of stock option awards until the grant's final vest date, rather than reflecting actual forfeitures as awards vested. The net effect of the error was an understatement of stock-based compensation expense of approximately $133, $492 and $538 in fiscal years 2007, 2008 and 2009, respectively.

Cash Flow Presentation

The Company determined in the first quarter of fiscal year 2010 that in its statement of cash flows for fiscal year 2008, it had improperly reflected an increase in liabilities resulting from the recording of a deferred tax liability in connection with an acquisition in operating activities instead of investing activities.

The Company assessed the materiality of these errors on prior period financial statements in accordance with the SEC's Staff Accounting Bulletin No. 99 ("SAB 99"), and concluded that the errors were not material to any prior annual or interim periods but the cumulative error would be material to the three months ended September 30, 2010, if the entire correction was recorded in the current period. Accordingly, the Company has revised certain prior amounts and balances in its financial statements in fiscal years 2007, 2008 and 2009 to allow for the correct recording of these amounts in accordance with the SEC's Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statement.

4. Net income attributable to common stockholders and pro forma net income per share

Basic and diluted net income per share attributable to common stockholders are presented in conformity with the two-class method required for participating securities. Holders of Series A, Series B and Series C convertible preferred stock are each entitled to receive 8% per annum non-cumulative dividends, payable prior and in preference to any dividends on any other shares of the Company's capital stock. In the event a dividend is paid on common stock, Series A, Series B and Series C convertible preferred stockholders are entitled to a proportionate share of any such dividend as if they were holders of common shares (on an as-if converted basis).

Under the two-class method, basic net income per share attributable to common stockholders is computed by dividing the net income attributable to common stockholders by the weighted average number of common shares outstanding during the period. Net income attributable to common stockholders is determined by allocating undistributed earnings, calculated as net income less current period Series A, Series B and Series C convertible preferred stock non-cumulative dividends, between common stock and Series A, Series B and Series C convertible preferred stockholders. Diluted net income per share attributable to common stockholders is computed by using the weighted average number of common shares outstanding, including potential dilutive shares of common stock assuming the dilutive effect of outstanding stock options using the treasury stock method.

Marketable Securities

The Company's investments in marketable securities designated as available-for-sale consist of the following:

	June 30, 2008			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Carrying Value
Corporate debt securities	$ 2,296	$ 6	$ —	$ 2,302

The Company recognized proceeds of $29,172 and $2,302 from the sale and maturities of its investments in marketable securities for fiscal years 2008 and 2009, respectively. The Company did not realize any gains or losses from sales of its investments in marketable securities for fiscal years 2007, 2008 and 2009.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. A hierarchy for inputs used in measuring fair value has been defined to minimize the use of unobservable inputs by requiring the use of observable market data when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on active market data. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The fair value hierarchy prioritizes the inputs into three broad levels:

Level 1 — Inputs are unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 — Inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument.

Level 3 — Inputs are unobservable inputs based on the Company's assumptions.

All cash equivalents at June 30, 2009 and September 30, 2009 (unaudited) are considered Level 1.

7. Debt

Promissory Notes

During fiscal years 2008 and 2009 and the three months ended September 30, 2009 (unaudited), the Company issued total promissory notes for the acquisition of businesses of $16,910, $8,151 and $6,347, respectively, net of imputed interest amounts of $2,107, $1,117 and $333, respectively. Other than for one acquisition in fiscal year 2008 in which $3,750 in promissory notes were issued at an annual interest rate of 1.64%, all of the promissory notes are non-interest-bearing. Interest was imputed such that the notes carry an interest rate commensurate with that available to the Company in the market for similar debt instruments. Accretion of notes payable of $421, $404 and $563 was recorded during the fiscal years 2007, 2008 and 2009, respectively. Certain of the promissory notes are secured by the assets acquired in respect to which the notes were issued.

Term Loan and Revolving Credit Facility

In August 2006, the Company signed a loan and security agreement that made available a $30,000 revolving credit facility from a financial institution. In January 2008, the Company signed an amendment to this loan and security agreement, expanding the revolving credit availability to $60,000.

In September 2008, the Company replaced its existing revolving credit facility of $60,000 with credit facilities totaling $100,000. The new facilities consist of a $30,000 five-year term loan, with principal amortization of 10%, 10%, 20%, 25% and 35% annually, and a $70,000 revolving credit facility. Borrowings under the credit facilities are collateralized by the Company's assets and interest is payable quarterly at specified margins above either LIBOR or the Prime Rate. The interest rate varies dependent upon the ratio of funded debt to adjusted EBITDA and ranges from LIBOR + 1.875% to 2.625% or Prime + 0.75% to 1.25% for the revolving credit facility and from LIBOR + 2.25% to 3.0% or Prime + 0.75% to 1.25% for the term loan. The revolver also requires a quarterly facility fee of $66. As of June 30, 2009, $28,500 was outstanding under the term loan and $6,257 was outstanding under the revolving credit facility. The credit facilities expire in September 2013. The loan and revolving credit facility agreement restricts the Company's ability to raise

(In thousands, except share and per share data)

additional debt financing and pay dividends. In addition, the Company is required to maintain financial ratios computed as follows:

1. Quick ratio: ratio of (i) the sum of unrestricted cash and cash equivalents and trade receivables less than 90 days from invoice date to (ii) current liabilities and face amount of any letters of credit less the current portion of deferred revenue.

2. Fixed charge coverage: ratio of (i) trailing 12 months of adjusted EBITDA to (ii) the sum of capital expenditures, net cash interest expense, cash taxes, cash dividends and trailing twelve months payments of indebtedness. Payment of unsecured indebtedness is excluded to the degree that sufficient unused revolving credit facility exists such that the relevant debt payment could have been made from the credit facility.

3. Funded debt to adjusted EBITDA: ratio of (i) the sum of all obligations owed to lending institutions, the face amount of any letters of credit, indebtedness owed in connection with acquisition-related notes and indebtedness owed in connection with capital lease obligations to (ii) trailing 12-month adjusted EBITDA.

The Company was in compliance with the financial ratios as of June 30, 2009 and September 30, 2009 (unaudited).

	35,500,000	21,176,533	$ 70,333	$ 38,180

The holders of convertible preferred stock have various rights and preferences as follows:

Voting

Each share of Series A and B convertible preferred stock has voting rights equal to the number of shares of common stock into which it is convertible and votes together as one class with the common stock. The Series C convertible preferred stock is non-voting.

Dividends

Holders of Series A, B and C convertible preferred stock are entitled to receive noncumulative dividends at the per annum rate of 8% of original issue price or $0.136, $0.236 and $0.40 per share, respectively, when and if declared by the Board of Directors. The holders of Series A, B and C convertible preferred stock are also entitled to participate in dividends on shares of common stock, when and if declared by the Board of Directors, based on the number of shares of common stock held on an as-if converted basis. No dividends on convertible preferred stock or common stock have been declared by the Board from inception through September 30, 2009.

Liquidation

In the event of any liquidation, dissolution or winding up of the Company, whether voluntary or involuntary, the holders of the convertible preferred stock then outstanding shall be entitled to be paid out of the assets of the Company available for distribution to its stockholders, before any payment shall be made in respect to the common stock, as follows:

- For Series A and B convertible preferred stock, an amount equal to the sum of (i) the original issue price of the respective shares of preferred stock plus (ii) an amount equal to 8% per annum of the original issue price of the respective shares of preferred stock less (iii) any such dividends, if declared and paid, to and through the date of full payment.
- For Series C convertible preferred stock, an amount equal to the sum of (i) the original issue price of the shares of preferred stock plus (ii) any declared and unpaid dividends.

Such liquidation payments shall be tendered to the holders of the respective preferred shares with respect to such liquidation, dissolution or winding up, and these respective holders shall not be entitled to any further payment.

In the event of any merger, acquisition or consolidation of the Company that results in the exchange of outstanding shares of the Company for securities or other consideration (a “Merger Transaction”), before any

payment of any amount shall be made in respect of the Series A convertible preferred stock and the common stock, the holders of Series B and Series C convertible preferred stock then outstanding shall be entitled to be paid out of the assets of the Company available for distribution to its stockholders as follows:

- For Series B convertible preferred stock, an amount equal to 1.75 times the original issue price of the shares of preferred stock, or $5.16 per share, plus any declared and unpaid dividends.
- For Series C convertible preferred stock, an amount equal to the original issue price of $5.00 per share plus any declared and unpaid dividends.

The holders of Series A convertible preferred stock then outstanding shall then be entitled to be paid out of the assets of the Company available for distribution to its stockholders, before any payment shall be made in respect of the common stock, an amount equal to the sum of (i) the Series A original issue price of $1.70 per share plus (ii) an amount equal to 8% of the Series A original issue price per annum (iii) less any unpaid dividends, if declared and paid, to and through the date of full payment. Such liquidation payments shall be tendered to the holders of the respective preferred stock, effective upon the closing of such Merger Transaction, and these respective holders shall not be entitled to any further payment.

If, upon any liquidation, dissolution or winding up of the Company, whether voluntary or involuntary, or Merger Transaction the assets to be distributed to the holders of any series of preferred stock shall be insufficient to permit the payment to such stockholders of the full preferential amounts aforesaid, then all of the assets of the Company shall be distributed ratably to the holders of such series on the basis of the full liquidation preference payable with respect to such series as if such liquidation preference was paid in full.

These liquidation features cause the convertible preferred stock to be classified as mezzanine capital rather than as a component of stockholders' equity.

Conversion

Each share of Series A, B and C convertible preferred stock is convertible, at the option of the holder, into the number of fully paid and nonassessable shares of common stock that results from dividing the conversion price per share in effect for the preferred stock at the time of conversion into the per share conversion value of such shares subject to adjustment for dilution. Conversion is automatic if at any time the Company completes a qualified initial public offering consisting of gross proceeds to the Company in excess of $25 million and a public offering price equal to or exceeding $5.90 per share or if the holders of a majority of the outstanding shares of Series A, B and C preferred stock give consent in writing to the conversion into common stock.

At December 31, 2009, the effective conversion ratio was one-to-one for Series A, B and C convertible preferred stock.

Redemption

The redemption rights for the Series A, Series B and Series C convertible preferred stock have expired. As a result, the Company recorded no accretion for fiscal years 2008 or 2009 or the three months ended September 30, 2009.

Stock-Based Compensation

For fiscal years 2007, 2008 and 2009, the Company recorded stock-based compensation expense of $2,071, $3,222 and $6,173, respectively, resulting in the recognition of related excess tax benefits $415, $1,707 and $474, respectively. For the three months ended September 30, 2008 and 2009, the Company recorded stock-based compensation expense of $1,398 and $2,229, respectively (unaudited), resulting in the recognition of $559 and $94 in related excess tax benefits, respectively.

The Company includes as part of cash flows from financing activities the gross benefit of tax deductions related to stock-based compensation in excess of the grant date fair value of the related stock-based awards for the options exercised during fiscal years 2008 and 2009. These amounts are shown as a reduction of cash flows from operating activities and correspondingly an increase to cash flows from financing activities.

Equity Stock Incentive Plan

On January 2008, the Company adopted the 2008 Equity Incentive Plan (the "2008 Plan"). The 2008 Plan amended and restated the Company's 1999 Equity Incentive Plan (the "1999 Plan"). All outstanding stock awards granted before the adoption of the amendment and restatement of the 1999 Plan continue to be governed by the terms of the 1999 Plan. All stock awards granted after January 2008 are governed by the 2008 Plan.

The Company's 2008 Plan permits the grant of stock options or restricted stock awards to its employees, non-employee directors, and consultants. Under the 2008 Plan, the Company may issue incentive stock options ("ISOs") only to its employees. Non-qualified stock options ("NQSOs") and restricted stock awards may be issued to employees, non-employee directors, and consultants. ISOs and NQSOs are generally granted to employees with an exercise price equal to the market price of the Company's common stock at the date of grant, as determined by the Company's Board of Directors.

The absence of an active market for the Company's common stock required the Company's Board of Directors, with input from management, to estimate the fair value of the common stock for purposes of granting options and for determining stock-based compensation expense for the periods presented. In response to these requirements, the Company's Board of Directors estimated the fair value of the common stock at each meeting at which options were granted based on factors such as the price of the most recent convertible preferred stock sales to investors, the preferences held by the convertible preferred stock in favor of common stock, the valuations of comparable companies, the hiring of key personnel, the status of the Company's development and sales efforts, revenue growth and additional objectives, and subjective factors relating to the Company's business. The Company has historically granted options with an exercise price not less than the

fair value of the underlying common stock as determined at the time of grant by the Company's Board of Directors.

While, consistent with the previous practice, the Company had performed a contemporaneous valuation at the time of the August 7, 2009 grant, it decided to reassess that valuation for financial reporting purposes in light of the new facts and circumstances of which it became aware prior to the issuance of the September 30, 2009 quarterly results of operations, namely, the acceleration of the Company's IPO plans and additional data on expected valuation ranges for the IPO. Based on the reassessment, management concluded that the fair value of common stock for financial reporting purposes on August 7, 2009 (the date of grant for options to purchase 1,875,050 shares with exercise prices of $9.01 per share and an option to purchase 87,705 shares with an exercise price of $9.91 per share) was $13.93.

To date, the Company has not granted any restricted stock awards. Stock options generally have a contractual term of seven years and generally vest over four years of continuous service, with 25 percent of the stock options vesting on the first anniversary of the date of grant and the remaining 75 percent vesting in equal monthly installments over the 36-month period thereafter. NQSOs granted to non-employee directors generally vest immediately on the date of grant. The vesting periods, based on continuous service, for NQSOs granted to consultants have varied.

The Company's 1999 Plan, which has expired, permitted the grant of stock options or restricted stock awards to its employees, non-employee directors, and consultants. Under the 1999 Plan, the Company issued ISOs only to its employees. NQSOs were issued to employees, non-employee directors, and consultants. ISOs were generally granted to employees with an exercise price equal to the market price of the Company's common stock at the date of grant, as determined by the Company's Board of Directors. The Company had the ability, if it chose, to grant NQSOs with an exercise price equal to 85 percent of the market price of the Company's common stock at the date of grant but did not do so. Stock options granted prior to May 31, 2007 generally have a contractual term of ten years and stock options granted after May 31, 2007 generally expire seven years after the date of grant. Stock options granted to employees generally vest over four years of continuous service, with 25 percent of the stock options vesting on the one-year anniversary of the date of grant and the remaining 75 percent vesting in equal monthly installments over the 36-month period thereafter. NQSOs granted to non-employee directors vested immediately on the date of grant. The vesting period, based on continuous service, for NQSOs granted to consultants have varied.

The Company expects to satisfy the exercise of vested stock options by issuing new shares that are available for issuance under both the 1999 and 2008 Plans. As of June 30, 2009, the Company has reserved a maximum of 16,654,100 shares of common stock for issuance under the 2008 and 1999 Plans, of which shares available for issuance totaled 1,739,677.

Valuation Assumptions

For the years ended June 30, 2007, 2008 and 2009 and three months ended September 30, 2008 and 2009, the fair value of each stock option award to employees was estimated on the date of grant using the Black-Scholes option-pricing model, with the following weighted average assumptions:

	Year Ended June 30,			Three Months Ended September 30,	
	2007	2008	2009	2008	2009
				(Unaudited)	
Expected term (in years)	4.6 - 6.1	4.6	4.6	4.6	4.6
Weighted-average stock price volatility	48%	52%	62%	61%	73%
Expected dividend yield	—	—	—	—	—
Risk-free interest rate	4.6% - 4.9%	2.8% - 4.5%	1.8% - 3.1%	3.1%	2.5%

As the Company has limited historical option exercise data, the expected term of the stock options granted to employees under the Plan was calculated based on the simplified method as permitted by Staff Accounting Bulletin (“SAB”) No. 107, Share-Based Payment. Under the simplified method, the expected term is equal to the average of an option’s weighted-average vesting period and its contractual term. Pursuant to SAB 110, the Company is permitted to continue using the simplified method until sufficient information regarding exercise behavior, such as historical exercise data or exercise information from external sources, becomes available. The Company estimates the expected volatility of its common stock on the date of grant based on the average volatilities of similar publicly-traded entities. The Company has no history or expectation of paying cash dividends on its common stock. The risk-free interest rate is based on the U.S. Treasury yield for a term consistent with the expected life of the options in effect at the time of grant.

401(k) Savings Plan

The Company sponsors a 401(k) defined contribution plan covering all U.S. employees. Contributions made by the Company are determined annually by the Board of Directors. There were no employer contributions under this plan for the fiscal years June 30, 2007, 2008 and 2009 or the three months ended September 30, 2009.

A reconciliation between the statutory federal income tax and the Company's effective tax rates as a percentage of income before income taxes is as follows:

	Fiscal Year Ended June 30,		
	2007	2008	2009
Federal tax rate	35.0%	35.0%	35.0%

Other	(1.0)%	0.7%	1.4%
Effective income tax rate	38.6%	40.8%	44.6%

The components of the current and long-term deferred tax assets, net consist of the following:

	Fiscal Year Ended June 30,	
	2008	2009
Current:		
Net operating loss	$ 163	$ 143

Valuation allowance	(143)	(156)
Noncurrent deferred tax assets, net	$ 247	$ 1,525
Total deferred tax assets, net	$ 2,985	$ 7,068

Management periodically evaluates the realizability of the deferred tax assets and recognizes the tax benefit only as reassessment demonstrates that they are realizable. At such time, if it is determined that it is more likely than not that the deferred tax assets are realizable, the valuation allowance will be adjusted. As of June 30, 2009, management believes the U.S. deferred tax assets were realizable. Therefore, no valuation allowance in the U.S. was deemed necessary. The valuation allowance increased by $13 in fiscal year 2009 related to higher foreign deferred tax assets.

The Company's Japanese subsidiary had net operating loss carryforwards of $370 that will begin to expire in 2011. Deferred tax assets related to those net operating loss carryforwards were fully reserved as of June 30, 2009.

United States federal income taxes have not been provided for the $377 of undistributed earnings of the Company's foreign subsidiaries as of June 30, 2009. The Company's present intention is to not permanently

(In thousands, except share and per share data)

reinvest the undistributed earnings of its Canadian subsidiary offshore. The Company would be subject to additional United States taxes if these earnings were repatriated. Determination of the amount of unrecognized deferred income tax liability related to these earnings is not material to the financial statements.

Effective July 1, 2007, the Company adopted the accounting guidance on uncertainties in income taxes. The cumulative effect of adoption to the opening balance of retained earnings account was $1,705. A reconciliation of the beginning and ending amounts of unrecognized tax benefits since the adoption of accounting guidance on uncertainty in income taxes is as follows:

	Fiscal Year Ended June 30,	
	2008	2009
Balance as of July 1	$ 2,383	$ 2,248
Gross increases — current period tax positions	193	868
Gross decreases — current period tax positions	(328)	(293)
Reductions as a result of lapsed statute of limitations	—	(206)
Balance as of June 30	$ 2,248	$ 2,617

The Company's policy is to include interest and penalties related to unrecognized tax benefits within the Company's provision for income taxes. Upon adoption, the Company had accrued $75 for interest and penalties related to unrecognized tax benefits. As of June 30, 2009, the Company has accrued $442 for interest and penalties related to the unrecognized tax benefits. The balance of unrecognized tax benefits and the related interest and penalties is recorded as a noncurrent liability on the Company's consolidated balance sheet.

As of June 30, 2009, unrecognized tax benefits of $2,617, if recognized, would affect the Company's effective tax rate. The Company does not anticipate that the amount of existing unrecognized tax benefits will significantly increase or decrease within the next 12 months.

With few exceptions, the Company is no longer subject to U.S. federal, state and local, or non-U.S., income tax examinations by tax authorities for years before 2004. The Internal Revenue Service ("IRS") commenced an examination of the Company's U.S. income tax return for its fiscal year ended June 30, 2007 that is expected to be completed during the second quarter of fiscal year 2010. In addition, ReliableRemodeler, a wholly-owned subsidiary that was acquired by the Company, is under audit by the IRS for tax year 2006. The audit is currently in progress with no estimated completion date. The Company has also been contacted for a state income tax audit for fiscal years 2007 and 2008. The audit is expected to commence during the fourth quarter of fiscal year 2010. The Company believes it is entitled to partial or full indemnification for losses attributable to such audit under the ReliableRemodeler acquisition agreement. The Company files income tax returns in the United States, various U.S. states and certain foreign jurisdictions. As of June 30, 2009, the tax years 2005 through 2009 remain open in the U.S., the tax years 2004 through 2009 remain open in the various state jurisdictions, and the tax years 2003 through 2009 remain open in the various foreign jurisdictions.

12. Commitments and Contingencies

Leases

The Company leases office space and equipment under non-cancelable operating leases with various expiration dates through September 2012. Rent expense for the fiscal years 2007, 2008 and 2009 was $1,691, $2,151 and $2,550, respectively, and $614 and $663 for the three months ended September 30, 2008 and 2009 respectively. The terms of the facility leases generally provide for rental payments on a graduated scale. The

(In thousands, except share and per share data)

Company recognizes rent expense on a straight-line basis over the lease period and has accrued for rent expense incurred but not paid.

Future annual minimum lease payments under all noncancelable operating leases as of June 30, 2009, are as follows:

Year Ending June 30,	Operating Leases
2010	$ 1,104
2011	242
2012	22
	$ 1,368

The lease for the Company's corporate headquarters expires in October 2010. The Company is presently considering renewing this lease or seeking a lease for an alternate property.

Guarantor Arrangements

The Company has agreements whereby it indemnifies its officers and directors for certain events or occurrences while the officer or director is, or was serving, at the Company's request in such capacity. The term of the indemnification period is for the officer or director's lifetime. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is unlimited; however, the Company has a director and officer insurance policy that limits its exposure and enables the Company to recover a portion of any future amounts paid. As a result of its insurance policy coverage, the Company believes the estimated fair value of these indemnification agreements is minimal. Accordingly, the Company had no liabilities recorded for these agreements as of June 30, 2008 and 2009.

In the ordinary course of its business, the Company enters into standard indemnification provisions in its agreements with its customers. Pursuant to these provisions, the Company indemnifies its customers for losses suffered or incurred in connection with third-party claims that a Company product infringed upon any United States patent, copyright or other intellectual property rights. Where applicable, the Company generally limits such infringement indemnities to those claims directed solely to its products and not in combination with other software or products. With respect to its DSS products, the Company also generally reserves the right to resolve such claims by designing a non-infringing alternative or by obtaining a license on reasonable terms, and failing that, to terminate its relationship with the customer. Subject to these limitations, the term of such indemnity provisions is generally coterminous with the corresponding agreements.

The potential amount of future payments to defend lawsuits or settle indemnified claims under these indemnification provisions is unlimited; however, the Company believes the estimated fair value of these indemnity provisions is minimal, and accordingly, the Company had no liabilities recorded for these agreements as of June 30, 2008 and 2009.

During fiscal year 2009, the Company settled an indemnity obligation with respect to one ongoing litigation matter. See discussion below for further details.

Litigation

In August 2005, the Company was notified by one of its clients that epicRealm Licensing, LLC ("epicRealm LLC"), a non-operating patent holding company, had filed a lawsuit against such client in the United States District Court for the Eastern District of Texas alleging that certain web-based services provided by the Company and others to such client infringed patents held by epicRealm LLC.

In August 2006, the Company filed suit against epicRealm Licensing LP ("epicRealm LP") in the United States District Court for the District of Delaware seeking to invalidate certain patents owned by epicRealm LP. In April 2007, epicRealm LP filed counterclaims against the Company alleging patent infringement. Parallel Networks, LLC was later substituted for epicRealm LP as the patent holder and party-in-interest.

In April 2009, the Company entered into a settlement and license agreement ("Agreement") with Parallel Networks pertaining to the patents in question ("Licensed Patents"). Under the terms of the Agreement, Parallel Networks granted the Company a perpetual, royalty-free, non-sublicensable and generally non-transferable, worldwide right and license under the Licensed Patents: (i) to use any product technology or service covered by or which embodies any one or more claims of the Licensed Patents (as defined in the Agreement); and (ii) to practice any method covered by any one or more claims of the Licensed Patents in connection with the activities in clause (i). Additionally, Parallel Networks covenants not to sue the Company.

The Company paid Parallel Networks a one-time, non-refundable fee of $850. The Company recognized an intangible asset of $226 related to the estimated fair value of the license and expensed the remaining $624 as a settlement expense.

14. Subsequent Events

The Company has evaluated subsequent events through January 14, 2010.

Option Grants

On October 6, 2009, the Company issued options to purchase 220,660 shares of common stock with an exercise price of $11.08 per share. While, consistent with the previous practice, the Company had performed a contemporaneous valuation at the time of the grant, in November 2009, it decided to reassess that valuation

for financial reporting purposes in light of the Company's acceleration of its plans for a proposed IPO and additional data on expected valuation ranges for the IPO. Based on the reassessment, management concluded that the fair market value of the Company's common stock at October 6, 2009 for financial reporting purposes was $16.88. The Company will recognize stock compensation expense for the October 2009 option grants accordingly.

On November 17, 2009, the Company issued options to purchase an additional 1,080,500 shares of common stock with an exercise price of $19.00 per share, based on a contemporaneous management valuation and the expected valuation ranges for this offering at such time.

Acquisitions after September 30, 2009

In October 2009, the Company acquired the website business of Insure.com, an Illinois-based online marketing company, in exchange for $15 million in cash paid upon closing of the acquisition and a $1 million non-interest-bearing, unsecured promissory note. The note is payable in one annual installment. In November 2009, the Company acquired the website assets of the Internet.com division of WebMediaBrands, Inc. for $16.0 million in cash and a $2.0 million non-interest-bearing, unsecured promissory note.

The 2010 Incentive Plan will become effective immediately upon the signing of the underwriting agreement for this offering. The 2010 Incentive Plan provides for the grant of incentive stock options, nonstatutory stock options, restricted stock awards, restricted stock unit awards, stock appreciation rights, performance-based stock awards and other forms of equity compensation. In addition, the 2010 Incentive Plan provides for the grant of performance cash awards. Incentive stock options may be granted only to employees. All other awards may be granted to employees, including officers, nonemployee directors and consultants.

2010 Non-Employee Directors' Stock Award Plan

In November 2009, the Company's board of directors adopted the 2010 Non-Employee Directors' Stock Award Plan (the "Directors' Plan") and the Company expects that its stockholders will approve the Directors' Plan prior to the completion of this offering. The Directors' Plan will become effective immediately upon the signing of the underwriting agreement for this offering. The Directors' Plan provides for the automatic grant of nonstatutory stock options to purchase shares of our common stock to our non-employee directors. The Directors' Plan also provides for the discretionary grant of restricted stock units.

Debt

On November 18, 2009, the Company entered into an amendment of its existing credit facility pursuant to which the Company's lenders agreed to increase the maximum amount available under the Company's revolving credit facility from $70.0 million to $100.0 million.

In January 2010, the Company replaced its existing credit facility with a credit facility with a total borrowing capacity of $175.0 million. The new facility consists of a $35.0 million four-year term loan, with principal amortization of 10%, 15%, 35% and 40% annually, and a $140.0 million four-year revolving credit facility.

Borrowings under the credit facility are collateralized by the Company's assets and interest is payable quarterly at specified margins above either LIBOR or the Prime Rate. The interest rate varies dependent upon the ratio of funded debt to adjusted EBITDA and ranges from LIBOR + 2.125% to 2.875% or Prime + 1.00%

to 1.50% for the revolving credit facility and from LIBOR + 2.50% to 3.25% or Prime + 1.00% to 1.50% for the term loan. The revolver also requires a quarterly facility fee of $131,000. The credit facility expires in January 2014. The loan and revolving credit facility agreement restricts the Company's ability to raise additional debt financing and pay dividends. In addition, the Company is required to maintain financial ratios computed as follows:

1. Quick ratio: ratio of (i) the sum of unrestricted cash and cash equivalents and trade receivables less than 90 days from invoice date to (ii) current liabilities and face amount of any letters of credit less the current portion of deferred revenue.

2. Fixed charge coverage: ratio of (i) trailing 12 months of Adjusted EBITDA to (ii) the sum of capital expenditures, net cash interest expense, cash taxes, cash dividends and trailing twelve months payments of indebtedness. Payment of unsecured indebtedness is excluded to the degree that sufficient unused revolving credit facility exists such that the relevant debt payment could have been made from the credit facility.

3. Funded debt to Adjusted EBITDA: ratio of (i) the sum of all obligations owed to lending institutions, the face amount of any letters of credit, indebtedness owed in connection with acquisition related notes and indebtedness owed in connection with capital lease obligations to (ii) trailing 12-month Adjusted EBITDA.

Reincorporation in Delaware

In December 2009, the Company reincorporated in Delaware and, in connection therewith, increased its authorized number of shares of common and preferred stock 50,500,000 and 35,500,000, respectively, and established the par value of each share of common and preferred stock to be $0.001. In connection with the reincorporation, the previously outstanding 5,367,756 shares of Series A convertible preferred stock were converted on a two-for-one basis into 10,735,512 shares of Series A convertible preferred stock of the reincorporated company. Conversion and liquidation rights of Series A convertible preferred stock were adjusted consistent with the conversion. In connection with the reincorporation, common stock and additional paid-in capital amounts in these financial statements have been adjusted to reflect the par value of common stock shares. All share information included in these financial statements, including Notes 8 and 9, has been adjusted to reflect this reincorporation and the increase of the number of Series A convertible preferred stock.

ITEM 14. ***Indemnification of Directors and Officers.***

Section 145 of the Delaware General Corporation Law authorizes a court to award, or a corporation's board of directors to grant, indemnity to directors and officers in terms sufficiently broad to permit such indemnification under certain circumstances for liabilities, including reimbursement for expenses incurred, arising under the Securities Act of 1933, as amended. Our amended and restated certificate of incorporation to be in effect upon the completion of this offering eliminates the liability of our directors for monetary damages to the fullest extent permitted under the Delaware General Corporation Law. Our amended and restated bylaws to be in effect upon completion of this offering require us to indemnify our directors and executive officers to the maximum extent not prohibited by the Delaware General Corporation Law or any other applicable law and allow us to indemnify other officers, employees and other agents as set forth in the Delaware General Corporation Law or any other applicable law.

We have entered into indemnification agreements with our directors and executive officers, whereby we have agreed to indemnify our directors and executive officers to the fullest extent permitted by law, including indemnification against expenses and liabilities incurred in legal proceedings to which the director or officer was, or is threatened to be made, a party by reason of the fact that such director or officer is or was a director, officer, employee or agent of QuinStreet, provided that such director or officer acted in good faith and in a manner that the director or officer reasonably believed to be in, or not opposed to, the best interest of QuinStreet. At present, there is no pending litigation or proceeding involving a director or officer of

QuinStreet regarding which indemnification is sought, nor are we aware of any threatened litigation that may result in claims for indemnification.

We maintain insurance policies that indemnify our directors and officers against various liabilities arising under the Securities Act of 1933 and the Securities Exchange Act of 1934 that might be incurred by any director or officer in his or her capacity as such.

The underwriters are obligated, under certain circumstances, pursuant to the underwriting agreement to be filed as Exhibit 1.1 hereto, to indemnify us, our officers and directors against liabilities under the Securities Act of 1933, as amended.

ITEM 15. ***Recent Sales of Unregistered Securities.***

Since July 1, 2006, we have not sold any unregistered securities other than the grant of stock options to purchase an aggregate of 9,522,299 shares of common stock to employees, consultants and directors pursuant to our 2008 Equity Incentive Plan, having exercise prices ranging from $9.01 to $19.00 per share. During such period, options to purchase 1,944,459 shares have been exercised for cash consideration in the aggregate amount of $4,860,498.

The offers, sales and issuances of the securities described in this Item 15 were deemed to be exempt from registration under the Securities Act under either (1) Rule 701 promulgated under the Securities Act as offers and sale of securities pursuant to certain compensatory benefit plans and contracts relating to compensation in compliance with Rule 701 or (2) Section 4(2) or 3(b) of the Securities Act as transactions by an issuer not involving any public offering. The recipients of securities in the transactions exempt under Section 4(2) of the Securities Act represented their intention to acquire the securities for investment only and not with view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the stock certificates and instruments issued in such transactions.

ITEM 17. ***Undertakings***

The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the Underwriting Agreement, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned Registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The holders of (i) the Series B Preferred, voting together as a single class, shall be entitled to elect to the Board one (1) director of the Corporation (the "**Series B Director**"); (ii) the Series A Preferred, voting together as a single class, shall be entitled to elect to the Board two (2) directors of the Corporation (the "***Series A Directors***," and, together with the Series B Director, the "***Preferred Directors***"); (iii) the Common Stock and the Voting Preferred, voting together as a single class on an as-if-converted basis, shall elect the remaining directors of the Corporation (the "***Combined Directors***").

(b) Quorums. At any meeting held for the purpose of electing directors, (i) the presence in person or by proxy of the holders of a majority of the aggregate number of shares of Series B Preferred then outstanding shall constitute a quorum of the Series B Preferred for the election of the Series B Director, (ii) the presence in person or by proxy of the holders of a majority of the aggregate number of shares of Series A Preferred then outstanding shall constitute a quorum of the Series A Preferred for the election of the Series A Directors; and (iii) the presence in person or by proxy of the holders of a majority of the aggregate number of shares of the Common Stock and the Voting Preferred (on an as-if-converted basis) then outstanding shall constitute a quorum of the Common Stock and the Voting Preferred for the election of the Combined Directors.

(c) Vacancies. A vacancy in any directorship (i) elected by the holders of the Series B Preferred shall be filled only by vote of the holders of the Series B Preferred as provided above; (ii) elected by the holders of the Series A Preferred shall be filled only by vote of the holders of the Series A Preferred as provided above; and (iii) elected jointly by the holders of the Common Stock and the Voting Preferred shall be filled only by vote of the holders of the Common Stock and the holders of the Voting Preferred as provided above.

(d) Cumulative Voting. No person entitled to vote at an election for directors may cumulate votes to which such person is entitled, unless, at the time of such election, the Corporation is subject to Section 2115 of the California General Corporation Law ("***CGCL***"). During such time or times that the Corporation is subject to Section 2115(b) of the CGCL, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder desires. No stockholder, however, shall be entitled to so cumulate such stockholder's votes unless (i) the names of such candidate or candidates have been placed in nomination prior to the voting and (ii) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

(e) Removal of Directors. During such time or times that the Corporation is subject to Section 2115(b) of the CGCL, one or more directors may be removed from office at any time without cause by the affirmative vote of the holders of at least a majority of the outstanding shares entitled to vote for that director as provided above; *provided*, *however*, that unless the entire Board is removed, no individual director may be removed when the votes cast against such director's removal, or not consenting in writing to such removal, would be sufficient to elect that director if voted cumulatively at an election which the same total number of votes were cast (or, if such action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of such director's most recent election were then being elected.

3. Separate Vote of the Voting Preferred. For so long as at least fifty percent (50%) of the aggregate number of shares of Voting Preferred originally issued by the Corporation remain outstanding, the Corporation shall not, without the affirmative vote of a majority of the then-outstanding shares of Voting Preferred (voting together as a separate class):

(a) sell, lease, license (on an exclusive basis) or otherwise dispose of all or substantially all of the assets of the Corporation or of any subsidiary of the Corporation, nor shall the Corporation or any subsidiary of the Corporation consolidate with or merge into any other corporation or entity, or permit any other corporation or entity to consolidate or merge into the Corporation or any subsidiary of the Corporation, or enter into a plan of exchange with any other corporation or entity, or otherwise acquire any other corporation or entity if the stockholders of the Corporation prior to such transaction do not own a majority of the outstanding shares of the surviving corporation or entity;

(b) take any action that constitutes or results in the repurchase of any share(s) of Common Stock (other than isolated redemptions, repurchases or other acquisitions for cash of shares at their original purchase price under the provisions of the Corporation's stock option, restricted stock or other equity compensation plans or employment agreements as approved by the Board of Directors);

(c) permit any subsidiary of the Corporation to sell any of its securities to a third party;

(d) take any action constituting or resulting in a liquidation, dissolution or winding up of the Corporation;

(e) authorize a payment of a cash dividend or other distribution on any class of capital stock on a parity with or junior to the Series Preferred; or

(f) grant any registration rights to any Person.

4. Separate Vote of the Series A Preferred. For so long as at least fifty percent (50%) of the aggregate number of shares of Series A Preferred originally issued by the Corporation remain outstanding, the Corporation shall not, without the affirmative vote of a majority (except at to Section B(4)(a) below) of the then-outstanding shares of Series A Preferred:

(a) take any action that constitutes or results in amendment or waiver of any provision of the Corporation's Certificate of Incorporation or Bylaws if such amendment or waiver in any way affects, alters or changes any existing rights, preferences, privileges or provisions relating to the Series A Preferred or the holders thereof without approval of at least sixty-six and two-thirds percent (66-2/3%) of the outstanding shares of Series A Preferred;

(b) increase or decrease the authorized number of shares of Series A Preferred; or

(c) authorize or issue any new class of additional shares of capital stock of the Corporation having priority over the Series A Preferred or ranking in parity with the Series A Preferred (including any additional shares of Series A Preferred) as to the payment or distribution of assets upon the liquidation or dissolution, voluntary or involuntary, of the Corporation.

5. Separate Vote of the Series B Preferred. For so long as at least fifty percent (50%) of the aggregate number of shares of Series B Preferred originally issued by the Corporation remain outstanding, the Corporation shall not, without the affirmative vote of a majority of the then-outstanding shares of Series B Preferred:

(a) take any action that constitutes or results in amendment or waiver of any provision of the Corporation's Certificate of Incorporation or Bylaws if such amendment or waiver in any way affects, alters or changes any existing rights, preferences, privileges or provisions relating to the Series B Preferred or the holders thereof;

(b) increase or decrease the authorized number of shares of Series B Preferred; or

(c) authorize or issue any new class of additional shares of capital stock of the Corporation having priority over the Series B Preferred or ranking in parity with the Series B Preferred (including any additional shares of Series B Preferred) as to the payment or distribution of assets upon the liquidation or dissolution, voluntary or involuntary, of the Corporation.

C. DIVIDENDS.

1. Dividend Preference. The holders of each share of Series Preferred then outstanding shall be entitled to receive non-cumulative dividends, out of any funds and assets of the Corporation legally available therefor, prior and in preference to any declaration or payment of any dividend (other than a Common Stock Dividend) payable on Common Stock of the Corporation at the annual Dividend Rate for the Series Preferred. Such non-cumulative dividends shall be payable only if, as and when declared by the Board.

2. Other Dividends. Except as set forth in Section C(1) above, no dividend or other distribution shall accrue or be paid with respect to any shares of capital stock of the Corporation for any period, whether before or after the effective date of this Certificate of Incorporation, unless and until (i) declared by the Board and (ii) approved in accordance with Section B(3)(e), and (iii) the dividend pursuant to Section C(1) has been paid. In the event any dividend or distribution is declared or made with respect to outstanding shares of Common Stock, a comparable dividend or distribution shall be simultaneously declared or made with respect to the outstanding shares of Series Preferred (as if fully converted into Common Stock, including fractions of shares). Dividends on shares of capital stock of the Corporation shall be payable only out of funds legally available therefor.

3. Non-Cash Dividends. Whenever a dividend provided for in this Section C shall be payable in property other than cash (except stock dividends), the value of such dividend shall be deemed to be the fair market value of such property as determined in good faith by the Board.

4. Payments on Conversion. If the Corporation shall have accrued but unpaid dividends with respect to any Series Preferred upon its conversion as provided in Section F, then all such accrued but unpaid dividends on such converted shares shall be paid in full in cash at the date of conversion.

5. Distributions Upon Termination of Employment or Service. California General Corporation Law Sections 502 and 503 shall not apply with respect to distributions on shares junior to the Series Preferred as they relate to repurchases of shares of Common Stock upon termination of employment or service as a consultant or director.

D. Liquidation Rights.

1. Preference of Series Preferred: Liquidation, Dissolution or Winding Up. In the event of any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, the holders of the Series C Preferred then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether such assets are capital or earnings, before any payment or declaration and setting apart for payment of any amount shall be made in respect of the Common Stock, an amount equal to the sum of the Series C Preferred Original Issue Price plus declared and unpaid dividends. In the event of any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, the holders of the Series B Preferred then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether such assets are capital or earnings, before any payment or declaration and setting apart for payment of any amount shall be made in respect of the Common Stock, an amount equal to the sum of (i) the Series B Preferred Original Issue Price plus (ii) an amount equal to 8% of the Series B Preferred Original Issue Price per annum following the Series B Preferred Original Issue Date (iii) less any unpaid dividends, if declared and paid, to and through the date full payment. The holders of the Series A Preferred then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether such assets are capital or earnings, before any payment or declaration and setting apart for payment of any amount shall be made in respect of the Common Stock, an amount equal to the sum of (i) the Series A Preferred Original Issue Price plus (ii) an amount equal to 8% of the Series A Preferred Original Issue Price per annum following the Series B Preferred Original Issue Date (iii) less any unpaid dividends, if declared and paid, to and through the date full payment. Such liquidation payments shall be tendered to the holders of the Series A Preferred, Series B Preferred and Series C Preferred with respect to such liquidation, dissolution or winding up, and the holders of the Series A Preferred, Series B Preferred and Series C Preferred shall not be entitled to any further payment, except as provided in Section D(4).

2. Preference of Series Preferred: Reorganization or Sale of Assets. In the event of any merger, acquisition or consolidation of the Corporation into or with any other

entity or entities which results in the exchange of outstanding shares of the Corporation for securities or other consideration issued or paid or caused to be issued or paid by any such entity or Affiliate thereof pursuant to which the stockholders of the Corporation immediately prior to the transaction do not own a majority of the outstanding shares of the surviving corporation immediately after the transaction, or any sale, lease, license (on an exclusive basis) or transfer by the Corporation of all or substantially all its assets (a "***Merger Transaction***"), (a) before any payment or declaration and setting apart for payment of any amount shall be made in respect of the Series A Preferred and the Common Stock, the holders of Series B Preferred then outstanding and the holders of Series C Preferred then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether such assets are capital or earnings, an amount equal to 1.75 times the Series B Preferred Original Issue Price, plus any declared and unpaid dividends on the Series B Preferred and an amount equal to the Series C Original Issue Price plus any declared and unpaid dividends on the Series C Preferred, respectively, and (b) the holders of Series A Preferred then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, whether such assets are capital or earnings, before any payment or declaration and setting apart for payment of any amount shall be made in respect of the Common Stock, an amount equal to the sum of (i) the Series A Preferred Original Issue Price plus (ii) an amount equal to 8% of the Series A Preferred Original Issue Price per annum (iii) less any unpaid dividends, if declared and paid, to and through the date full payment. Such liquidation payments shall be tendered to the holders of the Series A Preferred, Series B Preferred and Series C Preferred effective upon the closing of such Merger Transaction, and the holders of the Series A Preferred, Series B Preferred and Series C Preferred shall not be entitled to any further payment.

3. Insufficient Assets. If, upon any liquidation, dissolution, winding up of the Corporation, whether voluntary or involuntary, or Merger Transaction the assets to be distributed to the holders of any class of the Series Preferred shall be insufficient to permit the payment to such stockholders of the full preferential amounts aforesaid, then all of the assets of the Corporation shall be distributed ratably to the holders of the Series Preferred on the basis of the full liquidation preference payable with respect to such Series Preferred if such liquidation preference was paid in full.

4. Remaining Assets. If the assets of the Corporation available for distribution to the Corporation's stockholders exceed the aggregate amount payable to the holders of the Series Preferred pursuant to Sections D(1) and D(2) hereof, then after the payments required by Sections D(1) and D(2) shall have been made or irrevocably set apart, such assets shall be distributed equally, on a per share basis, among the holders of the Common Stock, and the holders of the Series Preferred shall be entitled to no further distributions.

5. Reorganization; Sale of Assets. A Merger Transaction shall be deemed to be a liquidation, dissolution or winding up of the Corporation within the meaning of the provisions of this Section D unless this provision is waived by the affirmative vote of at least a majority of the shares of the Series Preferred voting together as a single class.

6. Notice. Any notice required by the provisions of this Section D shall be in writing and shall be deemed effectively given: (i) upon personal delivery to the party to be

notified, (ii) when sent by confirmed electronic mail or facsimile if sent during normal business hours of the recipient; if not, then on the next business day, (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (iv) one (1) day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All notices shall be addressed to each holder of record at the address of such holder appearing on the books of the Corporation and shall be given not less than twenty (20) days prior to the payment date stated therein.

7. Determination of Consideration. To the extent any distribution pursuant to Sections D(1), D(2) or D(4) consists of property other than cash, the value thereof shall, for purposes of Sections D(1), D(2) or D(4), be the fair value at the time of such distributions as determined in good faith by the Board. Any securities shall be valued as follows:

(a) Securities not subject to investment letter or other similar restrictions on free marketability covered by (ii) below.

(i) If traded on a securities exchange or through the Nasdaq National Market, the value shall be deemed to be the average of the closing prices of the securities on such quotation system over the thirty (30) day period ending three (3) days prior to the closing;

(ii) If actively traded over-the-counter, the value shall be deemed to be the average of the closing bid or sale prices (whichever is applicable) over the thirty (30) day period ending three (3) days prior to the closing; and

(iii) If there is no active public market, the value shall be the fair market value thereof, as determined by the Board of Directors.

(b) The method of valuation of securities subject to investment letter or other restrictions on free marketability (other than restrictions arising solely by virtue of a stockholder's status as an affiliate or former affiliate) shall be to make an appropriate discount from the market value determined as above in (a)(i), (ii) or (iii) to reflect the approximate fair market value thereof, as determined by the Board of Directors.

8. Conversion Prior to Liquidating Distributions. Any holder of the Series Preferred may, at its option, convert all or a portion of its shares into Common Stock upon a liquidation, dissolution or winding up of the Corporation and thereby receive distributions with the holders of the Common Stock in lieu of receiving distributions with the holders of the Series Preferred.

E. Redemption Rights.

1. Required Redemption and Redemption Price. The Corporation shall be obligated to redeem the Series Preferred as follows:

(a) The holders of at least sixty-six and two-thirds percent (66-2/3%) of the then-outstanding shares of Voting Preferred, voting together as a separate class, may

require the Corporation, to the extent it may lawfully do so, to redeem the Voting Preferred in three (3) annual installments beginning on the fifth (5th) anniversary of the date on which the first share of Series B Preferred was issued by QuinStreet, Inc., a California corporation, and ending on the date two (2) years from such first redemption date (each a "***Voting Preferred Redemption Date***"). The Corporation shall effect such redemptions on the applicable Voting Preferred Redemption Date by paying in cash in exchange for the shares of Series A Preferred to be redeemed a sum equal to the Series A Preferred Original Issue Price per share of Series A Preferred (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) plus declared and unpaid dividends with respect to such shares. The total amount to be paid for the Series A Preferred is hereinafter referred to as the "***Series A Preferred Redemption Price***." The Corporation shall effect such redemptions on the applicable Voting Preferred Redemption Date by paying in cash in exchange for the shares of Series B Preferred to be redeemed a sum equal to the Series B Preferred Original Issue Price per share of Series B Preferred (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) plus declared and unpaid dividends with respect to such shares. The total amount to be paid for the Series B Preferred is hereinafter referred to as the "***Series B Preferred Redemption Price***." The number of shares of Voting Preferred that the Corporation shall be required to redeem on any one Voting Preferred Redemption Date shall be equal to the amount determined by dividing (A) the aggregate number of shares of Voting Preferred outstanding immediately prior to the Voting Preferred Redemption Date by (B) the number of remaining Voting Preferred Redemption Dates (including the Voting Preferred Redemption Date to which such calculation applies). Shares subject to redemption pursuant to this Section E(a) shall be redeemed from each holder of Voting Preferred on a *pro rata* basis.

(b) The holders of at least sixty-six and two-thirds percent (66-2/3%) of the then-outstanding shares of Series C Preferred, voting as a separate class, may require the Corporation, to the extent it may lawfully do so, to redeem the Series C Preferred in three (3) annual installments beginning on the fifth (5th) anniversary of the date on which the first share of Series C Preferred was issued by QuinStreet, Inc., a California corporation, and ending on the date two (2) years from such first redemption date (each a "***Series C Redemption Date***," and, together with the Voting Preferred Redemption Date, each a "***Redemption Date***"). The Corporation shall effect such redemptions on the applicable Series C Redemption Date by paying in cash in exchange for the shares of Series C Preferred to be redeemed a sum equal to the Series C Preferred Original Issue Price per share of Series C Preferred (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) plus declared and unpaid dividends with respect to such shares. The total amount to be paid for the Series C Preferred is hereinafter referred to as the "***Series C Preferred Redemption Price***." The number of shares of Series C Preferred that the Corporation shall be required to redeem on any one Series C Redemption Date shall be equal to the amount determined by dividing (A) the aggregate number of shares of Series C Preferred outstanding immediately prior to the Series C Redemption Date by (B) the number of remaining Series C Redemption Dates (including the Series C Redemption Date to which such calculation applies). Shares subject to redemption pursuant to this Section E(b) shall be redeemed from each holder of Series C Preferred on a *pro rata* basis.

(c) If the Corporation does not have sufficient funds legally available to redeem all shares to be redeemed at the applicable Redemption Date (including, if applicable, those to be redeemed at the option of the Corporation), then it shall redeem such shares *pro rata* (based on the portion of the applicable aggregate Series A Preferred, Series B Preferred or Series C Preferred Redemption Price payable to them) to the maximum extent possible and shall redeem the remaining shares to be redeemed as soon as sufficient funds are legally available, at which time the Board of Directors shall promptly fix a date for such redemption and so notify the holders of such shares in writing.

2. Redemption Notice. Holders of at least sixty-six and two-thirds percent (66-2/3%) of the then-outstanding shares of Voting Preferred or holders of at least sixty-six and two-thirds percent (66-2/3%) of the then-outstanding shares of Series C Preferred, as the case may be, shall not less than forty five (45) days or more than ninety (90) days prior to the Voting Preferred Redemption Date or the Series C Redemption Date, respectively, mail written notice, postage prepaid, to the Corporation and thereupon the Corporation shall serve notice to all holders of such Series Preferred, at such holder's post office address last shown on the records of the Corporation (the "***Redemption Notice***"). The Redemption Notice shall state:

(a) the total number of shares of each series of Voting Preferred or of Series C Preferred which the Corporation is required to offer to redeem;

(b) the number of shares of each series of Voting Preferred or of Series C Preferred held by the holder which the Corporation intends to offer to redeem;

(c) the Redemption Date and applicable Series A Preferred or Series B Preferred Redemption Price or applicable Series C Preferred Redemption Price; and

(d) the time, place and manner in which the holder may elect to surrender to the Corporation the certificate or certificates representing the shares of Series Preferred to be redeemed.

3. Deposit of Redemption Funds. On or prior to each Redemption Date, as applicable, the Corporation shall deposit the Redemption Price of all shares to be redeemed with a bank or trust company having aggregate capital and surplus in excess of one hundred million dollars ($100,000,000), as a trust fund, with irrevocable instructions and authority to the bank or trust company to pay, on and after such Redemption Date, the Redemption Price of the shares to their respective holders upon the surrender of their share certificates. Any moneys deposited by the Corporation pursuant to this Section E(3) for the redemption of shares thereafter converted into shares of Common Stock pursuant to Section F hereof no later than the fifth (5th) day preceding the Redemption Date shall be returned to the Corporation forthwith upon such conversion. The balance of any funds deposited by the Corporation pursuant to this Section E(3) remaining unclaimed at the expiration of one (1) year following such Redemption Date shall be returned to the Corporation promptly upon its written request.

4. Surrender of Stock Certificates. On or after each applicable Redemption Date, each holder of shares of Series Preferred to be redeemed on such Redemption

Date shall surrender such holder's certificates representing such shares to the Corporation in the manner and at the place designated in the Redemption Notice, and thereupon the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price of such shares shall be payable to the order of the person whose name appears on such certificate or certificates as the owner thereof and each surrendered certificate shall be canceled. In the event less than all the shares represented by such certificates are redeemed, a new certificate shall be issued representing the unredeemed shares. From and after such Redemption Date, unless there shall have been a default in payment of the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price or the Corporation is unable to pay the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price due to not having sufficient legally available funds, all rights of the holders of such shares as holders of Series Preferred (except the right to receive the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price without interest upon surrender of their certificates), shall cease and terminate with respect to such shares as are to be redeemed on such Redemption Date; *provided that* in the event that shares of Series Preferred are not redeemed due to a default in payment by the Corporation or because the Corporation does not have sufficient legally available funds, such shares of Series Preferred shall remain outstanding and shall be entitled to all of the rights and preferences provided herein.

5. Termination of Rights. The Conversion Rights (as defined in Section F) for shares of Series Preferred shall terminate as to the shares designated for redemption at the close of business on the fifth (5th) day preceding the applicable Redemption Date, unless default is made in payment of the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price.

6. Adjustment for Stock Splits and Combinations. If the Corporation at any time or from time to time after the initial applicable Redemption Date for the Voting Preferred or the Series C Preferred effects a subdivision of the outstanding shares of such Series Preferred, the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price for each series of Series Preferred then in effect immediately before the subdivision shall be proportionately decreased, and conversely, if the Corporation at any time or from time to time after the initial applicable Redemption Date for the applicable Series Preferred combines the outstanding shares of such Series Preferred into a smaller number of shares, the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price for each series of Series Preferred then in effect immediately before the combination shall be proportionately increased. Any adjustment under this subdivision E(6) shall become effective at the close of business on the date the subdivision or combination becomes effective.

7. Adjustment for Certain Dividends and Distributions. If the Corporation at any time or from time to time makes or issues or fixes a record date for the determination of holders of shares of the Series Preferred entitled to receive a dividend or other distribution payable in additional shares of such Series Preferred, then and in each such event the applicable Series A Preferred, Series B Preferred or Series C Preferred

Redemption Price for each series of Series Preferred then in effect shall be decreased as of the time of such issuances or, in the event such record date is fixed, as of the close of business on such record date, by multiplying the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price for each series of Series Preferred then in effect by a fraction (1) the numerator of which is the total number of shares of Series Preferred issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (2) the denominator of which shall be the total number of shares of the Series Preferred issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Series Preferred issuable in payment of such dividend or distribution; provided, however, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price for each series of Series Preferred shall be recomputed accordingly as of the close of business on such record date and thereafter the applicable Series A Preferred, Series B Preferred or Series C Preferred Redemption Price for each series of Series Preferred shall be adjusted pursuant to this subsection E(7) as of the time of actual payment of such dividends or distributions.

8. Other Redemptions. Other than (i) the scheduled redemptions provided for in Section E(1), and (ii) repurchases of stock from former employees as approved by the Board and not requiring such approval pursuant to Section B(3)(b), the Corporation shall not, without the prior approval of a majority of the holders of the Series Preferred as required and provided for by Section B(3)(b), purchase or set aside any sums for the purchase of shares of Common Stock.

F. Conversion. The holders of the Series Preferred shall have the following conversion rights (the "***Conversion Rights***"):

1. Optional Conversion of the Series Preferred. The Series Preferred shall be convertible, without the payment of any additional consideration by the holder thereof and at the option of the holder thereof, at any time after the first issuance of shares of Series Preferred by the Corporation, at the office of the Corporation or any transfer agent for the Common Stock, into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing Eighty-Five Cents ($0.85) by the Conversion Price for the Series A Preferred, Two Dollars and Ninety-Five Cents ($2.95) by the Conversion Price for the Series B Preferred and Five Dollars ($5.00) by the Conversion Price for the Series C Preferred, determined as hereinafter provided, in effect at the time of conversion and then multiplying such quotient by each share of Series A Preferred, Series B Preferred or Series C Preferred to be converted. The Conversion Price at which shares of Common Stock shall be deliverable upon conversion without the payment of any additional consideration by the holder thereof (the "***Conversion Prices***") shall at the time of the filing of this Certificate initially be Eighty-Five Cents ($0.85) in the case of the Series A Preferred, Two Dollars and Ninety-Five Cents ($2.95) in the case of the Series B Preferred and Five Dollars ($5.00) for the Series C Preferred. Such initial Conversion Prices shall be subject to adjustment, in order to adjust the number of shares of Common Stock into which the Series Preferred is convertible, as hereinafter provided.

2. Automatic Conversion of the Series Preferred. If at any time (a) the Corporation shall complete a Qualified Public Offering or (b) the holders of at least a majority in interest of the outstanding Series Preferred shall consent in writing to the conversion of the Series Preferred into shares of Common Stock, then effective upon (a) the closing of the sale of

such shares by the Corporation pursuant to such Qualified Public Offering or (b) such vote of a majority of the holders of the Series Preferred, as the case may be, all outstanding shares of Series Preferred shall automatically convert into shares of Common Stock.

3. Fractional Shares. No fractional shares of Common Stock shall be issued upon conversion of the Series Preferred. In lieu of any fractional share to which any holder would otherwise be entitled upon conversion of some or all of the Series Preferred owned by such holder, the Corporation shall pay cash equal to such fraction multiplied by the then effective Conversion Price or round up to the nearest whole share.

4. Mechanics of Optional Conversion. Before any holder of Series Preferred shall be entitled to convert the same into full shares of Common Stock, such holder shall surrender the certificate or certificates therefor, endorsed or accompanied by written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by such holder's attorney duly authorized in writing, at the office of the Corporation or of any transfer agent for the Common Stock, and shall give at least five (5) days prior written notice to the Corporation at such office that such holder elects to convert the same and shall state therein such holder's name or the name of the nominees in which such holder wishes the certificate or certificates for shares of Common Stock to be issued. The Corporation shall, as soon as practicable thereafter, issue and deliver at such office to such holder of Series Preferred, or to such holder's nominee or nominees, a certificate or certificates for the number of shares of Common Stock to which such holder shall be entitled as aforesaid, together with cash in lieu of any fraction of a share. Such conversion shall be deemed to have been made immediately prior to the close of business on the date of such surrender of the shares of Series Preferred to be converted, and the person or persons entitled to receive the shares of Common Stock issuable upon conversion shall be treated for all purposes as the record holder or holders of such shares of Common Stock on such date. From and after such date, all rights of the holder with respect to the Series Preferred so converted shall terminate, except only the right of such holder, upon the surrender of his, her or its certificate or certificates therefor, to receive certificates for the number of shares of Common Stock issuable upon conversion thereof and cash for fractional shares.

5. Mechanics of Automatic Conversion. On or before the date fixed for conversion, each holder of shares of Series Preferred shall surrender such holder's certificate or certificates for all such shares to the Corporation at its executive offices or such other place designated in a written notice from the Corporation to holders of the Series Preferred, such notice being delivered within a reasonable time after the events specified in Section F(2) above, and shall thereafter receive certificates for the number of shares of Common Stock or other securities to which such holder is entitled. Failure to provide such notice shall not affect the validity of automatic conversion hereunder. On the date fixed for conversion, all rights with respect to the Series Preferred will terminate, except only (i) any rights to receive declared but unpaid dividends with a record date preceding the date of conversion, and (ii) the rights of the holders thereof, upon surrender of their certificate or certificates therefor, to receive certificates for the number of shares of Common Stock or other securities into which such Series Preferred has been converted and cash for fractional shares. If so required by the Corporation, certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or

instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by her, his or its attorney duly authorized in writing. All certificates evidencing shares of Series Preferred which are required to be surrendered for conversion in accordance with the provisions hereof shall, from and after the date such certificates are so required to be surrendered, be deemed to have been retired and canceled and the shares of Series Preferred represented thereby converted into Common Stock for all purposes, notwithstanding the failure of the holder or holders thereof to surrender such certificates on or prior to such date. As soon as practicable after the date of such automatic conversion and the surrender of the certificate or certificates for Series Preferred as aforesaid, the Corporation shall cause to be issued and delivered to such holder, or to her, his or its written order, a certificate or certificates for the number of full shares of Common Stock or other securities issuable on such conversion in accordance with the provisions hereof and cash as provided in Section F(3) in respect of any fraction of a share of Common Stock otherwise issuable upon such conversion. If the conversion is in connection with an underwritten offering of securities registered pursuant to the Securities Act of 1933, as amended, the conversion shall be conditioned upon the closing with the underwriters of the sale of securities pursuant to such offering, in which event the person(s) entitled to receive Common Stock or other securities upon conversion of such Series Preferred shall not be deemed to have converted such Series Preferred until immediately prior to the closing of such sale of securities.

6. Certain Adjustments to Conversion Price for Stock Splits, Dividends, Mergers, Reorganizations, Etc.

(a) Adjustment for Stock Splits, Stock Dividends and Combinations of Common Stock. In the event the outstanding shares of Common Stock shall, after the Series B Preferred Original Issue Date be further subdivided (split), or combined (reverse split), by reclassification or otherwise, or in the event of any dividend or other distribution payable on the Common Stock in shares of Common Stock, the applicable Conversion Prices in effect immediately prior to such subdivision, combination, dividend or other distribution shall, concurrently with the effectiveness of such subdivision, combination, dividend or other distribution, be proportionately adjusted.

(b) Adjustment for Merger or Reorganization, Etc. In the event of a reclassification, reorganization or exchange (other than described in subsection F(6)(a) above) or any consolidation or merger of the Corporation with another Corporation (other than a Merger Transaction as defined in Section D(2), which shall be considered a liquidation pursuant to Section D above), each share of Series Preferred shall thereafter be convertible into the number of shares of stock or other securities or property to which a holder of the number of shares of Common Stock of the Corporation deliverable upon conversion of the Series Preferred would have been entitled upon such reclassification, reorganization, exchange, consolidation, merger or conveyance had the conversion occurred immediately prior to the event; and, in any such case, appropriate adjustment (as determined by the Board) shall be made in the application of the provisions herein set forth with respect to the rights and interests thereafter of the holders of the Series Preferred, to the end that the provisions set forth herein (including provisions with respect to changes in and other adjustments of the applicable Conversion Prices) shall thereafter be applicable, as nearly as reasonably may be, in relation to any shares of stock or other property thereafter deliverable upon the conversion of the Series Preferred.

(c) Adjustments for Other Dividends and Distributions. In the event the Corporation, at any time or from time to time after the filing of this Certificate, makes, or fixes a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation other than shares of Common Stock, then and in each such event, provision shall be made so that the holders of Series Preferred shall receive upon conversion thereof, in addition to the number of shares of Common Stock receivable thereupon, the amount of securities of the Corporation which they would have received had their Series Preferred been converted into Common Stock on the date of such event and had they thereafter, during the period from the date of such event to and including the conversion date, retained such securities receivable by them as aforesaid during such period, subject to all other adjustments called for during such period under this Section F(6)(c) with respect to the rights or the holders of the Series Preferred.

7. Adjustment to Conversion Prices for Issue or Sale of Additional Shares of Common Stock. If, at any time or from time to time on or after the Series B Preferred Original Issue Date, the Corporation shall issue or sell Additional Shares of Common Stock for an Effective Price per share less than the Conversion Price of the Series A Preferred or Series B Preferred then in effect, then the then-applicable Conversion Price of the Series A Preferred or Series B Preferred shall be reduced to an adjusted Conversion Price (computed to the nearest cent, a half cent being treated as a full cent), as of the date of such issue or sale, by dividing (A) the sum of (X) the result obtained by multiplying the number of shares of Common Stock outstanding immediately prior to such issue or sale by the applicable Conversion Price then in effect, and (Y) the consideration, if any, received by the Corporation upon such issue and sale, by (B) the number of shares of Common Stock outstanding immediately after such issue or sale. For purposes of adjusting any Conversion Price under this Section F(7), Common Stock outstanding shall not include any outstanding Convertible Securities or outstanding rights or options, except as required by the provisions of Section F(8).

8. Further Provisions for Adjustment of Conversion Prices. For the purpose of Section F(7) above, the following provisions shall be applicable:

(a) Issuance Provisions for Adjustment of Conversion Prices. If, at any time on or after the Series B Preferred Original Issue Date, the Corporation shall issue or sell any Convertible Securities, there shall be determined as of the date of issue the Effective Price per share for which Additional Shares of Common Stock are issuable upon the conversion or exchange thereof, such determination to be made by dividing (X) the total amount received or receivable by the Corporation as consideration for the issue or sale of such Convertible Securities, plus the minimum aggregate amount of additional consideration, if any, payable to the Corporation upon the conversion or exchange thereof, by (Y) the maximum number of Additional Shares of Common Stock issuable upon conversion or exchange of all of such Convertible Securities; and such issue or sale shall be deemed to be an issue or sale for cash (as of the date of issue or sale of such Convertible Securities) of such maximum number of Additional Shares of Common Stock at the price per share so determined.

If such Convertible Securities shall by their terms provide for an increase or increases, with the passage of time, in the amount of additional consideration, if any, payable to the

Corporation, or in the rate of exchange, upon the conversion or exchange thereof any adjusted Conversion Price shall, forthwith upon any such increase becoming effective, be readjusted to reflect the same.

To the extent any rights of conversion or exchange evidenced by such Convertible Securities shall expire without having been exercised, any adjusted Conversion Price shall forthwith be readjusted to be the adjusted Conversion Price that would have been in effect had an adjustment been made on the basis that the only Additional Shares of Common Stock issued or sold were those actually issued upon the conversion or exchange of such Convertible Securities, and that they were issued or sold for the consideration actually received by the Corporation upon such conversion or exchange, plus the consideration, if any, actually received by the Corporation for the issue or sale of such Convertible Securities as were actually converted or exchanged.

(b) Grant of Rights, Warrants or Options for Common Stock. If, at any time on or after the Series B Preferred Original Issue Date, the Corporation shall grant any rights, warrants or options to subscribe for, purchase or otherwise acquire Additional Shares of Common Stock, there shall be determined as of the date of issue the Effective Price per share for which Additional Shares of Common Stock are issuable upon the exercise of such rights warrants or options, such determination to be made by dividing (X) the total amount, if any, received or receivable by the Corporation as consideration for the granting of such rights or options, plus the minimum aggregate amount of additional consideration payable to the Corporation upon the exercise of such rights or options, by (Y) the maximum number of Additional Shares of Common Stock of the Corporation issuable upon the exercise of such rights or options; and the granting of such rights, warrants or options shall be deemed to be an issue or sale for cash (as of the date of the granting of such rights, warrants or options) of such maximum number of Additional Shares of Common Stock at the price per share so determined.

If such rights, warrants or options shall by their terms provide for an increase or increases, with the passage of time, in the amount of additional consideration payable to the Corporation upon the exercise thereof, any adjusted Conversion Price shall, forthwith upon any such increase becoming effective, be readjusted to reflect the same.

To the extent any such rights, warrants or options shall expire without having been exercised, any adjusted Conversion Price shall forthwith be readjusted to be the adjusted Conversion Price that would have been in effect had an adjustment been made on the basis that the only Additional Shares of Common Stock so issued or sold were those actually issued or sold upon the exercise of such rights, warrants or options and that they were issued or sold for the consideration actually received by the Corporation upon such exercise, plus the consideration, if any, actually received by the Corporation for the granting of all such rights, warrants or options, whether or not exercised.

(c) Grant of Rights, Warrants or Options for Convertible Securities. If, at any time on or after the Series B Preferred Original Issue Date, the Corporation shall grant any rights, warrants or options to subscribe for, purchase or otherwise acquire Convertible Securities, there shall be determined as of the date of issue the Effective Price per share for which Additional Shares of Common Stock are issuable upon the exercise of such

rights warrants or options for such Convertible Securities, such determination to be made by dividing (X) the total amount, if any, received or receivable by the Corporation as consideration for the granting of such rights, warrants or options, plus the minimum aggregate amount of additional consideration payable to the Corporation upon the exercise of such rights, warrants or options, by (Y) the maximum number of Additional Shares of Common Stock of the Corporation issuable upon the exercise of such rights, warrants or options and the conversion or exchange of all of such Convertible Securities; and the granting of such rights, warrants or options shall be deemed to be an issue or sale for cash (as of the date of the granting of such rights, warrants or options) of such maximum number of Additional Shares of Common Stock at the price per share so determined.

If such rights, warrants or options shall by their terms provide for an increase or increases, with the passage of time, in the amount of additional consideration payable to the Corporation upon the exercise thereof, any adjusted Conversion Price shall, forthwith upon any such increase becoming effective, be readjusted to reflect the same.

If any such rights, warrants or options shall expire without having been exercised, any adjusted Conversion Price shall forthwith be readjusted to be the adjusted Conversion Price which would have been in effect had an adjustment been made on the basis that the only Convertible Securities so issued or sold were those actually issued or sold upon the exercise of such rights, warrants or options and that they were issued or sold for the consideration actually received by the Corporation upon such exercise plus the consideration, if any, actually received by the Corporation for the granting of all such rights, warrants or options, whether or not exercised.

(d) Determination of Consideration. Upon any issuance or sale for a consideration other than cash, or a consideration part of which is other than cash, of any Additional Shares of Common Stock or Convertible Securities or any rights, warrants or options to subscribe for, purchase or otherwise acquire any Additional Shares of Common Stock or Convertible Securities, the amount of the consideration other than cash received by the Corporation shall be deemed to be the fair value of such consideration as determined in good faith by the Board. In case any Additional Shares of Common Stock or Convertible Securities or any rights, warrants or options to subscribe for, purchase or otherwise acquire any Additional Shares of Common Stock or Convertible Securities shall be issued or sold together with other stock or securities or other assets of the Corporation for a consideration which covers two or more thereof, the consideration for the issue or sale of such Additional Shares of Common Stock or Convertible Securities or such rights, warrants or options shall be deemed to be the portion of such consideration allocated thereto in good faith by the Board.

(e) Duration of Adjusted Conversion Price. Following each computation or readjustment of any adjusted Conversion Price as provided above in this Section F, any new adjusted Conversion Price shall remain in effect until further computation or readjustment thereof is required by this Section F.

(f) Other Action Affecting Common Stock. In case, after the filing of this Certificate, the Corporation shall take any action affecting its shares of Common Stock,

other than an action described above in this Section F, which in the good faith opinion of the Board would have a materially adverse effect upon the conversion rights of the Preferred Stock granted herein, the applicable Conversion Prices shall be adjusted in such manner and at such time as the Board may in good faith determine to be equitable in the circumstances.

(g) Certificate of Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Prices pursuant to this Section F, the Corporation at its expense shall promptly compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Series Preferred, a certificate setting forth such adjustment or readjustment and showing in reasonable detail the facts upon which such adjustment or readjustment is based.

9. Notices of Record Date. Upon (i) any taking by the Corporation of a record of the holders of any class of securities for the purpose of determining the holders thereof who are entitled to receive any dividend or other distribution, or (ii) any acquisition or other capital reorganization of the Corporation, any reclassification or recapitalization of the capital stock of the Corporation, any merger or consolidation of the Corporation with or into any other corporation, or any transaction described in Section B(3)(a), or any voluntary or involuntary dissolution, liquidation or winding up of the Corporation, the Corporation shall mail to each holder of Series Preferred at least ten (10) days prior to the record date specified therein (or such shorter period approved by a majority of the outstanding Series Preferred) a notice specifying (A) the date on which any such record is to be taken for the purpose of such dividend or distribution and a description of such dividend or distribution, (B) the date on which any such acquisition, reorganization, reclassification, transfer, consolidation, merger, asset transfer, dissolution, liquidation or winding up is expected to become effective, and (C) the date, if any, that is to be fixed as to when the holders of record of Common Stock (or other securities) shall be entitled to exchange their shares of Common Stock (or other securities) for securities or other property deliverable upon such acquisition, reorganization, reclassification, transfer, consolidation, merger, asset transfer, dissolution, liquidation or winding up.

10. Common Stock Reserved. The Corporation shall reserve and keep available out of its authorized but unissued Common Stock such number of shares of Common Stock as shall from time to time be sufficient to effect (a) conversion of the Series Preferred and (b) issuance of Common Stock pursuant to any outstanding option or other rights to acquire Common Stock.

11. Notices. Any notice required by the provisions of this Section F shall be in writing and shall be deemed effectively given: (i) upon personal delivery to the party to be notified, (ii) when sent by confirmed electronic mail or facsimile if sent during normal business hours of the recipient; if not, then on the next business day, (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (iv) one (1) day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All notices shall be addressed to each holder of record at the address of such holder appearing on the books of the Corporation.

12. No Dilution or Impairment. Without the consent of the holders of the then outstanding Series Preferred, as required under Sections B(3), B(4) and B(5), the Corporation shall not amend its Certificate of Incorporation or participate in any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or take any other voluntary action, for the purpose of avoiding or seeking to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Corporation, but shall at all times in good faith assist in carrying out all such action as may be reasonably necessary or appropriate in order to protect the conversion rights of the holders of the Series Preferred against dilution or other impairment.

VI.

A. The liability of the directors of the Corporation for monetary damages shall be eliminated to the fullest extent under applicable law. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the corporation shall be eliminated to the fullest extent permitted by the DGCL, as so amended.

B. This corporation is authorized to provide indemnification of agents (as defined in Section 317 of the CGCL) for breach of duty to the corporation and its stockholders through bylaw provisions or through agreements with the agents, or through stockholder resolutions, or otherwise, in excess of the indemnification otherwise permitted by Section 317 of the CGCL, subject, at any time or times the corporation is subject to Section 2115(b) of the CGCL, to the limits on such excess indemnification set forth in Section 204 of the CGCL.

C. Any repeal or modification of this Certificate shall only be prospective and shall not affect the rights under this Certificate in effect at the time of the alleged occurrence of any action or omission to act giving rise to liability.

STOCKHOLDERS' MEETINGS

Section 4. Place of Meetings. Meetings of the stockholders of the corporation may be held at such place, either within or without the State of Delaware, as may be determined from time to time by the Board of Directors. The Board of Directors may, in its sole discretion, determine that the meeting shall not be held at any place, but may instead be held solely by means of remote communication as provided under the Delaware General Corporation Law ("DGCL").

Section 5. Annual Meeting.

(a) The annual meeting of the stockholders of the corporation, for the purpose of election of directors and for such other business as may lawfully come before it, shall be held on such date and at such time as may be designated from time to time by the Board of Directors. Nominations of persons for election to the Board of Directors of the corporation and the proposal

of business to be considered by the stockholders may be made at an annual meeting of stockholders: (i) pursuant to the corporation's notice of meeting of stockholders; (ii) by or at the direction of the Board of Directors; or (iii) by any stockholder of the corporation who was a stockholder of record at the time of giving of notice provided for in the following paragraph, who is entitled to vote at the meeting and who complied with the notice procedures set forth in Section 5.

(b) At an annual meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to clause (iii) of Section 5(a) of these Bylaws, (i) the stockholder must have given timely notice thereof in writing to the Secretary of the corporation, (ii) such other business must be a proper matter for stockholder action under the DGCL, (iii) if the stockholder, or the beneficial owner on whose behalf any such proposal or nomination is made, has provided the corporation with a Solicitation Notice (as defined in this Section 5(b)), such stockholder or beneficial owner must, in the case of a proposal, have delivered a proxy statement and form of proxy to holders of at least the percentage of the corporation's voting shares required under applicable law to carry any such proposal, or, in the case of a nomination or nominations, have delivered a proxy statement and form of proxy to holders of a percentage of the corporation's voting shares reasonably believed by such stockholder or beneficial owner to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder, and must, in either case, have included in such materials the Solicitation Notice, and (iv) if no Solicitation Notice relating thereto has been timely provided pursuant to this section, the stockholder or beneficial owner proposing such business or nomination must not have solicited a number of proxies sufficient to have required the delivery of such a Solicitation Notice under this Section 5. To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made. In no event shall the public announcement of an adjournment of an annual meeting commence a new time period for the giving of a stockholder's notice as described above. Such stockholder's notice shall set forth: (A) as to each person whom the stockholder proposed to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "1934 Act") and Rule 14a-4(d) thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (B) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at

the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (C) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the corporation's books, and of such beneficial owner, (ii) the class and number of shares of the corporation which are owned beneficially and of record by such stockholder and such beneficial owner, and (iii) whether either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of the proposal, at least the percentage of the corporation's voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of the corporation's voting shares to elect such nominee or nominees (an affirmative statement of such intent, a "Solicitation Notice").

(c) Notwithstanding anything in the second sentence of Section 5(b) of these Bylaws to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors made by the corporation at least one hundred (100) days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section 5 shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the corporation.

(d) Only such persons who are nominated in accordance with the procedures set forth in this Section 5 shall be eligible to serve as directors and only such business shall be conducted at a meeting of stockholders as shall have been brought before the meeting in accordance with the procedures set forth in this Section 5. Except as otherwise provided by law, the Chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made, or proposed, as the case may be, in accordance with the procedures set forth in these Bylaws and, if any proposed nomination or business is not in compliance with these Bylaws, to declare that such defective proposal or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

(e) Notwithstanding the foregoing provisions of this Section 5, in order to include information with respect to a stockholder proposal in the proxy statement and form of proxy for a stockholders' meeting, stockholders must provide notice as required by the regulations promulgated under the 1934 Act. Nothing in these Bylaws shall be deemed to affect any rights of stockholders to request inclusion of proposals in the corporation proxy statement pursuant to Rule 14a-8 under the 1934 Act.

(f) For purposes of this Section 5, "public announcement" shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the 1934 Act.

Section 6. Special Meetings.

(a) Special meetings of the stockholders of the corporation may be called, for any purpose or purposes, by (i) the Chairman of the Board of Directors, (ii) the Chief Executive Officer, (iii) the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board of Directors for adoption) or (iv) by the holders of shares entitled to cast not less than ten percent (10%) of the votes at the meeting, and shall be held at such place, on such date, and at such time as the Board of Directors shall fix. At any time or times that the corporation is subject to Section 2115(b) of the California General Corporation Law ("CGCL"), stockholders holding five percent (5%) or more of the outstanding shares shall have the right to call a special meeting of stockholders as set forth in Section 18(b) herein.

(b) If a special meeting is properly called by any person or persons other than the Board of Directors, the request shall be in writing, specifying the general nature of the business proposed to be transacted, and shall be delivered personally or sent by certified or registered mail, return receipt requested, or by telegraphic or other facsimile transmission to the Chairman of the Board of Directors, the Chief Executive Officer, or the Secretary of the corporation. No business may be transacted at such special meeting otherwise than specified in such notice. The Board of Directors shall determine the time and place of such special meeting, which shall be held not less than thirty-five (35) nor more than one hundred twenty (120) days after the date of the receipt of the request. Upon determination of the time and place of the meeting, the officer receiving the request shall cause notice to be given to the stockholders entitled to vote, in accordance with the provisions of Section 7 of these Bylaws. Nothing contained in this paragraph (b) shall be construed as limiting, fixing, or affecting the time when a meeting of stockholders called by action of the Board of Directors may be held.

Section 7. Notice of Meetings. Except as otherwise provided by law, notice, given in writing or by electronic transmission, of each meeting of stockholders shall be given not less than ten (10) nor more than sixty (60) days before the date of the meeting to each stockholder entitled to vote at such meeting, such notice to specify the place, if any, date and hour, in the case of special meetings, the purpose or purposes of the meeting, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at any such meeting. If mailed, notice is given when deposited in the United States mail, postage prepaid, directed to the stockholder at such stockholder's address as it appears on the records of the corporation. Notice of the time, place, if any, and purpose of any meeting of stockholders may be waived in writing, signed by the person entitled to notice thereof or by electronic transmission by such person, either before or after such meeting, and will be waived by any stockholder by his attendance thereat in person, by remote communication, if applicable, or by proxy, except when the stockholder attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Any stockholder so waiving notice of such meeting shall be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

Section 8. Quorum. At all meetings of stockholders, except where otherwise provided by statute or by the Certificate of Incorporation, or by these Bylaws, the presence, in person, by remote communication, if applicable, or by proxy duly authorized, of the holders of a majority of the outstanding shares of stock entitled to vote shall constitute a quorum for the transaction of business. In the absence of a quorum, any meeting of stockholders may be adjourned, from time to time, either by the chairman of the meeting or by vote of the holders of a majority of the shares represented thereat, but no other business shall be transacted at such meeting. The stockholders present at a duly called or convened meeting, at which a quorum is present, may continue to transact business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum. Except as otherwise provided by statute, or by the Certificate of Incorporation or these Bylaws, in all matters other than the election of directors, the affirmative vote of a majority of shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the subject matter shall be the act of the stockholders. Except as otherwise provided by statute, the Certificate of Incorporation or these Bylaws, directors shall be elected by a plurality of the votes of the shares present in person, by remote communication, if applicable, or represented by proxy duly authorized at the meeting and entitled to vote generally on the election of directors. Where a separate vote by a class or classes or series is required, except where otherwise provided by the statute or by the Certificate of Incorporation or these Bylaws, a majority of the outstanding shares of such class or classes or series, present in person, by remote communication, if applicable, or represented by proxy duly authorized, shall constitute a quorum entitled to take action with respect to that vote on that matter. Except where otherwise provided by statute or by the Certificate of Incorporation or these Bylaws, the affirmative vote of the majority (plurality, in the case of the election of directors) of shares of such class or classes or series present in person, by remote communication, if applicable, or represented by proxy at the meeting shall be the act of such class or classes or series.

Section 9. Adjournment and Notice of Adjourned Meetings. Any meeting of stockholders, whether annual or special, may be adjourned from time to time either by the chairman of the meeting or by the vote of a majority of the shares present in person, by remote communication, if applicable, or represented by proxy. When a meeting is adjourned to another time or place, if any, notice need not be given of the adjourned meeting if the time and place, if any, thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than thirty (30) days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

Section 10. Voting Rights. For the purpose of determining those stockholders entitled to vote at any meeting of the stockholders, except as otherwise provided by law, only persons in whose names shares stand on the stock records of the corporation on the record date, as provided in Section 12 of these Bylaws, shall be entitled to vote at any meeting of stockholders. Every person entitled to vote or execute consents shall have the right to do so either in person, by remote communication, if applicable, or by an agent or agents authorized by a proxy granted in accordance with Delaware law. An agent so appointed need not be a stockholder. No proxy

shall be voted after three (3) years from its date of creation unless the proxy provides for a longer period.

Section 11. Joint Owners of Stock. If shares or other securities having voting power stand of record in the names of two (2) or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety, or otherwise, or if two (2) or more persons have the same fiduciary relationship respecting the same shares, unless the Secretary is given written notice to the contrary and is furnished with a copy of the instrument or order appointing them or creating the relationship wherein it is so provided, their acts with respect to voting shall have the following effect: (a) if only one (1) votes, his act binds all; (b) if more than one (1) votes, the act of the majority so voting binds all; (c) if more than one (1) votes, but the vote is evenly split on any particular matter, each faction may vote the securities in question proportionally, or may apply to the Delaware Court of Chancery for relief as provided in the DGCL, Section 217(b). If the instrument filed with the Secretary shows that any such tenancy is held in unequal interests, a majority or even-split for the purpose of subsection (c) shall be a majority or even-split in interest.

Section 12. List of Stockholders. The Secretary shall prepare and make, at least ten (10) days before every meeting of stockholders, a complete list of the stockholders entitled to vote at said meeting, arranged in alphabetical order, showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, on a reasonably accessible electronic network, provided that the information required to gain access to such list is provided with the notice of the meeting, or during ordinary business hours, at the principal place of business of the corporation. In the event that the corporation determines to make the list available on an electronic network, the corporation may take reasonable steps to ensure that such information is available only to stockholders of the corporation. The list shall be open to examination of any stockholder during the time of the meeting as provided by law.

Section 13. Action Without Meeting.

(a) Unless otherwise provided in the Certificate of Incorporation, any action required by statute to be taken at any annual or special meeting of the stockholders, or any action which may be taken at any annual or special meeting of the stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, or by electronic transmission setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.

(b) Every written consent or electronic transmission shall bear the date of signature of each stockholder who signs the consent, and no written consent or electronic transmission shall be effective to take the corporate action referred to therein unless, within sixty (60) days of the earliest dated consent delivered to the corporation in the manner herein required, written consents or electronic transmissions signed by a sufficient number of stockholders to take action are delivered to the corporation by delivery to its registered office in the State of Delaware, its principal place of business or an officer or agent of the corporation having custody

of the book in which proceedings of meetings of stockholders are recorded. Delivery made to a corporation's registered office shall be by hand or by certified or registered mail, return receipt requested.

(c) Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing or by electronic transmission and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of stockholders to take action were delivered to the corporation as provided in Section 228(c) of the DGCL. If the action which is consented to is such as would have required the filing of a certificate under any section of the DGCL if such action had been voted on by stockholders at a meeting thereof, then the certificate filed under such section shall state, in lieu of any statement required by such section concerning any vote of stockholders, that written consent has been given in accordance with Section 228 of the DGCL.

(d) A telegram, cablegram or other electronic transmission consenting to an action to be taken and transmitted by a stockholder or proxyholder, shall be deemed to be written, signed and dated for the purposes of this section, provided that any such telegram, cablegram or other electronic transmission sets forth or is delivered with information from which the corporation can determine (i) that the telegram, cablegram or other electronic transmission was transmitted by the stockholder or proxyholder or by a person or persons authorized to act for the stockholder and (ii) the date on which such stockholder or proxyholder or authorized person or persons transmitted such telegram, cablegram or electronic transmission. The date on which such telegram, cablegram or electronic transmission is transmitted shall be deemed to be the date on which such consent was signed. No consent given by telegram, cablegram or other electronic transmission shall be deemed to have been delivered until such consent is reproduced in paper form and until such paper form shall be delivered to the corporation by delivery to its registered office in the state of Delaware, its principal place of business or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to a corporation's registered office shall be made by hand or by certified or registered mail, return receipt requested. Notwithstanding the foregoing limitations on delivery, consents given by telegram, cablegram or other electronic transmission may be otherwise delivered to the principal place of business of the corporation or to an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded if, to the extent and in the manner provided by resolution of the board of directors of the corporation. Any copy, facsimile or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing.

Section 14. Organization.

(a) At every meeting of stockholders, the Chairman of the Board of Directors, or, if a Chairman has not been appointed or is absent, the President, or, if the President is absent, a chairman of the meeting chosen by a majority in interest of the stockholders entitled to vote,

present in person or by proxy, shall act as chairman. The Secretary, or, in his absence, an Assistant Secretary directed to do so by the President, shall act as secretary of the meeting.

(b) The Board of Directors of the corporation shall be entitled to make such rules or regulations for the conduct of meetings of stockholders as it shall deem necessary, appropriate or convenient. Subject to such rules and regulations of the Board of Directors, if any, the chairman of the meeting shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairman, are necessary, appropriate or convenient for the proper conduct of the meeting, including, without limitation, establishing an agenda or order of business for the meeting, rules and procedures for maintaining order at the meeting and the safety of those present, limitations on participation in such meeting to stockholders of record of the corporation and their duly authorized and constituted proxies and such other persons as the chairman shall permit, restrictions on entry to the meeting after the time fixed for the commencement thereof, limitations on the time allotted to questions or comments by participants and regulation of the opening and closing of the polls for balloting on matters which are to be voted on by ballot. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting. Unless and to the extent determined by the Board of Directors or the chairman of the meeting, meetings of stockholders shall not be required to be held in accordance with rules of parliamentary procedure.

ARTICLE IV

DIRECTORS

Section 15. Number and Term of Office. The authorized number of directors of the corporation shall be fixed by the Board of Directors from time to time. Directors need not be stockholders unless so required by the Certificate of Incorporation. If for any cause, the directors shall not have been elected at an annual meeting, they may be elected as soon thereafter as convenient.

Section 16. Powers. The powers of the corporation shall be exercised, its business conducted and its property controlled by the Board of Directors, except as may be otherwise provided by statute or by the Certificate of Incorporation.

Section 17. Term of Directors.

(a) Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, directors shall be elected at each annual meeting of stockholders to serve until the next annual meeting of stockholders. Each director shall serve until his successor is duly elected and qualified or until his death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

(b) No person entitled to vote at an election for directors may cumulate votes to which such person is entitled, unless, at the time of such election, the corporation is subject to Section 2115(b) of the CGCL. During such time or times that the corporation is subject to

Section 2115(b) of the CGCL, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder thinks fit. No stockholder, however, shall be entitled to so cumulate such stockholder's votes unless (i) the names of such candidate or candidates have been placed in nomination prior to the voting and (ii) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

Section 18. Vacancies.

(a) Unless otherwise provided in the Certificate of Incorporation, and subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes and any newly created directorships resulting from any increase in the number of directors shall, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by stockholders, be filled only by the affirmative vote of a majority of the directors then in office, even though less than a quorum of the Board of Directors, or by a sole remaining director, *provided, however*, that whenever the holders of any class or classes of stock or series thereof are entitled to elect one or more directors by the provisions of the Certificate of Incorporation, vacancies and newly created directorships of such class or classes or series shall, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by stockholders, be filled by a majority of the directors elected by such class or classes or series thereof then in office, or by a sole remaining director so elected. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the full term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified. A vacancy in the Board of Directors shall be deemed to exist under this Bylaw in the case of the death, removal or resignation of any director.

(b) At any time or times that the corporation is subject to §2115(b) of the CGCL, if, after the filling of any vacancy, the directors then in office who have been elected by stockholders shall constitute less than a majority of the directors then in office, then

(i) any holder or holders of an aggregate of five percent (5%) or more of the total number of shares at the time outstanding having the right to vote for those directors may call a special meeting of stockholders; or

(ii) the Superior Court of the proper county shall, upon application of such stockholder or stockholders, summarily order a special meeting of the

stockholders, to be held to elect the entire board, all in accordance with Section 305(c) of the CGCL, the term of office of any director shall terminate upon that election of a successor.

Section 19. Resignation. Any director may resign at any time by delivering his or her notice in writing or by electronic transmission to the Secretary, such resignation to specify whether it will be effective at a particular time, upon receipt by the Secretary or at the pleasure of the Board of Directors. If no such specification is made, it shall be deemed effective at the pleasure of the Board of Directors. When one or more directors shall resign from the Board of Directors, effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each Director so chosen shall hold office for the unexpired portion of the term of the Director whose place shall be vacated and until his successor shall have been duly elected and qualified.

Section 20. Removal.

(a) Subject to any limitations imposed by applicable law (and assuming the corporation is not subject to Section 2115 of the CGCL), the Board of Directors or any director may be removed from office at any time (i) with cause by the affirmative vote of the holders of a majority of the voting power of all then-outstanding shares of capital stock of the corporation entitled to vote generally at an election of directors or (ii) without cause by the affirmative vote of the holders of a majority of the voting power of all then-outstanding shares of capital stock of the corporation, entitled to vote generally at an election of directors.

(b) During such time or times that the corporation is subject to Section 2115(b) of the CGCL, the Board of Directors or any individual director may be removed from office at any time without cause by the affirmative vote of the holders of at least a majority of the outstanding shares entitled to vote on such removal; provided, however, that unless the entire Board is removed, no individual director may be removed when the votes cast against such director's removal, or not consenting in writing to such removal, would be sufficient to elect that director if voted cumulatively at an election which the same total number of votes were cast (or, if such action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of such director's most recent election were then being elected.

Section 21. Meetings

(a) Regular Meetings. Unless otherwise restricted by the Certificate of Incorporation, regular meetings of the Board of Directors may be held at any time or date and at any place within or without the State of Delaware which has been designated by the Board of Directors and publicized among all directors, either orally or in writing, including a voice-messaging system or other system designated to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means. No further notice shall be required for a regular meeting of the Board of Directors.

(b) Special Meetings. Unless otherwise restricted by the Certificate of Incorporation, special meetings of the Board of Directors may be held at any time and place within or without the State of Delaware whenever called by the Chairman of the Board, the President or any two (2) of the directors.

(c) Meetings by Electronic Communications Equipment. Any member of the Board of Directors, or of any committee thereof, may participate in a meeting by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

(d) Notice of Special Meetings. Notice of the time and place of all special meetings of the Board of Directors shall be orally or in writing, by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, facsimile, telegraph or telex, or by electronic mail or other electronic means, during normal business hours, at least twenty-four (24) hours before the date and time of the meeting. If notice is sent by US mail, it shall be sent by first class mail, postage prepaid at least three (3) days before the date of the meeting. Notice of any meeting may be waived in writing or by electronic transmission at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

(e) Waiver of Notice. The transaction of all business at any meeting of the Board of Directors, or any committee thereof, however called or noticed, or wherever held, shall be as valid as though had at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present who did not receive notice shall sign a written waiver of notice or shall waive notice by electronic transmission. All such waivers shall be filed with the corporate records or made a part of the minutes of the meeting.

Section 22. Quorum and Voting.

(a) Unless the Certificate of Incorporation requires a greater number, a quorum of the Board of Directors shall consist of a majority of the exact number of directors fixed from time to time by the Board of Directors in accordance with the Certificate of Incorporation; *provided, however,* at any meeting, whether a quorum be present or otherwise, a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the Board of Directors, without notice other than by announcement at the meeting.

(b) At each meeting of the Board of Directors at which a quorum is present, all questions and business shall be determined by the affirmative vote of a majority of the directors present, unless a different vote be required by law, the Certificate of Incorporation or these Bylaws.

Section 23. Action Without Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or committee, as the case may be, consent thereto in writing or by electronic transmission, and such writing or writings or transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Section 24. Fees and Compensation. Directors shall be entitled to such compensation for their services as may be approved by the Board of Directors, including, if so approved, by resolution of the Board of Directors, a fixed sum and expenses of attendance, if any, for attendance at each regular or special meeting of the Board of Directors and at any meeting of a committee of the Board of Directors. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise and receiving compensation therefor.

Section 25. Committees.

(a) Executive Committee. The Board of Directors may appoint an Executive Committee to consist of one (1) or more members of the Board of Directors. The Executive Committee, to the extent permitted by law and provided in the resolution of the Board of Directors shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation, and may authorize the seal of the corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to (i) approving or adopting, or recommending to the stockholders, any action or matter expressly required by the DGCL to be submitted to stockholders for approval, or (ii) adopting, amending or repealing any bylaw of the corporation.

(b) Other Committees. The Board of Directors may, from time to time, appoint such other committees as may be permitted by law. Such other committees appointed by the Board of Directors shall consist of one (1) or more members of the Board of Directors and shall have such powers and perform such duties as may be prescribed by the resolution or resolutions creating such committees, but in no event shall any such committee have the powers denied to the Executive Committee in these Bylaws.

(c) Term. The Board of Directors, subject to any requirements of any outstanding series of Preferred Stock and the provisions of subsections (a) or (b) of this Bylaw may at any time increase or decrease the number of members of a committee or terminate the existence of a committee. The membership of a committee member shall terminate on the date of his death or voluntary resignation from the committee or from the Board of Directors. The Board of Directors may at any time for any reason remove any individual committee member and the Board of Directors may fill any committee vacancy created by death, resignation, removal or increase in the number of members of the committee. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee, and, in addition, in the absence or

disqualification of any member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member.

(d) Meetings. Unless the Board of Directors shall otherwise provide, regular meetings of the Executive Committee or any other committee appointed pursuant to this Section 25 shall be held at such times and places as are determined by the Board of Directors, or by any such committee, and when notice thereof has been given to each member of such committee, no further notice of such regular meetings need be given thereafter. Special meetings of any such committee may be held at any place which has been determined from time to time by such committee, and may be called by any director who is a member of such committee, upon notice to the members of such committee of the time and place of such special meeting given in the manner provided for the giving of notice to members of the Board of Directors of the time and place of special meetings of the Board of Directors. Notice of any special meeting of any committee may be waived in writing at any time before or after the meeting and will be waived by any director by attendance thereat, except when the director attends such special meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Unless otherwise provided by the Board of Directors in the resolutions authorizing the creation of the committee, a majority of the authorized number of members of any such committee shall constitute a quorum for the transaction of business, and the act of a majority of those present at any meeting at which a quorum is present shall be the act of such committee.

Section 26. Organization. At every meeting of the directors, the Chairman of the Board of Directors, or, if a Chairman has not been appointed or is absent, the President, or if the President is absent, the most senior Vice President, (if a director) or, in the absence of any such person, a chairman of the meeting chosen by a majority of the directors present, shall preside over the meeting. The Secretary, or in his absence, any Assistant Secretary directed to do so by the President, shall act as secretary of the meeting.

ARTICLE VI

Section 32. Execution of Corporate Instruments. The Board of Directors may, in its discretion, determine the method and designate the signatory officer or officers, or other person or persons, to execute on behalf of the corporation any corporate instrument or document, or to sign on behalf of the corporation the corporate name without limitation, or to enter into contracts on behalf of the corporation, except where otherwise provided by law or these Bylaws, and such execution or signature shall be binding upon the corporation.

All checks and drafts drawn on banks or other depositaries on funds to the credit of the corporation or in special accounts of the corporation shall be signed by such person or persons as the Board of Directors shall authorize so to do.

Unless authorized or ratified by the Board of Directors or within the agency power of an officer, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

Section 33. Voting of Securities Owned by the Corporation. All stock and other securities of other corporations owned or held by the corporation for itself, or for other parties in any capacity, shall be voted, and all proxies with respect thereto shall be executed, by the person authorized so to do by resolution of the Board of Directors, or, in the absence of such authorization, by the Chairman of the Board of Directors, the Chief Executive Officer, the President, or any Vice President.

ARTICLE VII

SHARES OF STOCK

Section 34. Form and Execution of Certificates. The shares of the corporation shall be represented by certificates, or shall be uncertificated. Certificates for the shares of stock, if any, shall be in such form as is consistent with the Certificate of Incorporation and applicable law. Every holder of stock in the corporation represented by certificate shall be entitled to have a certificate signed by or in the name of the corporation by the Chairman of the Board of Directors, or the President or any Vice President and by the Treasurer or Assistant Treasurer or the Secretary or Assistant Secretary, certifying the number of shares owned by him in the corporation. Any or all of the signatures on the certificate may be facsimiles. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued with the same effect as if he were such officer, transfer agent, or registrar at the date of issue.

Section 35. Lost Certificates. A new certificate or certificates shall be issued in place of any certificate or certificates theretofore issued by the corporation alleged to have been lost, stolen, or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen, or destroyed. The corporation may require, as a condition precedent to the issuance of a new certificate or certificates, the owner of such lost, stolen, or destroyed certificate or certificates, or the owner's legal representative, to agree to indemnify the corporation in such manner as it shall require or to give the corporation a surety bond in such form and amount as it may direct as indemnity against any claim that may be made against the corporation with respect to the certificate alleged to have been lost, stolen, or destroyed.

Section 36. Transfers.

Section 37. Fixing Record Dates.

(a) In order that the corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix, in advance, a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall, subject to applicable law, not be more than sixty (60) nor less than ten (10) days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; *provided*, *however,* that the Board of Directors may fix a new record date for the adjourned meeting.

(b) In order that the corporation may determine the stockholders entitled to consent to corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which date shall not be more than ten (10) days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. Any stockholder of record seeking to have the stockholders authorize or take corporate action by written consent shall, by written notice to the Secretary, request the Board of Directors to fix a record date. The Board of Directors shall promptly, but in all events within ten (10) days after the date on which such a request is received, adopt a resolution fixing the record date. If no record date has been fixed by the Board of Directors within ten (10) days of the date on which such a request is received, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is required by applicable law, shall be the first date on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the corporation by delivery to its registered office in the State of Delaware, its principal place of business or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by law, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action.

(c) In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion or exchange of

stock, or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty (60) days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 38. Registered Stockholders. The corporation shall be entitled to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

Interest coupons appertaining to any such bond, debenture or other corporate security, authenticated by a trustee as aforesaid, shall be signed by the Treasurer or an Assistant Treasurer of the corporation or such other person as may be authorized by the Board of Directors, or bear imprinted thereon the facsimile signature of such person. In case any officer who shall have signed or attested any bond, debenture or other corporate security, or whose facsimile signature shall appear thereon or on any such interest coupon, shall have ceased to be such officer before the bond, debenture or other corporate security so signed or attested shall have been delivered, such bond, debenture or other corporate security nevertheless may be adopted by the corporation and issued and delivered as though the person who signed the same or whose facsimile signature shall have been used thereon had not ceased to be such officer of the corporation.

ARTICLE IX

Section 40. Declaration of Dividends. Dividends upon the capital stock of the corporation, subject to the provisions of the Certificate of Incorporation and applicable law, if

any, may be declared by the Board of Directors pursuant to law at any regular or special meeting. Dividends may be paid in cash, in property, or in shares of the capital stock, subject to the provisions of the Certificate of Incorporation and applicable law.

Section 41. Dividend Reserve. Before payment of any dividend, there may be set aside out of any funds of the corporation available for dividends such sum or sums as the Board of Directors from time to time, in their absolute discretion, think proper as a reserve or reserves to meet contingencies, or for equalizing dividends, or for repairing or maintaining any property of the corporation, or for such other purpose as the Board of Directors shall think conducive to the interests of the corporation, and the Board of Directors may modify or abolish any such reserve in the manner in which it was created.

ARTICLE X

FISCAL YEAR

Section 42. Fiscal Year. The fiscal year of the corporation shall be fixed by resolution of the Board of Directors.

ARTICLE XI

INDEMNIFICATION

Section 43. Indemnification of Directors, Executive Officers, Other Officers, Employees and Other Agents.

(a) Directors and Executive Officers. The corporation shall indemnify its directors and executive officers (for the purposes of this Article XI, "executive officers" shall have the meaning defined in Rule 3b-7 promulgated under the 1934 Act) to the fullest extent not prohibited by the DGCL or any other applicable law; *provided, however,* that the corporation may modify the extent of such indemnification by individual contracts with its directors and executive officers; and, *provided, further,* that the corporation shall not be required to indemnify any director or executive officer in connection with any proceeding (or part thereof) initiated by such person unless (i) such indemnification is expressly required to be made by law, (ii) the proceeding was authorized by the Board of Directors of the corporation, (iii) such indemnification is provided by the corporation, in its sole discretion, pursuant to the powers vested in the corporation under the Delaware General Corporation Law or any other applicable law or (iv) such indemnification is required to be made under subsection (d).

(b) Other Officers, Employees and Other Agents. The corporation shall have power to indemnify its other officers, employees and other agents as set forth in the DGCL or any other applicable law. The Board of Directors shall have the power to delegate the determination of whether indemnification shall be given to any such person, except executive officers, to such officers or other persons as the Board of Directors shall determine.

(c) Expenses. The corporation shall advance to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director or executive officer, of the corporation, or is or was serving at the request of the corporation as a director or executive officer of another corporation, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request therefor, all expenses incurred by any director or executive officer in connection with such proceeding, provided, however, that, if the DGCL requires, an advancement of expenses incurred by a director or officer in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon delivery to the corporation of an undertaking, by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such indemnitee is not entitled to be indemnified for such expenses under this Section 43 or otherwise.

Notwithstanding the foregoing, unless otherwise determined pursuant to paragraph (e) of this Bylaw, no advance shall be made by the corporation to an executive officer of the corporation (except by reason of the fact that such executive officer is or was a director of the corporation, in which event this paragraph shall not apply) in any action, suit or proceeding, whether civil, criminal, administrative or investigative, if a determination is reasonably and promptly made (i) by a majority vote of a quorum consisting of directors who were not parties to the proceeding, even if not a quorum, or (ii) by a committee of such directors designated by a majority of such directors, even though less than a quorum, or (iii) if there are no such directors, or such directors so direct, by independent legal counsel in a written opinion, that the facts known to the decision-making party at the time such determination is made demonstrate clearly and convincingly that such person acted in bad faith or in a manner that such person did not believe to be in or not opposed to the best interests of the corporation.

(d) Enforcement. Without the necessity of entering into an express contract, all rights to indemnification and advances to directors and executive officers under this Bylaw shall be deemed to be contractual rights and be effective to the same extent and as if provided for in a contract between the corporation and the director or executive officer. Any right to indemnification or advances granted by this Bylaw to a director or executive officer shall be enforceable by or on behalf of the person holding such right in any court of competent jurisdiction if (i) the claim for indemnification or advances is denied, in whole or in part, or (ii) no disposition of such claim is made within ninety (90) days of request therefor. The claimant in such enforcement action, if successful in whole or in part, shall be entitled to be paid also the expense of prosecuting the claim. In connection with any claim for indemnification, the corporation shall be entitled to raise as a defense to any such action that the claimant has not met the standards of conduct that make it permissible under the DGCL or any other applicable law for the corporation to indemnify the claimant for the amount claimed. In connection with any claim by an executive officer of the corporation (except in any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such executive officer is or was a director of the corporation) for advances, the corporation shall be entitled to raise as a defense as to any such action clear and convincing evidence that such person acted in bad faith or

in a manner that such person did not believe to be in or not opposed to the best interests of the corporation, or with respect to any criminal action or proceeding that such person acted without reasonable cause to believe that his conduct was lawful. Neither the failure of the corporation (including its Board of Directors, independent legal counsel or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he has met the applicable standard of conduct set forth in the DGCL or any other applicable law, nor an actual determination by the corporation (including its Board of Directors, independent legal counsel or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that claimant has not met the applicable standard of conduct. In any suit brought by a director or executive officer to enforce a right to indemnification or to an advancement of expenses hereunder, the burden of proving that the director or executive officer is not entitled to be indemnified, or to such advancement of expenses, under this Article XI or otherwise shall be on the corporation.

(e) Non-Exclusivity of Rights. The rights conferred on any person by this Bylaw shall not be exclusive of any other right which such person may have or hereafter acquire under any applicable statute, provision of the Certificate of Incorporation, Bylaws, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding office. The corporation is specifically authorized to enter into individual contracts with any or all of its directors, officers, employees or agents respecting indemnification and advances, to the fullest extent not prohibited by the DGCL or any other applicable law.

(f) Survival of Rights. The rights conferred on any person by this Bylaw shall continue as to a person who has ceased to be a director, or executive officer and shall inure to the benefit of the heirs, executors and administrators of such a person.

(g) Insurance. To the fullest extent permitted by the DGCL, or any other applicable law, the corporation, upon approval by the Board of Directors, may purchase insurance on behalf of any person required or permitted to be indemnified pursuant to this Bylaw.

(h) Amendments. Any repeal or modification of this Bylaw shall only be prospective and shall not affect the rights under this Bylaw in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any proceeding against any agent of the corporation.

(i) Saving Clause. If this Bylaw or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the corporation shall nevertheless indemnify each director and executive officer to the full extent not prohibited by any applicable portion of this Bylaw that shall not have been invalidated, or by any other applicable law. If this Section 43 shall be invalid due to the application of the indemnification provisions of another jurisdiction, then the corporation shall indemnify each director and executive officer to the full extent under applicable law.

(j) Certain Definitions. For the purposes of this Bylaw, the following definitions shall apply:

(1) The term "proceeding" shall be broadly construed and shall include, without limitation, the investigation, preparation, prosecution, defense, settlement, arbitration and appeal of, and the giving of testimony in, any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative.

(2) The term "expenses" shall be broadly construed and shall include, without limitation, court costs, attorneys' fees, witness fees, fines, amounts paid in settlement or judgment and any other costs and expenses of any nature or kind incurred in connection with any proceeding.

(3) The term the "corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this Bylaw with respect to the resulting or surviving corporation as he would have with respect to such constituent corporation if its separate existence had continued.

(4) References to a "director," "executive officer," "officer," "employee," or "agent" of the corporation shall include, without limitation, situations where such person is serving at the request of the corporation as, respectively, a director, executive officer, officer, employee, trustee or agent of another corporation, partnership, joint venture, trust or other enterprise.

(5) References to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the corporation" as referred to in this Bylaw.

ARTICLE XII

NOTICES

Section 44. Notices.

(a) Notice to Stockholders. Written notice to stockholders of stockholder meetings shall be given as provided in Section 7 herein. Without limiting the manner by which notice may otherwise be given effectively to stockholders under any agreement or contract with such stockholder, and except as otherwise required by law, written notice to stockholders for purposes other than stockholder meetings may be sent by United States mail or nationally recognized overnight courier, or by facsimile, telegraph or telex or by electronic mail or other electronic means.

(b) Notice to Directors. Any notice required to be given to any director may be given by the method stated in subsection (a), or as provided for in Section 21 of these Bylaws. If such notice is not delivered personally, it shall be sent to such address as such director shall have filed in writing with the Secretary, or, in the absence of such filing, to the last known post office address of such director.

(c) Affidavit of Mailing. An affidavit of mailing, executed by a duly authorized and competent employee of the corporation or its transfer agent appointed with respect to the class of stock affected or other agent, specifying the name and address or the names and addresses of the stockholder or stockholders, or director or directors, to whom any such notice or notices was or were given, and the time and method of giving the same, shall in the absence of fraud, be prima facie evidence of the facts therein contained.

(d) Methods of Notice. It shall not be necessary that the same method of giving notice be employed in respect of all recipients of notice, but one permissible method may be employed in respect of any one or more, and any other permissible method or methods may be employed in respect of any other or others.

(e) Notice to Person with Whom Communication Is Unlawful. Whenever notice is required to be given, under any provision of law or of the Certificate of Incorporation or Bylaws of the corporation, to any person with whom communication is unlawful, the giving of such notice to such person shall not be required and there shall be no duty to apply to any governmental authority or agency for a license or permit to give such notice to such person. Any action or meeting which shall be taken or held without notice to any such person with whom communication is unlawful shall have the same force and effect as if such notice had been duly given. In the event that the action taken by the corporation is such as to require the filing of a certificate under any provision of the DGCL, the certificate shall state, if such is the fact and if notice is required, that notice was given to all persons entitled to receive notice except such persons with whom communication is unlawful.

(f) Notice to Stockholders Sharing an Address. Except as otherwise prohibited under DGCL, any notice given under the provisions of DGCL, the Certificate of Incorporation or the Bylaws shall be effective if given by a single written notice to stockholders who share an address if consented to by the stockholders at that address to whom such notice is given. Such consent shall have been deemed to have been given if such stockholder fails to object in writing to the corporation within sixty (60) days of having been given notice by the corporation of its intention to send the single notice. Any consent shall be revocable by the stockholder by written notice to the corporation.

ARTICLE XIII

AMENDMENTS

Section 45. Amendments. The Board of Directors is expressly empowered to adopt, amend or repeal Bylaws of the corporation. The stockholders shall also have power to adopt, amend or repeal the Bylaws of the corporation; provided, however, that, in addition to any vote of the holders of any class or series of stock of the corporation required by law or by the Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least a majority of the voting power of all of the then-outstanding shares of the capital stock of the corporation entitled to vote generally in the election of directors, voting together as a single class.

ARTICLE XIV

RIGHT OF FIRST REFUSAL

Section 46. Right of First Refusal. No stockholder shall sell, assign, pledge, or in any manner transfer any of the shares of common stock of the corporation or any right or interest therein, whether voluntarily or by operation of law, or by gift or otherwise, except by a transfer which meets the requirements hereinafter set forth in this bylaw:

(a) If the stockholder desires to sell or otherwise transfer any of his shares of common stock, then the stockholder shall first give written notice thereof to the corporation. The notice shall name the proposed transferee and state the number of shares to be transferred, the proposed consideration, and all other terms and conditions of the proposed transfer.

(b) For thirty (30) days following receipt of such notice, the corporation shall have the option to purchase all (but not less than all) of the shares specified in the notice at the price and upon the terms set forth in such notice; *provided*, *however*, that, with the consent of the stockholder, the corporation shall have the option to purchase a lesser portion of the shares specified in said notice at the price and upon the terms set forth therein. In the event of a gift, property settlement or other transfer in which the proposed transferee is not paying the full price for the shares, and that is not otherwise exempted from the provisions of this Section 46, the price shall be deemed to be the fair market value of the stock at such time as determined in good faith by the Board of Directors. In the event the corporation elects to purchase all of the shares or, with consent of the stockholder, a lesser portion of the shares, it shall give written notice to the transferring stockholder of its election and settlement for said shares shall be made as provided below in paragraph (d).

(c) The corporation may assign its rights hereunder.

(d) In the event the corporation and/or its assignee(s) elect to acquire any of the shares of the transferring stockholder as specified in said transferring stockholder’s notice,

the Secretary of the corporation shall so notify the transferring stockholder and settlement thereof shall be made in cash within thirty (30) days after the Secretary of the corporation receives said transferring stockholder's notice; provided that if the terms of payment set forth in said transferring stockholder's notice were other than cash against delivery, the corporation and/or its assignee(s) shall pay for said shares on the same terms and conditions set forth in said transferring stockholder's notice.

(e) In the event the corporation and/or its assignees(s) do not elect to acquire all of the shares specified in the transferring stockholder's notice, said transferring stockholder may, within the sixty-day period following the expiration or waiver of the option rights granted to the corporation and/or its assignees(s) herein, transfer the shares specified in said transferring stockholder's notice which were not acquired by the corporation and/or its assignees(s) as specified in said transferring stockholder's notice. All shares so sold by said transferring stockholder shall continue to be subject to the provisions of this bylaw in the same manner as before said transfer.

(f) Anything to the contrary contained herein notwithstanding, the following transactions shall be exempt from the provisions of this bylaw:

(1) A stockholder's transfer of any or all shares held either during such stockholder's lifetime or on death by will or intestacy to such stockholder's immediate family or to any custodian or trustee for the account of such stockholder or such stockholder's immediate family or to any limited partnership of which the stockholder, members of such stockholder's immediate family or any trust for the account of such stockholder or such stockholder's immediate family will be the general of limited partner(s) of such partnership. "Immediate family" as used herein shall mean spouse, lineal descendant, father, mother, brother, or sister of the stockholder making such transfer.

(2) A stockholder's bona fide pledge or mortgage of any shares with a commercial lending institution, provided that any subsequent transfer of said shares by said institution shall be conducted in the manner set forth in this bylaw.

(3) A stockholder's transfer of any or all of such stockholder's shares to a person who, at the time of such transfer, is an officer or director of the corporation.

(4) A corporate stockholder's transfer of any or all of its shares pursuant to and in accordance with the terms of any merger, consolidation, reclassification of shares or capital reorganization of the corporate stockholder, or pursuant to a sale of all or substantially all of the stock or assets of a corporate stockholder.

(5) A corporate stockholder's transfer of any or all of its shares to any or all of its stockholders.

(6) A transfer by a stockholder which is a limited or general partnership to any or all of its partners or former partners.

In any such case, the transferee, assignee, or other recipient shall receive and hold such stock subject to the provisions of this bylaw, and there shall be no further transfer of such stock except in accord with this bylaw.

(g) The provisions of this bylaw may be waived with respect to any transfer either by the corporation, upon duly authorized action of its Board of Directors, or by the stockholders, upon the express written consent of the owners of a majority of the voting power of the corporation (excluding the votes represented by those shares to be transferred by the transferring stockholder). This bylaw may be amended or repealed either by a duly authorized action of the Board of Directors or by the stockholders, upon the express written consent of the owners of a majority of the voting power of the corporation.

(h) Any sale or transfer, or purported sale or transfer, of securities of the corporation shall be null and void unless the terms, conditions, and provisions of this bylaw are strictly observed and followed.

(i) The foregoing right of first refusal shall terminate on either of the following dates, whichever shall first occur:

(1) On October 22, 2019; or

(2) Upon the date securities of the corporation are first offered to the public pursuant to a registration statement filed with, and declared effective by, the United States Securities and Exchange Commission under the Securities Act of 1933, as amended.

(j) The certificates representing shares of stock of the corporation shall bear on their face the following legend so long as the foregoing right of first refusal remains in effect:

"THE SHARES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A RIGHT OF FIRST REFUSAL OPTION IN FAVOR OF THE CORPORATION AND/OR ITS ASSIGNEE(S), AS PROVIDED IN THE BYLAWS OF THE CORPORATION."

(k) The foregoing right of first refusal shall not apply to any shares of common stock issued upon conversion of any shares of any series of preferred stock.

ARTICLE XV

LOANS TO OFFICERS

Section 47. Loans to Officers. Except as otherwise prohibited under applicable law, the corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the corporation or of its subsidiaries, including any officer or employee who

is a Director of the corporation or its subsidiaries, whenever, in the judgment of the Board of Directors, such loan, guarantee or assistance may reasonably be expected to benefit the corporation. The loan, guarantee or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors shall approve, including, without limitation, a pledge of shares of stock of the corporation. Nothing in these Bylaws shall be deemed to deny, limit or restrict the powers of guaranty or warranty of the corporation at common law or under any statute.

ARTICLE XVI

MISCELLANEOUS

Section 48. Annual Report.

(a) Subject to the provisions of paragraph (b) of this Bylaw, the Board of Directors shall cause an annual report to be sent to each stockholder of the corporation not later than one hundred twenty (120) days after the close of the corporation's fiscal year. Such report shall include a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year, accompanied by any report thereon of independent accountants or, if there is no such report, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation. When there are more than one hundred (100) stockholders of record of the corporation's shares, as determined by Section 605 of the CGCL, additional information as required by Section 1501(b) of the CGCL shall also be contained in such report, provided that if the corporation has a class of securities registered under Section 12 of the 1934 Act, the 1934 Act shall take precedence. Such report shall be sent to stockholders at least fifteen (15) days prior to the next annual meeting of stockholders after the end of the fiscal year to which it relates.

(b) If and so long as there are fewer than one hundred (100) holders of record of the corporation's shares, the requirement of sending of an annual report to the stockholders of the corporation is hereby expressly waived.

RE: **QuinStreet Incremental Bonus Plan — FY 2010**

The Compensation Committee of the Board has once again approved an incremental bonus plan for senior staff for fiscal year 2010. The purpose of incremental bonuses is to provide incentive and cash compensation for performance that is well beyond budget or expected growth targets AND that is consistent with the strategic objectives and interests of the Company. The incremental bonus is in addition to the potential discretionary bonus component of your annual compensation. This year the incremental bonus pool will accrue after Company EBITDA exceeds $62,520,000 ("Target EBITDA"), which represents 20% growth over FY09 Revenue and a 20% EBITDA margin.

Your specific incremental bonus rate is shown below. The general terms of the incremental plan are also outlined below. Once you have reviewed, understand and agree to the plan and terms, please sign on the line provided, and return to me.

Your Incremental Bonus as % of FY10
Company EBITDA > Target EBITDA

_____

Incremental bonus plan terms

- Company EBITDA is as reported in the Statement of Operations or Division Summary sheet of the Company's unaudited financial statements sent to Investors for FY2010.
- The amount and payment of incremental bonuses are at the complete and sole discretion of the CEO[1], and may not be paid in part or in full, even if financial targets are achieved. This is to protect the Company from unforeseen changes in business circumstances and unintended consequences, and to make adjustments when actions maximize personal bonuses but otherwise (even unintentionally) damage Company interests by, for example: increasing costs elsewhere or in the future, or hurting or frustrating Company strategy and/or long-term business potential or positioning. Important considerations, among others, include: margins; growth; client concentration; development and deployment of proprietary media; technologies and other capabilities deemed necessary for business defensibility and sustainability; specific performance of individual, group and category.
- Incremental bonuses will be paid one time only, usually but not necessarily approximately 30 days following publication of approved full-year results. You must be a full-time employee in good standing at the time of the payment to receive an incremental bonus payment. There are no exceptions and no other payments or obligations of any kind associated with this Plan.
- The CEO[1] must have your signed (acknowledged and agreed) Incremental Bonus Plan memo (this form) on file for you to be included in the Plan and receive a bonus payment.

QUINSTREET, INC.
ANNUAL INCENTIVE PLAN

1. PURPOSE

The QuinStreet, Inc. Annual Incentive Plan (the ***"Plan"***) is designed to provide incentive compensation to individuals who make an important contribution to the success of QuinStreet, Inc. (the ***"Company"***). Specific Plan objectives are to (i) provide individuals with incentives and rewards for achieving outstanding performance and (ii) enhance the ability of the Company to attract and retain highly talented and competent individuals. During the "reliance period" provided by Section 1.162-27(f) of the Treasury Regulations, the Plan is intended to provide incentive compensation that is not subject to the deductibility limitation of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "***Code***") with respect to any employee of the Company who is a "covered employee" ("***Covered Employee***") as such term is defined in Section 162(m)(3) of the Code.

2. PLAN YEAR

The Company's fiscal year shall be the Plan Year, and the Plan shall first apply to the Plan Year beginning July 1, 2010.

3. ADMINISTRATION

The Plan shall be administered by the Compensation Committee (the ***"Committee"***) of the Board of Directors (the ***"Board"***) of the Company. The Committee shall have the sole discretion and authority to administer and interpret the Plan, and the decisions of the Committee shall in every case be final and binding on all persons having an interest in the Plan. Notwithstanding the foregoing, certain aspects of the Plan as it applies to participants who are not Covered Employees may be administered by the Company, and in such event, the Company shall have the sole discretion and authority to administer and interpret such aspects of the Plan, the decisions of the Company shall in every case be final and binding on all such participants, and references in the Plan to the Committee shall mean the Company, as applicable.

4. ELIGIBILITY

(a) Participation

In order to be eligible to participate in the Plan, an employee must meet the following criteria: (i) in the case of Covered Employees, be selected by the Committee for participation in the Plan; or (ii) in the case of employees who are not Covered Employees, be selected by the Chief Executive Officer for participation in the Plan.

(b) Award Payments

In order to be eligible to receive an award payment (***"Award"***) under the Plan with respect to any given Plan Year, a participant must meet the following criteria: (i) be on the active payroll of the Company at the time Awards are paid under the Plan; and (ii) comply with any rules of the Plan as established by the Committee. Notwithstanding the foregoing, a participant shall be eligible for a target incremental award (as described in Section 5(a)(2) of the Plan only if the participant is specifically designated by the Committee as eligible for such target incremental award.

5. TARGET AWARDS

(a) General

A participant's actual Award under the Plan shall be determined on the basis of the Company's achievement of the applicable performance goals and the participant's target award opportunity, which may consist of a target regular award (as described in Section 5(a)(1) and a target incremental award (as described in Section 5(a)(2)).

1. Regular Awards

For each Plan Year, each participant shall be assigned a target regular award opportunity expressed either as a percentage of such participant's base salary earned during the Plan Year (***"Base Salary"***) or as a set dollar amount. If the performance goals are achieved, a participant shall be eligible to receive an award based on the target regular award.

2. Incremental Awards

For each Plan Year, the Committee shall establish a target incremental award opportunity for certain participants selected by the Committee. Such target incremental award opportunity shall be expressed as a percentage of an incremental bonus pool. Such incremental bonus pool shall be equal to the amount, if any, exceeding one or more performance goals selected by the Committee.

(b) Individuals Hired After Establishment of Performance Goals.

With respect to any individual who is hired during the Plan Year after the Committee has established the performance goals for the Plan Year and who meets the eligibility criteria under Section 4(a) of the Plan, the Committee shall establish any target award opportunities for such individual as soon as practicable after the individual is selected to participate in the Plan. Such participant shall be eligible to receive a pro-rata Award based on the time employed as a participant and the performance goals achieved for the Plan Year, provided that the participant meets the eligibility criteria under Section 4(b) of the Plan.

6. Performance Goals

(a) Establishment of Performance Goals

Individual Awards for each Plan Year shall be based upon one or more performance goals established by the Committee (as described below) and their relative weights, if any, which may vary by salary grade or position.

The Committee shall establish the following in writing:

(i) the specific performance goal(s) for the Plan Year and any relative weighting of such goals for purposes of a participant's target regular award opportunity under Section 5(a)(1); and

(ii) the specific performance goal(s) for the Plan Year that will be used to determine the amount of any incremental bonus pool under Section 5(a)(2).

(b) Performance Criteria for Performance Goals

The Committee may establish performance goals for a Plan Year that may be based, either individually or in combination, on the Company as a whole or on one or more business units, divisions, affiliates, or business segments, and measured either absolutely or relative to a designated group of comparable companies. The performance criteria on which the Committee may base specific performance goals are set forth in **Exhibit A** attached hereto.

7. Evaluation of Performance Results and Payment of Awards

Following the end of a Plan Year, the Committee shall determine whether the performance goals established by the Committee at the beginning of the Plan Year in accordance with Section 5 have been met; provided, however, that the Committee, both during a Plan Year and following its end, shall be authorized, in its sole discretion, to make adjustments to such performance goals to reflect such changes in business circumstances as it may consider appropriate.. The Committee shall determine the amount of any actual Award for each participant based on (i) the level at which the Company actually meets, exceeds, or fails to meet its performance goals (and any relative weighting of such goals), and (ii) the target regular award opportunity and the target incremental award opportunity, if any, for each participant. The Committee shall have the discretion to reduce the amount of any actual Award below the amount calculated under the terms of the Plan. Following, and subject to, the Committee's certification that the applicable performance goals for the Plan Year have been met, the Committee shall approve the payment of Awards.

8. Alternative Method for Establishing and Determining Awards

As an alternative to establishing and determining Awards under Sections 6 and 7 above with respect to target regular awards described in Section 5(a)(1), the Committee may establish one or more performance goals for a Plan Year based on one or more of the

performance criteria set forth in Exhibit A, applying the same procedures as described in Section 6(b) (the ***"Threshold Goal"***). The Threshold Goal may be based, either individually or in combination, on the Company as a whole or individual units thereof and measured either absolutely or relative to a designated group of comparable companies.

If the Threshold Goal is achieved, each participant shall be eligible to earn a maximum award (the ***"Maximum Award"***) equal to a percentage of such participant's target regular award opportunity. No Awards shall be earned or payable pursuant to this Section 8 unless the Threshold Goal is achieved. If the Threshold Goal is achieved, each participant's Maximum Award shall be subject to possible reduction by the Committee based on additional performance goals and/or any other factors determined by the Committee, and the actual Award payable to a participant under the Plan shall be the Maximum Award, or a portion thereof, based on the application of the foregoing performance goals and additional factors.

9. MISCELLANEOUS

(a) Withholding of Compensation. The Company shall deduct and withhold from any amounts payable to participants under the Plan any amounts required to be deducted and withheld by the Company under the provisions of any applicable federal, state and local statute, law, regulation, ordinance or order.

(b) Plan Funding. The Plan shall be unfunded. Nothing contained in the Plan will be deemed to require the Company to deposit, invest or set aside amounts for the payment of any Awards under the Plan.

(c) Amendment or Termination of the Plan. The Plan may be amended, modified, or terminated at any time by the Board.

(d) No Guarantee of Continued Service. The Plan shall not confer any rights upon employees to remain in service with the Company for any specific duration or interfere with or otherwise restrict in any way the rights of the Company to terminate an employee's service with the Company for any reason, with or without cause or notice.

(e) No Assignment or Transfer. None of the rights, benefits, obligations or duties under the Plan may be assigned or transferred by any employee. Any purported assignment or transfer by any employee shall be void. Participation in the Plan does not give a participant any ownership, security, or other rights in any assets of the Company or any of its affiliates.

(f) Validity. In the event any provision of the Plan is held invalid, void, or unenforceable, the same will not affect, in any respect whatsoever, the validity of any other provision of the Plan.

(g) Governing Law. The rights and obligations of any employee under the Plan shall be governed by and interpreted, construed and enforced in accordance with the

laws of the State of California without regard to its or any other jurisdiction’s conflicts of laws principles.

(e) Borrower agrees that, upon written request to the Agent by any Revolving Credit Lender, Borrower will execute and deliver, to such Revolving Credit Lender, at Borrower's own expense, a Revolving Credit Note

(i) the proposed date of such Revolving Credit Advance (or the refunding or conversion of an outstanding Revolving Credit Advance), which must be a Business Day;

(ii) whether such Advance is a new Revolving Credit Advance or a refunding or conversion of an outstanding Revolving Credit Advance; and

(iii) whether such Revolving Credit Advance is to be a Base Rate Advance or a Eurodollar-based Advance, and, except in the case of a Base Rate Advance, the first Eurodollar-Interest Period applicable thereto, provided, however, that the initial Revolving Credit Advance made under this Agreement shall be a Base Rate Advance, which may then be converted into a Eurodollar-based Advance in compliance with this Agreement.

(b) each such Request for Revolving Credit Advance shall be delivered to Agent by 12:00 p.m. (Pacific time) three (3) Business Days prior to the proposed date of the Revolving Credit Advance, except in the case of a Base Rate Advance, for which the Request for Revolving Credit Advance must be delivered by 10:00 a.m. (Pacific time) on the proposed date for such Revolving Credit Advance;

(c) on the proposed date of such Revolving Credit Advance, the sum of (x) the aggregate principal amount of all Revolving Credit Advances and Swing Line Advances outstanding on such date (including, without duplication) the Advances that are deemed to be disbursed by Agent under Section 3.6(a) hereof in respect of Borrower's Reimbursement Obligations hereunder), plus (y) the Letter of Credit Obligations as of such date, in each case after giving effect to all outstanding requests for Revolving Credit Advances and Swing Line Advances and for the issuance of any Letters of Credit, shall not exceed the Revolving Credit Aggregate Commitment;

(d) in the case of a Base Rate Advance, the principal amount of the initial funding of such Advance, as opposed to any refunding or conversion thereof, shall be at least $2,000,000 or the remainder available under the Revolving Credit Aggregate Commitment if less than $2,000,000;

(e) in the case of a Eurodollar-based Advance, the principal amount of such Advance, plus the amount of any other outstanding Revolving Credit Advance to be then combined therewith having the same Eurodollar-Interest Period, if any, shall be at least $2,000,000 (or a larger integral multiple of $100,000) or the remainder available under the Revolving Credit Aggregate Commitment if less than $2,000,000 and at any one time there shall not be in effect more than six (6) different Eurodollar-Interest Periods;

(f) a Request for Revolving Credit Advance, once delivered to Agent, shall not be revocable by Borrower and shall constitute a certification by Borrower as of the date thereof that:

(i) all conditions to the making of Revolving Credit Advances set forth in this Agreement have been satisfied, and shall remain satisfied to the date of such Revolving Credit Advance (both before and immediately after giving effect to such Revolving Credit Advance);

(ii) there is no Default or Event of Default in existence, and none will exist upon the making of such Revolving Credit Advance (both before and immediately after giving effect to such Revolving Credit Advance); and

(iii) the representations and warranties of the Credit Parties contained in this Agreement and the other Loan Documents are true and correct in all material respects and shall be true and correct in all material respects as of the date of the making of such Revolving Credit Advance (both before and immediately after giving effect to such Revolving Credit Advance), other than any representation or warranty that expressly speaks only as of a different date;

Agent, acting on behalf of the Revolving Credit Lenders, may also, at its option, lend under this Section 2.3 upon the telephone or email request of an Authorized Signer of the Borrower to make such requests and, in the event Agent, acting on behalf of the Revolving Credit Lenders, makes any such Advance upon a telephone or email request, an Authorized Signer shall fax or deliver by electronic file to Agent, on the same day as such telephone or email request, an executed Request for Revolving Credit Advance. Borrower hereby authorizes Agent to disburse Advances under this Section 2.3 pursuant to the telephone or email instructions of any person purporting to be an Authorized Signer. Notwithstanding the foregoing, Borrower acknowledges that Borrower shall bear all risk of loss resulting from disbursements made upon any telephone or email request. Each telephone or email request for an Advance from an Authorized Signer for

the Borrower shall constitute a certification of the matters set forth in the Request for Revolving Credit Advance form as of the date of such requested Advance.

2.4 Disbursement of Advances.

(a) Upon receiving any Request for Revolving Credit Advance from Borrower under Section 2.3 hereof, Agent shall promptly notify each Revolving Credit Lender by wire, telex or telephone (confirmed by wire, telecopy or telex) of the amount of such Advance being requested and the date such Revolving Credit Advance is to be made by each Revolving Credit Lender in an amount equal to its Revolving Credit Percentage of such Advance. Unless such Revolving Credit Lender's commitment to make Revolving Credit Advances hereunder shall have been suspended or terminated in accordance with this Agreement, each such Revolving Credit Lender shall make available the amount of its Revolving Credit Percentage of each Revolving Credit Advance in immediately available funds to Agent, as follows:

(i) for Base Rate Advances, at the office of Agent located at 500 Woodward Avenue, MC3289, Detroit, Michigan 48226, not later than 12:00 p.m. (Pacific time) on the date of such Advance; and

(ii) for Eurodollar-based Advances, at the Agent's Correspondent for the account of the Eurodollar Lending Office of the Agent, not later than 12:00 p.m. (the time of the Agent's Correspondent) on the date of such Advance.

(b) Subject to submission of an executed Request for Revolving Credit Advance by Borrower without exceptions noted in the compliance certification therein, Agent shall make available to Borrower the aggregate of the amounts so received by it from the Revolving Credit Lenders in like funds and currencies:

(i) for Base Rate Advances, not later than 1:00 p.m. (Pacific time) on the date of such Revolving Credit Advance, by credit to an account of Borrower maintained with Agent or to such other account or third party as Borrower may reasonably direct in writing, provided such direction is timely given; and

(ii) for Eurodollar-based Advances, not later than 1:00 p.m. (the time of the Agent's Correspondent) on the date of such Revolving Credit Advance, by credit to an account of Borrower maintained with Agent's Correspondent or to such other account or third party as Borrower may direct, provided such direction is timely given.

(c) Agent shall deliver the documents and papers received by it for the account of each Revolving Credit Lender to such Revolving Credit Lender. Unless Agent shall have been notified by any Revolving Credit Lender prior to the date of any proposed Revolving Credit Advance that such Revolving Credit Lender does not intend to make available to Agent such Revolving Credit Lender's Percentage of such Advance, Agent may assume that such Revolving Credit Lender has made such amount available to Agent on such date, as aforesaid. Agent may, but shall not be obligated to, make available to Borrower the amount of such payment in reliance

on such assumption. If such amount is not in fact made available to Agent by such Revolving Credit Lender, as aforesaid, Agent shall be entitled to recover such amount on demand from such Revolving Credit Lender. If such Revolving Credit Lender does not pay such amount forthwith upon Agent's demand therefor and the Agent has in fact made a corresponding amount available to Borrower, the Agent shall promptly notify Borrower and Borrower shall pay such amount to Agent, if such notice is delivered to Borrower prior to 10:00 a.m. (Pacific time) on a Business Day, on the day such notice is received, and otherwise on the next Business Day, and such amount paid by Borrower shall be applied as a prepayment of the Revolving Credit (without any corresponding reduction in the Revolving Credit Aggregate Commitment), reimbursing Agent for having funded said amounts on behalf of such Revolving Credit Lender. The Borrower shall retain its claim against such Revolving Credit Lender with respect to the amounts repaid by it to Agent and, if such Revolving Credit Lender subsequently makes such amounts available to Agent, Agent shall promptly make such amounts available to the Borrower as a Revolving Credit Advance. Agent shall also be entitled to recover from such Revolving Credit Lender or Borrower, as the case may be, but without duplication, interest on such amount in respect of each day from the date such amount was made available by Agent to Borrower, to the date such amount is recovered by Agent, at a rate per annum equal to:

(i) in the case of such Revolving Credit Lender, for the first two (2) Business Days such amount remains unpaid, the Federal Funds Effective Rate, and thereafter, at the rate of interest then applicable to such Revolving Credit Advances; and

(ii) in the case of Borrower, the rate of interest then applicable to such Advance of the Revolving Credit.

Until such Revolving Credit Lender has paid Agent such amount, such Revolving Credit Lender shall have no interest in or rights with respect to such Advance for any purpose whatsoever. The obligation of any Revolving Credit Lender to make any Revolving Credit Advance hereunder shall not be affected by the failure of any other Revolving Credit Lender to make any Advance hereunder, and no Revolving Credit Lender shall have any liability to Borrower or any of its Subsidiaries, the Agent, any other Revolving Credit Lender, or any other party for another Revolving Credit Lender's failure to make any loan or Advance hereunder.

2.5 Swing Line. (a) Swing Line Advances. The Swing Line Lender may, on the terms and subject to the conditions hereinafter set forth (including without limitation Section 2.5(c) hereof), but shall not be required to, make one or more Advances (each such advance being a "Swing Line Advance") to the Borrower from time to time on any Business Day during the period from the Effective Date hereof until (but excluding) the Revolving Credit Maturity Date in an aggregate amount not to exceed at any one time outstanding the Swing Line Maximum Amount. Subject to the terms set forth herein, advances, repayments and readvances may be made under the Swing Line.

(b) Accrual of Interest and Maturity; Evidence of Indebtedness.

(i) Swing Line Lender shall maintain in accordance with its usual practice an account or accounts evidencing indebtedness of the

Borrower to Swing Line Lender resulting from each Swing Line Advance from time to time, including the amount and date of each Swing Line Advance, its Applicable Interest Rate, its Interest Period, if any, and the amount and date of any repayment made on any Swing Line Advance from time to time. The entries made in such account or accounts of Swing Line Lender shall be prima facie evidence, absent manifest error, of the existence and amounts of the obligations of the Borrower therein recorded; provided, however, that the failure of Swing Line Lender to maintain such account, as applicable, or any error therein, shall not in any manner affect the obligation of the Borrower to repay the Swing Line Advances (and all other amounts owing with respect thereto) in accordance with the terms of this Agreement.

(ii) The Borrower agrees that, upon the written request of Swing Line Lender, the Borrower will execute and deliver to Swing Line Lender a Swing Line Note.

(iii) Borrower unconditionally promises to pay to the Swing Line Lender the then unpaid principal amount of such Swing Line Advance (plus all accrued and unpaid interest) on the Revolving Credit Maturity Date and on such other dates and in such other amounts as may be required from time to time pursuant to this Agreement. Subject to the terms and conditions hereof, each Swing Line Advance shall, from time to time after the date of such Advance (until paid), bear interest at its Applicable Interest Rate.

(c) Requests for Swing Line Advances. Borrower may request a Swing Line Advance by the delivery to Swing Line Lender of a Request for Swing Line Advance executed by an Authorized Signer for the Borrower, subject to the following:

(i) each such Request for Swing Line Advance shall set forth the information required on the Request for Advance, including without limitation, (A) the proposed date of such Swing Line Advance, which must be a Business Day, (B) whether such Swing Line Advance is to be a Base Rate Advance or a Quoted Rate Advance, and (C) in the case of a Quoted Rate Advance, the duration of the Interest Period applicable thereto;

(ii) on the proposed date of such Swing Line Advance, after giving effect to all outstanding requests for Swing Line Advances made by Borrower as of the date of determination, the aggregate principal amount of all Swing Line Advances outstanding on such date shall not exceed the Swing Line Maximum Amount;

(iii) on the proposed date of such Swing Line Advance, after giving effect to all outstanding requests for Revolving Credit Advances and Swing Line Advances and Letters of Credit requested by the Borrower on such date of determination (including, without duplication, Advances that are deemed disbursed pursuant to Section 3.6(a) hereof in respect of the Borrower's Reimbursement Obligations hereunder), the sum of (x) the aggregate principal amount of all Revolving Credit Advances and the Swing Line Advances outstanding on such date plus (y) the Letter of Credit Obligations on such date shall not exceed the Revolving Credit Aggregate Commitment;

(iv) (A) in the case of a Swing Line Advance that is a Base Rate Advance, the principal amount of the initial funding of such Advance, as opposed to any refunding or conversion thereof, shall be at least Two Hundred Fifty Thousand Dollars ($250,000) or such lesser amount as may be agreed to by the Swing Line Lender, and (B) in the case of a Swing Line Advance that is a Quoted Rate Advance, the principal amount of such Advance, plus any other outstanding Swing Line Advances to be then combined therewith having the same Interest Period, if any, shall be at least Two Hundred Fifty Thousand Dollars ($250,000) or such lesser amount as may be agreed to by the Swing Line Lender, and at any time there shall not be in effect more than three (3) Interest Rates and Interest Periods;

(v) each such Request for Swing Line Advance shall be delivered to the Swing Line Lender by 11:00 a.m. (Pacific time) on the proposed date of the Swing Line Advance;

(vi) each Request for Swing Line Advance, once delivered to Swing Line Lender, shall not be revocable by Borrower, and shall constitute and include a certification by Borrower as of the date thereof that:

(A) all conditions to the making of Swing Line Advances set forth in this Agreement shall have been satisfied and shall remain satisfied to the date of such Swing Line Advance (both before and immediately after giving effect to such Swing Line Advance);

(B) there is no Default or Event of Default in existence, and none will exist upon the making of such Swing Line Advance (both before and immediately after giving effect to such Swing Line Advance); and

(C) the representations and warranties of the Credit Parties

contained in this Agreement and the other Loan Documents are true and correct in all material respects and shall be true and correct in all material respect as of the date of the making of such Swing Line Advance (both before and immediately after giving effect to such Swing Line Advance), other than any representation or warranty that expressly speaks only as of a different date;

(vii) At the option of the Agent, subject to revocation by Agent at any time and from time to time and so long as the Agent is the Swing Line Lender, Borrower may utilize the Agent's "Sweep to Loan" automated system for obtaining Swing Line Advances and making periodic repayments. At any time during which the "Sweep to Loan" system is in effect, Swing Line Advances shall be advanced to fund borrowing needs pursuant to the terms of the Sweep Agreement. Each time a Swing Line Advance is made using the "Sweep to Loan" system, Borrower shall be deemed to have certified to the Agent and the Lenders each of the matters set forth in clause (vi) of this Section 2.5(b). Principal and interest on Swing Line Advances requested, or deemed requested, pursuant to this Section shall be paid pursuant to the terms and conditions of the Sweep Agreement without any deduction, setoff or counterclaim whatsoever. Unless sooner paid pursuant to the provisions hereof or the provisions of the Sweep Agreement, the principal amount of the Swing Loans shall be paid in full, together with accrued interest thereon, on the Revolving Credit Maturity Date. Agent may suspend or revoke Borrower's privilege to use the "Sweep to Loan" system at any time and from time to time for any reason and, immediately upon any such revocation, the "Sweep to Loan" system shall no longer be available to Borrower for the funding of Swing Line Advances hereunder (or otherwise), and the regular procedures set forth in this Section 2.5 for the making of Swing Line Advances shall be deemed immediately to apply. Agent may, at its option, also elect to make Swing Line Advances upon Borrower's telephone requests on the basis set forth in the last paragraph of Section 2.3, provided that the Borrower complies with the provisions set forth in this Section 2.5.

(d) Disbursement of Swing Line Advances. Upon receiving any executed Request for Swing Line Advance from the Borrower and the satisfaction of the conditions set forth in Section 2.5(c) hereof, Swing Line Lender shall make available to Borrower the amount so requested in Dollars not later than 2:00 p.m. (Pacific time) on the date of such Advance, by credit to an account of Borrower maintained with Agent or to such other account or third party as the Borrower may reasonably direct in writing, provided such direction is timely given. Swing Line Lender shall promptly notify Agent of any Swing Line Advance by telephone, telex or telecopier.

(e) Refunding of or Participation Interest in Swing Line Advances.

(i) The Agent, at any time in its sole and absolute discretion, may, in each case on behalf of the Borrower (which hereby irrevocably directs the Agent to act on their behalf) request each of the Revolving Credit Lenders (including the Swing Line Lender in its capacity as a Revolving Credit Lender) to make an Advance of the Revolving Credit to Borrower, in an amount equal to such Revolving Credit Lender's Revolving Credit Percentage of the aggregate principal amount of the Swing Line Advances outstanding on the date such notice is given (the "Refunded Swing Line Advances"); provided however that the Swing Line Advances carried at the Quoted Rate which are refunded with Revolving Credit Advances at the request of the Swing Line Lender at a time when no Default or Event of Default has occurred and is continuing shall not be subject to Section 11.1 and no losses, costs or expenses may be assessed by the Swing Line Lender against the Borrower or the Revolving Credit Lenders as a consequence of such refunding. The applicable Revolving Credit Advances used to refund any Swing Line Advances shall be Base Rate Advances. In connection with the making of any such Refunded Swing Line Advances or the purchase of a participation interest in Swing Line Advances under Section 2.5(e)(ii) hereof, the Swing Line Lender shall retain its claim against Borrower for any unpaid interest or fees in respect thereof accrued to the date of such refunding. Unless any of the events described in Section 9.1(i) hereof shall have occurred (in which event the procedures of Section 2.5(e)(ii) shall apply) and regardless of whether the conditions precedent set forth in this Agreement to the making of a Revolving Credit Advance are then satisfied (but subject to Section 2.5(e)(iii)), each Revolving Credit Lender shall make the proceeds of its Revolving Credit Advance available to the Agent for the benefit of the Swing Line Lender at the office of the Agent specified in Section 2.4(a) hereof prior to 10:00 a.m. Pacific time on the Business Day next succeeding the date such notice is given, in immediately available funds. The proceeds of such Revolving Credit Advances shall be immediately applied to repay the Refunded Swing Line Advances, subject to Section 11.1 hereof.

(ii) If, prior to the making of an Advance of the Revolving Credit pursuant to Section 2.5(e)(i) hereof, one of the events described in Section 9.1(i) hereof shall have occurred, each Revolving Credit Lender will, on the date such Advance of the Revolving Credit was to have been made, purchase from the Swing Line Lender an undivided participating interest in each Swing Line Advance that was to have been refunded in an amount equal to its Revolving Credit Percentage of such Swing Line Advance. Each Revolving

Credit Lender within the time periods specified in Section 2.5(e)(i) hereof, as applicable, shall immediately transfer to the Agent, for the benefit of the Swing Line Lender, in immediately available funds, an amount equal to its Revolving Credit Percentage of the aggregate principal amount of all Swing Line Advances outstanding as of such date. Upon receipt thereof, the Agent will deliver to such Revolving Credit Lender a Swing Line Participation Certificate evidencing such participation.

(iii) Each Revolving Credit Lender's obligation to make Revolving Credit Advances to refund Swing Line Advances, and to purchase participation interests, in accordance with Section 2.5(e)(i) and (ii), respectively, shall be absolute and unconditional and shall not be affected by any circumstance, including, without limitation, (A) any set-off, counterclaim, recoupment, defense or other right which such Revolving Credit Lender may have against Swing Line Lender, Borrower or any other Person for any reason whatsoever; (B) the occurrence or continuance of any Default or Event of Default; (C) any adverse change in the condition (financial or otherwise) of Borrower or any other Person; (D) any breach of this Agreement or any other Loan Document by Borrower or any other Person; (E) any inability of Borrower to satisfy the conditions precedent to borrowing set forth in this Agreement on the date upon which such Revolving Credit Advance is to be made or such participating interest is to be purchased; (F) the termination of the Revolving Credit Aggregate Commitment hereunder; or (G) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing. If any Revolving Credit Lender does not make available to the Agent the amount required pursuant to Section 2.5(e)(i) or (ii) hereof, as the case may be, the Agent on behalf of the Swing Line Lender, shall be entitled to recover such amount on demand from such Revolving Credit Lender, together with interest thereon for each day from the date of non-payment until such amount is paid in full (x) for the first two (2) Business Days such amount remains unpaid, at the Federal Funds Effective Rate and (y) thereafter, at the rate of interest then applicable to such Swing Line Advances. The obligation of any Revolving Credit Lender to make available its pro rata portion of the amounts required pursuant to Section 2.5(e)(i) or (ii) hereof shall not be affected by the failure of any other Revolving Credit Lender to make such amounts available, and no Revolving Credit Lender shall have any liability to any Credit Party, the Agent, the Swing Line Lender, or any other Revolving Credit Lender or any other party for another Revolving Credit Lender's failure to make available the amounts required under Section 2.5(e)(i) or (ii) hereof.

(iv) Notwithstanding the foregoing, no Revolving Credit Lender shall be required to make any Revolving Credit Advance to refund a Swing Line Advance or to purchase a participation in a Swing Line Advance if at least two (2) Business Days prior to the making of such Swing Line Advance by the Swing Line Lender, the officers of the Swing Line Lender immediately responsible for matters concerning this Agreement shall have received written notice from Agent or any Lender that Swing Line Advances should be suspended based on the occurrence and continuance of a Default or Event of Default and stating that such notice is a "notice of default"; provided, however that the obligation of the Revolving Credit Lenders to make such Revolving Credit Advances (or purchase such participations) shall be reinstated upon the date on which such Default or Event of Default has been waived by the requisite Lenders.

2.6 Interest Payments; Default Interest.

(a) Interest on the unpaid balance of all Base Rate Advances of the Revolving Credit and the Swing Line from time to time outstanding shall accrue from the date of such Advance to the date repaid, at a per annum interest rate equal to the Base Rate, and shall be payable in immediately available funds commencing on April 1, 2010 and on the first day of each calendar quarter thereafter. Whenever any payment under this Section 2.6(a) shall become due on a day which is not a Business Day, the date for payment thereof shall be extended to the next Business Day. Interest accruing at the Base Rate shall be computed on the basis of a 360 day year and assessed for the actual number of days elapsed, and in such computation effect shall be given to any change in the interest rate resulting from a change in the Base Rate on the date of such change in the Base Rate.

(b) Interest on each Eurodollar-based Advance of the Revolving Credit shall accrue at its Eurodollar-based Rate and shall be payable in immediately available funds on the last day of the Eurodollar-Interest Period applicable thereto (and, if any Eurodollar-Interest Period shall exceed three months, then on the last Business Day of the third month of such Eurodollar-Interest Period, and at three month intervals thereafter). Interest accruing at the Eurodollar-based Rate shall be computed on the basis of a 360 day year and assessed for the actual number of days elapsed from the first day of the Eurodollar-Interest Period applicable thereto to but not including the last day thereof.

(c) Interest on each Quoted Rate Advance of the Swing Line shall accrue at its Quoted Rate and shall be payable in immediately available funds on the last day of the Interest Period applicable thereto. Interest accruing at the Quoted Rate shall be computed on the basis of a 360-day year and assessed for the actual number of days elapsed from the first day of the Interest Period applicable thereto to, but not including, the last day thereof.

(d) Notwithstanding anything to the contrary in the preceding sections, all accrued and unpaid interest on any Revolving Credit Advance refunded or converted pursuant to Section

2.3 hereof and any Swing Line Advance refunded pursuant to Section 2.5(e) hereof, shall be due and payable in full on the date such Advance is refunded or converted.

(e) In the case of any Event of Default under Section 9.1(i), immediately upon the occurrence thereof, and in the case of any other Event of Default, immediately upon receipt by Agent of notice from the Majority Revolving Credit Lenders, interest shall be payable on demand on all Revolving Credit Advances and Swing Line Advances from time to time outstanding at a per annum rate equal to the Applicable Interest Rate in respect of each such Advance plus, in the case of Eurodollar-based Advances and Quoted Rate Advances, two percent (2%) for the remainder of the then existing Interest Period, if any, and at all other such times, and for all Base Rate Advances from time to time outstanding, at a per annum rate equal to the Base Rate plus two percent (2%) (but in no event in excess of the maximum interest rate permitted by applicable law).

2.7 Optional Prepayments.

(a) (i) The Borrower may prepay all or part of the outstanding principal of any Base Rate Advance(s) of the Revolving Credit at any time, provided that, unless the "Sweep to Loan" system shall be in effect in respect of the Revolving Credit, after giving effect to any partial prepayment, the aggregate balance of Base Rate Advance(s) of the Revolving Credit remaining outstanding shall be at least One Million Dollars ($1,000,000), and (ii) subject to Section 2.10(c) hereof, the Borrower may prepay all or part of the outstanding principal of any Eurodollar-based Advance of the Revolving Credit at any time (subject to not less than three (3) Business Day's notice to Agent) provided that, after giving effect to any partial prepayment, the unpaid portion of such Advance which is to be refunded or converted under Section 2.3 hereof shall be at least One Million Dollars ($1,000,000).

(b) (i) The Borrower may prepay all or part of the outstanding principal of any Swing Line Advance carried at the Base Rate at any time, provided that after giving effect to any partial prepayment, the aggregate balance of such Base Rate Swing Line Advances remaining outstanding shall be at least One Hundred Thousand Dollars ($100,000) and (ii) subject to Section 2.10(c) hereof, the Borrower may prepay all or part of the outstanding principal of any Swing Line Advance carried at the Quoted Rate at any time (subject to not less than one (1) day's notice to the Swing Line Lender) provided that after giving effect to any partial prepayment, the aggregate balance of such Quoted Rate Swing Line Advances remaining outstanding shall be at least Two Hundred Fifty Thousand Dollars ($250,000).

(c) Any prepayment of a Base Rate Advance made in accordance with this Section shall be without premium or penalty and any prepayment of any other type of Advance shall be subject to the provisions of Section 11.1 hereof, but otherwise without premium or penalty.

2.8 Base Rate Advance in Absence of Election or Upon Default. If, (a) as to any outstanding Eurodollar-based Advance of the Revolving Credit or any outstanding Quoted Rate Advance of the Swing Line, Agent has not received payment of all outstanding principal and accrued interest on the last day of the Interest Period applicable thereto, or does not receive a timely Request for Advance meeting the requirements of Section 2.3 or 2.5 hereof with respect to the refunding or conversion of such Advance, or (b) if on the last day of the applicable Interest

Period a Default or an Event of Default shall have occurred and be continuing, then, on the last day of the applicable Interest Period the principal amount of any Eurodollar-based Advance or Quoted Rate Advance, as the case may be, which has not been prepaid shall, absent a contrary election of the Majority Revolving Credit Lenders, be converted automatically to a Base Rate Advance and the Agent shall thereafter promptly notify Borrower of said action. All accrued and unpaid interest on any Advance converted to a Base Rate Advance under this Section 2.8 shall be due and payable in full on the date such Advance is converted.

2.9 Revolving Credit Facility Fee. From the Effective Date to the Revolving Credit Maturity Date, the Borrower shall pay to the Agent for distribution to the Lenders pro-rata in accordance with their respective Percentages, a Revolving Credit Facility Fee quarterly in arrears commencing April 1, 2010, and on the first day of each calendar quarter thereafter (in respect of the prior three months or any portion thereof). The Revolving Credit Facility Fee payable to each Lender shall be determined by multiplying the Applicable Fee Percentage times the Revolving Credit Aggregate Commitment then in effect (whether used or unused). The Revolving Credit Facility Fee shall be computed on the basis of a year of three hundred sixty (360) days and assessed for the actual number of days elapsed. Whenever any payment of the Revolving Credit Facility Fee shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next Business Day. Upon receipt of such payment, Agent shall make prompt payment to each Lender of its share of the Revolving Credit Facility Fee based upon its respective Percentage. The Revolving Credit Facility Fees described in this Section are not refundable.

2.10 Mandatory Repayment of Revolving Credit Advances.

(a) If at any time and for any reason the aggregate outstanding principal amount of Revolving Credit Advances plus Swing Line Advances, plus the outstanding Letter of Credit Obligations, shall exceed the Revolving Credit Aggregate Commitment, Borrower shall immediately reduce any pending request for a Revolving Credit Advance on such day by the amount of such excess and, to the extent any excess remains thereafter, repay any Revolving Credit Advances and Swing Line Advances in an amount equal to the lesser of the outstanding amount of such Advances and the amount of such remaining excess, with such amounts to be applied between the Revolving Credit Advances and Swing Line Advances as determined by the Agent and then, to the extent that any excess remains after payment in full of all Revolving Credit Advances and Swing Line Advances, to provide cash collateral in support of any Letter of Credit Obligations in an amount equal to the lesser of (x) 105% of the amount of such Letter of Credit Obligations and (y) the amount of such remaining excess, with such cash collateral to be provided on the basis set forth in Section 9.2 hereof. Borrower acknowledges that, in connection with any repayment required hereunder, it shall also be responsible for the reimbursement of any prepayment or other costs required under Section 11.1 hereof. Any payments made pursuant to this Section shall be applied first to outstanding Base Rate Advances under the Revolving Credit, next to Swing Line Advances carried at the Base Rate and then to Eurodollar-based Advances of the Revolving Credit, and then to Swing Line Advances carried at the Quoted Rate.

(b) Upon the payment in full of the Term Loan, any prepayments required to be made on the Term Loan pursuant to Sections 4.8(a), (b) and (c) of this Agreement shall instead be applied to prepay any amounts outstanding under the Revolving Credit, without resulting in a

permanent reduction in the Revolving Credit Agreement Commitment. Subject to Section 10.2 hereof, any payments made pursuant to this Section shall be applied first to outstanding Base Rate Advances under the Revolving Credit, next to Swing Line Advances carried at the Base Rate, next to Eurodollar-based Advances under the Revolving Credit, and then to Swing Line Advances carried at the Quoted Rate. If any amounts remain thereafter, a portion of such prepayment equivalent to the undrawn amount of any outstanding Letters of Credit shall be held by Lender as cash collateral for the Reimbursement Obligations, with any additional prepayment monies being applied to any Fees, costs or expenses due and outstanding under this Agreement, and with the remainder of such prepayment thereafter being returned to Borrower.

(c) To the extent that, on the date any mandatory repayment of the Revolving Credit Advances under this Section 2.10 or payment pursuant to the terms of any of the Loan Documents is due, the Indebtedness under the Revolving Credit or any other Indebtedness to be prepaid is being carried, in whole or in part, at the Eurodollar-based Rate and no Default or Event of Default has occurred and is continuing, Borrower may deposit the amount of such mandatory prepayment in a cash collateral account to be held by the Agent, for and on behalf of the Revolving Credit Lenders, on such terms and conditions as are reasonably acceptable to Agent and upon such deposit the obligation of Borrower to make such mandatory prepayment shall be deemed satisfied. Subject to the terms and conditions of said cash collateral account, sums on deposit in said cash collateral account shall be applied (until exhausted) to reduce the principal balance of the Revolving Credit on the last day of each Eurodollar-Interest Period attributable to the Eurodollar-based Advances of such Revolving Advance, thereby avoiding breakage costs under Section 11.1 hereof; provided, however, that if a Default or Event of Default shall have occurred at any time while sums are on deposit in the cash collateral account, Agent may, in its sole discretion, elect to apply such sums to reduce the principal balance of such Eurodollar-based Advances prior to the last day of the applicable Eurodollar-Interest Period, and the Borrower will be obligated to pay any resulting breakage costs under Section 11.1.

2.11 Optional Reduction or Termination of Revolving Credit Aggregate Commitment. Borrower may, upon at least five (5) Business Days' prior written notice to the Agent, permanently reduce the Revolving Credit Aggregate Commitment in whole at any time, or in part from time to time, without premium or penalty, provided that: (i) each partial reduction of the Revolving Credit Aggregate Commitment shall be in an aggregate amount equal to Five Million Dollars ($5,000,000) or a larger integral multiple of One Hundred Thousand Dollars ($100,000); (ii) Borrower shall prepay in accordance with the terms hereof the amount, if any, by which the aggregate unpaid principal amount of Revolving Credit Advances and Swing Line Advances (including, without duplication, any deemed Advances made under Section 3.6 hereof) outstanding hereunder, plus the Letter of Credit Obligations, exceeds the amount of the then applicable Revolving Credit Aggregate Commitment as so reduced, together with interest thereon to the date of prepayment; (iii) no reduction shall reduce the Revolving Credit Aggregate Commitment to an amount which is less than the aggregate undrawn amount of any Letters of Credit outstanding at such time; and (iv) no such reduction shall reduce the Swing Line Maximum Amount unless Borrower so elects, provided that the Swing Line Maximum Amount shall at no time be greater than the Revolving Credit Aggregate Commitment; provided, however that if the termination or reduction of the Revolving Credit Aggregate Commitment requires the prepayment of a Eurodollar-based Advance or a Quoted Rate Advance and such termination or reduction is made on a day other than the last Business Day of the then current Interest Period

applicable to such Eurodollar-based Advance or such Quoted Rate Advance, then, pursuant to Section 11.1, Borrower shall compensate the Revolving Credit Lenders and/or the Swing Line Lender for any losses or, so long as no Default or Event of Default has occurred and is continuing, Borrower may deposit the amount of such prepayment in a collateral account as provided in Section 2.10(c). Reductions of the Revolving Credit Aggregate Commitment and any accompanying prepayments of Advances of the Revolving Credit shall be distributed by Agent to each Revolving Credit Lender in accordance with such Revolving Credit Lender's Revolving Percentage thereof, and will not be available for reinstatement by or readvance to Borrower, and any accompanying prepayments of Advances of the Swing Line shall be distributed by Agent to the Swing Line Lender and will not be available for reinstatement by or readvance to the Borrower. Any reductions of the Revolving Credit Aggregate Commitment hereunder shall reduce each Revolving Credit Lender's portion thereof proportionately (based on the applicable Percentages), and shall be permanent and irrevocable. Any payments made pursuant to this Section shall be applied first to outstanding Base Rate Advances under the Revolving Credit, next to Swing Line Advances carried at the Base Rate and then to Eurodollar-based Advances of the Revolving Credit, and then to Swing Line Advances carried at the Quoted Rate.

2.12 Use of Proceeds of Advances. Advances of the Revolving Credit shall be used to finance working capital and other lawful corporate purposes.

2.13 Optional Increase in Revolving Credit Aggregate Commitment. Provided that the Borrower has not previously elected to reduce or terminate the Revolving Credit Aggregate Commitment under Section 2.11 hereof, Borrower may request that the Revolving Credit Aggregate Commitment be increased in an aggregate amount (for all such Requests for Increase) under this Section 2.13 not to exceed the Revolving Credit Optional Increase) (on the same terms as the existing Revolving Credit), subject, in each case, to Section 11.1 hereof and to the satisfaction concurrently with or prior to the date of each such request of the following conditions:

(a) Borrower shall have delivered to the Agent a written request for such increase, specifying the amount of increase thereby requested (each such request, a "Request for Increase"); provided, however, that (i) in the event Borrower has previously delivered a Request for Increase pursuant to this Section 2.13, Borrower may not deliver a subsequent Request for Increase until all the conditions to effectiveness of such first Request for Increase have been fully satisfied (or such Request for Increase has been withdrawn); (ii) Borrower may make no more than three (3) Requests for Increase during the term of this Agreement; and (iii) the amount of increase requested, when added to the amount of any previous increase in the Revolving Credit Aggregate Commitment under this Section 2.13, shall not exceed the Revolving Credit Optional Increase;

(b) within three (3) Business Days after the Agent's receipt of any such Request for Increase, the Agent shall inform each Revolving Credit Lender of the requested increase in the Revolving Credit Aggregate Commitment, offer each Revolving Credit Lender to increase its applicable commitment in an amount equal to its applicable Revolving Credit Percentage of the requested increase in the Revolving Credit Aggregate Commitment, and request each such Revolving Credit Lender to notify the Agent in writing whether such Revolving Credit Lender desires to increase its applicable commitment by the requested amount. Each Revolving Credit

Lender approving an increase in its applicable commitment by the requested amount shall deliver its written consent thereto no later than ten (10) Business Days of the Agent's informing such Revolving Credit Lender of the Request for Increase; if the Agent shall not have received a written consent from a Revolving Credit Lender within such time period, such Revolving Credit Lender shall be deemed to have elected not to increase its applicable commitment. If any one or more Revolving Credit Lenders shall elect not to increase their respective commitments, then the Agent may offer to (A) each other Revolving Credit Lender hereunder on a non-pro rata basis, (B) any other Lender hereunder, or (C) any other Person meeting the requirements of Section 13.8(c) hereof (including, for the purposes of this Section 2.13, any existing Revolving Credit Lender which agrees to increase its commitment hereunder, the "New Revolving Credit Lender(s)"), to increase their respective applicable commitments (or to provide a commitment);

(c) the New Revolving Credit Lenders shall have become a party to this Agreement by executing and delivering a New Lender Addendum for a minimum amount for each such New Revolving Credit Lender that was not an existing Revolving Credit Lender of Five Million Dollars ($5,000,000) and an aggregate amount for all such New Revolving Credit Lenders of that portion of the Aggregate Revolving Credit Optional Increase, taking into account the amount of any prior increase in the Revolving Credit Aggregate Commitment (pursuant to this Section 2.13) covered by the applicable Request; provided, however, that each New Revolving Credit Lender shall remit to the Agent funds in an amount equal to its Percentage (after giving effect to this Section 2.13) of all Advances of the Revolving Credit then outstanding, such sums to be reallocated among and paid to the existing Revolving Credit Lenders based upon the new Percentages as determined below;

(d) Borrower shall have paid to the Agent for distribution to the existing Revolving Credit Lenders, as applicable, all interest, fees (including the Revolving Credit Facility Fee, which shall not be duplicative) and other amounts, if any, accrued to the effective date of such increase and any breakage fees attributable to the reduction (prior to the last day of the applicable Interest Period) of any outstanding Eurocurrency-based Advances, calculated on the basis set forth in Section 15.1 hereof as though Borrowers had prepaid such Advances;

(e) if requested, Borrower shall have executed and delivered to the Agent new Revolving Credit Notes payable to each of the New Revolving Credit Lenders in the face amount of each such New Revolving Credit Lender's Percentage of the Revolving Credit Aggregate Commitment (after giving effect to this Section 2.13) and, if applicable, renewal and replacement Revolving Credit Notes payable to each of the existing Revolving Credit Lenders in the face amount of each such Lender's Revolving Credit Percentage of the Revolving Credit Aggregate Commitment (after giving effect to this Section 2.13), dated as of the effective date of such increase (with appropriate insertions relevant to such Notes and acceptable to the applicable Revolving Credit Lenders, including the New Revolving Credit Lenders);

(f) no Default or Event of Default shall have occurred and be continuing;

(g) such other amendments, acknowledgments, consents, documents, instruments, any registrations, if any, shall have been executed and delivered and/or obtained by Borrower as required by the Agent, in its reasonable discretion; and

(h) the Agent may, without the consent of the Majority Lenders or any Lender effect amendments to this Agreement as may be appropriate in the opinion of the Agent to effect the provisions of this Section 2.13.

3. LETTERS OF CREDIT.

3.1 Letters of Credit. Subject to the terms and conditions of this Agreement, Issuing Lender shall through the Issuing Office, at any time and from time to time from and after the date hereof until thirty (30) days prior to the Revolving Credit Maturity Date, upon the written request of Borrower accompanied by a duly executed Letter of Credit Agreement and such other documentation related to the requested Letter of Credit as the Issuing Lender may require, issue Letters of Credit in Dollars for the account of Borrower, in an aggregate amount for all Letters of Credit issued hereunder at any one time outstanding not to exceed the Letter of Credit Maximum Amount. Each Letter of Credit shall be in a minimum face amount of One Hundred Thousand Dollars ($100,000) (or such lesser amount as may be agreed to by Issuing Lender) and each Letter of Credit (including any renewal thereof) shall expire not later than the first to occur of (i) one year after the date of issuance thereof and (ii) ten (10) Business Days prior to the Revolving Credit Maturity Date in effect on the date of issuance thereof. The submission of all applications in respect of and the issuance of each Letter of Credit hereunder shall be subject in all respects to the International Standby Practices 98, and any successor documentation thereto and to the extent not inconsistent therewith, the laws of the State of Michigan. In the event of any conflict between this Agreement and any Letter of Credit Document other than any Letter of Credit, this Agreement shall control.

3.2 Conditions to Issuance. No Letter of Credit shall be issued at the request and for the account of Borrower unless, as of the date of issuance of such Letter of Credit:

(a) (i) after giving effect to the Letter of Credit requested, the Letter of Credit Obligations do not exceed the Letter of Credit Maximum Amount; and (ii) after giving effect to the Letter of Credit requested, the Letter of Credit Obligations on such date plus the aggregate amount of all Revolving Credit Advances and Swing Line Advances (including all Advances deemed disbursed by Agent under Section 3.6(a) hereof in respect of Borrower' Reimbursement Obligations) hereunder requested or outstanding on such date do not exceed the Revolving Credit Aggregate Commitment;

(b) the representations and warranties of the Credit Parties contained in this Agreement and the other Loan Documents are true and correct in all material respects and shall be true and correct in all material respects as of date of the issuance of such Letter of Credit (both before and immediately after the issuance of such Letter of Credit), other than any representation or warranty that expressly speaks only as of a different date;

(c) there is no Default or Event of Default in existence, and none will exist upon the issuance of such Letter of Credit;

(d) Borrower shall have delivered to Issuing Lender at its Issuing Office, not less than three (3) Business Days prior to the requested date for issuance (or such shorter time as the Issuing Lender, in its sole discretion, may permit), the Letter of Credit Agreement related thereto, together with such other documents and materials as may be required pursuant to the terms thereof, and the terms of the proposed Letter of Credit shall be reasonably satisfactory to Issuing Lender;

(e) no order, judgment or decree of any court, arbitrator or governmental authority shall purport by its terms to enjoin or restrain Issuing Lender from issuing the Letter of Credit requested, or any Revolving Credit Lender from taking an assignment of its Revolving Credit Percentage thereof pursuant to Section 3.6 hereof, and no law, rule, regulation, request or directive (whether or not having the force of law) shall prohibit the Issuing Lender from issuing, or any Revolving Credit Lender from taking an assignment of its Revolving Credit Percentage of, the Letter of Credit requested or letters of credit generally;

(f) there shall have been (i) no introduction of or change in the interpretation of any law or regulation, (ii) no declaration of a general banking moratorium by banking authorities in the United States, Michigan or the respective jurisdictions in which the Revolving Credit Lenders, the Borrower and the beneficiary of the requested Letter of Credit are located, and (iii) no establishment of any new restrictions by any central bank or other governmental agency or authority on transactions involving letters of credit or on banks generally that, in any case described in this clause (e), would make it unlawful or unduly burdensome for the Issuing Lender to issue or any Revolving Credit Lender to take an assignment of its Revolving Credit Percentage of the requested Letter of Credit or letters of credit generally;

(g) Issuing Lender shall have received the issuance fees required in connection with the issuance of such Letter of Credit pursuant to Section 3.4 hereof; and

(h) if any Revolving Credit Lender is an Impaired Lender, the Issuing Lender has entered into arrangements satisfactory to it to eliminate the Issuing Lender's risk with respect to the participation in Letters of Credit by all such Impaired Lenders, including, without limitation, the creation of a cash collateral account or delivery of other security by the Borrower to assure payment of such Impaired Lender's Percentage of all outstanding Letter of Credit Obligations.

Each Letter of Credit Agreement submitted to Issuing Lender pursuant hereto shall constitute the certification by Borrower of the matters set forth in Sections 5.2 hereof. The Agent shall be entitled to rely on such certification without any duty of inquiry.

3.3 Notice. The Issuing Lender shall deliver to the Agent, concurrently with or promptly following its issuance of any Letter of Credit, a true and complete copy of each Letter of Credit. Promptly upon its receipt thereof, Agent shall give notice, substantially in the form attached as Exhibit E, to each Revolving Credit Lender of the issuance of each Letter of Credit, specifying the amount thereof and the amount of such Revolving Credit Lender's Percentage thereof.

3.4 Letter of Credit Fees; Increased Costs. (a) Borrower shall pay letter of credit fees as follows:

(i) A per annum letter of credit fee with respect to the undrawn amount of each Letter of Credit issued pursuant hereto (based on the amount of each Letter of Credit) in the amount of the Applicable Fee Percentage (determined with reference to Schedule 1.1 to this Agreement) shall be paid to the Agent for distribution to the Revolving Credit Lenders in accordance with their Percentages.

(ii) A letter of credit facing fee on the face amount of each Letter of Credit shall be paid to the Agent for distribution to the Issuing Lender for its own account, in accordance with the terms of the applicable Fee Letter.

(b) All payments by Borrower to the Agent for distribution to the Issuing Lender or the Revolving Credit Lenders under this Section 3.4 shall be made in Dollars in immediately available funds at the Issuing Office or such other office of the Agent as may be designated from time to time by written notice to Borrower by the Agent. The fees described in clauses (a)(i) and (ii) above (i) shall be nonrefundable under all circumstances, (ii) in the case of fees due under clause (a)(i) above, shall be payable quarterly in arrears (on the first day of each calendar quarter) and (iii) in the case of fees due under clause (a)(ii) above, shall be payable upon the issuance of such Letter of Credit and upon any amendment thereto or extension thereof. The fees due under clause (a)(i) above shall be determined by multiplying the Applicable Fee Percentage times the undrawn amount of the face amount of each such Letter of Credit on the date of determination, and shall be calculated on the basis of a 360 day year and assessed for the actual number of days from the date of the issuance thereof to the stated expiration thereof. The parties hereto acknowledge that, unless the Issuing Lender otherwise agrees, any material amendment and any extension to a Letter of Credit issued hereunder shall be treated as a new Letter of Credit for the purposes of the letter of credit facing fee.

(c) If any change in any law or regulation or in the interpretation thereof by any court or administrative or governmental authority charged with the administration thereof, adopted after the date hereof, shall either (i) impose, modify or cause to be deemed applicable any reserve, special

deposit, limitation or similar requirement against letters of credit issued or participated in by, or assets held by, or deposits in or for the account of, Issuing Lender or any Revolving Credit Lender or (ii) impose on Issuing Lender or any Revolving Credit Lender any other condition regarding this Agreement, the Letters of Credit or any participations in such Letters of Credit, and the result of any event referred to in clause (i) or (ii) above shall be to increase the cost or expense to Issuing Lender or such Revolving Credit Lender of issuing or maintaining or participating in any of the Letters of Credit (which increase in cost or expense shall be determined by the Issuing Lender's or such Revolving Credit Lender's reasonable allocation of the aggregate of such cost increases and expenses resulting from such events), then, upon demand by the Issuing Lender or such Revolving Credit Lender, as the case may be, Borrower shall, within thirty (30) days following demand for payment, pay to Issuing Lender or such Revolving Credit Lender, as the case may be, from time to time as specified by the Issuing Lender or such Revolving Credit Lender, additional amounts which shall be sufficient to compensate the Issuing Lender or such Revolving Credit Lender for such increased cost and expense (together with interest on each such amount from ten days after the date such payment is due until payment in full thereof at the Base Rate), provided that if the Issuing Lender or such Revolving Credit Lender could take any reasonable action, without cost or administrative or other burden or restriction to such Lender, to mitigate or eliminate such cost or expense, it agrees to do so within a reasonable time after becoming aware of the foregoing matters. Each demand for payment under this Section 3.4(c) shall be accompanied by a certificate of Issuing Lender or the applicable Revolving Credit Lender setting forth the amount of such increased cost or expense incurred by the Issuing Lender or such Revolving Credit Lender, as the case may be, as a result of any event mentioned in clause (i) or (ii) above, and in reasonable detail, the methodology for calculating and the calculation of such amount, which certificate shall be prepared in good faith and shall be conclusive evidence, absent manifest error, as to the amount thereof.

3.5 Other Fees. In connection with the Letters of Credit, and in addition to the Letter of Credit Fees, Borrower shall pay, for the sole account of the Issuing Lender, standard documentation, administration, payment and cancellation charges assessed by Issuing Lender or the Issuing Office, at the times, in the amounts and on the terms set forth or to be set forth from time to time in the standard fee schedule of the Issuing Office in effect from time to time.

3.6 Participation Interests in and Drawings and Demands for Payment Under Letters of Credit.

(a) Upon issuance by the Issuing Lender of each Letter of Credit hereunder (and on the Effective Date with respect to each Existing Letter of Credit), each Revolving Credit Lender shall automatically acquire a pro rata participation interest in such Letter of Credit and each related Letter of Credit Payment based on its respective Revolving Credit Percentage.

(b) If the Issuing Lender shall honor a draft or other demand for payment presented or made under any Letter of Credit, Borrower agrees to pay to the Issuing Lender an amount equal to the amount paid by the Issuing Lender in respect of such draft or other demand under such Letter of Credit and all reasonable expenses paid or incurred by the Agent relative thereto not later than 1:00 p.m. (Pacific time), in Dollars, on (i) the Business Day that Borrower received notice of such presentment and honor, if such notice is received prior to 11:00 a.m. (Pacific time) or (ii) the Business Day immediately following the day that Borrower received such notice, if such notice is received after 11:00 a.m. (Pacific time).

(c) If the Issuing Lender shall honor a draft or other demand for payment presented or made under any Letter of Credit, but Borrower does not reimburse the Issuing Lender as required under clause (b) above and the Revolving Credit Aggregate Commitment has not been terminated (whether by maturity, acceleration or otherwise), the Borrower shall be deemed to have immediately requested that the Revolving Credit Lenders make a Base Rate Advance of the Revolving Credit (which Advance may be subsequently converted at any time into a Eurodollar-based Advance pursuant to Section 2.3 hereof) in the principal amount equal to the amount paid by the Issuing Lender in respect of such draft or other demand under such Letter of Credit and all reasonable expenses paid or incurred by the Agent relative thereto. Agent will promptly notify the Revolving Credit Lenders of such deemed request, and each such Lender shall make available to the Agent an amount equal to its pro rata share (based on its Revolving Credit Percentage) of the amount of such Advance.

(d) If the Issuing Lender shall honor a draft or other demand for payment presented or made under any Letter of Credit, but Borrower does not reimburse the Issuing Lender as required under clause (b) above, and (i) the Revolving Credit Aggregate Commitment has been terminated (whether by maturity, acceleration or otherwise), or (ii) any reimbursement received by the Issuing Lender from Borrower is or must be returned or rescinded upon or during any bankruptcy or reorganization of any Credit Party or otherwise, then Agent shall notify each Revolving Credit Lender, and each Revolving Credit Lender will be obligated to pay the Agent for the account of the Issuing Lender its pro rata share (based on its Revolving Credit Percentage) of the amount paid by the Issuing Lender in respect of such draft or other demand under such Letter of Credit and all reasonable expenses paid or incurred by the Agent relative thereto (but no such payment shall diminish the obligations of the Borrower hereunder). Upon receipt thereof, the Agent will deliver to such Revolving Credit Lender a participation certificate evidencing its participation interest in respect of such payment and expenses. To the extent that a Revolving Credit Lender fails to make such amount available to the Agent by 11:00 a.m. Pacific time on the Business Day next succeeding the date such notice is given, such Revolving Credit Lender shall pay interest on such amount in respect of each day from the date such amount was required to be paid, to the date paid to Agent, at a rate per annum equal to the Federal Funds Effective Rate. The failure of any Revolving Credit Lender to make its pro rata portion of any such amount available under to the Agent shall not relieve any other Revolving Credit Lender of its obligation to make available its pro rata portion of such amount, but no Revolving Credit Lender shall be responsible for failure of any other Revolving Credit Lender to make such pro rata portion available to the Agent.

(e) In the case of any Advance made under this Section 3.6, each such Advance shall be disbursed notwithstanding any failure to satisfy any conditions for disbursement of any

Advance set forth in Article 2 hereof or Article 5 hereof, and, to the extent of the Advance so disbursed, the Reimbursement Obligation of Borrower to the Agent under this Section 3.6 shall be deemed satisfied (unless, in each case, taking into account any such deemed Advances, the aggregate outstanding principal amount of Advances of the Revolving Credit and the Swing Line, plus the Letter of Credit Obligations (other than the Reimbursement Obligations to be reimbursed by this Advance) on such date exceed the then applicable Revolving Credit Aggregate Commitment).

(f) If the Issuing Lender shall honor a draft or other demand for payment presented or made under any Letter of Credit, the Issuing Lender shall provide notice thereof to Borrower on the date such draft or demand is honored, and to each Revolving Credit Lender on such date unless Borrower shall have satisfied its reimbursement obligations by payment to the Agent (for the benefit of the Issuing Lender) as required under this Section 3.6. The Issuing Lender shall further use reasonable efforts to provide notice to Borrower prior to honoring any such draft or other demand for payment, but such notice, or the failure to provide such notice, shall not affect the rights or obligations of the Issuing Lender with respect to any Letter of Credit or the rights and obligations of the parties hereto, including without limitation the obligations of Borrower under this Section 3.6.

(g) Notwithstanding the foregoing however no Revolving Credit Lender shall be deemed to have acquired a participation in a Letter of Credit if the officers of the Issuing Lender immediately responsible for matters concerning this Agreement shall have received written notice from Agent or any Lender at least two (2) Business Days prior to the date of the issuance or extension of such Letter of Credit or, with respect to any Letter of Credit subject to automatic extension, at least five (5) Business Days prior to the date that the beneficiary under such Letter of Credit must be notified that such Letter of Credit will not be renewed, that the issuance or extension of Letters of Credit should be suspended based on the occurrence and continuance of a Default or Event of Default and stating that such notice is a "notice of default"; provided, however that the Revolving Credit Lenders shall be deemed to have acquired such a participation upon the date on which such Default or Event of Default has been waived by the requisite Lenders, as applicable. In the event that the Issuing Lender receives such a notice, the Issuing Lender shall have no obligation to issue any Letter of Credit until such notice is withdrawn by Agent or such Lender or until the requisite Lenders have waived such Default or Event of Default in accordance with the terms of this Agreement.

(h) Nothing in this Agreement shall be construed to require or authorize any Revolving Credit Lender to issue any Letter of Credit, it being recognized that the Issuing Lender shall be the sole issuer of Letters of Credit under this Agreement.

(i) In the event that any Revolving Credit Lender becomes an Impaired Lender, the Issuing Lender may, at its option, require that the Borrower enter into arrangements satisfactory to Issuing Lender to eliminate the Issuing Lender's risk with respect to the participation in Letters of Credit by such Impaired Lender, including creation of a cash collateral account or delivery of other security to assure payment of such Impaired Lender's Percentage of all outstanding Letter of Credit Obligations.

3.7 Obligations Irrevocable. The obligations of Borrower to make payments to Agent for the account of Issuing Lender or the Revolving Credit Lenders with respect to Letter of Credit Obligations under Section 3.6 hereof, shall be unconditional and irrevocable and not subject to any qualification or exception whatsoever, including, without limitation:

(a) Any lack of validity or enforceability of any Letter of Credit, any Letter of Credit Agreement, any other documentation relating to any Letter of Credit, this Agreement or any of the other Loan Documents (the "Letter of Credit Documents");

(b) Any amendment, modification, waiver, consent, or any substitution, exchange or release of or failure to perfect any interest in collateral or security, with respect to or under any Letter of Credit Document;

(c) The existence of any claim, setoff, defense or other right which Borrower may have at any time against any beneficiary or any transferee of any Letter of Credit (or any persons or entities for whom any such beneficiary or any such transferee may be acting), the Agent, the Issuing Lender or any Revolving Credit Lender or any other Person, whether in connection with this Agreement, any of the Letter of Credit Documents, the transactions contemplated herein or therein or any unrelated transactions;

(d) Any draft or other statement or document presented under any Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect;

(e) Payment by the Issuing Lender to the beneficiary under any Letter of Credit against presentation of documents which do not comply with the terms of such Letter of Credit, including failure of any documents to bear any reference or adequate reference to such Letter of Credit;

(f) Any failure, omission, delay or lack on the part of the Agent, Issuing Lender or any Revolving Credit Lender or any party to any of the Letter of Credit Documents to enforce, assert or exercise any right, power or remedy conferred upon the Agent, Issuing Lender, any Revolving Credit Lender or any such party under this Agreement, any of the other Loan Documents or any of the Letter of Credit Documents, or any other acts or omissions on the part of the Agent, Issuing Lender, any Revolving Credit Lender or any such party; or

(g) Any other event or circumstance that would, in the absence of this Section 3.7, result in the release or discharge by operation of law or otherwise of Borrower from the performance or observance of any obligation, covenant or agreement contained in Section 3.6 hereof.

No setoff, counterclaim, reduction or diminution of any obligation or any defense of any kind or nature which Borrower has or may have against the beneficiary of any Letter of Credit shall be available hereunder to Borrower against the Agent, Issuing Lender or any Revolving Credit

Lender. With respect to any Letter of Credit, nothing contained in this Section 3.7 shall be deemed to prevent Borrower, after satisfaction in full of the absolute and unconditional obligations of Borrower hereunder with respect to such Letter of Credit, from asserting in a separate action any claim, defense, set off or other right which they (or any of them) may have against Agent, Issuing Lender or any Revolving Credit Lender in connection with such Letter of Credit.

3.8 Risk Under Letters of Credit.

(a) In the administration and handling of Letters of Credit and any security therefor, or any documents or instruments given in connection therewith, Issuing Lender shall have the sole right to take or refrain from taking any and all actions under or upon the Letters of Credit.

(b) Subject to other terms and conditions of this Agreement, Issuing Lender shall issue the Letters of Credit and shall hold the documents related thereto in its own name and shall make all collections thereunder and otherwise administer the Letters of Credit in accordance with Issuing Lender's regularly established practices and procedures and will have no further obligation (in the absence of gross negligence or willful misconduct) with respect thereto. In the administration of Letters of Credit, Issuing Lender shall not be liable for any action taken or omitted on the advice of counsel, accountants, appraisers or other experts selected by Issuing Lender with due care and Issuing Lender may rely upon any notice, communication, certificate or other statement from Borrower, beneficiaries of Letters of Credit, or any other Person which Issuing Lender believes to be authentic. Issuing Lender will, upon request, furnish the Revolving Credit Lenders with copies of Letter of Credit Documents related thereto.

(c) In connection with the issuance and administration of Letters of Credit and the assignments hereunder, Issuing Lender makes no representation and shall have no responsibility with respect to (i) the obligations of Borrower or the validity, sufficiency or enforceability of any document or instrument given in connection therewith, or the taking of any action with respect to same, (ii) the financial condition of, any representations made by, or any act or omission of Borrower or any other Person, or (iii) any failure or delay in exercising any rights or powers possessed by Issuing Lender in its capacity as issuer of Letters of Credit in the absence of its gross negligence or willful misconduct. Each of the Revolving Credit Lenders expressly acknowledges that it has made and will continue to make its own evaluations of Borrower's creditworthiness without reliance on any representation of Issuing Lender or Issuing Lender's officers, agents and employees.

(d) If at any time Issuing Lender shall recover any part of any unreimbursed amount for any draw or other demand for payment under a Letter of Credit, or any interest thereon, Agent or Issuing Lender, as the case may be, shall receive same for the pro rata benefit of the Revolving Credit Lenders in accordance with their respective Percentages and shall promptly deliver to each Revolving Credit Lender its share thereof, less such Revolving Credit Lender's pro rata share of the costs of such recovery, including court costs and attorney's fees. If at any time any Revolving Credit Lender shall receive from any source whatsoever any payment on any such unreimbursed amount or interest thereon in excess of such Revolving Credit Lender's Percentage of such payment, such Revolving Credit Lender will promptly pay over such excess to Agent, for redistribution in accordance with this Agreement.

3.9 Indemnification. Borrower hereby indemnifies and agrees to hold harmless the Revolving Credit Lenders, the Issuing Lender and the Agent and their respective Affiliates, and the respective officers, directors, employees and agents of such Persons (each an "L/C Indemnified Person"), from and against any and all claims, damages, losses, liabilities, costs or expenses of any kind or nature whatsoever which the Revolving Credit Lenders, the Issuing Lender or the Agent or any such Person may incur or which may be claimed against any of them by reason of or in connection with any Letter of Credit (collectively, the "L/C Indemnified Amounts"), and none of the Issuing Lender, any Revolving Credit Lender or the Agent or any of their respective officers, directors, employees or agents shall be liable or responsible for:

(a) the use which may be made of any Letter of Credit or for any acts or omissions of any beneficiary in connection therewith;

(b) the validity, sufficiency or genuineness of documents or of any endorsement thereon, even if such documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged;

(c) payment by the Issuing Lender to the beneficiary under any Letter of Credit against presentation of documents which do not strictly comply with the terms of any Letter of Credit (unless such payment resulted from the gross negligence or willful misconduct of the Issuing Lender), including failure of any documents to bear any reference or adequate reference to such Letter of Credit;

(d) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit; or

(e) any other event or circumstance whatsoever arising in connection with any Letter of Credit.

It is understood that in making any payment under a Letter of Credit the Issuing Lender will rely on documents presented to it under such Letter of Credit as to any and all matters set forth therein without further investigation and regardless of any notice or information to the contrary.

With respect to subparagraphs (a) through (e) hereof, (i) no Borrower shall be required to indemnify any L/C Indemnified Person for any L/C Indemnified Amounts to the extent such amounts result from the gross negligence or willful misconduct of such L/C Indemnified Person or any officer, director, employee or agent of such L/C Indemnified Person and (ii) the Agent and the Issuing Lender shall be liable to each Borrower to the extent, but only to the extent, of any direct, as opposed to consequential or incidental, damages suffered by Borrower which were caused by the gross negligence or willful misconduct of the Issuing Lender or any officer, director, employee or agent of the Issuing Lender or by the Issuing Lender's wrongful dishonor of any Letter of Credit after the presentation to it by the beneficiary thereunder of a draft or other demand for payment and other documentation strictly complying with the terms and conditions of such Letter of Credit.

3.10 Right of Reimbursement. Each Revolving Credit Lender agrees to reimburse the Issuing Lender on demand, pro rata in accordance with its respective Revolving Credit Percentage, for (i) the reasonable out-of-pocket costs and expenses of the Issuing Lender to be reimbursed by Borrower pursuant to any Letter of Credit Agreement or any Letter of Credit, to the extent not reimbursed by Borrower or any other Credit Party and (ii) any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, fees, reasonable out-of-pocket expenses or disbursements of any kind and nature whatsoever which may be imposed on, incurred by or asserted against Issuing Lender in any way relating to or arising out of this Agreement (including Section 3.6(c) hereof), any Letter of Credit, any documentation or any transaction relating thereto, or any Letter of Credit Agreement, to the extent not reimbursed by Borrower, except to the extent that such liabilities, losses, costs or expenses were incurred by Issuing Lender as a result of Issuing Lender's gross negligence or willful misconduct or by the Issuing Lender's wrongful dishonor of any Letter of Credit after the presentation to it by the beneficiary thereunder of a draft or other demand for payment and other documentation strictly complying with the terms and conditions of such Letter of Credit.

4. TERM LOAN.

4.1 Term Loan. Subject to the terms and conditions hereof, each Term Loan Lender, severally and for itself alone, agrees to lend to Borrower, in a single disbursement in Dollars on the Effective Date an amount equal to such Lender's Percentage of Term Loan.

4.2 Accrual of Interest and Maturity; Evidence of Indebtedness.

(a) Borrower hereby unconditionally promises to pay to the Agent for the account of each Term Loan Lender such Lender's Percentage of the then unpaid aggregate principal amount of Term Loan outstanding on the Term Loan Maturity Date and on such other dates and in such other amounts as may be required from time to time pursuant to this Agreement. Subject to the terms and conditions hereof, the unpaid principal Indebtedness outstanding under Term Loan shall, from the Effective Date (until paid), bear interest at the Applicable Interest Rate. There shall be no readvance or reborrowings of any principal reductions of the Term Loan.

(b) Each Term Loan Lender shall maintain in accordance with its usual practice an account or accounts evidencing indebtedness of Borrower to the appropriate lending office of such Term Loan Lender resulting from each Advance of the Term Loan made by such lending office of such Lender from time to time, including the amounts of principal and interest payable thereon and paid to such Term Loan Lender from time to time under this Agreement.

(c) The Agent shall maintain the Register pursuant to Section 13.8(g), and a subaccount therein for each Term Loan Lender, in which Register and subaccounts (taken together) shall be recorded (i) the amount of each Advance of the Term Loan made hereunder, the type thereof and each Eurodollar-Interest Period applicable to any Eurodollar-based Advance, (ii) the amount of any principal or interest due and payable or to become due and payable from Borrower to each Term Loan Lender hereunder in respect of the Advances of the Term Loan and (iii) both the amount of any sum received by the Agent hereunder from Borrower in respect of the Advances of the Term Loan and each Term Loan Lender's share thereof.

(d) The entries made in the Register pursuant to paragraph (c) of this Section 4.2 shall, absent manifest error, to the extent permitted by applicable law, be prima facie evidence of the existence and amounts of the obligations of Borrower therein recorded; provided, however, that the failure of any Term Loan Lender or the Agent to maintain the Register or any such account, as applicable, or any error therein, shall not in any manner affect the obligation of Borrower to repay the Advances of each of the Term Loan (and all other amounts owing with respect thereto) made to Borrower by the Term Loan Lenders in accordance with the terms of this Agreement.

(e) Borrower agrees that, upon written request to the Agent by any Term Loan Lender, Borrower will execute and deliver to such Term Loan Lender, at Borrower's expense, a Term Loan Note evidencing the outstanding Advances under the Term Loan, owing to such Term Loan Lender.

4.3 Repayment of Principal. (a) Borrower shall repay the Term Loan as set forth below, each such quarterly principal installment to be paid on the first day of each calendar quarter, commencing on April 1, 2010, until the Term Loan Maturity Date, when all remaining outstanding principal plus accrued interest thereon shall be due and payable in full:

4.4 Term Loan Rate Requests; Refundings and Conversions of Advances of Term Loan. Borrower may refund all or any portion of any Advance of the Term Loan as a Term Loan Advance with a like Eurodollar-Interest Period or convert each such Advance of Term Loan to an Advance with a different Eurodollar-Interest Period, but only after delivery to Agent of a Term Loan Rate Request executed in connection with such Term Loan by an Authorized Signer and subject to the terms hereof and to the following:

(a) each Term Loan Rate Request shall set forth the information required on the Term Loan Rate Request form with respect to such Term Loan, including without limitation:

(e) at no time shall there be no more than three (3) Eurodollar-Interest Periods in effect for Advances of the Term Loan; and

(f) a Term Loan Rate Request, once delivered to Agent, shall not be revocable by Borrower.

4.5 Base Rate Advance in Absence of Election or Upon Default.In the event Borrower shall fail with respect to any Eurodollar-based Advance of the Term Loan to timely exercise their option to refund or convert such Advance in accordance with Section 4.4 hereof (and such Advance has not been paid in full on the last day of the Eurodollar-Interest Period applicable thereto according to the terms hereof), or, if on the last day of the applicable Eurodollar-Interest Period, a Default or Event of Default shall exist, then, on the last day of the applicable Eurodollar-Interest Period, the principal amount of such Advance which has not been prepaid shall be automatically converted to a Base Rate Advance and the Agent shall thereafter promptly notify Borrower thereof. All accrued and unpaid interest on any Advance converted to

a Base Rate Advance under this Section 4.5 shall be due and payable in full on the date such Advance is converted.

4.6 Interest Payments; Default Interest.

(a) Interest on the unpaid principal of all Base Rate Advances of the Term Loan from time to time outstanding shall accrue until paid at a per annum interest rate equal to the Base Rate, and shall be payable in immediately available funds quarterly in arrears commencing on April 1, 2010, and on the first day of each calendar quarter thereafter. Whenever any payment under this Section 4.6 shall become due on a day that is not a Business Day, the date for payment shall be extended to the next Business Day. Interest accruing at the Base Rate shall be computed on the basis of a 360 day year and assessed for the actual number of days elapsed, and in such computation effect shall be given to any change in the interest rate resulting from a change in the Base Rate on the date of such change in the Base Rate.

(b) Interest on the unpaid principal of each Eurodollar-based Advance of the Term Loan having a related Eurodollar-Interest Period of three (3) months or less shall accrue at its applicable Eurodollar-based Rate and shall be payable in immediately available funds on the last day of the Eurodollar-Interest Period applicable thereto. Any prepayment of a portion of the Term Loan as to which the Applicable Interest Rate is the Base Rate shall be without premium or penalty and any prepayment of a portion of the Term Loan as to which the Applicable Interest Rate is the

Eurodollar-based Rate shall be subject to the provisions of Section 11.1, but otherwise without premium or penalty.

(b) Each partial prepayment of the Term Loan shall be applied to all installments of such Term Loan due thereunder on a pro rata basis as follows: first to that portion of such Term Loan outstanding as a Base Rate Advance, second to that portion of such Term Loan outstanding as Eurodollar-based Advances which have Eurodollar-Interest Periods ending on the date of payment, and last to any remaining Advances of such Term Loan being carried at the Eurodollar-based Rate.

(c) All prepayments of the Term Loan shall be made to the Agent for distribution ratably to the applicable Term Loan Lenders in accordance with their respective Term Loan Percentages.

If any such proceeds have not been Reinvested at the end of the Reinvestment Period, Borrower shall promptly pay such proceeds to Agent, to be applied to repay the Term Loan in accordance with clauses (d) and (e) hereof.

(b) Subject to clauses (d) and (e) hereof, immediately upon receipt by any Credit Party of Net Cash Proceeds from the issuance of any Equity Interests of such Person (other than Excluded Equity Issuances) or Net Cash Proceeds from the issuance of any Subordinated Debt after the Effective Date, Borrower shall prepay the Term Loan by an amount equal to twenty five percent (25%) of such Net Cash Proceeds in the case of the issuance of any such Equity Interests and one hundred percent (100%) of such Net Cash Proceeds in the case of issuance of Subordinated Debt (other than Debt permitted under the provisions of Section 8.1).

(c) Subject to clauses (d) and (e) hereof, immediately upon receipt by any Credit Party of any Insurance Proceeds or Condemnation Proceeds, Borrower shall be obligated to prepay the Term Loan by an amount equal to *one hundred percent (100%)* of such Insurance Proceeds or Condemnation Proceeds, as the case may be; provided, however, that any Insurance Proceeds or Condemnation Proceeds, as the case may be, may be Reinvested by the applicable

Credit Party if the following conditions are satisfied: (i) promptly following the receipt of such Insurance Proceeds or Condemnation Proceeds, as the case may be, Borrower provide to Agent a Reinvestment Certificate stating (x) that no Default or Event of Default has occurred and is continuing either as of the date of the receipt of such proceeds or as of the date of the Reinvestment Certificate, (y) that such Insurance Proceeds or Condemnation Proceeds have been received, and (z) a description of the planned Reinvestment of such Insurance Proceeds or Condemnation Proceeds, as the case may be), (ii) the Reinvestment of such proceeds is commenced within the Initial Reinvestment Period and completed within the Reinvestment Period, and (iii) no Default or Event of Default shall have occurred and be continuing at the time of the receipt of such proceeds and at the time of the application of such proceeds to Reinvestment. If any such proceeds have not been Reinvested at the end of the Reinvestment Period, Borrower shall promptly pay such proceeds to Agent, to be applied to repay the Term Loan in accordance with clauses (d) and (e) hereof.

(d) Subject to clause (e) hereof, each mandatory prepayment under this Section 4.8 or any other mandatory or optional prepayment under this Agreement shall be in addition to any scheduled installments or optional prepayments made prior thereto and shall be subject to Section 11.1. Each mandatory prepayment of the Term Loan shall be applied to installments of principal on the Term Loan in the inverse order of their maturities.

(e) To the extent that, on the date any mandatory prepayment of any Term Loan under this Section 4.8 is due, the Indebtedness under the Term Loan or any other Indebtedness to be prepaid is being carried, in whole or in part, at the Eurodollar-based Rate and no Default or Event of Default has occurred and is continuing, Borrower may deposit the amount of such mandatory prepayment in a cash collateral account to be held by the Agent, for and on behalf of the Lenders (which shall be an interest-bearing account), on such terms and conditions as are reasonably acceptable to Agent and upon such deposit, the obligation of each Borrower to make such mandatory prepayment shall be deemed satisfied. Subject to the terms and conditions of said cash collateral account, sums on deposit in said cash collateral account shall be applied (until exhausted) to reduce the principal balance of the Term Loan on the last day of each Eurodollar-Interest Period attributable to the Eurodollar-based Advances of the Term Loan, thereby avoiding breakage costs under Section 11.1.

4.9 Use of Proceeds. Proceeds of the Term Loan shall be used by Borrower to refinance existing Debt and for general corporate purposes.

other than Dollars) individually or in the aggregate, which continues beyond any applicable period of cure or grace and which would permit the holder or holders thereto to accelerate such other indebtedness for borrowed money, or require the prepayment, repurchase, redemption or defeasance of such indebtedness;

(g) the rendering of any judgment(s) (not covered by adequate insurance from a solvent carrier which is defending such action without reservation of rights) for the payment of money in excess of the sum of Two Million Five Hundred Thousand Dollars ($2,500,000) (or the equivalent thereof in any currency other than Dollars) (or if covered by such insurance, in excess of $5,000,000) individually or in the aggregate against any Credit Party, and such judgments shall remain unpaid, unvacated, unbonded or unstayed by appeal or otherwise for a period of thirty (30) consecutive days from the date of its entry;

(h) the occurrence of (i) a "reportable event", as defined in ERISA, which is determined by the PBGC to constitute grounds for a distress termination of any Pension Plan subject to Title IV of ERISA maintained or contributed to by or on behalf of any Credit Party for the benefit of any of its employees or for the appointment by the appropriate United States District Court of a trustee to administer such Pension Plan and such reportable event is not corrected and such determination is not revoked within sixty (60) days after notice thereof has been given to the plan administrator of such Pension Plan (without limiting any of Agent's or any Lender's other rights or remedies hereunder), or (ii) the termination or the institution of proceedings by the PBGC to terminate any such Pension Plan, or (iii) the appointment of a trustee by the appropriate United States District Court to administer any such Pension Plan, or (iv) the reorganization (within the meaning of Section 4241 of ERISA) or insolvency (within the meaning of Section 4245 of ERISA) of any Multiemployer Plan, or receipt of notice from any Multiemployer Plan that it is in reorganization or insolvency, or the complete or partial withdrawal by any Credit Party from any Multiemployer Plan, which in the case of any of the foregoing, could reasonably be expected to have a Material Adverse Effect;

(i) except as expressly permitted under this Agreement, any Credit Party (other than a dissolution of a Subsidiary of Borrower which is not a Guarantor or Borrower) shall be dissolved or liquidated (or any judgment, order or decree therefor shall be entered) except as otherwise permitted herein; or if a creditors' committee shall have been appointed for the business of any Credit Party (other than a dissolution of any Subsidiary which is not a Material Subsidiary); or if any Credit Party (other than a dissolution of any Subsidiary which is not a Material Subsidiary) shall have made a general assignment for the benefit of creditors or shall have been adjudicated bankrupt and if not an adjudication based on a filing by a

Credit Party (other than a dissolution of any Subsidiary which is not a Material Subsidiary), it shall not have been dismissed within sixty (60) days, or shall have filed a voluntary petition in bankruptcy or for reorganization or to effect a plan or arrangement with creditors or shall fail to pay its debts generally as such debts become due in the ordinary course of business (except as contested in good faith and for which adequate reserves are made in such party's financial statements); or shall file an answer to a creditor's petition or other petition filed against it, admitting the material allegations thereof for an adjudication in bankruptcy or for reorganization; or shall have applied for or permitted the appointment of a receiver or trustee or custodian for any of its property or assets; or such receiver, trustee or custodian shall have been appointed for any of its property or assets (otherwise than upon application or consent of a Credit Party) and shall not have been removed within sixty (60) days; or if an order shall be entered approving any petition for reorganization of any Credit Party (other than a dissolution of any Subsidiary which is not a Material Subsidiary) and shall not have been reversed or dismissed within sixty (60) days;

(j) the validity, binding effect or enforceability of any subordination provisions relating to any Subordinated Debt shall be contested by any Person party thereto (other than any Lender, Agent, Issuing Lender or Swing Line Lender), or such subordination provisions shall fail to be enforceable by Agent and the Lenders in accordance with the terms thereof, or the Indebtedness shall for any reason not have the priority contemplated by this Agreement or such subordination provisions, and such failure or lack of priority shall continue for more than five (5) days after the Borrower receives notice or knowledge thereof; or

(k) any Loan Document shall at any time for any reason cease to be in full force and effect (other than in accordance with the terms thereof or the terms of any other Loan Document), as applicable, or the validity, binding effect or enforceability thereof shall be contested by any party thereto (other than any Lender, Agent, Issuing Lender or Swing Line Lender), or any Person shall deny that it has any or further liability or obligation under any Loan Document, or any such Loan Document shall be terminated (other than in accordance with the terms thereof or the terms of any other Loan Document), invalidated, revoked or set aside or in any way cease to give or provide to the Lenders and the Agent the benefits purported to be created thereby, or any Loan Document purporting to grant a Lien to secure any Indebtedness shall, at any time after the delivery of such Loan Document, fail to create a valid and enforceable Lien on any Collateral purported to be covered thereby or such Lien shall fail to cease to be a perfected Lien with the priority required in the relevant Loan Document; or

(l) if there shall occur any circumstance or circumstances that could reasonably be expected to have a material adverse effect on Borrower's or any Guarantor's interest in, or the value, perfection or priority of Agent's Lien in a material portion of the Collateral; or

(m) if there shall occur a Change of Control.

9.2 Exercise of Remedies. If an Event of Default has occurred and is continuing hereunder: (a) the Agent may, and shall, upon being directed to do so by the Majority Revolving Credit Lenders, declare the Revolving Credit Aggregate Commitment terminated; (b) the Agent may, and shall, upon being directed to do so by the Majority Lenders, declare the entire unpaid principal Indebtedness, including the Notes, immediately due and payable, without presentment, notice or demand, all of which are hereby expressly waived by the Borrower; (c) upon the occurrence of any Event of Default specified in Section 9.1(i) and notwithstanding the lack of any declaration by Agent under preceding clauses (a) or (b), the entire unpaid principal Indebtedness shall become automatically and immediately due and payable, and the Revolving Credit Aggregate Commitment shall be automatically and immediately terminated; (d) the Agent shall, upon being directed to do so by the Majority Revolving Credit Lenders, demand immediate delivery of cash collateral, and each Borrower agrees to deliver such cash collateral upon demand, in an amount equal to 105% of the maximum amount that may be available to be drawn at any time prior to the stated expiry of all outstanding Letters of Credit, for deposit into an account controlled by the Agent; (e) the Agent may, and shall, upon being directed to do so by the Majority Lenders, notify Borrower or any Credit Party that interest shall be payable on demand on all Indebtedness (other than Revolving Credit Advances, Swing Line Advances and Term Loan Advances with respect to which Sections 2.6 and 4.6 hereof shall govern) owing from time to time to the Agent or any Lender, at a per annum rate equal to the then applicable Base Rate plus two percent (2%); and (f) the Agent may, and shall, upon being directed to do so by the Majority Lenders or the Lenders, as applicable (subject to the terms hereof), exercise any remedy permitted by this Agreement, the other Loan Documents or law.

9.3 Rights Cumulative. No delay or failure of Agent and/or Lenders in exercising any right, power or privilege hereunder shall affect such right, power or privilege, nor shall any single or partial exercise thereof preclude any further exercise thereof, or the exercise of any other power, right or privilege. The rights of Agent and Lenders under this Agreement are cumulative and not exclusive of any right or remedies which Lenders would otherwise have.

9.4 Waiver by Borrower of Certain Laws. To the extent permitted by applicable law, each Borrower hereby agrees to waive, and does hereby absolutely and irrevocably waive and relinquish the benefit and advantage of any valuation, stay, appraisement, extension or redemption laws now existing or which may hereafter exist, which, but for this provision, might be applicable to any sale made under the judgment, order or decree of any court, on any claim for interest on the Notes, or any security interest or mortgage contemplated by or granted under or in connection with this Agreement. These waivers have been voluntarily given, with full knowledge of the consequences thereof.

9.5 Waiver of Defaults. No Event of Default shall be waived by the Lenders except in a writing signed by an officer of the Agent in accordance with Section 13.10 hereof. No single

or partial exercise of any right, power or privilege hereunder, nor any delay in the exercise thereof, shall preclude other or further exercise of their rights by Agent or the Lenders. No waiver of any Event of Default shall extend to any other or further Event of Default. No forbearance on the part of the Agent or the Lenders in enforcing any of their rights shall constitute a waiver of any of their rights. The Borrower expressly agrees that this Section may not be waived or modified by the Lenders or Agent by course of performance, estoppel or otherwise.

9.6 Set Off. Upon the occurrence and during the continuance of any Event of Default, each Lender may at any time and from time to time, without notice to Borrower but subject to the provisions of Section 10.3 hereof (any requirement for such notice being expressly waived by Borrower), setoff and apply against any and all of the obligations of Borrower now or hereafter existing under this Agreement, whether owing to such Lender, any Affiliate of such Lender or any other Lender or the Agent, any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Lender to or for the credit or the account of Borrower and any property of Borrower from time to time in possession of such Lender, irrespective of whether or not such deposits held or indebtedness owing by such Lender may be contingent and unmatured and regardless of whether any Collateral then held by Agent or any Lender is adequate to cover the Indebtedness. Promptly following any such setoff, such Lender shall give written notice to Agent and Borrower of the occurrence thereof. Borrower hereby grants to the Lenders and the Agent a lien on and security interest in all such deposits, indebtedness and property as collateral security for the payment and performance of all of the obligations of Borrower under this Agreement. The rights of each Lender under this Section 9.6 are in addition to the other rights and remedies (including, without limitation, other rights of setoff) which such Lender may have.

10. PAYMENTS, RECOVERIES AND COLLECTIONS.

10.1 Payment Procedure.

(a) All payments to be made by Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise provided herein, all payments made by the Borrower of principal, interest or fees hereunder shall be made without setoff or counterclaim on the date specified for payment under this Agreement and must be received by Agent not later than 12:00 p.m. (Pacific time) on the date such payment is required or intended to be made in Dollars in immediately available funds to Agent at Agent's office located at 500 Woodward Avenue, MC3289, Detroit, Michigan 48226, for the ratable benefit of the Revolving Credit Lenders in the case of payments in respect of the Revolving Credit and any Letter of Credit Obligations, for the ratable benefit of the Term Loan Lenders. Any payment received by the Agent after 12:00 p.m. (Pacific time) shall be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue. Upon receipt of each such payment, the Agent shall make prompt payment to each applicable Lender, or, in respect of Eurodollar-based Advances, such Lender's Eurodollar Lending Office, in like funds and currencies, of all amounts received by it for the account of such Lender.

(b) Unless the Agent shall have been notified in writing by Borrower at least two (2) Business Days prior to the date on which any payment to be made by Borrower is due that

Borrower does not intend to remit such payment, the Agent may, in its sole discretion and without obligation to do so, assume that Borrower has remitted such payment when so due and the Agent may, in reliance upon such assumption, make available to each Revolving Credit Lender or Term Loan Lender, as the case may be, on such payment date an amount equal to such Lender's share of such assumed payment. If Borrower has not in fact remitted such payment to the Agent, each Lender shall forthwith on demand repay to the Agent the amount of such assumed payment made available or transferred to such Lender, together with the interest thereon, in respect of each day from and including the date such amount was made available by the Agent to such Lender to the date such amount is repaid to the Agent at a rate per annum equal to the Federal Funds Effective Rate for the first two (2) Business Days that such amount remains unpaid, and thereafter at a rate of interest then applicable to such Revolving Credit Advances.

(c) Subject to the definition of "Interest Period" in Section 1 of this Agreement, whenever any payment to be made hereunder shall otherwise be due on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and such extension of time shall be included in computing interest, if any, in connection with such payment.

(d) All payments to be made by Borrower under this Agreement or any of the Notes (including without limitation payments under the Swing Line and/or Swing Line Note) shall be made without setoff or counterclaim, as aforesaid, and, subject to full compliance by each Lender (and each assignee and participant pursuant to Section 13.8) with Section 13.13, without deduction for or on account of any present or future withholding or other taxes of any nature imposed by any governmental authority or of any political subdivision thereof or any federation or organization of which such governmental authority may at the time of payment be a member (other than any taxes on the overall income, net income, net profits or net receipts or similar taxes (or any franchise taxes imposed in lieu of such taxes) on the Agent or any Lender (or any branch maintained by Agent or a Lender) as a result of a present or former connection between the Agent or such Lender and the governmental authority, political subdivision, federation or organization imposing such taxes), unless Borrower is compelled by law to make payment subject to such tax. In such event, Borrower shall:

(i) pay to the Agent for Agent's own account and/or, as the case may be, for the account of the Lenders such additional amounts as may be necessary to ensure that the Agent and/or such Lender or Lenders (including the Swing Line Lender) receive a net amount equal to the full amount which would have been receivable had payment not been made subject to such tax; and

(ii) remit such tax to the relevant taxing authorities according to applicable law, and send to the Agent or the applicable Lender or Lenders (including the Swing Line Lender), as the case may be, such certificates or certified copy receipts as the Agent or such Lender or Lenders shall reasonably require as proof of the payment by Borrower of any such taxes payable by Borrower.

As used herein, the terms “tax”, “taxes” and “taxation” include all taxes, levies, imposts, duties, fees, deductions and withholdings or similar charges together with interest (and any taxes payable upon the amounts paid or payable pursuant to this Section 10.1) thereon. Borrower shall be reimbursed by the applicable Lender for any payment made by Borrower under this Section 10.1 if the applicable Lender is not in compliance with its obligations under Section 13.13 at the time of the Borrower’s payment.

10.2 Application of Proceeds of Collateral. Notwithstanding anything to the contrary in this Agreement, in the case of any Event of Default under Section 9.1(i), immediately following the occurrence thereof, and in the case of any other Event of Default: (a) upon the termination of the Revolving Credit Aggregate Commitment, (b) the acceleration of any Indebtedness arising under this Agreement, (c) at the Agent’s option, or (d) upon the request of the Majority Lenders after the commencement of any remedies hereunder, the Agent shall apply the proceeds of any Collateral, together with any offsets, voluntary payments by any Credit Party or others and any other sums received or collected in respect of the Indebtedness first, to pay all incurred and unpaid fees and expenses of the Agent under the Loan Documents and any protective advances made by Agent with respect to the Collateral under or pursuant to the terms of any Loan Document, next, to pay any fees and expenses owed to the Issuing Lender hereunder, next, to the Indebtedness under the Revolving Credit (including the Swing Line and any Reimbursement Obligations), Indebtedness under the Term Loan and under the Lender Products, on a pro rata basis, next to any obligations owing by any Credit Party under any Hedging Agreements on a pro rata basis, next, to any other Indebtedness on a pro rata basis, and then, if there is any excess, to the Credit Parties, as the case may be.

10.3 Pro-rata Recovery. If any Lender shall obtain any payment or other recovery (whether voluntary, involuntary, by application of setoff or otherwise) on account of principal of, or interest on, any of the Advances made by it, or the participations in Letter of Credit Obligations or Swing Line Advances held by it in excess of its pro rata share of payments then or thereafter obtained by all Lenders upon principal of and interest on all such Indebtedness, such Lender shall purchase from the other Lenders such participations in the Revolving Credit, the Term Loan and/or the Letter of Credit Obligation held by them as shall be necessary to cause such purchasing Lender to share the excess payment or other recovery ratably in accordance with the applicable Percentages of the Lenders; provided, however, that if all or any portion of the excess payment or other recovery is thereafter recovered from such purchasing holder, the purchase shall be rescinded and the purchase price restored to the extent of such recovery, but without interest.

10.4 Treatment of a Defaulting Lender.

(a) The obligation of any Lender to make any Advance hereunder shall not be affected by the failure of any other Lender to make any Advance under this Agreement, and no Lender shall have any liability to Borrower or any of their Subsidiaries, the Agent, any other Lender, or any other Person for another Lender’s failure to make any loan or Advance hereunder.

(b) If any Lender shall become a Defaulting Lender, then such Defaulting Lender’s right to participate in the administration of the loans, this Agreement and the other Loan Documents, including without limitation any right to vote in respect of any amendment, consent

or waiver of the terms of this Agreement or such other Loan Documents, or to direct or approve any action or inaction by the Agent shall be suspended for the entire period that such Lender remains a Defaulting Lender and the stated commitment amounts and outstanding Advances of such Defaulting Lender shall not be included in determining whether all Lenders or the Majority Lender (or any class thereof), as the case may be, have taken or may take any action hereunder (including, without limitation, any action to approve any consent, waiver or amendment to this Agreement or the other Loan Documents); provided, however, that the foregoing shall not permit (i) an increase in such Defaulting Lender's stated commitment amounts, (ii) the waiver, forgiveness or reduction of the principal amount of any Indebtedness outstanding to such Defaulting Lender (unless all other Lenders affected thereby are treated similarly), (iii) the extension of the final maturity date(s) of such Defaulting Lenders' portion of any of the loans or other extensions of credit or other obligations of Borrower owing to such Defaulting Lender, in each case without such Defaulting Lender's consent, (iv) any other modification which under Section 13.10 requires the consent of all Lenders or the Lender(s) affected thereby which affects the Defaulting Lender differently than the Non-Defaulting Lenders affected by such modification, other than a change to or waiver of the requirements of Section 10.3 which results in a reduction of the Defaulting Lender's commitment or its share of the Indebtedness on a non pro-rata basis.

(c) To the extent and for so long as a Lender remains a Defaulting Lender and notwithstanding the provisions of Section 10.3 hereof, the Agent shall be entitled, without limitation, (i) to withhold or setoff and to apply in satisfaction of those obligations for payment (and any related interest) in respect of which the Defaulting Lender shall be delinquent or otherwise in default to Agent or any Lender (or to hold as cash collateral for such delinquent obligations or any future defaults) the amounts otherwise payable to such Defaulting Lender under this Agreement or any other Loan Document, (ii) if the amount of Advances made by such Defaulting Lender is less than its Percentage requires, apply payments of principal made by the Borrower amongst the Non-Defaulting Lenders on a pro rata basis until all outstanding Advances are held by all Lenders according to their respective Percentages and (iii) to bring an action or other proceeding, in law or equity, against such Defaulting Lender in a court of competent jurisdiction to recover the delinquent amounts, and any related interest. Performance by Borrower of their respective obligations under this Agreement and the other Loan Documents shall not be excused or otherwise modified as a result of the operation of this Section, except to the extent expressly set forth herein and in any event the Borrower shall not be required to pay any Revolving Credit Facility Fee under Section 2.9 of this Agreement in respect of such Defaulting Lender's Unfunded Portion of the Revolving Credit for the period during which such Lender is a Defaulting Lender. Furthermore, the rights and remedies of Borrower, the Agent, the Issuing Lender, the Swing Line Lender and the other Lenders against a Defaulting Lender under this section shall be in addition to any other rights and remedies such parties may have against the Defaulting Lender under this Agreement or any of the other Loan Documents, applicable law or otherwise, and the Borrower waive no rights or remedies against any Defaulting Lender.

11. CHANGES IN LAW OR CIRCUMSTANCES; INCREASED COSTS.

11.1 Reimbursement of Prepayment Costs. If (i) Borrower makes any payment of principal with respect to any Eurodollar-based Advance or Quoted Rate Advance on any day other than the last day of the Interest Period applicable thereto (whether voluntarily, pursuant to

any mandatory provisions hereof, by acceleration, or otherwise); (ii) Borrower converts or refunds (or attempts to convert or refund) any such Advance on any day other than the last day of the Interest Period applicable thereto (except as described in Section 2.5(e)); (iii) Borrower fails to borrow, refund or convert any Eurodollar-based Advance or Quoted Rate Advance after notice has been given by Borrower to Agent in accordance with the terms hereof requesting such Advance; or (iv) or if the Borrower fails to make any payment of principal in respect of a Eurodollar-based Advance or Quoted Rate Advance when due (other than at the end of the applicable Interest Period), the Borrower shall reimburse Agent for itself and/or on behalf of any Lender, as the case may be, within ten (10) Business Days of written demand therefor for any resulting loss, cost or expense incurred (excluding the loss of any Applicable Margin) by Agent and Lenders, as the case may be, as a result thereof, including, without limitation, any such loss, cost or expense incurred in obtaining, liquidating, employing or redeploying deposits from third parties, whether or not Agent and Lenders, as the case may be, shall have funded or committed to fund such Advance. The amount payable hereunder by Borrower to Agent for itself and/or on behalf of any Lender, as the case may be, shall be deemed to equal an amount equal to the excess, if any, of (a) the amount of interest which would have accrued on the amount so prepaid, or not so borrowed, refunded or converted, for the period from the date of such prepayment or of such failure to borrow, refund or convert, through the last day of the relevant Interest Period, at the applicable rate of interest for said Advance(s) provided under this Agreement, over (b) the amount of interest (as reasonably determined by Agent and Lenders, as the case may be) which would have accrued to Agent and Lenders, as the case may be, on such amount by placing such amount on deposit for a comparable period with leading banks in the interbank eurocurrency market. Calculation of any amounts payable to any Lender under this paragraph shall be made as though such Lender shall have actually funded or committed to fund the relevant Advance through the purchase of an underlying deposit in an amount equal to the amount of such Advance and having a maturity comparable to the relevant Interest Period; provided, however, that any Lender may fund any Eurodollar-based Advance or Quoted Rate Advance, as the case may be, in any manner it deems fit and the foregoing assumptions shall be utilized only for the purpose of the calculation of amounts payable under this paragraph. Upon the written request of Borrower, Agent and Lenders shall deliver to Borrower a certificate setting forth the basis for determining such losses, costs and expenses, which certificate shall be conclusively presumed correct, absent manifest error.

11.2 Eurodollar Lending Office. For any Eurodollar Advance, if Agent or a Lender, as applicable, shall designate a Eurodollar Lending Office which maintains books separate from those of the rest of Agent or such Lender, Agent or such Lender, as the case may be, shall have the option of maintaining and carrying the relevant Advance on the books of such Eurodollar Lending Office.

11.3 Circumstances Affecting LIBOR Rate Availability. If Agent or the Majority Lenders (after consultation with Agent) shall determine in good faith that, by reason of circumstances affecting the foreign exchange and interbank markets generally, deposits in eurodollars in the applicable amounts are not being offered to the Agent or such Lenders at the applicable LIBOR Rate, then Agent shall forthwith give notice thereof to Borrower. Thereafter, until Agent notifies Borrower that such circumstances no longer exist, (i) the obligation of Lenders to make Advances which bear interest at or by reference to the LIBOR Rate, and the right of Borrower to convert an Advance to or refund an Advance as an Advance which bear

interest at or by reference to the LIBOR Rate shall be suspended, (ii) effective upon the last day of each Eurodollar-Interest Period related to any existing Eurodollar-based Advance, each such Eurodollar-based Advance shall automatically be converted into an Advance which bears interest at or by reference to the Base Rate (without regard to the satisfaction of any conditions to conversion contained elsewhere herein), and (iii) effective immediately following such notice, each Advance which bears interest at or by reference to the Daily Adjusting LIBOR Rate shall automatically be converted into an Advance which bears interest at or by reference to the Base Rate (without regard to the satisfaction of any conditions to conversion contained elsewhere herein)

11.4 Laws Affecting LIBOR Rate Availability. If, after the date of this Agreement, the adoption or introduction of, or any change in, any applicable law, rule or regulation or in the interpretation or administration thereof by any governmental authority charged with the interpretation or administration thereof, or compliance by any of the Lenders (or any of their respective Eurodollar Lending Offices) with any request or directive (whether or not having the force of law) of any such authority, shall make it unlawful or impossible for any of the Lenders (or any of their respective Eurodollar Lending Offices) to honor its obligations hereunder to make or maintain any Advance which bears interest at or by reference to the LIBOR Rate, such Lender shall forthwith give notice thereof to Borrower and to Agent. Thereafter, (a) the obligations of the applicable Lenders to make Advances which bear interest at or by reference to the LIBOR Rate and the right of Borrower to convert an Advance into or refund an Advance as an Advance which bears interest at or by reference to the LIBOR Rate shall be suspended and thereafter only the Base Rate shall be available, and (b) if any of the Lenders may not lawfully continue to maintain an Advance which bears interest at or by reference to the LIBOR Rate, the applicable Advance shall immediately be converted to an Advance which bears interest at or by reference to the Base Rate. For purposes of this Section, a change in law, rule, regulation, interpretation or administration shall include, without limitation, any change made or which becomes effective on the basis of a law, rule, regulation, interpretation or administration presently in force, the effective date of which change is delayed by the terms of such law, rule, regulation, interpretation or administration.

11.5 Increased Cost of Advances Carried at the LIBOR Rate. If, after the date of this Agreement, the adoption or introduction of, or any change in, any applicable law, rule or regulation or in the interpretation or administration thereof by any governmental authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any of the Lenders (or any of their respective Eurodollar Lending Offices) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency:

(a) shall subject any of the Lenders (or any of their respective Eurodollar Lending Offices) to any tax, duty or other charge with respect to any Advance or shall change the basis of taxation of payments to any of the Lenders (or any of their respective Eurodollar Lending Offices) of the principal of or interest on any Advance or any other amounts due under this Agreement in respect thereof (except for changes in the rate of tax on the overall net income of any of the Lenders or any of their respective Eurodollar Lending Offices); or

(b) shall impose, modify or deem applicable any reserve (including, without limitation, any imposed by the Board of Governors of the Federal Reserve System), special deposit or similar requirement against assets of, deposits with or for the account of, or credit extended by, any of the Lenders (or any of their respective Eurodollar Lending Offices) or shall impose on any of the Lenders (or any of their respective Eurodollar Lending Offices) or the foreign exchange and interbank markets any other condition affecting any Advance;

and the result of any of the foregoing matters is to increase the costs to any of the Lenders of maintaining any part of the Indebtedness hereunder as an Advance which bears interest at or by reference to the LIBOR Rate to reduce the amount of any sum received or receivable by any of the Lenders under this Agreement in respect of an Advance which bears interest at or by reference to the LIBOR Rate, then such Lender shall promptly notify Agent, and Agent shall promptly notify Borrower of such fact and demand compensation therefor and, within ten (10) Business Days after such notice, Borrower agrees to pay to such Lender or Lenders such additional amount or amounts as will compensate such Lender or Lenders for such increased cost or reduction, provided that each Lender agrees to take any reasonable action, to the extent such action could be taken without cost or administrative or other burden or restriction to such Lender, to mitigate or eliminate such cost or reduction, within a reasonable time after becoming aware of the foregoing matters. Agent will promptly notify Borrower of any event of which it has knowledge which will entitle Lenders to compensation pursuant to this Section, or which will cause Borrower to incur additional liability under Section 11.1 hereof, provided that Agent shall incur no liability whatsoever to the Lenders or Borrower in the event it fails to do so. A certificate of Agent (or such Lender, if applicable) setting forth the basis for determining such additional amount or amounts necessary to compensate such Lender or Lenders shall accompany such demand and shall be conclusively presumed to be correct absent manifest error.

11.6 Capital Adequacy and Other Increased Costs.

(a) If, after the date of this Agreement, the adoption or introduction of, or any change in any applicable law, treaty, rule or regulation (whether domestic or foreign) now or hereafter in effect and whether or not presently applicable to any Lender or Agent, or any interpretation or administration thereof by any governmental authority charged with the interpretation or administration thereof, or compliance by any Lender or Agent with any guideline, request or directive of any such authority (whether or not having the force of law), including any risk based capital guidelines, affects or would affect the amount of capital required to be maintained by such Lender or Agent (or any corporation controlling such Lender or Agent) and such Lender or Agent, as the case may be, determines that the amount of such capital is increased by or based upon the existence of such Lender's or Agent's obligations or Advances hereunder and such increase has the effect of reducing the rate of return on such Lender's or Agent's (or such controlling corporation's) capital as a consequence of such obligations or Advances hereunder to a level below that which such Lender or Agent (or such controlling corporation) could have achieved but

for such circumstances (taking into consideration its policies with respect to capital adequacy) by an amount deemed by such Lender or Agent to be material (collectively, "Increased Costs"), then Agent or such Lender shall notify Borrower, and thereafter Borrower shall pay to such Lender or Agent, as the case may be, within ten (10) Business Days of written demand therefor from such Lender or Agent, additional amounts sufficient to compensate such Lender or Agent (or such controlling corporation) for any increase in the amount of capital and reduced rate of return which such Lender or Agent reasonably determines to be allocable to the existence of such Lender's or Agent's obligations or Advances hereunder. A statement setting forth the amount of such compensation, the methodology for the calculation and the calculation thereof which shall also be prepared in good faith and in reasonable detail by such Lender or Agent, as the case may be, shall be submitted by such Lender or by Agent to Borrower, reasonably promptly after becoming aware of any event described in this Section 11.6(a) and shall be conclusively presumed to be correct, absent manifest error.

(b) Notwithstanding the foregoing, however, Borrower shall not be required to pay any increased costs under Sections 11.5, 11.6 or 3.4(c) for any period ending prior to the date that is 120 days prior to the making of a Lender's initial request for such additional amounts unless the applicable change in law or other event resulting in such increased costs is effective retroactively to a date more than 120 days prior to the date of such request, in which case a Lender's request for such additional amounts relating to the period more than 120 days prior to the making of the request must be given not more than 120 days after such Lender becomes aware of the applicable change in law or other event resulting in such increased costs.

11.7 Right of Lenders to Fund through Branches and Affiliates. Each Lender (including without limitation the Swing Line Lender) may, if it so elects, fulfill its commitment as to any Advance hereunder by designating a branch or Affiliate of such Lender to make such Advance; provided that (a) such Lender shall remain solely responsible for the performances of its obligations hereunder and (b) no such designation shall result in any material increased costs to Borrower.

11.8 Margin Adjustment. Adjustments to the Applicable Margins and the Applicable Fee Percentages, based on Schedule 1.1, shall be implemented on a quarterly basis as follows:

(a) Such adjustments shall be given prospective effect only, effective as to all Advances outstanding hereunder, the Applicable Fee Percentage and the Letter of Credit Fee, upon the date of delivery of the financial statements under Sections 7.1(a) and 7.1(b) hereunder and the Covenant Compliance Report under Section 7.2(a) hereof, in each case establishing applicability of the appropriate adjustment and in each case with no retroactivity or claw-back. In the event Borrower shall fail timely to deliver such financial statements or the Covenant Compliance Report and such failure continues

for three (3) days, then (but without affecting the Event of Default resulting therefrom) from the date delivery of such financial statements and report was required until such financial statements and report are delivered, the Applicable Margins and Applicable Fee Percentages shall be at the highest level on the Pricing Matrix attached to this Agreement as Schedule 1.1.

(b) From the Effective Date until the required date of delivery (or, if earlier, delivery) of the financial statements under Section 7.1(a) or 7.1(b) hereof, as applicable, and the Covenant Compliance Report under Section 7.2(a) hereof, for the fiscal quarter ending December 31, 2009, the Applicable Margins and Applicable Fee Percentages shall be those set forth under the Level II column of the pricing matrix attached to this Agreement as Schedule 1.1. Thereafter, Applicable Margins and Applicable Fee Percentages shall be based upon the quarterly financial statements and Covenant Compliance Reports, subject to recalculation as provided in Section 11.8(a) above.

(c) Notwithstanding the foregoing, however, if, prior to the payment and discharge in full (in cash) of the Indebtedness and the termination of any and all commitments hereunder, as a result of any restatement of or adjustment to the financial statements of Borrower and any of its Subsidiaries (relating to the current or any prior fiscal period) or for any other reason, Agent determines that the Applicable Margin and/or the Applicable Fee Percentages as calculated by Borrower as of any applicable date of determination were inaccurate in any respect and a proper calculation thereof would have resulted in different pricing for any fiscal period, then (x) if the proper calculation thereof would have resulted in higher pricing for any such period, Borrower shall automatically and retroactively be obligated to pay to Agent, promptly upon demand by Agent or the Majority Lenders, an amount equal to the excess of the amount of interest and fees that should have been paid for such period over the amount of interest and fees actually paid for such period and, if the current fiscal period is affected thereby, the Applicable Margin and/or the Applicable Fee Percentages for the current period shall be adjusted based on such recalculation; and (y) if the proper calculation thereof would have resulted in lower pricing for such period, Agent and Lenders shall have no obligation to recalculate such interest or fees or to repay any interest or fees to the Borrower.

12. AGENT.

12.1 Appointment of Agent. Each Lender and the holder of each Note (if issued) irrevocably appoints and authorizes the Agent to act on behalf of such Lender or holder under this Agreement and the other Loan Documents and to exercise such powers hereunder and thereunder as are specifically delegated to Agent by the terms hereof and thereof, together with such powers as may be reasonably incidental thereto, including without limitation the power to

execute or authorize the execution of financing or similar statements or notices, and other documents. In performing its functions and duties under this Agreement, the Agent shall act solely as agent of the Lenders and does not assume and shall not be deemed to have assumed any obligation towards or relationship of agency or trust with or for any Credit Party.

12.2 Deposit Account with Agent or any Lender. Borrower authorizes Agent and each Lender, in Agent's or such Lender's sole discretion, upon notice to the Borrower to charge its general deposit account(s), if any, maintained with the Agent or such Lender for the amount of any principal, interest, or other amounts or costs due under this Agreement when the same become due and payable under the terms of this Agreement or the Notes. Upon request of Borrower, Agent shall promptly provide to Borrower a statement prepaid in good faith and in reasonable detail, setting forth the amount of such charges, the methodology of the calculation thereof and the calculation thereof.

12.3 Scope of Agent's Duties. The Agent shall have no duties or responsibilities except those expressly set forth herein, and shall not, by reason of this Agreement or otherwise, have a fiduciary relationship with any Lender (and no implied covenants or other obligations shall be read into this Agreement against the Agent). None of Agent, its Affiliates nor any of their respective directors, officers, employees or agents shall be liable to any Lender for any action taken or omitted to be taken by it or them under this Agreement or any document executed pursuant hereto, or in connection herewith or therewith with the consent or at the request of the Majority Lenders (or all of the Lenders for those acts requiring consent of all of the Lenders) (except for its or their own willful misconduct or gross negligence), nor be responsible for or have any duties to ascertain, inquire into or verify (a) any recitals or warranties made by the Credit Parties or any Affiliate of the Credit Parties, or any officer thereof contained herein or therein, (b) the effectiveness, enforceability, validity or due execution of this Agreement or any document executed pursuant hereto or any security thereunder, (c) the performance by the Credit Parties of their respective obligations hereunder or thereunder, or (d) the satisfaction of any condition hereunder or thereunder, including without limitation in connection with the making of any Advance or the issuance of any Letter of Credit. Agent and its Affiliates shall be entitled to rely upon any certificate, notice, document or other communication (including any cable, telegraph, telex, facsimile transmission or oral communication) believed by it to be genuine and correct and to have been sent or given by or on behalf of a proper person. Agent may treat the payee of any Note as the holder thereof. Agent may employ agents and may consult with legal counsel, independent public accountants and other experts selected by it and shall not be liable to the Lenders (except as to money or property received by them or their authorized agents), for the negligence or misconduct of any such agent selected by it with reasonable care or for any action taken or omitted to be taken by it in good faith in accordance with the advice of such counsel, accountants or experts.

12.4 Successor Agent. Agent may resign as such at any time upon at least thirty (30) days prior notice to Borrower and each of the Lenders. If Agent at any time shall resign or if the office of Agent shall become vacant for any other reason, Majority Lenders shall, by written instrument, appoint successor agent(s) ("Successor Agent") satisfactory to such Majority Lenders and, so long as no Default or Event of Default has occurred and is continuing, to Borrower (which approval shall not be unreasonably withheld or delayed); provided, however that any such successor Agent shall be a bank or a trust company or other financial institution

which maintains an office in the United States, or a commercial bank organized under the laws of the United States or any state thereof, or any Affiliate of such bank or trust company or other financial institution which is engaged in the banking business, and shall have a combined capital and surplus of at least $500,000,000. Such Successor Agent shall thereupon become the Agent hereunder, as applicable, and Agent shall deliver or cause to be delivered to any successor agent such documents of transfer and assignment as such Successor Agent may reasonably request. If a Successor Agent is not so appointed or does not accept such appointment before the resigning Agent's resignation becomes effective, the resigning Agent may appoint a temporary successor to act until such appointment by the Majority Lenders and, if applicable, Borrower, is made and accepted, or if no such temporary successor is appointed as provided above by the resigning Agent, the Majority Lenders shall thereafter perform all of the duties of the resigning Agent hereunder until such appointment by the Majority Lenders and, if applicable, Borrower, is made and accepted. Such Successor Agent shall succeed to all of the rights and obligations of the resigning Agent as if originally named. The resigning Agent shall duly assign, transfer and deliver to such Successor Agent all moneys at the time held by the resigning Agent hereunder after deducting therefrom its expenses for which it is entitled to be reimbursed hereunder. Upon such succession of any such Successor Agent, the resigning Agent shall be discharged from its duties and obligations, in its capacity as Agent hereunder, except for its gross negligence or willful misconduct arising prior to its resignation hereunder, and the provisions of this Article 12 shall continue in effect for the benefit of the resigning Agent in respect of any actions taken or omitted to be taken by it while it was acting as Agent.

12.5 Credit Decisions. Each Lender acknowledges that it has, independently of Agent and each other Lender and based on the financial statements of Borrower and such other documents, information and investigations as it has deemed appropriate, made its own credit decision to extend credit hereunder from time to time. Each Lender also acknowledges that it will, independently of Agent and each other Lender and based on such other documents, information and investigations as it shall deem appropriate at any time, continue to make its own credit decisions as to exercising or not exercising from time to time any rights and privileges available to it under this Agreement, any Loan Document or any other document executed pursuant hereto.

12.6 Authority of Agent to Enforce This Agreement. Each Lender, subject to the terms and conditions of this Agreement, grants the Agent full power and authority as attorney-in-fact to institute and maintain actions, suits or proceedings for the collection and enforcement of any Indebtedness outstanding under this Agreement or any other Loan Document and to file such proofs of debt or other documents as may be necessary to have the claims of the Lenders allowed in any proceeding relative to any Credit Party, or their respective creditors or affecting their respective properties, and to take such other actions which Agent considers to be necessary or desirable for the protection, collection and enforcement of the Notes, this Agreement or the other Loan Documents.

12.7 Indemnification of Agent. The Lenders agree (which agreement shall survive the expiration or termination of this Agreement) to indemnify the Agent and its Affiliates (to the extent not reimbursed by Borrower, but without limiting any obligation of Borrower to make such reimbursement), ratably according to their respective Weighted Percentages, from and against any and all claims, damages, losses, liabilities, costs or expenses of any kind or nature

whatsoever (including, without limitation, reasonable fees and expenses of house and outside counsel) which may be imposed on, incurred by, or asserted against the Agent and its Affiliates in any way relating to or arising out of this Agreement, any of the other Loan Documents or the transactions contemplated hereby or any action taken or omitted by the Agent and its Affiliates under this Agreement or any of the Loan Documents; provided, however, that no Lender shall be liable for any portion of such claims, damages, losses, liabilities, costs or expenses resulting from the Agent's or its Affiliate's gross negligence or willful misconduct. Without limitation of the foregoing, each Lender agrees to reimburse the Agent and its Affiliates promptly upon demand for its ratable share of any reasonable out-of-pocket expenses (including, without limitation, reasonable fees and expenses of house and outside counsel) incurred by the Agent and its Affiliates in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement or any of the other Loan Documents, to the extent that the Agent and its Affiliates are not reimbursed for such expenses by Borrower, but without limiting the obligation of Borrower to make such reimbursement. Each Lender agrees to reimburse the Agent and its Affiliates promptly upon demand for its ratable share of any amounts owing to the Agent and its Affiliates by the Lenders pursuant to this Section, provided that, if the Agent or its Affiliates are subsequently reimbursed by Borrower for such amounts, they shall refund to the Lenders on a pro rata basis the amount of any excess reimbursement. If the indemnity furnished to the Agent and its Affiliates under this Section shall become impaired as determined in the Agent's reasonable judgment or Agent shall elect in its sole discretion to have such indemnity confirmed by the Lenders (as to specific matters or otherwise), Agent shall give notice thereof to each Lender and, until such additional indemnity is provided or such existing indemnity is confirmed, the Agent may cease, or not commence, to take any action. Any amounts paid by the Lenders hereunder to the Agent or its Affiliates shall be deemed to constitute part of the Indebtedness hereunder.

12.8 Knowledge of Default. It is expressly understood and agreed that the Agent shall be entitled to assume that no Default or Event of Default has occurred and is continuing, unless the officers of the Agent immediately responsible for matters concerning this Agreement shall have received a written notice from a Lender or a Borrower specifying such Default or Event of Default and stating that such notice is a "notice of default". Upon receiving such a notice, the Agent shall promptly notify each Lender of such Default or Event of Default and provide each Lender with a copy of such notice and shall endeavor to provide such notice to the Lenders within three (3) Business Days (but without any liability whatsoever in the event of its failure to do so). The Agent shall also furnish the Lenders, promptly upon receipt, with copies of all other notices or other information required to be provided by Borrower hereunder.

12.9 Agent's Authorization; Action by Lenders. Except as otherwise expressly provided herein, whenever the Agent is authorized and empowered hereunder on behalf of the Lenders to give any approval or consent, or to make any request, or to take any other action on behalf of the Lenders (including without limitation the exercise of any right or remedy hereunder or under the other Loan Documents), the Agent shall be required to give such approval or consent, or to make such request or to take such other action only when so requested in writing by the Majority Lenders or the Lenders, as applicable hereunder. Action that may be taken by the Majority Lenders, any other specified Percentage of the Lenders or all of the Lenders, as the case may be (as provided for hereunder) may be taken (i) pursuant to a vote of the requisite

percentages of the Lenders as required hereunder at a meeting (which may be held by telephone conference call), provided that Agent exercises good faith, diligent efforts to give all of the Lenders reasonable advance notice of the meeting, or (ii) pursuant to the written consent of the requisite percentages of the Lenders as required hereunder, provided that all of the Lenders are given reasonable advance notice of the requests for such consent.

12.10 Enforcement Actions by the Agent. Except as otherwise expressly provided under this Agreement or in any of the other Loan Documents and subject to the terms hereof, Agent will take such action, assert such rights and pursue such remedies under this Agreement and the other Loan Documents as the Majority Lenders or all of the Lenders, as the case may be (as provided for hereunder), shall direct; provided, however, that the Agent shall not be required to act or omit to act if, in the reasonable judgment of the Agent, such action or omission may expose the Agent to personal liability for which Agent has not been satisfactorily indemnified hereunder or is contrary to this Agreement, any of the Loan Documents or applicable law. Except as expressly provided above or elsewhere in this Agreement or the other Loan Documents, no Lender (other than the Agent, acting in its capacity as agent) shall be entitled to take any enforcement action of any kind under this Agreement or any of the other Loan Documents.

12.11 Collateral Matters.

(a) The Agent is authorized on behalf of all the Lenders, without the necessity of any notice to or further consent from the Lenders, from time to time to take any action with respect to any Collateral or the Collateral Documents which may be necessary to perfect and maintain a perfected security interest in and Liens upon the Collateral granted pursuant to the Loan Documents.

(b) The Lenders irrevocably authorize the Agent, in its reasonable discretion, to the full extent set forth in the post-amble to Section 13.10 hereof, (1) to release or terminate any Lien granted to or held by the Agent upon any Collateral (a) upon termination of the Revolving Credit Aggregate Commitment and payment in full of all Indebtedness payable under this Agreement and under any other Loan Document; (b) constituting property (including, without limitation, Equity Interests in any Person) sold or to be sold or disposed of as part of or in connection with any disposition (whether by sale, by merger or by any other form of transaction and including the property of any Subsidiary that is disposed of as permitted hereby) permitted in accordance with the terms of this Agreement; (c) constituting property in which a Credit Party owned no interest at the time the Lien was granted or at any time thereafter; or (d) if approved, authorized or ratified in writing by the Majority Lenders, or all the Lenders, as the case may be, as provided in Section 13.10; (2) to subordinate the Lien granted to or held by Agent on any Collateral to any other holder of a Lien on such Collateral which is permitted by Section 8.2(b) hereof; and (3) if all of the Equity Interests held by the Credit Parties in any Person are sold or otherwise transferred to any transferee other than Borrower or a Subsidiary of Borrower as part of or in connection with any disposition (whether by sale, by merger or by any other form of transaction) permitted in accordance with the terms of this Agreement, to release such Person from all of its obligations under the Loan Documents (including, without limitation, under any Guaranty). Upon request by the Agent at any time, the Lenders will confirm in writing the

Agent's authority to release particular types or items of Collateral pursuant to this Section 12.11(b).

12.12 Agents in their Individual Capacities. Comerica Bank and its Affiliates, successors and assigns shall each have the same rights and powers hereunder as any other Lender and may exercise or refrain from exercising the same as though such Lender were not the Agent. Comerica Bank and its Affiliates may (without having to account therefor to any Lender) accept deposits from, lend money to, and generally engage in any kind of banking, trust, financial advisory or other business with the Credit Parties as if such Lender were not acting as the Agent hereunder, and may accept fees and other consideration therefor without having to account for the same to the Lenders.

12.13 Agent's Fees. Until the Indebtedness has been repaid and discharged in full and no commitment to extend any credit hereunder is outstanding, Borrower shall pay to the Agent, as applicable, any agency or other fee(s) set forth (or to be set forth from time to time) in the applicable Fee Letter on the terms set forth therein. The agency fees referred to in this Section 12.13 shall not be refundable under any circumstances.

12.14 Documentation Agent or other Titles. Any Lender identified on the facing page or signature page of this Agreement or in any amendment hereto or as designated with consent of the Agent in any assignment agreement as Lead Arranger, Documentation Agent, Syndications Agent or any similar titles, shall not have any right, power, obligation, liability, responsibility or duty under this Agreement as a result of such title other than those applicable to all Lenders as such. Without limiting the foregoing, the Lenders so identified shall not have or be deemed to have any fiduciary relationship with any Lender as a result of such title. Each Lender acknowledges that it has not relied, and will not rely, on the Lender so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

12.15 No Reliance on Agent's Customer Identification Program.

(a) Each Lender acknowledges and agrees that neither such Lender, nor any of its Affiliates, participants or assignees, may relay on the Agent to carry out such Lender's, Affiliate's, participant's or assignee's customer identification program, or other obligations required or imposed under or pursuant to the USA Patriot Act or the regulations thereunder, including the regulations contained in 31 CFR 103.121 (as hereafter amended or replaced, the "CIP Regulations"), or any other Anti-Terrorism Law, including any programs involving any of the following items relating to or in connection with Borrower or any of its Subsidiaries, any of their respective Affiliates or agents, the Loan Documents or the transactions hereunder: (i) any identify verification procedures, (ii) any record keeping, (iii) any comparisons with government lists, (iv) any customer notices or (v) any other procedures required under the CIP Regulations or such other laws.

(b) Each Lender or assignee or participant of a Lender that is not organized under the laws of the United States or a state thereof (and is not excepted from the certification requirement contained in Section 313 of the USA Patriot Act and the applicable regulations because it is both (i) an affiliate of a depository institution or foreign bank that maintains a physical presence in the United States or foreign country, and (ii) subject to provision by a

banking authority regulating such affiliated depository institution or foreign bank) shall deliver to the Administrative Agent the certification, or, if applicable, recertification, certifying that such Lender is not a "shell" and certifying to other matters as required by Section 313 of the USA Patriot Act and the applicable regulations: (x) within 10 days after the Effective Date, and (y) at such other times as are required under the USA Patriot Act.

13. MISCELLANEOUS.

13.1 Accounting Principles. Where the character or amount of any asset or liability or item of income or expense is required to be determined or any consolidation or other accounting computation is required to be made for the purposes of this Agreement, it shall be done, unless otherwise specified herein, in accordance with GAAP.

13.2 Consent to Jurisdiction. The Borrower, the Agent and Lenders hereby irrevocably submit to the non-exclusive jurisdiction of any United States Federal Court or California state court sitting in the County of Santa Clara, California in any action or proceeding arising out of or relating to this Agreement or any of the Loan Documents and the Borrower, Agent and Lenders hereby irrevocably agree that all claims in respect of such action or proceeding may be heard and determined in any such United States Federal Court or California state court. Each Borrower irrevocably consents to the service of any and all process in any such action or proceeding brought in any court in or of the State of California by the delivery of copies of such process to it at the applicable addresses specified on the signature page hereto or by certified mail directed to such address or such other address as may be designated by it in a notice to the other parties that complies as to delivery with the terms of Section 13.6. Nothing in this Section shall affect the right of the Lenders and the Agent to serve process in any other manner permitted by law or limit the right of the Lenders or the Agent (or any of them) to bring any such action or proceeding against any Credit Party or any of their property in the courts with subject matter jurisdiction of any other jurisdiction. Borrower irrevocably waives any objection to the laying of venue of any such suit or proceeding in the above described courts.

13.3 Law of California. This Agreement, the Notes and, except where otherwise expressly specified therein to be governed by local law, the other Loan Documents shall be governed by and construed and enforced in accordance with the laws of the State of California (without regard to its conflict of laws provisions). Whenever possible each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

13.4 Interest. In the event the obligation of Borrower to pay interest on the principal balance of the Notes or on any other amounts outstanding hereunder or under the other Loan Documents is or becomes in excess of the maximum interest rate which Borrower is permitted by law to contract or agree to pay, giving due consideration to the execution date of this Agreement, then, in that event, the rate of interest applicable thereto with respect to such Lender's applicable Percentages shall be deemed to be immediately reduced to such maximum rate and all previous payments in excess of the maximum rate shall be deemed to have been payments in reduction of principal and not of interest.

13.5 Closing Costs and Other Costs; Indemnification.

(a) Borrower shall pay or reimburse (a) Agent and its Affiliates for payment of, on demand, all reasonable costs and expenses, including, by way of description and not limitation, reasonable in-house and outside attorney fees and advances, appraisal and accounting fees, lien search fees, and required travel costs, incurred by Agent and its Affiliates in connection with the commitment, consummation and closing of the loans contemplated hereby, or in connection with the administration or enforcement of this Agreement or the other Loan Documents (including the obtaining of legal advice regarding the rights and responsibilities of the parties hereto) or any refinancing or restructuring of the loans or Advances provided under this Agreement or the other Loan Documents, or any amendment or modification thereof requested by Borrower, and (b) Agent and its Affiliates and each of the Lenders, as the case may be, for all stamp and other taxes and duties payable or determined to be payable in connection with the execution, delivery, filing or recording of this Agreement and the other Loan Documents and the consummation of the transactions contemplated hereby, and any and all liabilities with respect to or resulting from any delay in paying or omitting to pay such taxes or duties. Furthermore, all reasonable costs and expenses, including without limitation attorney fees, incurred by Agent and its Affiliates and, after the occurrence and during the continuance of an Event of Default, by the Lenders in revising, preserving, protecting, exercising or enforcing any of its or any of the Lenders' rights against Borrower or any other Credit Party, or otherwise incurred by Agent and its Affiliates and the Lenders in connection with any Event of Default or the enforcement of the loans (whether incurred through negotiations, legal proceedings or otherwise), including by way of description and not limitation, such charges in any court or bankruptcy proceedings or arising out of any claim or action by any person against Agent, its Affiliates, or any Lender which would not have been asserted were it not for Agent's or such Affiliate's or Lender's relationship with Borrower hereunder or otherwise, shall also be paid by Borrower. All of said amounts required to be paid by Borrower hereunder and not paid forthwith upon demand, as aforesaid, shall bear interest, from the date incurred to the date payment is received by Agent, at the Base Rate, plus two percent (2%) but in no event in excess of the maximum interest rate permitted by applicable law.

(b) Borrower agrees to indemnify and hold Agent and each of the Lenders (and their respective Affiliates) harmless from all loss, cost, damage, liability or expenses, including reasonable house and outside attorneys' fees and disbursements (but without duplication of such fees and disbursements for the same services), incurred by Agent and each of the Lenders by reason of an Event of Default, or enforcing the obligations of any Credit Party under this Agreement or any of the other Loan Documents, as applicable, or in the prosecution or defense of any action or proceeding concerning any matter growing out of or connected with this Agreement or any of the Loan Documents, excluding, however, any loss, cost, damage, liability or expenses to the extent arising as a result of the gross negligence or willful misconduct of the party seeking to be indemnified under this Section 13.5(b), provided that, the Borrower shall be obligated to reimburse Agent and the Lenders for only a single financial consultant selected by Agent in consultation with the Lenders.

(c) The Borrower agrees to defend, indemnify and hold harmless Agent and each Lender (and their respective Affiliates), and their respective employees, agents, officers and directors from and against any and all claims, demands, penalties, fines, liabilities, settlements, damages, costs or expenses of whatever kind or nature (including without limitation, reasonable

attorneys and consultants fees, investigation and laboratory fees, environmental studies required by Agent or any Lender in connection with the violation of Hazardous Material Laws), court costs and litigation expenses, arising out of or related to (i) the presence, use, disposal, release or threatened release of any Hazardous Materials on, from or affecting any premises owned or occupied by any Credit Party in violation of or the non-compliance with applicable Hazardous Material Laws, (ii) any personal injury (including wrongful death) or property damage (real or personal) arising out of or related to such Hazardous Materials, (iii) any lawsuit or other proceeding brought or threatened, settlement reached or governmental order or decree relating to such Hazardous Materials, and/or (iv) complying or coming into compliance with all Hazardous Material Laws (including the cost of any remediation or monitoring required in connection therewith) or any other Requirement of Law; provided, however, that the Borrower shall have no obligations under this Section 13.5(c) with respect to claims, demands, penalties, fines, liabilities, settlements, damages, costs or expenses to the extent arising as a result of the gross negligence or willful misconduct of the Agent or such Lender, as the case may be. The obligations of Borrower under this Section 13.5(c) shall be in addition to any and all other obligations and liabilities Borrower may have to Agent or any of the Lenders at common law or pursuant to any other agreement.

13.6 Notices.

(a) Except as expressly provided otherwise in this Agreement (and except as provided in clause (b) below), all notices and other communications provided to any party hereto under this Agreement or any other Loan Document shall be in writing and shall be given by personal delivery, by mail, by reputable overnight courier or by facsimile and addressed or delivered to it at its address set forth on Schedule 13.6 to the Disclosure Letter or at such other address as may be designated by such party in a notice to the other parties that complies as to delivery with the terms of this Section 13.6 or posted to an E-System set up by or at the direction of Agent (as set forth below). Any notice, if personally delivered or if mailed and properly addressed with postage prepaid and sent by registered or certified mail, shall be deemed given when received or when delivery is refused; any notice, if given to a reputable overnight courier and properly addressed, shall be deemed given two (2) Business Days after the date on which it was sent, unless it is actually received sooner by the named addressee; and any notice, if transmitted by facsimile, shall be deemed given when received. The Agent may, but, except as specifically provided herein, shall not be required to, take any action on the basis of any notice given to it by telephone, but the giver of any such notice shall promptly confirm such notice in writing, by facsimile, and such notice will not be deemed to have been received until such confirmation is deemed received in accordance with the provisions of this Section set forth above. If such telephonic notice conflicts with any such confirmation, the terms of such telephonic notice shall control. Any notice given by the Agent or any Lender to the Borrower shall be deemed to be a notice to all of the Credit Parties.

(b) Notices and other communications provided to the Agent and the Lenders party hereto under this Agreement or any other Loan Document may be delivered or furnished by electronic communication (including email and Internet or intranet websites) pursuant to procedures approved by the Agent. The Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications (including email and any E-System) pursuant to procedures approved by it. Unless otherwise agreed to in a writing by and among the parties to a particular communication, (i) notices and other communications sent to an email address shall be deemed received upon the sender's receipt of an acknowledgment from the intended recipient (such as by the "return receipt requested" function, return email, or other written acknowledgment) and (ii) notices and other communications posted to any E-System shall be deemed received upon the deemed receipt by the intended recipient at its email address as described in the foregoing clause (i) of notification that such notice or other communication is available and identifying the website address therefore.

13.7 Further Action. Borrower, from time to time, upon written request of Agent will make, execute, acknowledge and deliver or cause to be made, executed, acknowledged and delivered, all such further and additional instruments, and take all such further action as may reasonably be required to carry out the intent and purpose of this Agreement or the Loan Documents, and to provide for Advances under and payment of the Notes, according to the intent and purpose herein and therein expressed.

13.8 Successors and Assigns; Participations; Assignments.

(a) This Agreement shall be binding upon and shall inure to the benefit of the Borrower and the Lenders and their respective successors and assigns.

(b) The foregoing shall not authorize any assignment by Borrower of its rights or duties hereunder, and, except as otherwise provided herein, no such assignment shall be made (or be effective) without the prior written approval of the Lenders.

(c) No Lenders may at any time assign or grant participations in such Lender's rights and obligations hereunder and under the other Loan Documents except (i) by way of assignment to any Eligible Assignee in accordance with clause (d) of this Section, (ii) by way of a participation in accordance with the provisions of clause (e) of this Section or (iii) by way of a pledge or assignment of a security interest subject to the restrictions of clause (f) of this Section (and any other attempted assignment or transfer by any Lender shall be deemed to be null and void).

(d) Each assignment by a Lender of all or any portion of its rights and obligations hereunder and under the other Loan Documents, shall be subject to the following terms and conditions:

(i) each such assignment shall be made on a pro rata basis, and shall be in a minimum amount of the lesser of (x) Five Million Dollars ($5,000,000) or such lesser amount as the Agent shall agree and (y) the entire remaining amount of assigning Lender's aggregate interest in the Revolving Credit (and participations in any outstanding Letters of Credit) and the Term Loan; provided however that, after giving effect to such assignment, in no event shall the entire remaining amount (if any) of assigning Lender's aggregate interest in the Revolving Credit (and participations in any outstanding Letters of Credit) and the Term Loan be less than $5,000,000; and

(ii) the parties to any assignment shall execute and deliver to Agent an Assignment Agreement substantially (as determined by Agent) in the form annexed hereto as Exhibit H (with appropriate insertions acceptable to Agent), together with a processing and recordation fee in the amount, if any, required as set forth in the Assignment Agreement (provided however that such Lender need not deliver an Assignment Agreement in connection with assignments to such Lender's Affiliates or to a Federal Reserve Bank).

Until the Assignment Agreement becomes effective in accordance with its terms, and Agent has confirmed that the assignment satisfies the requirements of this Section 13.8, the Borrower and the Agent shall be entitled to continue to deal solely and directly with the assigning Lender in connection with the interest so assigned. From and after the effective date of each Assignment Agreement that satisfies the requirements of this Section 13.8, the assignee thereunder shall be deemed to be a party to this Agreement, such assignee shall have the rights and obligations of a Lender under this Agreement and the other Loan Documents (including without limitation the right to receive fees payable hereunder in respect of the period following such assignment) and the assigning Lender shall relinquish its rights and be released from its obligations under this Agreement and the other Loan Documents.

Upon request, Borrower shall execute and deliver to the Agent, new Note(s) payable to the order of the assignee in an amount equal to the amount assigned to the assigning Lender pursuant to such Assignment Agreement, and with respect to the portion of the Indebtedness retained by the assigning Lender, to the extent applicable, new Note(s) payable to the order of the assigning Lender in an amount equal to the amount retained by such Lender hereunder. The Agent, the Lenders and the Borrower acknowledges and agrees that any such new Note(s) shall be given in renewal and replacement of the Notes issued to the assigning lender prior to such assignment and shall not effect or constitute a novation or discharge of the Indebtedness evidenced by such prior Note, and each such new Note may contain a provision confirming such agreement.

(e) The Borrower and the Agent acknowledge that each of the Lenders may at any time and from time to time, subject to the terms and conditions hereof, grant participations in such Lender's rights and obligations hereunder (on a pro rata basis only) and under the other Loan Documents to any Person (other than a natural person or to Borrower or any of Borrower's

Affiliates or Subsidiaries); provided that any participation permitted hereunder shall comply with all applicable laws and shall be subject to a participation agreement that incorporates the following restrictions:

(i) such Lender shall remain the holder of its Notes hereunder (if such Notes are issued), notwithstanding any such participation;

(ii) a participant shall not reassign or transfer, or grant any sub-participations in its participation interest hereunder or any part thereof; and

(iii) such Lender shall retain the sole right and responsibility to enforce the obligations of the Credit Parties relating to the Notes and the other Loan Documents, including, without limitation, the right to proceed against any Guarantors, or cause the Agent to do so (subject to the terms and conditions hereof), and the right to approve any amendment, modification or waiver of any provision of this Agreement without the consent of the participant (unless such participant is an Affiliate of such Lender), except for those matters covered by Section 13.10(a) through (e) hereof (provided that a participant may exercise approval rights over such matters only on an indirect basis, acting through such Lender and the Credit Parties, Agent and the other Lenders may continue to deal directly with such Lender in connection with such Lender's rights and duties hereunder). Notwithstanding the foregoing, however, in the case of any participation granted by any Lender hereunder, the participant shall not have any rights under this Agreement or any of the other Loan Documents against the Agent, any other Lender or any Credit Party; provided, however that the participant may have rights against such Lender in respect of such participation as may be set forth in the applicable participation agreement and all amounts payable by the Credit Parties hereunder shall be determined as if such Lender had not sold such participation. Each such participant shall be entitled to the benefits of Article 11 of this Agreement to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to clause (d) of this Section, provided that no participant shall be entitled to receive any greater amount pursuant to such the provisions of Article 11 than the issuing Lender would have been entitled to receive in respect of the amount of the participation transferred by such issuing Lender to such participant had no such transfer occurred and each such participant shall also be entitled to the benefits of Section 9.6 hereof as though it were a Lender, provided that such participant agrees to be subject to Section 10.3 hereof as though it were a Lender.

(f) Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement (including its Notes, if any) to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledge or assignee for such Lender as a party hereto.

(g) The Agent shall maintain at its principal office a copy of each Assignment Agreement delivered to it and a register (the "Register") for the recordation of the names and addresses of the Lenders, the Percentages of such Lenders and the principal amount of each type of Advance owing to each such Lender from time to time. The entries in the Register shall be conclusive evidence, absent manifest error, and the Borrower, the Agent, and the Lenders may treat each Person whose name is recorded in the Register as the owner of the Advances recorded therein for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender upon reasonable notice to the Agent and a copy of such information shall be provided to any such party on their prior written request. The Agent shall give prompt written notice to the Borrower of the making of any entry in the Register or any change in such entry.

(h) Borrower authorizes each Lender to disclose to any prospective assignee or participant which has satisfied the requirements hereunder, any and all financial information in such Lender's possession concerning the Credit Parties which has been delivered to such Lender pursuant to this Agreement, provided that each such prospective assignee or participant shall execute a confidentiality agreement consistent with the terms of Section 13.11 hereof or shall otherwise agree to be bound by the terms thereof.

(i) Nothing in this Agreement, the Notes or the other Loan Documents, expressed or implied, is intended to or shall confer on any Person other than the respective parties hereto and thereto and their successors and assignees and participants permitted hereunder and thereunder any benefit or any legal or equitable right, remedy or other claim under this Agreement, the Notes or the other Loan Documents.

13.9 Counterparts. This Agreement may be executed in several counterparts, and each executed copy shall constitute an original instrument, but such counterparts shall together constitute but one and the same instrument.

13.10 Amendment and Waiver.

(a) No amendment or waiver of any provision of this Agreement or any other Loan Document, nor consent to any departure by any Credit Party therefrom, shall in any event be effective unless the same shall be in writing and signed by the Agent and the Majority Lenders (or by the Agent at the written request of the Majority Lenders) or, if this Agreement expressly so requires with respect to the subject matter thereof, by all Lenders (and, with respect to any amendments to this Agreement or the other Loan Documents, by any Credit Party or the Guarantors that are signatories thereto), and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no amendment, waiver or consent shall, unless in writing and signed by the Lender or Lenders affected thereby, do any of the following: (a) increase the stated amount of such Lender's

commitment hereunder, (b) reduce the principal of, or interest on, any outstanding Indebtedness or any Fees or other amounts payable hereunder, (c) postpone any date fixed for any payment of principal of, or interest on, any outstanding Indebtedness or any Fees or other amounts payable hereunder, (d) except as expressly permitted hereunder or under the Collateral Documents, release all or substantially all of the Collateral (provided that neither Agent nor any Lender shall be prohibited thereby from proposing or participating in a consensual or nonconsensual debtor-in-possession or similar financing), or release any material guaranty provided by any Person in favor of Agent and the Lenders, provided however that Agent shall be entitled, without notice to or any further action or consent of the Lenders, to release any Collateral which any Credit Party is permitted to sell, assign or otherwise transfer in compliance with this Agreement or the other Loan Documents or release any guaranty to the extent expressly permitted in this Agreement or any of the other Loan Documents (whether in connection with the sale, transfer or other disposition of the applicable Guarantor or otherwise), (e) terminate or modify any indemnity provided to the Lenders hereunder or under the other Loan Documents, except as shall be otherwise expressly provided in this Agreement or any other Loan Document, or (f) change the definitions of "Revolving Credit Percentage", "Term Loan Percentage", "Weighted Percentage", "Interest Periods", "Majority Lenders", "Majority Revolving Credit Lenders", "Majority Term Loan Lenders," Sections 10.2 or 10.3 hereof or this Section 13.10; provided, further, that the Revolving Credit Maturity Date may be postponed or extended, only with the consent of all of the Revolving Credit Lenders; the Term Loan Maturity Date may be postponed or extended only with the consent of all the Term Loan Lenders; and provided further, that no amendment, waiver or consent shall, unless in a writing signed by the Swing Line Lender, do any of the following: (x) reduce the principal of, or interest on, the Swing Line Note, (y) postpone any date fixed for any payment of principal of, or interest on, the Swing Line Note or (z) otherwise affect the rights and duties of the Swing Line Lender under this Agreement or any other Loan Document and provided further, that no amendment, waiver or consent shall, unless in a writing signed by Issuing Lender affect the rights or duties of Issuing Lender under this Agreement or any of the other Loan Documents and no amendment, waiver, or consent shall, unless in a writing signed by the Agent affect the rights or duties of the Agent under this Agreement or any other Loan Document. All references in this Agreement to "Lenders" or "the Lenders" shall refer to all Lenders, unless expressly stated to refer to Majority Lenders (or the like).

(b) The Agent shall, upon the written request of the Borrower, execute and deliver to the Credit Parties such documents as may be necessary to evidence (1) the release or subordination of any Lien granted to or held by the Agent upon any Collateral: (a) upon termination of the Revolving Credit Aggregate Commitment and payment in full of all Indebtedness payable under this Agreement and under any other Loan Document; (b) which constitutes property (including, without limitation, Equity Interests in any Person) sold or to be sold or disposed of as part of or in connection with any disposition (whether by sale, by merger or by any other form of transaction and including the property of any Subsidiary that is disposed of as permitted hereby) permitted in accordance with the terms of this Agreement; (c) which constitutes property in which a Credit Party owned no interest at the time the Lien was granted or at any time thereafter; or (d) if approved, authorized or ratified in writing by the Majority Lenders, or all the Lenders, as the case may be, as provided in this Section 13.10; or (2) the release of any Person from its obligations under the Loan Documents (including without limitation the Guaranty) if all of the Equity Interests of such Person that were held by a Credit Party are sold or otherwise transferred to any transferee other than Borrower or a Subsidiary of

Borrower as part of or in connection with any disposition (whether by sale, by merger or by any other form of transaction) permitted in accordance with the terms of this Agreement; provided that (i) Agent shall not be required to execute any such release or subordination agreement under clauses (1) or (2) above on terms which, in the Agent's opinion, would expose the Agent to liability or create any obligation or entail any consequence other than the release of such Liens without recourse or warranty or such release shall not in any manner discharge, affect or impair the Indebtedness or any Liens upon any Collateral retained by any Credit Party, including (without limitation) the proceeds of the sale or other disposition, all of which shall constitute and remain part of the Collateral.

13.11 Confidentiality. Each Lender agrees that it will not disclose without the prior consent of the Borrower (other than to its employees, its Subsidiaries, another Lender, an Affiliate of a Lender or to its auditors or counsel) any information with respect to the Credit Parties which is furnished pursuant to this Agreement or any of the other Loan Documents; provided that any Lender may disclose any such information (a) as has become generally available to the public or has been lawfully obtained by such Lender from any third party under no duty of confidentiality to any Credit Party, (b) as may be required or appropriate in any report, statement or testimony submitted to, or in respect to any inquiry, by, any municipal, state or federal regulatory body having or claiming to have jurisdiction over such Lender, including the Board of Governors of the Federal Reserve System of the United States, the Office of the Comptroller of the Currency or the Federal Deposit Insurance Corporation or similar organizations (whether in the United States or elsewhere) or their successors, (c) as may be required in respect to any summons or subpoena or in connection with any litigation, (d) in order to comply with any law, order, regulation, ruling or other requirement of law applicable to such Lender, and (e) to any prospective assignee or participant in accordance with Section 13.8(f) hereof.

13.12 Substitution or Removal of Lenders. If (a) the obligation of any Lender to make Eurocurrency-based Advances has been suspended pursuant to Section 11.3 or 11.4, (b) any Lender has demanded compensation under Sections 3.4(c), 11.5 or 11.6, (c) any Lender has become an Impaired Lender or (d) any Lender has not approved an amendment, waiver or other modification of this Agreement, if such amendment, waiver or modification has been approved by the Majority Lenders and the consent of such Lender is required (in each case, an "Affected Lender"), then the Borrower shall have the following rights in addition to any other rights or remedies it may have hereunder:

(i) Subject to Section 13.8 hereof, the Borrower may, with the assistance of the Agent, seek a substitute Lender or Lenders (which may be one or more of the Lenders or other financial institutions that comply with the provisions of Section 13.8 hereof (the "Purchasing Lender" or "Purchasing Lenders")) to purchase the Advances of the Revolving Credit, Swing Line and/or the Term Loan, as the case may be and assume the Revolving Credit Aggregate Commitment (including without limitation the participations in Swing Line Advances and Letters of Credit) under this Agreement of such Affected Lender, and require the Affected Lender to sell its Advances of the Revolving Credit, Swing Line

and/or the Term Loan, as the case may be, and assign its Revolving Credit Aggregate Commitment to such Purchasing Lender or Purchasing Lenders within two (2) Business Days after receiving notice from the Borrower requiring it to do so, at an aggregate price equal to the outstanding principal amount thereof, plus unpaid interest accrued thereon up to but excluding the date of the sale, payable (in immediately available funds) in cash. In connection with any such sale, and as a condition thereof, the Borrower shall pay to the Affected Lender all fees accrued for its account hereunder to but excluding the date of such sale, plus, if demanded by the Affected Lender within ten (10) Business Days after such sale, (x) the amount of any compensation which would be due to the Affected Lender under Section 11.1 if the Borrower had prepaid the outstanding Eurocurrency-based Advances of the Affected Lender on the date of such sale (unless such Affected Lender is an Impaired Lender, in which case no such compensation shall be due) and (y) any additional compensation accrued for its account under Sections 3.4(c), 11.5 and 11.6 to but excluding said date. Upon such sale, the Purchasing Lender or Purchasing Lenders shall assume the Affected Lender's commitment, and the Affected Lender shall be released from its obligations hereunder to a corresponding extent. The Affected Lender, as assignor, such Purchasing Lender, as assignee, the Borrower and the Agent, shall enter into an Assignment Agreement pursuant to Section 13.8 hereof, whereupon such Purchasing Lender shall be a Lender party to this Agreement, shall be deemed to be an assignee hereunder and shall have all the rights and obligations of a Lender with a Revolving Credit Percentage equal to its ratable share of the then applicable Revolving Credit Aggregate Commitment and the applicable Percentages of the Term Loan of the Affected Lender, provided, however, that if the Affected Lender does not execute such Assignment Agreement within (2) Business Days of receipt thereof, the Agent may execute the Assignment Agreement as the Affected Lender's attorney-in-fact. Each of the Lenders hereby irrevocably constitutes and appoints the Agent and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full power and authority in the name of such Lender or in its own name to execute and deliver an Assignment Agreement while such Lender is an Affected Lender hereunder (such power of attorney to be deemed coupled with an interest and irrevocable). In connection with any assignment pursuant to this Section 13.12, the Borrower or the Purchasing Lender shall pay to the Agent the administrative fee for processing such assignment referred to in Section 13.8; and

(ii) With respect to any Affected Lender that is an Impaired Lender, the Borrower may, with the prior written consent of the Agent and

notwithstanding Section 10.3 of this Agreement or any other provisions requiring pro rata payments to the Lenders, elect to reduce the Revolving Credit Aggregate Commitment by the amount of the Revolving Credit Aggregate Commitment of such Affected Lender and repay all amounts (both any outstanding Term Loan Advances, subject to clause (iii), below if such Affected Lender is a Defaulting Lender, and any Revolving Credit Advances) owing to such Affected Lender, subject to the following:

(A) such Affected Lender shall receive an amount in cash equal to the outstanding principal amount owing to such Affected Lender under this Agreement, plus unpaid interest accrued thereon up to but excluding the date of the repayment. In addition, and as a condition thereof, the Borrower shall pay to the Affected Lender all fees accrued for its account hereunder to but excluding the date of such repayment, plus, if demanded by the Affected Lender within ten (10) Business Days after such repayment, (x) the amount of any compensation which would be due to the Affected Lender under Section 11.1 if the Borrower had prepaid the outstanding Eurocurrency-based Advances of the Affected Lender on the date of such repayment and (y) any additional compensation accrued for its account under Sections 3.4(c), 11.5 and 11.6 to but excluding said date;

(B) after giving effect to the reduction in the Revolving Credit Aggregate Commitment and the payments required under subclause (A) above, (1) the Borrower shall be in pro forma compliance with the financial covenants set forth in Section 7.9 for the fiscal quarter in which such reduction and payments are made and (2) no Default or Event of Default shall exist or result there from (unless this requirement is waived by the Majority Lenders);

(C) the stated dollar commitment of any other Lender is not increased thereby without such Lender's consent; and

(iii) if such Affected Lender is a Defaulting Lender and such Defaulting Lender holds no share of the Revolving Credit Aggregate Commitment, or with respect to which the Borrower has elected to reduce the Revolving Credit Aggregate Commitment of such Defaulting Lender by such Defaulting Lender's Revolving Credit Percentage in accordance with the foregoing provisions of clause (ii) the Borrower may repay all amounts owing to such Lender in connection with the Term Loan, provided that (A) the Majority Lenders have consented to such payment in writing,

(B) after giving effect to any reduction of the Revolving Credit Aggregate Commitment or payments on the Revolving Credit under clause (ii) above and payments on the Term Loan under this clause (iii), (x) the Borrower shall be in pro forma compliance with the financial covenants set forth in Section 7.9 for the fiscal quarter in which such reduction and payments are made and (y) no Default or Event of Default shall exist or result there from (unless this requirement is waived by the Majority Lenders), and (C) the stated dollar commitment of any other Lender is not increased thereby without such Lender's consent.

13.13 Withholding Taxes. If any Lender is not a "united states person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code, such Lender shall promptly (but in any event prior to the initial payment of interest hereunder or prior to its accepting any assignment under Section 13.8 hereof, as applicable) deliver to the Agent two original executed copies of (i) Internal Revenue Service Form W-8BEN or any successor form specifying the applicable tax treaty between the United States and the jurisdiction of such Lender's domicile which provides for the exemption from withholding on interest payments to such Lender, (ii) Internal Revenue Service Form W-8ECI or any successor form evidencing that the income to be received by such Lender hereunder is effectively connected with the conduct of a trade or business in the United States or (iii) other evidence satisfactory to the Agent that such Lender is exempt from United States income tax withholding with respect to such income; provided, however, that such Lender shall not be required to deliver to Agent the aforesaid forms or other evidence with respect to Advances to Borrower, if such Lender has assigned its entire interest hereunder (including its Revolving Credit Commitment Amount, any outstanding Advances hereunder and participations in Letters of Credit issued hereunder and any Notes issued to it by Borrower), to an Affiliate which is incorporated under the laws of the United States or a state thereof, and so notifies the Agent. Such Lender shall amend or supplement any such form or evidence as required to insure that it is accurate, complete and non-misleading at all times. Promptly upon notice from the Agent of any determination by the Internal Revenue Service that any payments previously made to such Lender hereunder were subject to United States income tax withholding when made, such Lender shall pay to the Agent the excess of the aggregate amount required to be withheld from such payments over the aggregate amount actually withheld by the Agent. In addition, from time to time upon the reasonable request and the sole expense of Borrower, each Lender and the Agent shall (to the extent it is able to do so based upon applicable facts and circumstances), complete and provide Borrower with such forms, certificates or other documents as may be reasonably necessary to allow Borrower, as applicable, to make any payment under this Agreement or the other Loan Documents without any withholding for or on the account of any tax under Section 10.1(d) hereof (or with such withholding at a reduced rate), provided that the execution and delivery of such forms, certificates or other documents does not adversely affect or otherwise restrict the rights and benefits (including without limitation economic benefits) available to such Lender or the Agent, as the case may be, under this Agreement or any of the other Loan Documents, or under or in connection with any transactions not related to the transactions contemplated hereby.

13.14 Taxes and Fees. Should any tax (other than as a result of a Lender's failure to comply with Section 13.13 or a tax based upon the net income or capitalization of any Lender or

the Agent by any jurisdiction where a Lender or the Agent is or has been located), or recording or filing fee become payable in respect of this Agreement or any of the other Loan Documents or any amendment, modification or supplement hereof or thereof, Borrower agrees to pay the same, together with any interest or penalties thereon arising from Borrower's actions or omissions, and agrees to hold the Agent and the Lenders harmless with respect thereto provided, however, that Borrower shall not be responsible for any such interest or penalties which were incurred prior to the date that notice is given to the Credit Parties of such tax or fees. Notwithstanding the foregoing, nothing contained in this Section 13.14 shall affect or reduce the rights of any Lender or the Agent under Section 11.5 hereof.

13.15 WAIVER OF JURY TRIAL. THE LENDERS, THE AGENT AND THE BORROWER KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT ANY OF THEM MAY HAVE TO A TRIAL BY JURY IN ANY LITIGATION BASED UPON OR ARISING OUT OF THIS AGREEMENT OR ANY RELATED INSTRUMENT OR AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY COURSE OF CONDUCT, DEALING, STATEMENTS (WHETHER ORAL OR WRITTEN) OR ACTION OF ANY OF THEM. NEITHER THE LENDERS, THE AGENT NOR THE BORROWER SHALL SEEK TO CONSOLIDATE, BY COUNTERCLAIM OR OTHERWISE, ANY SUCH ACTION IN WHICH A JURY TRIAL HAS BEEN WAIVED WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS NOT BEEN WAIVED. THESE PROVISIONS SHALL NOT BE DEEMED TO HAVE BEEN MODIFIED IN ANY RESPECT OR RELINQUISHED BY THE LENDERS AND THE AGENT OR THE BORROWER EXCEPT BY A WRITTEN INSTRUMENT EXECUTED BY ALL OF THEM.

(a) In the event that the jury trial waiver contained in this Section 13.15 is not enforceable, the parties elect to proceed as follows:

(b) With the exception of the items specified in clause (c), below, any controversy, dispute or claim (each, a "Claim") between the parties arising out of or relating to this Agreement or any other Loan Document will be resolved by a reference proceeding in California in accordance with the provisions of Section 638 et seq. of the California Code of Civil Procedure ("CCP"), or their successor sections, which shall constitute the exclusive remedy for the resolution of any Claim, including whether the Claim is subject to the reference proceeding. Except as otherwise provided in the Agreement, venue for the reference proceeding will be in the state or federal court in the county or district where venue is otherwise appropriate under applicable law (the "Court").

(c) The matters that shall not be subject to a reference are the following: (i) non-judicial foreclosure of any security interests in real or personal property, (ii) exercise of self-help remedies (including, without limitation, set-off), (iii) appointment of a receiver and (iv) temporary, provisional or ancillary remedies (including, without limitation, writs of attachment, writs of possession, temporary restraining orders or preliminary injunctions). This Section does not limit the right of any party to exercise or oppose any of the rights and remedies described in clauses (i) and (ii) or to seek or oppose from a court of competent jurisdiction any of the items described in clauses (iii) and (iv). The exercise of, or opposition to, any of those items does not waive the right of any party to a reference pursuant to this Section.

(d) The referee shall be a retired judge or justice selected by mutual written agreement of the parties. If the parties do not agree within ten (10) days of a written request to do so by any party, then, upon request of any party, the referee shall be selected by the Presiding Judge of the Court (or his or her representative). A request for appointment of a referee may be heard on an ex parte or expedited basis, and the parties agree that irreparable harm would result if ex parte relief is not granted. Pursuant to CCP § 170.6, each party shall have one peremptory challenge to the referee selected by the Presiding Judge of the Court (or his or her representative).

(e) The parties agree that time is of the essence in conducting the reference proceedings. Accordingly, the referee shall be requested, subject to change in the time periods specified herein for good cause shown, to (a) set the matter for a status and trial-setting conference within fifteen (15) days after the date of selection of the referee, (b) if practicable, try all issues of law or fact within one hundred twenty (120) days after the date of the conference and (c) report a statement of decision within twenty (20) days after the matter has been submitted for decision.

(f) The referee will have power to expand or limit the amount and duration of discovery. The referee may set or extend discovery deadlines or cutoffs for good cause, including a party's failure to provide requested discovery for any reason whatsoever. Unless otherwise ordered, no party shall be entitled to "priority" in conducting discovery, depositions may be taken by either party upon seven (7) days written notice, and all other discovery shall be responded to within fifteen (15) days after service. All disputes relating to discovery which cannot be resolved by the parties shall be submitted to the referee whose decision shall be final and binding.

(g) Except as expressly set forth in this Section, the referee shall determine the manner in which the reference proceeding is conducted including the time and place of hearings, the order of presentation of evidence, and all other questions that arise with respect to the course of the reference proceeding. All proceedings and hearings conducted before the referee, except for trial, shall be conducted without a court reporter, except that when any party so requests, a court reporter will be used at any hearing conducted before the referee, and the referee will be provided a courtesy copy of the transcript. The party making such a request shall have the obligation to arrange for and pay the court reporter. Subject to the referee's power to award costs to the prevailing party, the parties will equally share the cost of the referee and the court reporter at trial.

(h) The referee shall be required to determine all issues in accordance with existing case law and the statutory laws of the State of California. The rules of evidence applicable to proceedings at law in the State of California will be applicable to the reference proceeding. The referee shall be empowered to enter equitable as well as legal relief, enter equitable orders that will be binding on the parties and rule on any motion which would be authorized in a trial, including without limitation motions for summary judgment or summary adjudication. The referee shall issue a decision at the close of the reference proceeding which disposes of all claims of the parties that are the subject of the reference. Pursuant to CCP § 644, such decision shall be entered by the Court as a judgment or an order in the same manner as if the action had been tried by the Court and any such decision will be final, binding and conclusive. The parties reserve the

right to appeal from the final judgment or order or from any appealable decision or order entered by the referee. The parties reserve the right to findings of fact, conclusions of laws, a written statement of decision, and the right to move for a new trial or a different judgment, which new trial, if granted, is also to be a reference proceeding under this provision.

(i) If the enabling legislation which provides for appointment of a referee is repealed (and no successor statute is enacted), any dispute between the parties that would otherwise be determined by reference procedure will be resolved and determined by arbitration. The arbitration will be conducted by a retired judge or Justice, in accordance with the California Arbitration Act §1280 through §1294.2 of the CCP as amended from time to time. The limitations with respect to discovery set forth above shall apply to any such arbitration proceeding.

THE PARTIES RECOGNIZE AND AGREE THAT ALL DISPUTES RESOLVED UNDER THIS REFERENCE PROVISION WILL BE DECIDED BY A REFEREE AND NOT BY A JURY. AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF THEIR OWN CHOICE, EACH PARTY KNOWINGLY AND VOLUNTARILY, AND FOR THE MUTUAL BENEFIT OF ALL PARTIES, AGREES THAT THIS REFERENCE PROVISION WILL APPLY TO ANY CONTROVERSY, DISPUTE OR CLAIM BETWEEN OR AMONG THEM WHICH ARISES OUT OF OR IS RELATED TO THE AGREEMENT.

13.16 USA Patriot Act Notice. Pursuant to Section 326 of the USA Patriot Act, the Agent and the Lenders hereby notify the Credit Parties that if they or any of their Subsidiaries open an account, including any loan, deposit account, treasury management account, or other extension of credit with Agent or any Lender, the Agent or the applicable Lender will request the applicable Person's name, tax identification number, business address and other information necessary to identify such Person (and may request such Person's organizational documents or other identifying documents) to the extent necessary for the Agent and the applicable Lender to comply with the USA Patriot Act.

13.17 Complete Agreement; Conflicts. This Agreement, the Notes (if issued), any Requests for Revolving Credit Advance, Requests for Swing Line Advance and Term Loan Rate Requests, and the Loan Documents contain the entire agreement of the parties hereto, superseding all prior agreements, discussions and understandings relating to the subject matter hereof, and none of the parties shall be bound by anything not expressed in writing. In the event of any conflict between the terms of this Agreement and the other Loan Documents, this Agreement shall govern.

13.18 Severability. In case any one or more of the obligations of the Credit Parties under this Agreement, the Notes or any of the other Loan Documents shall be invalid, illegal or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining obligations of the Credit Parties shall not in any way be affected or impaired thereby, and such invalidity, illegality or unenforceability in one jurisdiction shall not affect the validity, legality or enforceability of the obligations of the Credit Parties under this Agreement, the Notes or any of the other Loan Documents in any other jurisdiction.

13.19 Table of Contents and Headings; Section References. The table of contents and the headings of the various subdivisions hereof are for convenience of reference only and shall in no way modify or affect any of the terms or provisions hereof and references herein to "sections," "subsections," "clauses," "paragraphs," "subparagraphs," "exhibits" and "schedules" shall be to sections, subsections, clauses, paragraphs, subparagraphs, exhibits and schedules, respectively, of this Agreement unless otherwise specifically provided herein or unless the context otherwise clearly indicates.

13.20 Construction of Certain Provisions. If any provision of this Agreement or any of the Loan Documents refers to any action to be taken by any Person, or which such Person is prohibited from taking, such provision shall be applicable whether such action is taken directly or indirectly by such Person, whether or not expressly specified in such provision.

13.21 Independence of Covenants. Each covenant hereunder shall be given independent effect (subject to any exceptions stated in such covenant) so that if a particular action or condition is not permitted by any such covenant (taking into account any such stated exception), the fact that it would be permitted by an exception to, or would be otherwise within the limitations of, another covenant shall not avoid the occurrence of a Default or an Event of Default.

13.22 Electronic Transmissions.

(a) Each of the Agent, the Credit Parties, the Lenders, and each of their Affiliates is authorized (but not required) to transmit, post or otherwise make or communicate, in its sole discretion, Electronic Transmissions in connection with any Loan Document and the transactions contemplated therein. The Borrower and each other Credit Party hereby acknowledges and agrees that the use of Electronic Transmissions is not necessarily secure and that there are risks associated with such use, including risks of interception, disclosure and abuse and each indicates it assumes and accepts such risks by hereby authorizing the transmission of Electronic Transmissions.

(b) All uses of an E-System shall be governed by and subject to, in addition to Section 13.6 and this Section 13.22, separate terms and conditions posted or referenced in such E-System and related contractual obligations executed by the Agent, the Credit Parties and the Lenders in connection with the use of such E-System.

(c) All E-Systems and Electronic Transmissions shall be provided "as is" and "as available". None of the Agent or any of its Affiliates warrants the accuracy, adequacy or completeness of any E-Systems or Electronic Transmission, and each disclaims all liability for errors or omissions therein. No warranty of any kind is made by the Agent or any of its Affiliates in connection with any E Systems or Electronic Transmission, including any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other

code defects. The Agent, the Credit Parties and the Lenders agree that the Agent has no responsibility for maintaining or providing any equipment, software, services or any testing required in connection with any Electronic Transmission or otherwise required for any E-System.

13.23 Advertisements. The Agent and the Lenders may disclose the names of the Credit Parties and the existence of the Indebtedness in general advertisements and trade publications.

13.24 Reliance on and Survival of Provisions. All terms, covenants, agreements, representations and warranties of the Credit Parties to any of the Loan Documents made herein or in any of the Loan Documents or in any certificate, report, financial statement or other document furnished by or on behalf of any Credit Party in connection with this Agreement or any of the Loan Documents shall be deemed to have been relied upon by the Lenders, notwithstanding any investigation heretofore or hereafter made by any Lender or on such Lender's behalf, and those covenants and agreements of the Borrower set forth in Section 13.5 hereof (together with any other indemnities of any Credit Party contained elsewhere in this Agreement or in any of the other Loan Documents) and of Lenders set forth in Section 12.7 hereof shall survive the repayment in full of the Indebtedness and the termination of any commitment to extend credit.

13.25 Amendment and Restatement; Assignment and Assumptions. Except as otherwise set forth herein, this Agreement is intended to and does, effective on the Effective Date, completely amend and restate, without novation, the Prior Credit Agreement.

13.26 Individual Employee Liability to Lenders. The parties acknowledge that, from time to time, employees of Borrower may be required to execute and deliver, in their capacity as an officer, director or employee of Borrower, certain certificates to Agent and Lenders in relation to this Agreement or the transactions contemplated by this Agreement ("Certificates"). Agent and Lenders shall have no cause of action against any individual employee of Borrower based on any inaccuracy in any Certificate executed by or delivered to Agent and Lenders by such employee provided the employee does not knowingly provide false or misleading Certificates, and has acted in good faith.

Comerica Bank ("Agent")

Re: Amended and Restated Revolving Credit and Term Loan Agreement ("Agreement") is made as of the 13th day of January, 2010, (as amended, restated or otherwise modified from time to time, the "Credit Agreement") by and among the financial institutions from time to time signatory thereto (individually a "Lender," and any and all such financial institutions collectively the "Lenders"), Comerica Bank, as Administrative Agent for the Lenders (in such capacity, the "Agent") and QuinStreet, Inc. ("Borrower").

Ladies and Gentlemen:

Reference is made to Section 13.8 of the Credit Agreement. Unless otherwise defined herein or the context otherwise requires, all initially capitalized terms used herein without definition shall have the meanings specified in the Credit Agreement.

This Agreement constitutes notice to each of you of the proposed assignment and delegation by [insert name of assignor] (the "Assignor") to [insert name of assignee] (the "Assignee"), and, subject to the terms and conditions of the Credit Agreement, the Assignor hereby sells and assigns to the Assignee, and the Assignee hereby purchases and assumes from the Assignor, effective on the "Effective Date" (as hereafter defined) that undivided interest in each of Assignor's rights and obligations under the Credit Agreement and the other Loan Documents in the amounts as set forth on the attached Schedule 1, such that, after giving effect to the foregoing assignment and assumption, and the concurrent assignment by Assignor to Assignee on the date hereof, the Assignee's interest in the Revolving Credit (and participations in any outstanding Letters of Credit and Swing Line Advances) and the Term Loan shall be as set forth in the attached Schedule 2 with respect to the Assignee.

The Assignor hereby instructs the Agent to make all payments from and including the Effective Date hereof in respect of the interest assigned hereby, directly to the Assignee. The Assignor and the Assignee agree that all interest and fees accrued up to, but not including, the Effective Date of the assignment and delegation being made hereby are the property of the Assignor, and not the Assignee. The Assignee agrees that, upon receipt of any such interest or fees accrued up to the Effective Date, the Assignee will promptly remit the same to the Assignor.

The Assignee hereby confirms that it has received a copy of the Credit Agreement and the exhibits and schedules referred to therein, and all other Loan Documents which it considers necessary, together with copies of the other documents which were required to be delivered under the Credit Agreement as a condition to the making of the loans thereunder. The Assignee acknowledges and agrees that it: (a) has made and will continue to make such inquiries and has taken and will take such care on its own behalf as would have been the case had its Percentage been granted and its loans been made directly by such Assignee to the Borrower without the intervention of the Agent, the Assignor or any other Lender; and (b) has made and will continue to make, independently and without reliance upon the Agent, the Assignor or any other Lender, and based on such documents and information as it has deemed appropriate, its own credit analysis and decisions relating to the Credit Agreement. The Assignee further acknowledges and agrees that neither the Agent, nor the Assignor has made any representations or warranties about the creditworthiness of the Borrower or any other party to the Credit Agreement or any other of the Loan Documents, or with respect to the legality, validity, sufficiency or enforceability of the Credit Agreement, or any other of the Loan Documents. This assignment shall be made without recourse to or warranty by the Assignor, except as set forth herein.

Assignee represents and warrants that it is a Person to which assignments are permitted pursuant to Section 13.8 of the Credit Agreement.

Except as otherwise provided in the Credit Agreement, effective as of the Effective Date:

(a) the Assignee: (i) shall be deemed automatically to have become a party to the Credit Agreement and the other Loan Documents, to have assumed all of the Assignor's obligations thereunder to the extent of the Assignee's percentage referred to in the second paragraph of this Assignment Agreement, and to have all the rights and obligations of a party to the Credit Agreement and the other Loan Documents, as if it were an original signatory thereto to the extent specified in the second paragraph hereof; and (ii) agrees to be bound by the terms and conditions set forth in the Credit Agreement and the other Loan Documents as if it were an original signatory thereto; and

(b) the Assignor's obligations under the Credit Agreement and the other Loan Documents shall be reduced by the Percentage referred to in the second paragraph of this Assignment Agreement.

As used herein, the term "Effective Date" means the date on which all of the following have occurred or have been completed, as reasonably determined by the Agent:

(1) the delivery to the Agent of an original of this Assignment Agreement executed by the Assignor and the Assignee;

(2) the payment to the Agent, of all accrued fees, expenses and other items for which reimbursement is then owing under the Credit Agreement;

(3) the payment to the Agent of the processing fee referred to in Section 13.8(d)(1) of the Credit Agreement; and

(4) all other restrictions and items noted in Section 13.8 of the Credit Agreement have been completed.

The Agent shall notify the Assignor and the Assignee, along with Borrower, of the Effective Date.

The Assignee hereby advises each of you of the following administrative details with respect to the assigned loans:

(A) Address for Notices:

Institution Name:

Address:

Attention:

Telephone:

Facsimile:

(B) Payment Instructions:

(C) Proposed effective date of assignment.

The Assignee has delivered to the Agent (or is delivering to the Agent concurrently herewith) the tax forms referred to in Section 13.13 of the Credit Agreement to the extent required thereunder, and other forms reasonably requested by the Agent. The Assignor has delivered to the Agent (or shall promptly deliver to Agent following the execution hereof), the original of each Note held by the Assignor under the Credit Agreement.

The laws of the State of California shall govern the validity, interpretation and enforcement of this Agreement.

EXHIBIT I

FORM OF GUARANTY

GUARANTY

This GUARANTY is made as of September 29, 2008 and is effective as of the Effective Date by the undersigned guarantors (each a **"Guarantor"** and any and all collectively, the **"Guarantors"**) to Comerica Bank, as the Agent (**"Agent"**) for and on behalf of the Lenders (as defined below).

RECITALS:

2. QuinStreet, Inc. ("**Borrower**") has entered into that certain Revolving Credit and Term Loan Agreement dated as of September 29, 2008 (as amended, supplemented, amended and restated or otherwise modified from time to time the "**Credit Agreement**") with each of the financial institutions party thereto (collectively, including their respective successors and assigns, the "**Lenders**") and the Agent pursuant to which the Lenders have agreed, subject to the satisfaction of certain terms and conditions, to extend or to continue to extend financial accommodations to the Borrower, as provided therein.

3. As a condition to entering into and performing their respective obligations under the Credit Agreement, the Lenders and the Agent have required that each of the Guarantors provide to the Agent, for and on behalf of the Lenders, this Guaranty.

4. Each of the Guarantors desires to see the success of the Borrower and furthermore, each of the Guarantors shall receive direct and/or indirect benefits from extensions of credit made or to be made pursuant to the Credit Agreement to the Borrower.

5. The business operations of the Borrower and the Guarantors are interrelated and complement one another, and such entities have a common business purpose; and (i) to permit their uninterrupted and continuous operations, such entities now require and will from time to time hereafter require funds and credit accommodations for general business purposes and (ii) the proceeds of advances under the credit facilities extended under the Credit Agreement will directly or indirectly benefit the Borrowers and the Guarantors hereunder, severally and jointly.

6. The Agent is acting as agent for the Lenders pursuant to Section 12 of the Credit Agreement.

NOW, THEREFORE, to induce each of the Lenders to enter into and perform its obligations under the Credit Agreement, each of the Guarantors has executed and delivered this guaranty (as amended and otherwise modified from time to time, the **"Guaranty"**).

(a) **Definitions.** Unless otherwise provided herein, all capitalized terms in this Guaranty shall have the meanings specified in the Credit Agreement. The term **"Lenders"** as used herein shall include any successors or assigns of the Lenders in accordance with the Credit Agreement. In addition, the following term shall have the following meaning:

"Guaranteed Obligations" shall mean, collectively, all indebtedness, liabilities and obligations of the Borrower to the Lenders of every kind, nature or description under the Credit Agreement or any other Loan Document, including, without limitation, principal, interest (including interest accruing on or after the filing of any petition in bankruptcy, or the commencement of any insolvency, reorganization or like proceeding by or against Borrower, whether or not a claim for post-filing or post-petition interest is allowed in such a proceeding and including, without limitation, interest at the highest allowable per annum rate specified in any document, instrument or agreement applicable to any of the indebtedness), reimbursement obligations, fees, indemnities, and reasonable costs and expenses (including without limitation, all reasonable fees and disbursements of counsel to the Agent or any Lender) or otherwise, and any liabilities of any Credit Party to Agent or any Lender arising in connection with any Lender Products and payment obligations of any Credit Party to Agent or any Lender arising under Hedging Transactions evidenced by Hedging Agreements, and any and all other liabilities and obligations, direct or indirect, absolute or contingent, due or to become due, now existing or hereafter incurred, which may arise under, out of, or in connection with the Credit Agreement and the other Loan Documents, whether such indebtedness is now existing or hereafter arising.

(b) **Guaranty.** Each of the Guarantors, hereby, jointly and severally, guarantees to the Lenders the due and punctual payment to the Lenders when due, whether by acceleration or otherwise, of the Guaranteed Obligations. Each of such Guarantors further jointly and severally agree to pay any and all expenses (including reasonable attorneys' fees), that may be paid or incurred by the Agent or any Lender in enforcing or preserving rights with respect to or collecting any or all of the Guaranteed Obligations and/or enforcing any rights with respect to, or collecting against the Guarantors under this Guaranty.

(c) **Unconditional Character of Guaranty**. The obligations of each of the Guarantors under this Guaranty shall be absolute and unconditional, and shall be a guaranty of payment and not of collection, irrespective of the validity, regularity or enforceability of the Credit Agreement or any of the other Loan Documents, or any provision thereof, the absence of any action to enforce the same, any waiver or consent with respect to or any amendment of any provision thereof (provided that any amendment of this Guaranty shall be in accordance with the terms hereof), the recovery of any judgment against any Person or action to enforce the same, any failure or delay in the enforcement of the obligations of the Borrower under the Credit Agreement or any of the other Loan Documents, or any setoff, counterclaim, recoupment, limitation, defense or termination whether with or without notice to the Guarantors. Each of the Guarantors hereby waives diligence, demand for payment, filing of claims with any court, any proceeding to enforce any provision of the Credit Agreement or any of the other Loan Documents, any right to require a proceeding first against Borrower or against any other Guarantor or other Person providing collateral, or to exhaust any security for the performance of the obligations of the Borrower, any protest, presentment, notice or demand whatsoever, and each Guarantor hereby covenants that this Guaranty shall not be terminated, discharged or released until, subject to Section 16 hereof, final payment in full of all of the Guaranteed Obligations due and to become due from the Borrower, no Letters of Credit shall be outstanding and the termination of any and all commitments to extend credit (whether optional or obligatory)

under the Credit Agreement or any other Loan Document, and only to the extent of any such payment, performance and discharge. Each Guarantor hereby further covenants that no security now or subsequently held by the Agent or the Lenders for the payment of the Guaranteed Obligations (including, without limitation, any security for any of the foregoing), whether in the nature of a security interest, pledge, lien, assignment, setoff, suretyship, guaranty, indemnity, insurance or otherwise, and no act, omission or other conduct of the Agent or the Lenders in respect of such security, shall affect in any manner whatsoever the unconditional obligations of this Guaranty, and that the Agent and each of the Lenders in their respective sole discretion and without notice to any of the Guarantors, may release, exchange, enforce, apply the proceeds of and otherwise deal with any such security without affecting in any manner the unconditional obligations of this Guaranty.

Without limiting the generality of the foregoing, the obligations of the Guarantors under this Guaranty, and the rights of the Agent to enforce the same, on behalf of the Lenders by proceedings, whether by action at law, suit in equity or otherwise, shall not be in any way affected to the extent permitted by applicable law, by (i) any insolvency, bankruptcy, liquidation, reorganization, readjustment, composition, dissolution, winding up or other proceeding involving or affecting Borrower, any or all of the Guarantors or any other Person or any of their respective Affiliates including any discharge of, or bar or stay against collecting, all or any of the Guaranteed Obligations in or as a result of any such proceeding; (ii) any change in the ownership of any of the capital stock (or other ownership interests) of Borrower or any or all of the Guarantors, or any other Person providing collateral for any of the Guaranteed Obligations, or any of their respective Affiliates; (iii) the election by the Agent or any Lender, in any bankruptcy proceeding of any Person, to apply or not apply Section 1111(b)(2) of the Bankruptcy Code; (iv) any extension of credit or the grant of any security interest or lien under Section 364 of the Bankruptcy Code; (v) any agreement or stipulation with respect to the provision of adequate protection in any bankruptcy proceeding of any Person; (vi) the avoidance of any security interest or lien in favor of the Agent or any Lender for any reason; (vii) any action taken by the Agent or any Lender that is authorized by this paragraph or any other provision of this Guaranty; or (viii) any other principle or provision of law, statutory or otherwise, which is or might be in conflict with the terms hereof.

(d) **Waivers.** Each of the Guarantors hereby waives to the fullest extent possible under applicable law:

(i) any defense based upon or arising by reason of:

(1) the doctrine of marshaling of assets or upon an election of remedies by Agent or the Lenders, including, without limitation, an election to proceed by non-judicial rather than judicial foreclosure;

(2) any statute or rule of law which provides that the obligation of a surety must be neither larger in amount nor in other respects more burdensome than that of the principal;

(3) any disability or other defense of Borrower or any other Person;

(4) the cessation or limitation from any cause whatsoever, other than final and irrevocable payment in full, of the Guaranteed Obligations;

(5) any lack of authority of any officer, director, partner, agent or any other person acting or purporting to act on behalf of either Borrower, or any defect in the formation of either Borrower;

(6) the application by Borrower of the proceeds of any Guaranteed Obligations for purposes other than the purposes represented by the Borrower to the Lenders or intended or understood by the Lenders or the Guarantors;

(7) any act or omission by the Lenders which directly or indirectly results in or aids the discharge of Borrower or any Guaranteed Obligations by operation of law or otherwise; or

(8) any modification of Guaranteed Obligations, in any form whatsoever including without limit any modification made after effective termination, and including without limit, the renewal, extension, acceleration or other change in time for payment of the Guaranteed Obligations, or other change in the terms of any Guaranteed Obligations, including without limit increase or decrease of the interest rate;

(ii) any duty on the part of Agent or any of the Lenders to disclose to such Guarantor any facts Agent or the Lenders may now or hereafter know about Borrower, regardless of whether Agent or any Lender has reason to believe that any such facts materially increase the risk beyond that which such Guarantor intends to assume or has reason to believe that such facts are unknown to such Guarantor or has a reasonable opportunity to communicate such facts to such Guarantor;

(iii) any other event or action (excluding compliance by such Guarantor with the provisions hereof) that would result in the discharge by operation of law or otherwise of such Guarantor from the performance or observance of any obligation, covenant or agreement contained in this Guaranty; and

(iv) all rights to participate in any security now or hereafter held by the Agent or any Lender.

Each Guarantor understands that, absent this waiver, the Agent's election of remedies, including but not limited to its decision to proceed to nonjudicial foreclosure on any real property securing the Guaranteed Obligations, could preclude the Agent, on behalf of the Lenders, from obtaining a deficiency judgment against Borrower and each Guarantor pursuant to California Code of Civil Procedure Sections 580a, 580b, 580d or 726 and could also destroy any subrogation rights which such Guarantor has against Borrower. Each Guarantor further understands that, absent this waiver, California law, including without limitation, California Code of Civil Procedure Sections 580a, 580b, 580d or 726, could afford such Guarantor one or more affirmative defenses to any action maintained by the Agent, on behalf of the Lenders, against such Guarantor on this Guaranty.

Each Guarantor waives any and all rights and provisions of California Code of Civil Procedure Sections 580a, 580b, 580d and 726, including, but not limited to any provision thereof that: (i) may limit the time period for the Agent, on behalf of the Lenders, to commence a lawsuit against Borrower or any Guarantor to collect any of the Guaranteed Obligations owing by either Borrower or any Guarantor to Lenders; (ii) may entitle Borrower or any Guarantor to a judicial or nonjudicial determination of any deficiency owed by Borrower or any Guarantor to the Agent, on behalf of the Lenders, or to otherwise limit the Agent's right to collect a deficiency based on the fair market value of such real property security; (iii) may limit the Agent's right to collect a deficiency judgment after a sale of any real property securing the Guaranteed Obligations; (iv) may require the Agent to take only one action to collect the Guaranteed Obligations or that may otherwise limit the remedies available to the Agent to collect the Guaranteed Obligations.

Each Guarantor waives all rights and defenses arising out of an election of remedies by the Agent, on behalf of the Lenders, even though that election of remedies, such as a nonjudicial foreclosure with respect to security for a guaranteed obligation, has destroyed the Agent's and the Lenders' rights of subrogation and reimbursement against Borrower by the operation of Section 580d of the California Code of Civil Procedure or otherwise.

Without limiting the generality of any other waiver or other provision set forth in this Guaranty, each Guarantor waives all rights and defenses that such Guarantor may have because the Guaranteed Obligations are secured by real property to the fullest extent permissible under applicable law. This means, among other things:

1. The Agent, on behalf of the Lenders, may collect from any Guarantor without first foreclosing on any real or personal property collateral pledged by Borrower to secure the Guaranteed Obligations.

2. If the Agent, on behalf of the Lenders, forecloses on any real property collateral pledged by Borrower to secure the Guaranteed Obligations:

(a) The amount of the Guaranteed Obligations may be reduced only by the price for which that collateral is sold at the foreclosure sale, even if the collateral is worth more than the sale price.

(b) The Agent, on behalf of the Lenders, may collect from any Guarantor even if the Agent, on behalf of the Lenders, by foreclosing on the real property pledged as collateral, has destroyed any right that the any Guarantor may have to collect from either Borrower.

This is an unconditional and irrevocable waiver of any rights and defenses each Guarantor may have because the Guaranteed Obligations are secured by real property to the fullest extent permissible under applicable law. These rights and defenses include, but are not limited to, any rights or defenses based upon Section 580a, 580b, 580d, or 726 of the California Code of Civil Procedure.

WITHOUT LIMITING THE GENERALITY OF ANY OTHER WAIVER OR OTHER PROVISION SET FORTH IN THIS GUARANTY, EACH GUARANTOR HEREBY WAIVES, TO THE MAXIMUM EXTENT SUCH WAIVER IS PERMITTED BY LAW, ANY AND ALL

BENEFITS, DEFENSES TO PAYMENT OR PERFORMANCE, OR ANY RIGHT TO PARTIAL OR COMPLETE EXONERATION ARISING DIRECTLY OR INDIRECTLY UNDER ANY ONE OR MORE OF CALIFORNIA CIVIL CODE SECTIONS 2799, 2808, 2809, 2810, 2815, 2819, 2820, 2821, 2822, 2838, 2839, 2845, 2847, 2848, 2849, AND 2850.

Each of the Guarantors acknowledges and agrees that this is a knowing and informed waiver of the undersigned's rights as discussed above and that the Agent and the Lenders are relying on this waiver in extending credit to the Borrower.

(e) **Waiver of Subrogation**. Each Guarantor hereby waives any claim for reimbursement, contribution, exoneration, indemnity or subrogation, or any other similar claim, which such Guarantor may have or obtain against Borrower, by reason of the existence of this Guaranty, or by reason of the payment by such Guarantor of any of the Guaranteed Obligations or the performance of this Guaranty, the Credit Agreement or any of the other Loan Documents, until the Guaranteed Obligations have been repaid and discharged in full, no Letters of Credit shall remain outstanding and all commitments to extend credit under the Credit Agreement or any of the other Loan Documents (whether optional or obligatory) have been terminated. Any amounts paid to such Guarantor on account of any such claim at any time when the obligations of such Guarantor under this Guaranty shall not have been fully and finally paid shall be held by such Guarantor in trust for Agent and the Lenders, segregated from other funds of such Guarantor, and forthwith upon receipt by such Guarantor shall be turned over to Agent in the exact form received by such Guarantor (duly endorsed to Agent by such Guarantor, if required), to be applied to such Guarantor's obligations under this Guaranty, whether matured or unmatured, in such order and manner as Agent may determine.

Each of the Guarantors acknowledges and agrees that this is a knowing and informed waiver of the undersigned's rights as discussed above and that the Agent and the Lenders are relying on this waiver in extending credit to the Borrower.

(f) **Other Transactions**. The Agent and each of the Lenders may deal with the Borrower and any security held by them for the obligations of the Borrower in the same manner and as freely as if this Guaranty did not exist and the Agent shall be entitled, on behalf of the Lenders, without notice to any of the Guarantors, among other things, to grant to the Borrower such extension or extensions of time to perform any act or acts as may seem advisable to the Agent (on behalf of the Lenders) at any time and from time to time, and to permit the Borrower to incur additional indebtedness to the Agent, the Lenders, or any of them, without terminating, affecting or impairing the validity or enforceability of this Guaranty or the obligations of the Guarantors hereunder.

(g) **Remedies; Right to Offset**. The Agent may proceed, either in its own name (on behalf of the Lenders) or in the name of each or any of the Guarantors, or otherwise, to protect and enforce any or all of its rights under this Guaranty by suit in equity, action at law or by other appropriate proceedings, or to take any action authorized or permitted under applicable law, and shall be entitled to require and enforce the performance of all acts and things required to be performed hereunder by the Guarantors. Each and every remedy of the Agent and of the Lenders shall, to the extent permitted by law, be cumulative and shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity.

At the option of the Agent, any or all of the Guarantors may be joined in any action or proceeding commenced by the Agent against Borrower or any of the other parties providing Collateral for any of the Guaranteed Obligations, and recovery may be had against any or all of the Guarantors in such action or proceeding or in any independent action or proceeding against any of them, without any requirement that the Agent or the Lenders first assert, prosecute or exhaust any remedy or claim against Borrower and/or any of the other parties providing Collateral for any of the Guaranteed Obligations.

Each of the Guarantors acknowledges the rights of the Agent and of each of the Lenders, subject to the applicable terms and conditions of the Credit Agreement, to offset against the Guaranteed Obligations of any Guarantor to the Lenders under this Guaranty, any amount owing by the Agent or the Lenders, or either or any of them to such Guarantors, whether represented by any deposit of such Guarantors (or any of them) with the Agent or any of the Lenders or otherwise.

(h) **Right to Cure**. Each of the Guarantors shall have the right to cure any Event of Default under the Credit Agreement or the other Loan Documents with respect to obligations of the other Guarantors thereunder; provided that such cure is effected within the applicable grace period or period for cure thereunder, if any; and provided further that such cure can be effected in compliance with the Credit Agreement. Except to the extent of payments of principal, interest and/or other sums actually received by the Agent or the Lenders pursuant to such cure, the exercise of such right to cure by any Guarantor shall not reduce or otherwise affect the liability of any other Guarantor under this Guaranty.

(i) **Borrower's Financial Condition**. Each Guarantor delivers this Guaranty based solely on its own independent investigation of (or decision not to investigate) the financial condition of the Borrower and is not relying on any information furnished by Agent or the Lenders. Each Guarantor assumes full responsibility to keep itself informed concerning the financial condition of the Borrower and all other circumstances bearing upon the risk of nonpayment of the Guaranteed Obligation, the status of the Guaranteed Obligations or any other matter which such Guarantor may deem necessary or appropriate, now or later.

(j) **Representations and Warranties; Covenants**. Each Guarantor (a) ratifies, confirms and, by reference thereto (as fully as though such matters were expressly set forth herein), represents and warrants with respect to itself those matters set forth in Article 6 of the Credit Agreement to the extent applicable to such Guarantor and those matters set forth in the recitals hereto**,** and such representations and warranties shall be deemed to be continuing representations and warranties true and correct in all material respects so long as this Guaranty shall be in effect; and (b) agrees to comply with the covenants set forth in Articles 7 and 8 of the Credit Agreement to the extent applicable to such Guarantor, and (ii) not to otherwise engage in any action or inaction, the result of which would cause a violation of any term or condition of the Credit Agreement.

(k) **Governing Law; Severability**. This Guaranty has been delivered in California and shall be interpreted and the rights of the parties hereunder shall be determined under the laws of, and be enforceable in, the State of California. If any term or provision of this Guaranty or the application thereof to any circumstance shall, to any extent, be invalid or unenforceable, the

remainder of this Guaranty, or the application of such term or provision to circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this Guaranty shall be valid and enforceable to the fullest extent permitted by law.

(m) **Amendments; Future Subsidiaries**. The terms of this Guaranty may not be altered, modified, amended, supplemented or terminated in any manner whatsoever unless the same shall be in writing and signed by or on behalf of the requisite Lenders as determined pursuant to the Credit Agreement and the Guarantors. In accordance with the Credit Agreement, future Domestic Subsidiary of either Borrower shall become obligated as Guarantors hereunder (each as fully as though an original signatory hereto) by executing and delivering to the Agent and the Lenders that certain joinder agreement in the form attached hereto as Exhibit A.

(o) **Joint and Several Obligation, etc**. The obligation of each of the Guarantors under this Guaranty shall be several and also joint, each with all and also each with any one or more of the others, and may be enforced against each severally, any two or more jointly, or some severally and some jointly. Any one or more of the Guarantors may be released from its obligations hereunder with or without consideration for such release and the obligations of the other Guarantors hereunder shall be in no way affected thereby. The Agent, on behalf of Lenders, may fail or elect not to prove a claim against any bankrupt or insolvent Guarantor and thereafter, the Agent and the Lenders may, without notice to any Guarantors, extend or renew any part or all of the obligations of the Borrower under the Credit Agreement or otherwise, and may permit any such Person to incur additional indebtedness, without affecting in any manner the unconditional obligation of each of the Guarantors hereunder. Such action shall not affect any right of contribution among the Guarantors.

(p) **Release; Reinstatement**. Upon the satisfaction of the obligations of the Guarantors hereunder, and when none of the Guarantors is subject to any obligation hereunder or under the Credit Agreement or any of the other Loan Documents, the Agent shall deliver to such

For purposes of this Guaranty **"environmental condition"** includes, without limitation, conditions existing with respect to the surface or ground water, drinking water supply, land surface or subsurface strata and the ambient air.

(q) **Consent to Jurisdiction**. Each of the Guarantors hereby irrevocably submits to the non-exclusive jurisdiction of any United States federal or California state court sitting in the County of Santa Clara, California in any action or proceeding arising out of or relating to this Guaranty or any of the other Loan Documents and Guarantors hereby irrevocably agree that all claims in respect of such action or proceeding may be heard and determined in any such United States federal or California state court. Each of the Guarantors irrevocably consents to the service of any and all process in any such action or proceeding brought in any court in or of the State of California (and to the receipt of any and all notices hereunder) by the delivery of copies of such process to Guarantors at their respective addresses specified in ***Schedule 1*** hereof in the manner set forth therein.

(r) **Headings**. The headings, captions, and arrangements used in this Guaranty are for convenience only and shall not affect the interpretation of this Guaranty.

(s) **Counterparts**. This Guaranty may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

(t) **JURY TRIAL WAIVER**. EACH GUARANTOR AND THE AGENT ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE,

BUT THAT IT MAY BE WAIVED UNDER CERTAIN CIRCUMSTANCES. TO THE EXTENT PERMITTED BY LAW, EACH GUARANTOR AND THE AGENT, AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF THEIR CHOICE, KNOWINGLY AND VOLUNTARILY, AND FOR THEIR MUTUAL BENEFIT WAIVES ANY RIGHT TO TRIAL BY JURY IN THE EVENT OF LITIGATION REGARDING THE PERFORMANCE OR ENFORCEMENT OF, OR IN ANY WAY RELATED TO, THIS GUARANTY OR THE GUARANTEED OBLIGATIONS.

(a) In the event that the jury trial waiver contained in this Section 20 is not enforceable, the parties elect to proceed as follows:

(b) With the exception of the items specified in clause (c), below, any controversy, dispute or claim (each, a "Claim") between the parties arising out of or relating to this Agreement or any other Loan Document will be resolved by a reference proceeding in California in accordance with the provisions of Section 638 et seq. of the California Code of Civil Procedure ("CCP"), or their successor sections, which shall constitute the exclusive remedy for the resolution of any Claim, including whether the Claim is subject to the reference proceeding. Except as otherwise provided in the Agreement, venue for the reference proceeding will be in the state or federal court in the county or district where venue is otherwise appropriate under applicable law (the "Court").

(c) The matters that shall not be subject to a reference are the following: (i) non-judicial foreclosure of any security interests in real or personal property, (ii) exercise of self-help remedies (including, without limitation, set-off), (iii) appointment of a receiver and (iv) temporary, provisional or ancillary remedies (including, without limitation, writs of attachment, writs of possession, temporary restraining orders or preliminary injunctions). This Section does not limit the right of any party to exercise or oppose any of the rights and remedies described in clauses (i) and (ii) or to seek or oppose from a court of competent jurisdiction any of the items described in clauses (iii) and (iv). The exercise of, or opposition to, any of those items does not waive the right of any party to a reference pursuant to this Section.

(d) The referee shall be a retired judge or justice selected by mutual written agreement of the parties. If the parties do not agree within ten (10) days of a written request to do so by any party, then, upon request of any party, the referee shall be selected by the Presiding Judge of the Court (or his or her representative). A request for appointment of a referee may be heard on an ex parte or expedited basis, and the parties agree that irreparable harm would result if ex parte relief is not granted. Pursuant to CCP § 170.6, each party shall have one peremptory challenge to the referee selected by the Presiding Judge of the Court (or his or her representative).

(e) The parties agree that time is of the essence in conducting the reference proceedings. Accordingly, the referee shall be requested, subject to change in the time periods specified herein for good cause shown, to (a) set the matter for a status and trial-setting conference within fifteen (15) days after the date of selection of the referee, (b) if practicable, try all issues of law or fact within one hundred twenty (120) days after the date of the conference and (c) report a statement of decision within twenty (20) days after the matter has been submitted for decision.

(f) The referee will have power to expand or limit the amount and duration of discovery. The referee may set or extend discovery deadlines or cutoffs for good cause, including a party's failure to provide requested discovery for any reason whatsoever. Unless otherwise ordered, no party shall be entitled to "priority" in conducting discovery, depositions may be taken by either party upon seven (7) days written notice, and all other discovery shall be responded to within fifteen (15) days after service. All disputes relating to discovery which cannot be resolved by the parties shall be submitted to the referee whose decision shall be final and binding.

(g) Except as expressly set forth in this Section 16, the referee shall determine the manner in which the reference proceeding is conducted including the time and place of hearings, the order of presentation of evidence, and all other questions that arise with respect to the course of the reference proceeding. All proceedings and hearings conducted before the referee, except for trial, shall be conducted without a court reporter, except that when any party so requests, a court reporter will be used at any hearing conducted before the referee, and the referee will be provided a courtesy copy of the transcript. The party making such a request shall have the obligation to arrange for and pay the court reporter. Subject to the referee's power to award costs to the prevailing party, the parties will equally share the cost of the referee and the court reporter at trial.

(h) The referee shall be required to determine all issues in accordance with existing case law and the statutory laws of the State of California. The rules of evidence applicable to proceedings at law in the State of California will be applicable to the reference proceeding. The referee shall be empowered to enter equitable as well as legal relief, enter equitable orders that will be binding on the parties and rule on any motion which would be authorized in a trial, including without limitation motions for summary judgment or summary adjudication. The referee shall issue a decision at the close of the reference proceeding which disposes of all claims of the parties that are the subject of the reference. Pursuant to CCP § 644, such decision shall be entered by the Court as a judgment or an order in the same manner as if the action had been tried by the Court and any such decision will be final, binding and conclusive. The parties reserve the right to appeal from the final judgment or order or from any appealable decision or order entered by the referee. The parties reserve the right to findings of fact, conclusions of laws, a written statement of decision, and the right to move for a new trial or a different judgment, which new trial, if granted, is also to be a reference proceeding under this provision.

(i) If the enabling legislation which provides for appointment of a referee is repealed (and no successor statute is enacted), any dispute between the parties that would otherwise be determined by reference procedure will be resolved and determined by arbitration. The arbitration will be conducted by a retired judge or Justice, in accordance with the California Arbitration Act §1280 through §1294.2 of the CCP as amended from time to time. The limitations with respect to discovery set forth above shall apply to any such arbitration proceeding.

THE PARTIES RECOGNIZE AND AGREE THAT ALL DISPUTES RESOLVED UNDER THIS REFERENCE PROVISION WILL BE DECIDED BY A REFEREE AND NOT BY A JURY. AFTER CONSULTING (OR HAVING HAD THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF THEIR OWN CHOICE, EACH PARTY KNOWINGLY AND VOLUNTARILY, AND FOR THE MUTUAL BENEFIT OF ALL PARTIES, AGREES THAT THIS REFERENCE PROVISION WILL APPLY TO ANY CONTROVERSY, DISPUTE OR

CLAIM BETWEEN OR AMONG THEM WHICH ARISES OUT OF OR IS RELATED TO THIS AGREEMENT.

(u) **Limitation under Applicable Insolvency Laws**. Notwithstanding anything to the contrary contained herein, it is the intention of the Guarantors, the Agent and the Lenders that the amount of the respective Guarantor's obligations hereunder shall be in, but not in excess of, the maximum amount thereof not subject to avoidance or recovery by operation of applicable law governing bankruptcy, reorganization, arrangement, adjustment of debts, relief of debtors, dissolution, insolvency, fraudulent transfers or conveyances or other similar laws (collectively, **"Applicable Insolvency Laws"**). To that end, but only in the event and to the extent that the Guarantor's respective obligations hereunder or any payment made pursuant thereto would, but for the operation of the foregoing proviso, be subject to avoidance or recovery under Applicable Insolvency Laws, the amount of the Guarantor's respective obligations hereunder shall be limited to the largest amount which, after giving effect thereto, would not, under Applicable Insolvency Laws, render the Guarantor's respective obligations hereunder unenforceable or avoidable or subject to recovery under Applicable Insolvency Laws. To the extent any payment actually made hereunder exceeds the limitation contained in this Section 21, then the amount of such excess shall, from and after the time of payment by the Guarantors (or any of them), be reimbursed by the Lenders upon demand by such Guarantors. The foregoing proviso is intended solely to preserve the rights of the Agent and the Lenders hereunder against the Guarantors to the maximum extent permitted by Applicable Insolvency Laws and neither the Borrower nor any Guarantor nor any other Person shall have any right or claim under this Section 21 that would not otherwise be available under Applicable Insolvency Laws.

(d) **Copyright and Copyright Licenses Valid.** (i) Each Material Copyright of the Debtors set forth on ***Schedule 1.1*** (as the same may be amended from time to

time) is subsisting and has not been adjudged invalid, uncopyrightable or unenforceable, in whole or in part, and, to the Debtors' knowledge, is valid, copyrightable and enforceable, except as enforceability may be limited by bankruptcy insolvency, reorganization moratorium or similar laws affecting the enforcement of creditors rights generally and by equitable principles (whether enforcement is sought by proceedings in equity or at law) (ii) each of the Copyright Licenses set forth on ***Schedule 1.1*** (as the same may be amended from time to time) is validly subsisting and has not been adjudged invalid or unenforceable, in whole or in part, and, to the Debtors' knowledge, is valid and enforceable, except as enforceability may be limited by bankruptcy insolvency, reorganization moratorium or similar laws affecting the enforcement of creditors rights generally and by equitable principles (whether enforcement is sought by proceedings in equity or at law) and (iii) the Debtors have notified the Agent in writing of all uses of any item of Copyright Collateral material to any Debtor's business of which any Debtor is aware which could reasonably be expected to lead to such item becoming invalid or unenforceable.

(e) **No Assignment.** The Debtors have not made a previous assignment, sale, transfer or agreement constituting a present or future assignment, sale, transfer or encumbrance of any of the Intellectual Property Collateral, except with respect to non-exclusive licenses granted in the ordinary course of business or as permitted by this Agreement or the Loan Documents. No Debtor has granted any license, shop right, release, covenant not to sue, or non-assertion assurance to any Person with respect to any part of the Intellectual Property Collateral, except as set forth on ***Schedule 1.1*** or as otherwise disclosed to the Agent in writing.

(f) **Products Marked.** Each Debtor has marked its products with the trademark registration symbol, copyright notices, the numbers of all appropriate patents, the common law trademark symbol or the designation "patent pending," as the case may be, to the extent that Debtor, in good faith, believes is reasonably and commercially practicable.

(g) **Other Rights.** Except for the Trademark Licenses, Patent Licenses and Copyright Licenses listed on ***Schedule 1.1*** hereto under which a Debtor is a licensee, no Debtor has knowledge of the existence of any right or any claim (other than as provided by this Agreement) that is likely to be made under or against any item of Intellectual Property Collateral contained on ***Schedule 1.1*** to the extent such claim could reasonably be expected to have a Material Adverse Effect.

(h) **No Claims.** Except as set forth on ***Schedule 1.1*** or as otherwise disclosed to the Agent in writing, no claim has been made and is continuing or, to any Debtor's knowledge, threatened that the use by any Debtor of any item of Intellectual Property Collateral is invalid or unenforceable or that the use by any Debtor of any Intellectual Property Collateral does or may violate the rights of any Person, except to the extent such invalidity, unenforceability or violation could not reasonably be expected to have a Material Adverse Effect. To the Debtors'

knowledge, there is no infringement or unauthorized use of any item of Intellectual Property Collateral contained on ***Schedule 1.1*** or as otherwise disclosed to the Agent in writing and except to the extent such claim could not reasonably be expected to have a Material Adverse Effect.

(i) **No Consent.** No consent of any party (other than such Debtor) to any Patent License, Copyright License or Trademark License constituting Intellectual Property Collateral is required, or purports to be required, to be obtained by or on behalf of such Debtor in connection with the execution, delivery and performance of this Agreement that has not been obtained. To any Debtor's knowledge, each Patent License, Copyright License and Trademark License constituting Intellectual Property Collateral is in full force and effect and constitutes a valid and legally enforceable obligation of the applicable Debtor and (to the knowledge of the Debtors) each other party thereto except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditor's rights generally and by general equitable principles (whether enforcement is sought by proceedings in equity or at law). No consent or authorization of, filing with or other act by or in respect of any Governmental Authority is required in connection with the execution, delivery, performance, validity or enforceability of any of the Patent Licenses, Copyright Licenses or Trademark Licenses by any party thereto other than those which have been duly obtained, made or performed and are in full force and effect. Neither the Debtors nor (to the knowledge of any Debtor) any other party to any Patent License, Copyright License or Trademark License constituting Collateral is in default in the performance or observance of any of the terms thereof, except for such defaults as would not reasonably be expected, in the aggregate, to have a material adverse effect on the value of the Intellectual Property Collateral. To the knowledge of such Debtor, the right, title and interest of the applicable Debtor in, to and under each Patent License, Copyright License and Trademark License constituting Intellectual Property Collateral is not subject to any defense, offset, counterclaim or claim.

Section 3.6 **Priority**. No financing statement, security agreement or other Lien instrument covering all or any part of the Collateral is on file in any public office with respect to any outstanding obligation of such Debtor except (i) as may have been filed in favor of the Agent pursuant to this Agreement and the other Loan Documents and (ii) financing statements filed to perfect Permitted Liens (which shall not, in any event, grant a Lien over the Pledged Shares).

Section 3.7 **Perfection**. Upon (a) the filing of Uniform Commercial Code financing statements in the jurisdictions listed on ***Schedule 3.7*** attached hereto, and (b) the recording of this Agreement in the United States Patent and Trademark Office and the United States Copyright Office, the security interest in favor of the Agent created herein will constitute a valid and perfected Lien upon and security interest in the Collateral which may be created and perfected either under the UCC by filing financing statements or by a filing with the United States Patent and Trademark Office and the United States Copyright Office.

Section 4.1 Covenants Regarding Certain Kinds of Collateral.

(iii) **Maintenance.** Each Debtor shall maintain the Equipment and Inventory in such condition as may be specified by the terms of the Credit Agreement.

(g) Intellectual Property.

(i) **Trademarks.** Each Debtor agrees to take all necessary steps, including, without limitation, in the United States Patent and Trademark Office or in any court, to (x) defend, enforce, preserve the validity and ownership of, and maintain each Trademark registration and each Trademark License identified on ***Schedule 1.1*** hereto, and (y) pursue each trademark application now or hereafter identified on ***Schedule 1.1*** hereto, including, without limitation, the filing of responses to office actions issued by the United States Patent and Trademark Office, the filing of applications for renewal, the filing of affidavits under Sections 8 and 15 of the United States Trademark Act, and the participation in opposition, cancellation, infringement and misappropriation proceedings, except, in each case in which the Debtors have determined, using their commercially reasonable judgment, that any of the foregoing is not of material economic value to them. Each Debtor agrees to take corresponding steps with respect to each

new or acquired Trademark registration, Trademark application or any rights obtained under any Trademark License, in each case, which it is now or later becomes entitled, except in each case in which such Debtor has determined, using its commercially reasonable judgment, that any of the foregoing is not of material economic value to it. Any expenses incurred in connection with such activities shall be borne by the Debtors.

(ii) **Patents.** Each Debtor to take all necessary steps, including, without limitation, in the United States Patent and Trademark Office or in any court, to (x) defend, enforce, preserve the validity and ownership of, and maintain each Patent and each Patent License identified on ***Schedule 1.1*** hereto, and (y) pursue each patent application, now or hereafter identified on ***Schedule 1.1*** hereto, including, without limitation, the filing of divisional, continuation, continuation-in-part and substitute applications, the filing of applications for reissue, renewal or extensions, the payment of maintenance fees, and the participation in interference, reexamination, opposition, infringement and misappropriation proceedings, except in each case in which the Debtors have determined, using their commercially reasonable judgment, that any of the foregoing is not of material economic value to them. Each Debtor agrees to take corresponding steps with respect to each new or acquired Patent, patent application, or any rights obtained under any Patent License, in each case, which it is now or later becomes entitled, except in each case in which the Debtors have determined, using their commercially reasonable judgment, that any of the foregoing is not of material economic value to them. Any expenses incurred in connection with such activities shall be borne by the Debtors.

(iii) **Copyrights.** Each Debtor agrees to take all necessary steps, including, without limitation, in the United States Copyright Office or in any court, to (x) defend, enforce, and preserve the validity and ownership of each Copyright and each Copyright License identified on ***Schedule 1.1*** hereto, and (y) pursue each Copyright and mask work application, now or hereafter identified on ***Schedule 1.1*** hereto, including, without limitation, the payment of applicable fees, and the participation in infringement and misappropriation proceedings, except in each case in which the Debtors have determined, using their commercially reasonable judgment, that any of the foregoing is not of material economic value to them. Any expenses incurred in connection with such activities shall be borne by the Debtors.

(iv) **No Abandonment.** The Debtors shall not abandon any Trademark, Patent, Copyright or any pending Trademark, Copyright, mask work or

Any expense incurred in connection with such activities shall be borne by the Debtors. Each Debtor will advise the Agent promptly and in writing, in reasonable detail, of any adverse determination or the institution of any proceeding (including, without limitation, the institution of any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding any material item of the Intellectual Property Collateral.

(h) **Accounts and Contracts**. Each Debtor shall, in accordance with its usual business practices in effect from time to time, endeavor to collect or cause to be collected from each account debtor under its Accounts, as and when due, any and all amounts owing under such Accounts. (i) **Vehicles; Aircraft and Vessels**. Notwithstanding any other provision of this Agreement, no Debtor shall be required to make any filings as may be necessary to perfect the Agent's Lien on its Vehicles, aircraft and vessels, unless a Default or an Event of Default has occurred and is continuing, whereupon the Agent may require such filings be made.

(j) **[Intentionally Deleted].**

(k) **Deposit Accounts.** Each Debtor agrees to promptly notify the Agent in writing of all Deposit Accounts, cash collateral accounts or investments accounts opened after the date hereof (except with Agent), and such Debtor shall take such actions as may be necessary or deemed desirable by the Agent (including the execution

and delivery of an account control agreement in form and substance satisfactory to the Agent) to grant the Agent a perfected, first priority Lien over each of the Deposit Accounts, cash collateral accounts or investment accounts disclosed on ***Schedule 3.3(b)*** and over each of the additional accounts disclosed pursuant to this **Section 4.1(k)**.

Section 4.2 Encumbrances. Each Debtor shall not create, permit or suffer to exist, and shall defend the Collateral against any Lien (other than the Permitted Liens, provided that no Lien, other than the Lien created hereunder, shall exist over the Pledged Shares) or any restriction upon the pledge or other transfer thereof (other than as specifically permitted in the Credit Agreement), and shall defend such Debtor's title to and other rights in the Collateral and the Agent's pledge and collateral assignment of and security interest in the Collateral against the claims and demands of all Persons. Except to the extent permitted by the Credit Agreement or in connection with any release of Collateral under **Section 7.13** hereof (but only to the extent of any Collateral so released), such Debtor shall do nothing to impair the rights of the Agent in the Collateral.

Section 4.3 Disposition of Collateral. Except as otherwise permitted under the Credit Agreement, no Debtor shall enter into or consummate any transfer or other disposition of Collateral.

Section 4.4 Insurance. The Collateral pledged by such Debtor or the Debtors will be insured (to the extent such Collateral is insurable) with insurance coverage in such amounts and of such types as are required by the terms of the Credit Agreement. In the case of all such insurance policies, each such Debtor shall designate the Agent, as mortgagee or lender loss payee and such policies shall provide that any loss be payable to the Agent, as mortgagee or lender loss payee, as its interests may appear. Further, upon the request of the Agent, each such Debtor shall deliver certificates evidencing such policies, including all endorsements thereon and those required hereunder, to the Agent; and each such Debtor assigns to the Agent, as additional security hereunder, all its rights to receive proceeds of insurance with respect to the Collateral. All such insurance shall, by its terms, provide that the applicable carrier shall, prior to any cancellation before the expiration date thereof, mail ten (10) days' prior written notice to the Agent of such cancellation. Each Debtor further shall provide the Agent upon request with evidence reasonably satisfactory to the Agent that each such Debtor is at all times in compliance with this paragraph. Upon the occurrence and during the continuance of a Default or an Event of Default, the Agent may, at its option, act as each such Debtor's attorney-in-fact in obtaining, adjusting, settling and compromising such insurance and endorsing any drafts. Upon such Debtor's failure to insure the Collateral as required in this covenant, the Agent may, at its option, procure such insurance and its costs therefor shall be charged to such Debtor, payable on demand, with interest at the highest rate set forth in the Credit Agreement and added to the Indebtedness secured hereby. The disposition of proceeds payable to such Debtor of any insurance on the Collateral (the "**Insurance Proceeds**") shall be governed by the following:

(a) provided that no Default or Event of Default has occurred and is continuing hereunder, (i) if the amount of Insurance Proceeds in respect of any loss or casualty does not exceed One Million Dollars ($1,000,000), such Debtor shall be entitled, in the event of such loss or casualty, to receive all such Insurance

Proceeds and to apply the same toward the replacement of the Collateral affected thereby or to the purchase of other assets to be used in such Debtor's business (provided that such assets shall be subjected to a first priority Lien in favor of the Agent and such repurchase of assets shall occur within 270 days of such Debtor receiving the Insurance Proceeds); and (ii) if the amount of Insurance Proceeds in respect of any loss or casualty exceeds One Million Dollars ($1,000,000), such Insurance Proceeds shall be paid to and received by the Agent, for release to such Debtor for the replacement of the Collateral affected thereby or to the purchase of other assets to be used in such Debtor's business (provided that such assets shall be subjected to a first priority Lien in favor of the Agent); or, upon written request of such Debtor (accompanied by reasonable supporting documentation), for such other use or purpose as approved by the Agent, in their reasonable discretion, it being understood and agreed in connection with any release of funds under this subparagraph (ii), that the Agent may impose reasonable and customary conditions on the disbursement of such Insurance Proceeds; and

(b) if a Default or Event of Default has occurred or is continuing and is not waived as provided in the Credit Agreement, all Insurance Proceeds in respect of any loss or casualty shall be paid to and received by the Agent, to be applied by the Agent against the Indebtedness in the manner specified in the Credit Agreement and/or to be held by the Agent as cash collateral for the Indebtedness, as the Agent may direct in its sole discretion.

Section 4.5 Corporate Changes; Books and Records; Inspection Rights. (a) Each Debtor shall not change its respective name, identity, corporate structure or jurisdiction of organization, or identification number in any manner that might make any financing statement filed in connection with this Agreement seriously misleading within the meaning of Section 9-506 of the UCC unless such Debtor shall have given the Agent ten (10) days prior written notice with respect to any change in such Debtor's corporate structure, jurisdiction of organization, name or identity and shall have taken all action deemed reasonably necessary by the Agent under the circumstances to protect its Liens and the perfection and priority thereof, (b) each Debtor shall keep the Records at the location specified on ***Schedule 3.2*** as the location of such books and records or as otherwise specified in writing to the Agent and (c) the Debtors shall permit the Agent, the Banks, and their respective agents and representatives to conduct inspections, discussion and audits of the Collateral in accordance with the terms of the Credit Agreement.

Section 4.6 Notification of Lien; Continuing Disclosure. Each Debtor shall promptly notify the Agent in writing of any Lien, encumbrance or claim (other than a Permitted Lien, to the extent not otherwise subject to any notice requirements under the Credit Agreement) that has attached to or been made or asserted against any of the Collateral upon becoming aware of the existence of such Lien, encumbrance or claim.

Section 4.7 Covenants Regarding Pledged Shares

(a) Voting Rights and Distributions.

(i) So long as no Default or Event of Default shall have occurred and be continuing (both before and after giving effect to any of the actions or other matters described in clauses (A) or (B) of this subparagraph):

(A) Each Debtor shall be entitled to exercise any and all voting and other consensual rights (including, without limitation, the right to give consents, waivers and ratifications) pertaining to any of the Pledged Shares or any part thereof; provided, however, that no vote shall be cast or consent, waiver or ratification given or action taken without the prior written consent of the Agent which would violate any provision of this Agreement or the Credit Agreement; and

(B) Except as otherwise provided by the Credit Agreement, such Debtor shall be entitled to receive and retain any and all dividends, distributions and interest paid in respect to any of the Pledged Shares.

(ii) Upon the occurrence and during the continuance of a Default or an Event of Default:

(A) The Agent may, without notice to such Debtor, transfer or register in the name of the Agent or any of its nominees, for the equal and ratable benefit of the Banks, any or all of the Pledged Shares and the Proceeds thereof (in cash or otherwise) held by the Agent hereunder, and the Agent or its nominee may thereafter, after delivery of notice to such Debtor, exercise all voting and corporate rights at any meeting of any corporation issuing any of the Pledged Shares and any and all rights of conversion, exchange, subscription or any other rights, privileges or options pertaining to any of the Pledged Shares as if the Agent were the absolute owner thereof, including, without limitation, the right to exchange, at its discretion, any and all of the Pledged Shares upon the merger, consolidation, reorganization, recapitalization or other readjustment of any corporation issuing any of such Pledged Shares or upon the exercise by any such issuer or the Agent of any right, privilege or option pertaining to any of the Pledged Shares, and in connection therewith, to deposit and deliver any and all of the Pledged Shares with any committee, depositary, transfer agent, registrar or other designated agency upon such terms and conditions as the Agent may determine, all without liability except to account for property actually received by it, but the Agent shall have no duty to exercise any of the aforesaid rights, privileges or options, and the Agent shall not be responsible for any failure to do so or delay in so doing.

(B) All rights of such Debtor to exercise the voting and other consensual rights which it would otherwise be entitled to exercise pursuant to **Section 4.7(a)(i)(A)** and to receive the dividends, interest and other distributions which it would otherwise be authorized to receive and retain pursuant to **Section 4.7(a)(i)(B)** shall be suspended until such Default or Event of Default shall no longer exist, and all such rights shall, until such Default or Event of Default shall no longer exist, thereupon become vested in the Agent which shall thereupon have the sole right to exercise such voting and other consensual rights and to receive, hold and dispose of as Pledged Shares such dividends, interest and other distributions.

(C) All dividends, interest and other distributions which are received by such Debtor contrary to the provisions of this **Section 4.7(a)(ii)** shall be received in trust for the benefit of the Agent, shall be segregated from other funds of such Debtor and shall be forthwith paid over to the Agent as Collateral in the same form as so received (with any necessary endorsement).

(D) Each Debtor shall execute and deliver (or cause to be executed and delivered) to the Agent all such proxies and other instruments as the Agent may reasonably request for the purpose of enabling the Agent to exercise the voting and other rights which it is entitled to exercise pursuant to this **Section 4.7(a)(ii)** and to receive the dividends, interest and other distributions which it is entitled to receive and retain pursuant to this **Section 4.7(a)(ii)**. The foregoing shall not in any way limit the Agent's power and authority granted pursuant to the other provisions of this Agreement.

(b) Possession; Reasonable Care .. Regardless of whether a Default or an Event of Default has occurred or is continuing, the Agent shall have the right to hold in its possession all Pledged Shares pledged, assigned or transferred hereunder and from time to time constituting a portion of the Collateral. The Agent may appoint one or more agents (which in no case shall be a Debtor or an affiliate of a Debtor) to hold physical custody, for the account of the Agent, of any or all of the Collateral. The Agent shall be deemed to have exercised reasonable care in the custody and preservation of the Collateral in its possession if the Collateral is accorded treatment substantially equal to that which the Agent accords its own property, it being understood that the Agent shall not have any responsibility for (i) ascertaining or taking action with respect to calls, conversions, exchanges, maturities, tenders or other matters relative to any Collateral, whether or not the Agent has or is deemed to have knowledge of such matters, or (ii) taking any necessary steps to preserve rights against any parties with respect to any Collateral, except, subject to the terms hereof, upon the written instructions of the Banks. Following the occurrence and continuance of an Event of Default, the Agent shall be entitled to take ownership of the Collateral in accordance with the UCC.

Section 4.8 New Subsidiaries; Additional Collateral

(a) With respect to each Domestic Subsidiary which becomes a Material Subsidiary of a Debtor subsequent to the date hereof or which is otherwise required under the provisions of Section 7.13 of the Credit Agreement to execute and deliver a Guaranty, execute and deliver such joinders or security agreements or other pledge documents as are required by the Credit Agreement, within the time periods set forth therein.

(b) Each Debtor agrees that, (i) except with the written consent of the Agent, it will not permit any Domestic Subsidiary (whether now existing or formed after the date hereof) to issue to such Debtor or any of such Debtor's other Subsidiaries any shares of stock, membership interests, partnership units, notes or other securities or instruments (including without limitation the Pledged Shares) in addition to or in substitution for any of the Collateral, unless, concurrently with each issuance thereof, any and all such shares of stock, membership interests, partnership units, notes or instruments are encumbered in favor of the Agent under this Agreement or otherwise (except that only 65% of such shares of stock, membership interests or partnership units of Foreign Subsidiaries are required to be encumbered in favor of Agent) (it being understood and agreed that all such shares of stock, membership interests, partnership units, notes or instruments issued to such Debtor shall, without further action by such Debtor or the Agent, be automatically encumbered by this Agreement as Pledged Shares to the extent required under the terms of this Agreement or the Credit Agreement) and (ii) it will promptly following the issuance thereof deliver to the Agent (A) an amendment, duly executed by such Debtor, in substantially the form of ***Exhibit A*** hereto in respect of such shares of stock, membership interests, partnership units, notes or instruments issued to Debtor or (B) if reasonably required by the Banks, a new stock pledge, duly executed by the applicable Debtor, in substantially the form of this Agreement (a "**New Pledge**"), in respect of such shares of stock, membership interests, partnership units, notes or instruments issued to any Debtor granting to the Agent, for the benefit of the Banks, a first priority security interest, pledge and Lien thereon, together in each case with all certificates, notes or other instruments representing or evidencing the same, together with such other documentation as the Agent may reasonably request. Such Debtor hereby (x) authorizes the Agent to attach each such amendment to this Agreement, (y) agrees that all such shares of stock, membership interests, partnership units, notes or instruments listed in any such amendment delivered to the Agent shall for all purposes hereunder constitute Pledged Shares, and (z) is deemed to have made, upon the delivery of each such amendment, the representations and warranties contained in **Section 3.4** of this Agreement with respect to the Collateral covered thereby.

(c) With respect to any Intellectual Property Collateral owned, licensed or otherwise acquired by any Debtor after the date hereof, and with respect to any Patent, Trademark or Copyright which is not registered or filed with the U.S. Patent and Trademark Office and/or the U.S. Copyright Office at the time such Collateral is pledged by a Debtor to the Agent pursuant to this Security Agreement, and which is subsequently registered or filed by such Debtor in the appropriate office, such

Debtor shall promptly after the acquisition or registration thereof execute or cause to be executed and delivered to the Agent, (i) an amendment, duly executed by such Debtor, in substantially the form of ***Exhibit A*** hereto, in respect of such additional or newly registered collateral or (ii) at the Agent's option, a new security agreement, duly executed by the applicable Debtor, in substantially the form of this Agreement, in respect of such additional or newly registered collateral, granting to the Agent, for the benefit of the Banks, a first priority security interest, pledge and Lien thereon (subject only to the Permitted Liens), together in each case with all certificates, notes or other instruments representing or evidencing the same, and shall, upon the Agent's request, execute or cause to be executed any financing statement or other document (including without limitation, filings required by the U.S. Patent and Trademark Office and/or the U.S. Copyright Office in connection with any such additional or newly registered collateral) granting or otherwise evidencing a Lien over such new Intellectual Property Collateral. Each Debtor hereby (x) authorizes the Agent to attach each amendment to this Agreement, (y) agrees that all such additional collateral listed in any amendment delivered to the Agent shall for all purposes hereunder constitute Collateral, and (z) is deemed to have made, upon the delivery of each such Amendment, the representations and warranties contained in **Section 3.3(d)** and **Section 3.5** of this Agreement with respect to the Collateral covered thereby.

Section 4.9 **Further Assurances** (a) At any time and from time to time, upon the request of the Agent, and at the sole expense of the Debtors, each Debtor shall promptly execute and deliver all such further agreements, documents and instruments and take such further action as the Agent may reasonably deem necessary or appropriate to (i) preserve, ensure the priority, effectiveness and validity of and perfect the Agent's security interest in and pledge and collateral assignment of the Collateral (including causing the Agent's name to be noted as secured party on any certificate of title for a titled good if such notation is a condition of the Agent's ability to enforce its security interest in such Collateral), unless such actions are specifically waived under the terms of this Agreement and the other Loan Documents, (ii) carry out the provisions and purposes of this Agreement and (iii) to enable the Agent to exercise and enforce its rights and remedies hereunder with respect to any of the Collateral. Except as otherwise expressly permitted by the terms of the Credit Agreement relating to disposition of assets and except for Permitted Liens (except for Pledged Shares, over which the only Lien shall be that Lien established under this Agreement), each Debtor agrees to maintain and preserve the Agent's security interest in and pledge and collateral assignment of the Collateral hereunder and the priority thereof.

(b) Each Debtor hereby irrevocably authorizes the Agent at any time and from time to time to file in any filing office in any jurisdiction any initial financing statements and amendments thereto that (i) indicate any or all of the Collateral upon which the Debtors have granted a Lien, and (ii) provide any other information required by Part 5 of Article 9 of the UCC, including organizational information and in the case of a fixture filing or a filing for Collateral consisting of as-extracted collateral or timber to be cut, a sufficient description of real property to which the Collateral relates. Each Debtor agrees to furnish any such information required by the preceding paragraph to the Agent promptly upon the Agent's reasonable request for such information.

ARTICLE 5
Rights of the Agent

Section 5.1 Power of Attorney. Each Debtor hereby irrevocably constitutes and appoints the Agent and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the name of such Debtor or in its own name, to take, after the occurrence and during the continuance of an Event of Default, any and all actions, and to execute any and all documents and instruments which the Agent at any time and from time to time deems necessary, to accomplish the purposes of this Agreement and, without limiting the generality of the foregoing, such Debtor hereby gives the Agent the power and right on behalf of such Debtor and in its own name to do any of the following after the occurrence and during the continuance of an Event of Default, without notice to or the consent of such Debtor:

(a) to demand, sue for, collect or receive, in the name of such Debtor or in its own name, any money or property at any time payable or receivable on account of or in exchange for any of the Collateral and, in connection therewith, endorse checks, notes, drafts, acceptances, money orders, documents of title or any other instruments for the payment of money under the Collateral or any policy of insurance;

(b) to pay or discharge taxes, Liens (other than Permitted Liens) or other encumbrances levied or placed on or threatened against the Collateral;

(c) (i) to direct account debtors and any other parties liable for any payment under any of the Collateral to make payment of any and all monies due and to become due thereunder directly to the Agent or as the Agent shall direct; (ii) to receive payment of and receipt for any and all monies, claims and other amounts due and to become due at any time in respect of or arising out of any Collateral; (iii) to sign and endorse any invoices, freight or express bills, bills of lading, storage or warehouse receipts, drafts against debtors, assignments, proxies, stock powers, verifications and notices in connection with accounts and other documents relating to the Collateral; (iv) to commence and prosecute any suit, action or proceeding at law or in equity in any court of competent jurisdiction to collect the Collateral or any part thereof and to enforce any other right in respect of any Collateral; (v) to defend any suit, action or proceeding brought against such Debtor with respect to any Collateral; (vi) to settle, compromise or adjust any suit, action or proceeding described above and, in connection therewith, to give such discharges or releases as the Agent may deem appropriate; (vii) to exchange any of the Collateral for other property upon any merger, consolidation, reorganization, recapitalization or other readjustment of the issuer thereof and, in connection therewith, deposit any of the Collateral with any committee, depositary, transfer agent, registrar or other designated agency upon such terms as the Agent may determine; (viii) to add or release any guarantor, indorser, surety or other party to any of the Collateral; (ix) to renew, extend or otherwise change the terms and conditions of any of the Collateral; (x) to make, settle, compromise or adjust any claim under or pertaining to any of the Collateral (including claims

under any policy of insurance); (xi) subject to any pre-existing rights or licenses, to assign any Patent, Copyright or Trademark constituting Intellectual Property Collateral (along with the goodwill of the business to which any such Patent, Copyright or Trademark pertains), for such term or terms, on such conditions and in such manner, as the Agent shall in its sole discretion determine, and (xii) to sell, transfer, pledge, convey, make any agreement with respect to, or otherwise deal with, any of the Collateral as fully and completely as though the Agent were the absolute owner thereof for all purposes, and to do, at the Agent's option and such Debtor's expense, at any time, or from time to time, all acts and things which the Agent deems necessary to protect, preserve, maintain, or realize upon the Collateral and the Agent's security interest therein.

This power of attorney is a power coupled with an interest and shall be irrevocable. The Agent shall be under no duty to exercise or withhold the exercise of any of the rights, powers, privileges and options expressly or implicitly granted to the Agent in this Agreement, and shall not be liable for any failure to do so or any delay in doing so. This power of attorney is conferred on the Agent solely to protect, preserve, maintain and realize upon its security interest in the Collateral. The Agent shall not be responsible for any decline in the value of the Collateral and shall not be required to take any steps to preserve rights against prior parties or to protect, preserve or maintain any Lien given to secure the Collateral.

Section 5.2 Setoff. In addition to and not in limitation of any rights of any Banks under applicable law, the Agent and each Bank shall, upon the occurrence and continuance of an Event of Default, without notice or demand of any kind, have the right to appropriate and apply to the payment of the Indebtedness owing to it (whether or not then due) any and all balances, credits, deposits, accounts or moneys of Debtors then or thereafter on deposit with such Banks; provided, however, that any such amount so applied by any Bank on any of the Indebtedness owing to it shall be subject to the provisions of the Credit Agreement.

Section 5.3 Assignment by the Agent. The Agent may at any time assign or otherwise transfer all or any portion of its rights and obligations as Agent under this Agreement and the other Loan Documents (including, without limitation, the Indebtedness) to any other Person, to the extent permitted by, and upon the conditions contained in, the Credit Agreement and such Person shall thereupon become vested with all the benefits and obligations thereof granted to the Agent herein or otherwise.

Section 5.4 Performance by the Agent. If any Debtor shall fail to perform any covenant or agreement contained in this Agreement in accordance with this Agreement and the other Loan Documents, the Agent may (but shall not be obligated to) perform or attempt to perform such covenant or agreement on behalf of the Debtors, in which case Agent shall exercise good faith and make diligent efforts to give Debtors prompt prior written notice of such performance or attempted performance. In such event, the Debtors shall, at the request of the Agent, promptly pay any reasonable amount expended by the Agent in connection with such performance or attempted performance to the Agent, together with interest thereon at the interest rate set forth in the Credit Agreement, from and including the date of such expenditure to but excluding the date such expenditure is paid in full. Notwithstanding the foregoing, it is

expressly agreed that the Agent shall not have any liability or responsibility for the performance (or non-performance) of any obligation of the Debtors under this Agreement.

Section 5.5 Certain Costs and Expenses. The Debtors shall pay or reimburse the Agent within five (5) Business Days after demand for all reasonable costs and expenses (including reasonable attorney's and paralegal fees) incurred by it in connection with the enforcement, attempted enforcement, or preservation of any rights or remedies under this Agreement or any other Loan Document during the existence of an Event of Default or after acceleration of any of the Indebtedness (including in connection with any "workout" or restructuring regarding the Indebtedness, and including in any insolvency proceeding or appellate proceeding). The agreements in this **Section 5.5** shall survive the payment in full of the Indebtedness. Notwithstanding the foregoing, the reimbursement of any fees and expenses incurred by the Banks shall be governed by the terms and conditions of the applicable Credit Agreement.

Section 5.6 Indemnification. The Debtors shall indemnify, defend and hold the Agent, and each Bank and each of their respective officers, directors, employees, counsel, agents and attorneys-in-fact (each, an "**Indemnified Person**") harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, charges, expenses and disbursements (including reasonable attorneys' and paralegals' fees) of any kind or nature whatsoever which may at any time (including at any time following repayment of the Indebtedness and the termination, resignation or replacement of the Agent or replacement of any Bank) be imposed on, incurred by or asserted against any such Indemnified Person in any way relating to or arising out of this Agreement or any other Loan Document or any document relating to or arising out of or referred to in this Agreement or any other Loan Document, or the transactions contemplated hereby, or any action taken or omitted by any such Indemnified Person under or in connection with any of the foregoing, including with respect to any investigation, litigation or proceeding (including any bankruptcy proceeding or appellate proceeding) related to or arising out of this Agreement or the Indebtedness or the use of the proceeds thereof, whether or not any Indemnified Person is a party thereto (all the foregoing, collectively, the "**Indemnified Liabilities**"); provided, that the Debtors shall have no obligation under this **Section 5.6** to any Indemnified Person with respect to Indemnified Liabilities to the extent resulting from the gross negligence or willful misconduct of such Indemnified Person. The agreements in this **Section 5.6** shall survive payment of all other Indebtedness.

ARTICLE 6
Default

Section 6.1 Rights and Remedies. If an Event of Default shall have occurred and be continuing, the Agent shall have the following rights and remedies subject to the direction and/or consent of the Banks as required under the Credit Agreement:

(a) The Agent may exercise any of the rights and remedies set forth in this Agreement (including, without limitation, **Article 5** hereof), in the Credit Agreement, or in any other Loan Document, or by applicable law.

(b) In addition to all other rights and remedies granted to the Agent in this Agreement, the Credit Agreement or by applicable law, the Agent shall have all of the rights and remedies of a secured party under the UCC (whether or not the UCC applies to the affected Collateral) and the Agent may also, without previous demand or notice except as specified below or in the Credit Agreement, sell the Collateral or any part thereof in one or more parcels at public or private sale, at any exchange, broker's board or at any of the Agent's offices or elsewhere, for cash, on credit or for future delivery, and upon such other terms as the Agent may, in its reasonable discretion, deem commercially reasonable or otherwise as may be permitted by law. Without limiting the generality of the foregoing, the Agent may (i) without demand or notice to the Debtors (except as required under the Credit Agreement or applicable law), collect, receive or take possession of the Collateral or any part thereof, and for that purpose the Agent (and/or its Agents, servicers or other independent contractors) may enter upon any premises on which the Collateral is located and remove the Collateral therefrom or render it inoperable, and/or (ii) sell, lease or otherwise dispose of the Collateral, or any part thereof, in one or more parcels at public or private sale or sales, at the Agent's offices or elsewhere, for cash, on credit or for future delivery, and upon such other terms as the Agent may, in its reasonable discretion, deem commercially reasonable or otherwise as may be permitted by law. The Agent and, subject to the terms of the Credit Agreement, each of the Banks shall have the right at any public sale or sales, and, to the extent permitted by applicable law, at any private sale or sales, to bid (which bid may be, in whole or in part, in the form of cancellation of indebtedness) and become a purchaser of the Collateral or any part thereof free of any right of redemption on the part of the Debtors, which right of redemption is hereby expressly waived and released by the Debtors to the extent permitted by applicable law. The Agent may require the Debtors to assemble the Collateral and make it available to the Agent at any place designated by the Agent to allow the Agent to take possession or dispose of such Collateral. The Debtors agree that the Agent shall not be obligated to give more than five (5) days prior written notice of the time and place of any public sale or of the time after which any private sale may take place and that such notice shall constitute reasonable notice of such matters. The foregoing shall not require notice if none is required by applicable law. The Agent shall not be obligated to make any sale of Collateral if, in the exercise of its reasonable discretion, it shall determine not to do so, regardless of the fact that notice of sale of Collateral may have been given. The Agent may, without notice or publication (except as required by applicable law), adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. The Debtors shall be liable for all reasonable expenses of retaking, holding, preparing for sale or the like, and all reasonable attorneys' fees, legal expenses and other costs and expenses incurred by the Agent in connection with the collection of the Indebtedness and the enforcement of the Agent's rights under this Agreement and the Credit Agreement. The Debtors shall, to the extent permitted by applicable law, remain liable for any deficiency if the proceeds of

any such sale or other disposition of the Collateral (conducted in conformity with this clause (ii) and applicable law) applied to the Indebtedness are insufficient to pay the Indebtedness in full. The Agent shall apply the proceeds from the sale of the Collateral hereunder against the Indebtedness in such order and manner as provided in the Credit Agreement.

(c) The Agent may cause any or all of the Collateral held by it to be transferred into the name of the Agent or the name or names of the Agent's nominee or nominees.

(d) The Agent may exercise any and all rights and remedies of the Debtors under or in respect of the Collateral, including, without limitation, any and all rights of the Debtors to demand or otherwise require payment of any amount under, or performance of any provision of any of the Collateral and any and all voting rights and corporate powers in respect of the Collateral.

(e) On any sale of the Collateral, the Agent is hereby authorized to comply with any limitation or restriction with which compliance is necessary (based on a reasoned opinion of the Agent's counsel) in order to avoid any violation of applicable law or in order to obtain any required approval of the purchaser or purchasers by any applicable Governmental Authority.

(f) The Agent may direct account debtors and any other parties liable for any payment under any of the Collateral to make payment of any and all monies due and to become due thereunder directly to the Agent or as the Agent shall direct.

(g) In the event of any sale, assignment or other disposition of the Intellectual Property Collateral, the goodwill of the business connected with and symbolized by any Collateral subject to such disposition shall be included, and the Debtors shall supply to the Agent or its designee the Debtors' know-how and expertise related to the Intellectual Property Collateral subject to such disposition, and the Debtors' notebooks, studies, reports, records, documents and things embodying the same or relating to the inventions, processes or ideas covered by and to the manufacture of any products under or in connection with the Intellectual Property Collateral subject to such disposition.

(h) For purposes of enabling the Agent to exercise its rights and remedies under this **Section 6.1** and enabling the Agent and its successors and assigns to enjoy the full benefits of the Collateral, the Debtors hereby grant to the Agent an irrevocable, nonexclusive license (exercisable without payment of royalty or other compensation to the Debtors) to use, assign, license or sublicense any of the Intellectual Property Collateral, Computer Records or Software (including in such license reasonable access to all media in which any of the licensed items may be recorded or stored and all computer programs used for the completion or printout thereof), exercisable upon the occurrence and during the continuance of a Default or an Event of Default (and thereafter if Agent succeeds to any of the Collateral pursuant to an enforcement proceeding or voluntary arrangement with Debtor), except as may be prohibited by any licensing agreement relating to such

Computer Records or Software. This license shall also inure to the benefit of all successors, assigns, transferees of and purchasers from the Agent.

Section 6.2 Private Sales.

(a) In view of the fact that applicable securities laws may impose certain restrictions on the method by which a sale of the Pledged Shares may be effected after an Event of Default, Debtors agree that upon the occurrence and during the continuance of an Event of Default, the Agent may from time to time attempt to sell all or any part of the Pledged Shares by a private sale in the nature of a private placement, restricting the bidders and prospective purchasers to those who will represent and agree that they are "accredited investors" within the meaning of Regulation D promulgated pursuant to the Securities Act of 1933, as amended (the "**Securities Act**"), and are purchasing for investment only and not for distribution. In so doing, the Agent may solicit offers for the Pledged Shares, or any part thereof, from a limited number of investors who might be interested in purchasing the Pledged Shares. Without limiting the methods or manner of disposition which could be determined to be commercially reasonable, if the Agent hires a firm of regional or national reputation that is engaged in the business of rendering investment banking and brokerage services to solicit such offers and facilitate the sale of the Pledged Shares, then the Agent's acceptance of the highest offer (including its own offer, or the offer of any of the Banks at any such sale) obtained through such efforts of such firm shall be deemed to be a commercially reasonable method of disposition of such Pledged Shares. The Agent shall not be under any obligation to delay a sale of any of the Pledged Shares for the period of time necessary to permit the issuer of such securities to register such securities under the laws of any jurisdiction outside the United States, under the Securities Act or under any applicable state securities laws, even if such issuer would agree to do so.

(b) The Debtors further agree to do or cause to be done, to the extent that the Debtors may do so under applicable law, all such other reasonable acts and things as may be necessary to make such sales or resales of any portion or all of the Collateral valid and binding and in compliance with any and all applicable laws, regulations, orders, writs, injunctions, decrees or awards of any and all courts, arbitrators or governmental instrumentalities, domestic or foreign, having jurisdiction over any such sale or sales, all at the Debtors' expense.

Section 6.3 Establishment of Cash Collateral Account; and Lock Box.

(a) Immediately upon the occurrence and during the continuance of an Event of Default (without the necessity of any notice hereunder), there may be established upon the request of the Agent by each Debtor with the Agent, for the benefit of the Banks in the name of the Agent, a segregated non-interest bearing cash collateral account (the "**Cash Collateral Account**") bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Agent and the Banks; provided, however, that the Cash Collateral Account may be an

interest-bearing account with a commercial bank (including Comerica or any other Bank which is a commercial bank) if determined by the Agent, in its reasonable discretion, to be practicable, invested by the Agent in its sole discretion, but without any liability for losses or the failure to achieve any particular rate of return. Furthermore, in connection with the establishment of a Cash Collateral Account under the first sentence of this **Section 6.3** (and on the terms and within the time periods provided thereunder), (i) each Debtor agrees to establish and maintain (and the Agent, acting at the request of the Banks, may establish and maintain) at Debtor's sole expense a United States Post Office lock box (the "**Lock Box**"), to which the Agent shall have exclusive access and control. Each Debtor expressly authorizes the Agent, from time to time, to remove the contents from the Lock Box for disposition in accordance with this Agreement; and (ii) each Debtor shall notify all account debtors that all payments made to Debtor (a) other than by electronic funds transfer, shall be remitted, for the credit of Debtor, to the Lock Box, and Debtor shall include a like statement on all invoices, and (b) by electronic funds transfer, shall be remitted to the Cash Collateral Account, and Debtor shall include a like statement on all invoices. Each Debtor agrees to execute all documents and authorizations as reasonably required by the Agent to establish and maintain the Lock Box and the Cash Collateral Account. It is acknowledged by the parties hereto that any lockbox presently maintained or subsequently established by a Debtor with the Agent may be used, subject to the terms hereof, to satisfy the requirements set forth in the first sentence of this **Section 6.3**.

(b) Immediately upon the occurrence and during the continuance of an Event of Default, any and all cash (including amounts received by electronic funds transfer), checks, drafts and other instruments for the payment of money received by each Debtor at any time, in full or partial payment of any of the Collateral consisting of Accounts or Inventory, shall forthwith upon receipt be transmitted and delivered to the Agent, properly endorsed, where required, so that such items may be collected by the Agent. Any such amounts and other items received by a Debtor shall not be commingled with any other of such Debtor's funds or property, but will be held separate and apart from such Debtor's own funds or property, and upon express trust for the benefit of the Agent until delivery is made to the Agent. All items or amounts which are remitted to a Lock Box or otherwise delivered by or for the benefit of a Debtor to the Agent on account of partial or full payment of, or any other amount payable with respect to, any of the Collateral shall, at the Agent's option, be applied to any of the Indebtedness, whether then due or not, in the order and manner set forth in the Credit Agreement. No Debtor shall have any right whatsoever to withdraw any funds so deposited. Each Debtor further grants to the Agent a first security interest in and Lien on all funds on deposit in such account. Each Debtor hereby irrevocably authorizes and directs the Agent to endorse all items received for deposit to the Cash Collateral Account, notwithstanding the inclusion on any such item of a restrictive notation, e.g., "paid in full", "balance of account", or other restriction.

Section 6.4 Default Under Credit Agreement. Subject to any applicable notice and cure provisions contained in the Credit Agreement, the occurrence of any Event of Default (as defined in the Credit Agreement), including without limit a breach of any of the provisions of this Agreement, shall be deemed to be an Event of Default under this Agreement. This **Section 6.4** shall not limit the Events of Default set forth in the Credit Agreement.

ARTICLE 7
Miscellaneous

Section 7.1 No Waiver; Cumulative Remedies. No failure on the part of the Agent to exercise and no delay in exercising, and no course of dealing with respect to, any right, power or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right, power or privilege under this Agreement preclude any other or further exercise thereof or the exercise of any other right, power, or privilege. The rights and remedies provided for in this Agreement are cumulative and not exclusive of any rights and remedies provided by law.

Section 7.2 Successors and Assigns. Subject to the terms and conditions of the Credit Agreement, this Agreement shall be binding upon and inure to the benefit of the Debtors and the Agent and their respective heirs, successors and assigns, except that the Debtors may not assign any of their rights or obligations under this Agreement without the prior written consent of the Agent.

Section 7.3 AMENDMENT; ENTIRE AGREEMENT. THIS AGREEMENT, THE CREDIT AGREEMENT REFERRED TO HEREIN AND THE OTHER LOAN DOCUMENTS EMBODY THE FINAL, ENTIRE AGREEMENT AMONG THE PARTIES HERETO AND SUPERSEDES ANY AND ALL PRIOR COMMITMENTS, AGREEMENTS, REPRESENTATIONS AND UNDERSTANDINGS, WHETHER WRITTEN OR ORAL, RELATING TO THE SUBJECT MATTER HEREOF AND MAY NOT BE CONTRADICTED OR VARIED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OR DISCUSSIONS OF THE PARTIES HERETO. THERE ARE NO UNWRITTEN ORAL AGREEMENTS AMONG THE PARTIES HERETO. The provisions of this Agreement may be amended or waived only by an instrument in writing signed by the parties hereto.

Section 7.4 Notices. All notices, requests, consents, approvals, waivers and other communications hereunder shall be in writing (including, by facsimile transmission) and mailed, faxed or delivered to the address or facsimile number specified for notices on signature pages hereto; or, as directed to the Debtors or the Agent, to such other address or number as shall be designated by such party in a written notice to the other. All such notices, requests and communications shall, when sent by overnight delivery, or faxed, be effective when delivered for overnight (next business day) delivery, or transmitted in legible form by facsimile machine (with electronic confirmation of receipt), respectively, or if mailed, upon the third Business Day after the date deposited into the U.S. mail, or if otherwise delivered, upon delivery; except that notices to the Agent shall not be effective until actually received by the Agent.

Section 7.5 GOVERNING LAW; SUBMISSION TO JURISDICTION; SERVICE OF PROCESS.

(a) THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS OF THE STATE OF CALIFORNIA.

(b) ANY LEGAL ACTION OR PROCEEDING WITH RESPECT TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT MAY BE BROUGHT IN THE COURTS OF THE STATE OF CALIFORNIA SITTING IN THE COUNTY OF SANTA CLARA OR OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF CALIFORNIA, AND BY EXECUTION AND DELIVERY OF THIS AGREEMENT, EACH OF THE DEBTOR AND THE AGENT CONSENTS, FOR ITSELF AND IN RESPECT OF ITS PROPERTY, TO THE NON-EXCLUSIVE JURISDICTION OF THOSE COURTS. EACH OF THE DEBTOR AND THE AGENT IRREVOCABLY WAIVES ANY OBJECTION, INCLUDING ANY OBJECTION TO THE LAYING OF VENUE OR BASED ON THE GROUNDS OF FORUM NON CONVENIENS, WHICH IT MAY NOW OR HEREAFTER HAVE TO THE BRINGING OF ANY ACTION OR PROCEEDING IN SUCH JURISDICTION IN RESPECT OF THIS AGREEMENT OR ANY LOAN DOCUMENT.

Section 7.6 Headings. The headings, captions, and arrangements used in this Agreement are for convenience only and shall not affect the interpretation of this Agreement.

Section 7.7 Survival of Representations and Warranties. All representations and warranties made in this Agreement or in any certificate delivered pursuant hereto shall survive the execution and delivery of this Agreement, and no investigation by the Agent shall affect the representations and warranties or the right of the Agent or the Banks to rely upon them.

Section 7.8 Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Section 7.9 Waiver of Bond. In the event the Agent seeks to take possession of any or all of the Collateral by judicial process, the Debtors hereby irrevocably waive any bonds and any surety or security relating thereto that may be required by applicable law as an incident to such possession, and waives any demand for possession prior to the commencement of any such suit or action.

Section 7.10 Severability. Any provision of this Agreement which is determined by a court of competent jurisdiction to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

Section 7.11 Construction. Each Debtor and the Agent acknowledge that each of them has had the benefit of legal counsel of its own choice and has been afforded an opportunity to review this Agreement with its legal counsel and that this Agreement shall be construed as if jointly drafted by the Debtors and the Agent.

Section 7.12 Termination. If all of the Indebtedness (other than contingent liabilities pursuant to any indemnity, including without limitation **Section 5.5** and **Section 5.6** hereof, for claims which have not been asserted, or which have not yet accrued) shall have been indefeasibly paid and performed in full (in cash) and all commitments to extend credit or other credit accommodations under the Credit Agreement have been terminated, the Agent shall, upon the written request of the Debtors, execute and deliver to the Debtors a proper instrument or instruments acknowledging the release and termination of the security interests created by this Agreement, and shall duly assign and deliver to the Debtors (without recourse and without any representation or warranty) such of the Collateral as may be in the possession of the Agent and has not previously been sold or otherwise applied pursuant to this Agreement.

Section 7.13 Release of Collateral. The Agent shall, upon the written request of the Debtors, execute and deliver to the Debtors a proper instrument or instruments acknowledging the release of the security interest and Liens established hereby on any Collateral (other than the Pledged Shares): (a) if the sale or other disposition of such Collateral is permitted under the terms of the Credit Agreement and, at the time of such proposed release, both before and after giving effect thereto, no Default or Event of Default has occurred and is continuing, (b) if the sale or other disposition of such Collateral is not permitted under the terms of the Credit Agreement, provided that the requisite Banks under such Credit Agreement shall have consented to such sale or disposition in accordance with the terms thereof, or (c) if such release has been approved by the requisite Banks in accordance with **Section 12.11** of the Credit Agreement.

Section 7.14 WAIVER OF JURY TRIAL. EACH DEBTOR AND THE AGENT WAIVES ITS RIGHTS TO A TRIAL BY JURY OF ANY CLAIM OR CAUSE OF ACTION BASED UPON OR ARISING OUT OF OR RELATED TO THIS AGREEMENT, THE OTHER LOAN DOCUMENTS, OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY, IN ANY ACTION, PROCEEDING OR OTHER LITIGATION OF ANY TYPE BROUGHT BY EITHER SUCH PARTY AGAINST THE OTHER, WHETHER WITH RESPECT TO CONTRACT CLAIMS, TORT CLAIMS, OR OTHERWISE. EACH DEBTOR AND THE AGENT AGREE THAT ANY SUCH CLAIM OR CAUSE OF ACTION SHALL BE TRIED BY A COURT TRIAL WITHOUT A JURY. WITHOUT LIMITING THE FOREGOING, EACH SUCH PARTY FURTHER AGREES THAT ITS RIGHT TO A TRIAL BY JURY IS WAIVED BY OPERATION OF THIS SECTION AS TO ANY ACTION, COUNTERCLAIM OR OTHER PROCEEDING WHICH SEEKS, IN WHOLE OR IN PART, TO CHALLENGE THE VALIDITY OR ENFORCEABILITY OF THIS AGREEMENT OR THE OTHER LOAN DOCUMENTS OR ANY PROVISION HEREOF OR THEREOF. THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS AGREEMENT.

Section 7.15 Consistent Application. The rights and duties created by this Agreement shall, in all cases, be interpreted consistently with, and shall be in addition to (and

not in lieu of), the rights and duties created by the Credit Agreement or the other Loan Documents. In the event that any provision of this Agreement shall be inconsistent with any provision of the Credit Agreement, such provision of the Credit Agreement shall govern.

Section 7.16 Continuing Lien. The security interest granted under this Security Agreement shall be a continuing security interest in every respect (whether or not the outstanding balance of the Indebtedness is from time to time temporarily reduced to zero) and the Agent's security interest in the Collateral as granted herein shall continue in full force and effect for the entire duration that the Credit Agreement remains in effect and until all of the Indebtedness are repaid and discharged in full, and no commitment (whether optional or obligatory) to extend any credit under the Credit Agreement remain outstanding.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first written above.

QuinStreet, Inc. ("QuinStreet") and DeVry, Inc. ("Merchant") hereby agree as follows:

Objective; The objective of this agreement (the "Agreement") is to extend the reach of Merchant via a network of partner and member web sites, email marketers, newsletter marketers and other appropriate marketing partners (hereby referred to as "QuinStreet Partners") that will promote Merchant and drive traffic to Merchant's web site hosted by QuinStreet.

Term: The term of this Agreement will commence on the Effective Date ("Effective Date") set forth below and will continue for 1 year after the Activation Date (as defined below). QuinStreet will provide information regarding Merchant's products and/or services to QuinStreet Partners within 90 days after the Effective Date ("Activation Date"), provided Merchant complies with paragraph 2 below. The term of this Agreement will automatically renew for up to three successive one-year terms unless terminated by either party in accordance with this Agreement. Either party may terminate this Agreement in the event that the other party materially breaches any obligation hereunder and fails to cure such breach within thirty (30) days after notice thereof from the non-breaching party. Either party may also terminate this Agreement after a test period of **[*]** days from the Activation Date by providing the other party with at least thirty (30) days prior written notice. Should noticed not be given by either party by the end of the test period, it is assumed the agreement will continue for the entire term. Either party may also terminate this Agreement at any time after the first anniversary date of the Activation Date by providing the other party with at least ninety (30) days prior written notice. The following paragraphs will survive termination or expiration of this Agreement: 1 (re limitations on approaching parties with pre-existing relationships), 5, 7, 9, 10, 11 and 13.

Components:

1. QuinStreet will identify and recruit a network of QuinStreet Partners to promote Merchant's products and/or services. Merchant will assist in this process by specifying demographics of DeVry target audience. QuinStreet maintains full control over which QuinStreet Partners it chooses to recruit except that QuinStreet will observe mutually agreed upon guidelines for exclusion of certain QuinStreet Partners (such as those exhibiting any disagreeable content in Merchant's discretion). QuinStreet will exclude such parties from participating in Merchant promotion. QuinStreet will not approach companies or individuals for the purpose of becoming QuinStreet Partners in the network promoting Merchant's products and/or services who, as of the Effective Date, have pre-existing relationships with Merchant of which Merchant notifies QuinStreet. Merchant agrees it will not approach QuinStreet Partners who have pre-existing relationships or contacts with QuinStreet during this contract **[*]** for the purpose of promoting Merchant's products and/or services on the Internet.

2. QuinStreet will develop marketing creative concerning the products and/or services ("Creative") to be

QuinStreet will keep the overall look and feel of the brand consistent with Merchant's existing on-line and off-line presence, including without limitation Merchant's branding elements as licensed to QuinStreet in accordance with this Agreement, and will not deviate from Merchant's guidelines with respect to content, offer and promotion. There is no extra cost for those developments separate from the lead commission mentioned in Component 5.

Merchant will provide to QuinStreet within seven days after the Effective Date information regarding Its products and/or services for use by QuinStreet in developing Creative. This information will include specifications, descriptions, special promotions, logos, claims, creative, and any other appropriate marketing content ("Content"). QuinStreet will seek approval from Merchant to deviate from any written creative guidelines Merchant may choose to provide QuinStreet or to in any way otherwise materially deviate from Merchant's creative or brand heritage. Merchant will approve or reject in writing the Creative within two days after acknowledging receipt of notice that it is available for review except that if Merchant does not respond within two days, Creative will be deemed approved, If Merchant rejects any Creative QuinStreet will not use such Creative in connection with a Merchant offering but the Merchant must provide QuinStreet detailed revisions as well as steps needed for approval. QuinStreet will revise and submit the revised Creative to Merchant within seven days after receiving Merchant's notice of rejection. If, during the term of this Agreement, Merchant desires to discontinue or change the Content included in approved Creative, Merchant will provide at least 30 days written notice to QuinStreet. The parties then will mutually agree upon changes that will be subject to the delivery and acceptance timelines and procedures of this paragraph 2, except that QuinStreet will have 30 days to develop and deliver replacement Creative after receiving all revised Content from Merchant.
